2. Paragraph 1 shall not be construed as obliging a Party to extend to investors of the other Party or their investments the benefit of any treatment resulting from:

(a) measures providing for recognition, including the recognition of the standards or criteria for the authorisation, licencing, or certification of a natural person or enterprise to carry out an economic activity, or the recognition of prudential measures as referred to in paragraph 3 of the Annex on Financial Services to the General Agreement on Trade in Services set out in Annex 1B to the Marrakesh Agreement Establishing the World Trade Organization, done at Marrakesh on 15 April 1994; or

5. In publishing a law or regulation of general application referred to in paragraph 1, or in advance of such publication, to the extent practicable and in a manner consistent with its legal system for adopting measures, each Party shall endeavour to explain the purposes and rationale of that law or regulation.

Article 13. Scope

This Chapter applies to measures of the Parties relating to the authorisation of investment.

Article 14. Submission of Applications

Each Party shall, to the extent practicable, avoid requiring an applicant to approach more than one competent authority for each application for authorisation. If an activity for which authorisation is requested is within the jurisdiction of multiple competent authorities, multiple applications for authorisation may be required.

Article 15. Application Timeframes

If a Party requires authorisation, it shall ensure that its competent authorities, to the extent practicable, permit the submission of an application at any time throughout the year. (i) inform the applicant that the application is incomplete;

(2) Competent authorities are not responsible for delays due to reasons outside their responsibility.

Article 18. Fees

1. For all economic activities other than financial services, each Party shall ensure that the authorisation fees charged by its competent authorities are reasonable and transparent and do not in themselves restrict the investment.
2. 3. Authorisation fees do not include fees for the use of natural resources, payments for auction, tendering or other non-discriminatory means of awarding concessions or mandated contributions to universal service provision.
4. Except in urgent circumstances, each Party shall allow adequate time between the publication and the entry into force of new or amended fees and charges related to authorisation procedures for investment, or between the publication of information enabling investors to understand the calculation of those fees and charges and their entry into force.
