Having regard to the European Energy Charter adopted in the Concluding Document of the Hague Conference on the European Energy Charter signed at The Hague on 17 December 1991;

Recalling that all signatories to the Concluding Document of the Hague Conference undertook to pursue the objectives and principles of the European Energy Charter and implement and broaden their co-operation as soon as possible by negotiating in good faith an Energy Charter Treaty and Protocols, and desiring to place the commitments contained in that Charter on a secure and binding international legal basis;

Desiring also to establish the structural framework required to implement the principles enunciated in the European Energy Charter;

Wishing to implement the basic concept of the European Energy Charter initiative which is to catalyse economic growth by means of measures to liberalize investment and trade in energy;

Affirming that Contracting Parties attach the utmost importance to the effective implementation of full national treatment and most favoured nation treatment, and that these commitments will be applied to the Making of Investments pursuant to a supplementary treaty;

Having regard to the objective of progressive liberalization of international trade and to the principle of avoidance of discrimination in international trade as enunciated in the General Agreement on Tariffs and Trade and its Related Instruments and as otherwise provided for in this Treaty;

Determined progressively to remove technical, administrative and other barriers to trade in Energy Materials and Products and related equipment, technologies and services;

Looking to the eventual membership in the General Agreement on Tariffs and Trade of those Contracting Parties which are not currently parties thereto and concerned to provide interim trade arrangements which will assist those Contracting Parties and not impede their preparation for such membership;

Mindful of the rights and obligations of certain Contracting Parties which are also parties to the General Agreement on Tariffs and Trade and its Related Instruments;

Having regard to competition rules concerning mergers, monopolies, anti-competitive practices and abuse of dominant position;

Having regard also to the Treaty on the Non-Proliferation of Nuclear Weapons, the Nuclear Suppliers Guidelines and other international nuclear non-proliferation obligations or understandings;

Recognizing the necessity for the most efficient exploration, production, conversion, storage, transport, distribution and use of energy;

Recalling the United Nations Framework Convention on Climate Change, the Convention on Long-Range Transboundary Air Pollution and its protocols, and other international environmental agreements with energy-related aspects; and

Recognizing the increasingly urgent need for measures to protect the environment, including the decommissioning of energy installations and waste disposal, and for internationally-agreed objectives and criteria for these purposes,

HAVE AGREED AS FOLLOWS:

Part II. Commerce

Article 3. International Markets

The Contracting Parties shall work to promote access to international markets on commercial terms, and generally to

develop an open and competitive market, for Energy Materials and Products.

Article 4. Non-derogation from Gatt and Related Instruments

Nothing in this Treaty shall derogate, as between particular Contracting Parties which are parties to the GATT, from the provisions of the GATT and Related Instruments as they are applied between those Contracting Parties.

Article 5. Trade-related Investment Measures

(1) A Contracting Party shall not apply any trade-related investment measure that is inconsistent with the provisions of article III or XI of the GATT; this shall be without prejudice to the Contracting Party's rights and obligations under the GATT and Related Instruments and Article 29.

(2) Such measures include any investment measure which is mandatory or enforceable under domestic law or under any administrative ruling, or compliance with which is necessary to obtain an advantage, and which requires:

(a) the purchase or use by an enterprise of products of domestic origin or from any domestic source, whether specified in terms of particular products, in terms of volume or value of products, or in terms of a proportion of volume or value of its local production; or

(e) the exportation or sale for export by an enterprise of products, whether specified in terms of particular products, in terms of volume or value of products, or in terms of a proportion of volume or value of its local production.

(3) Nothing in paragraph (1) shall be construed to prevent a Contracting Party from applying the trade-related investment measures described in subparagraphs (2)(a) and (c) as a condition of eligibility for export promotion, foreign aid, government procurement or preferential tariff or quota programmes.

(4) Notwithstanding paragraph (1), a Contracting Party may temporarily continue to maintain trade-related investment measures which were in effect more than 180 days before its signature of this Treaty, subject to the notification and phase-out provisions set out in Annex TRM.

Article 6. Competition

(1) Each Contracting Party shall work to alleviate market distortions and barriers to competition in Economic Activity in the Energy Sector.

(2) Each Contracting Party shall ensure that within its jurisdiction it has and enforces such laws as are necessary and appropriate to address unilateral and concerted anti-competitive conduct in Economic Activity in the Energy Sector.

(3) Contracting Parties with experience in applying competition rules shall give full consideration to providing, upon request and within available resources, technical assistance on the development and implementation of competition rules to other Contracting Parties.

(4) Contracting Parties may co-operate in the enforcement of their competition rules by consulting and exchanging information.

