The award shall be enforced in accordance with domestic law.
3. During arbitration proceedings or the enforcement of an award, the Contracting Party involved in the dispute shall not raise the objection that the nationals or companies of the other Contracting Party have received compensation under an insurance contract in respect of all or part of its loss.
4. In the event of both Contracting Parties having become Contracting States of the Convention on the Settlement of Investment Disputes between States and Nationals of Other States of 18th March, 1965, disputes under this Article between the parties in dispute shall be submitted for arbitration under the aforementioned convention unless the parties in dispute agree otherwise, each Contracting Party hereby declares its acceptance of such a procedure.

Article 10. Other Obligations

1. If the legislation of either Contracting Party or obligations under bilateral or multilateral agreements, to which the Contracting Parties hereto are parties, existing at present or established hereafter in addition to this Agreement contain a regulation, whether general or specific, entitling investments by nationals or companies of the other Contracting Party to a treatment more favourable than is provided for by this Agreement, such regulation shall to the extent that it is more favourable prevail over this Agreement.

1. Ad Article 3

Measures that have been taken for reasons of public security and order, public health or morality shall not be deemed "treatment less favourable" within the meaning of Article 3.

(b) The following shall more particularly, though not exclusively, be deemed "activity" within the meaning of Article 3(2): the management, main tenance, use and enjoyment of an investment. The following shall, in particular, be deemed „treatment less favourable" within the meaning of Article 3: unequal treatment in the case of restrictions on the purchase of raw or auxiliary materials, of energy or fuel or of means of production or operation of any kind, unequal treatment in the case of impeding the marketing of products inside or outside the country, as well as any other measures having similar effects.

(c) The provisions of Article 3 do not oblige a Contracting Party to extend to natural persons or companies resident in the territory of the other Contracting Party tax privileges, tax exemptions and tax reductions which according to its tax laws are granted only to natural persons and companies resident in its territory.

D) The Contracting Parties shall within the framework of their national legislation give sympathetic consideration to applications for the entry and sojourn of persons of either Contracting Party who wish to enter the territory of the other Contracting Party in connection with an investment; the same shall apply to employed persons of either Contracting Party who in connection with an investment wish to enter the territory of the other Contracting Party and sojourn there to take up employment. Applications for work permits shall also be given sympathetic consideration.

2. Whenever goods or persons connected with an investment are to be transported, each Contracting Party shall neither exclude nor hinder transport enterprises of the other Contracting Party and shall issue permits, in accordance with its laws and regulations, as required to carry out such transport.