(5) If a Contracting Party considers that any specified anti-competitive conduct carried out within the Area of another Contracting Party is adversely affecting an important interest relevant to the purposes identified in this Article, the Contracting Party may notify the other Contracting Party and may request that its competition authorities initiate appropriate enforcement action. The notifying Contracting Party shall include in such notification sufficient information to permit the notified Contracting Party to identify the anti-competitive conduct that is the subject of the notification and shall include an offer of such further information and co-operation as the notifying Contracting Party is able to provide. The

notified Contracting Party or, as the case may be, the relevant competition authorities may consult with the competition authorities of the notifying Contracting Party and shall accord full consideration to the request of the notifying Contracting Party in deciding whether or not to initiate enforcement action with respect to the alleged anti-competitive conduct identified in the notification. The notified Contracting Party shall inform the notifying Contracting Party of its decision or the decision of the relevant competition authorities and may if it wishes inform the notifying Contracting Party of the grounds for the decision. If enforcement action is initiated, the notified Contracting Party shall advise the notifying Contracting Party of its outcome and, to the extent possible, of any significant interim development.

(6) Nothing in this Article shall require the provision of information by a Contracting Party contrary to its laws regarding disclosure of information, confidentiality or business secrecy.

(7) The procedures set forth in paragraph (5) and Article 27(1) shall be the exclusive means within this Treaty of resolving any disputes that may arise over the implementation or interpretation of this Article.

Article 7. Transit

(1) Each Contracting Party shall take the necessary measures to facilitate the Transit of Energy Materials and Products consistent with the principle of freedom of transit and without distinction as to the origin, destination or ownership of such Energy Materials and Products or discrimination as to pricing on the basis of such distinctions, and without imposing any unreasonable delays, restrictions or charges.

(2) Contracting Parties shall encourage relevant entities to co-operate in:

- (a) modernising Energy Transport Facilities necessary to the Transit of Energy Materials and Products;
- (b) the development and operation of Energy Transport Facilities serving the Areas of more than one Contracting Party;
- (c) measures to mitigate the effects of interruptions in the supply of Energy Materials and Products;
- (d) facilitating the interconnection of Energy Transport Facilities.

(3) Each Contracting Party undertakes that its provisions relating to transport of Energy Materials and Products and the use of Energy Transport Facilities shall treat Energy Materials and Products in Transit in no less favourable a manner than its provisions treat such materials and products originating in or destined for its own Area, unless an existing international agreement provides otherwise.

(4) In the event that Transit of Energy Materials and Products cannot be achieved on commercial terms by means of Energy Transport Facilities the Contracting Parties shall not place obstacles in the way of new capacity being established, except as may be otherwise provided in applicable legislation which is consistent with paragraph (1).

(5) A Contracting Party through whose Area Energy Materials and Products may transit shall not be obliged to

- (a) permit the construction or modification of Energy Transport Facilities; or
- (b) permit new or additional Transit through existing Energy Transport Facilities, which it demonstrates to the other Contracting Parties concerned would endanger the security or efficiency of its energy systems, including the security of supply.

Contracting Parties shall, subject to paragraphs (6) and (7), secure established flows of Energy Materials and Products to, from or between the Areas of other Contracting Parties.

(6) A Contracting Party through whose Area Energy Materials and Products transit shall not, in the event of a dispute over any matter arising from that Transit, interrupt or reduce, permit any entity subject to its control to interrupt or reduce, or require any entity subject to its jurisdiction to interrupt or reduce the existing flow of Energy Materials and Products prior to the conclusion of the dispute resolution procedures set out in paragraph (7), except where this is specifically provided for in a contract or other agreement governing such Transit or permitted in accordance with the conciliator's decision.

(7) The following provisions shall apply to a dispute described in paragraph (6), but only following the exhaustion of all relevant contractual or other dispute resolution remedies previously agreed between the Contracting Parties party to the dispute or between any entity referred to in paragraph (6) and an entity of another Contracting Party party to the dispute:

- (a) A Contracting Party party to the dispute may refer it to the Secretary-General by a notification summarizing the matters in dispute. The Secretary-General shall notify all Contracting Parties of any such referral.

(b) Within 30 days of receipt of such a notification, the Secretary-General, in consultation with the parties to the dispute and the other Contracting Parties concerned, shall appoint a conciliator. Such a conciliator shall have experience in the matters subject to dispute and shall not be a national or citizen of or permanently resident in a party to the dispute or one of the other Contracting Parties concerned.

(c) The conciliator shall seek the agreement of the parties to the dispute to a resolution thereof or upon a procedure to achieve such resolution. If within 90 days of his appointment he has failed to secure such agreement, he shall recommend a resolution to the dispute or a procedure to achieve such resolution and shall decide the interim tariffs and other terms and conditions to be observed for Transit from a date which he shall specify until the dispute is resolved.

(d) The Contracting Parties undertake to observe and ensure that the entities under their control or jurisdiction observe any interim decision under subparagraph (c) on tariffs, terms and conditions for 12 months following the conciliator's decision or until resolution of the dispute, whichever is earlier.

(e) Notwithstanding subparagraph (b) the Secretary-General may elect not to appoint a conciliator if in his judgement the dispute concerns Transit that is or has been the subject of the dispute resolution procedures set out in subparagraphs (a) to (d) and those proceedings have not resulted in a resolution of the dispute.

(f) The Charter Conference shall adopt standard provisions concerning the conduct of conciliation and the compensation of conciliators.

(8) Nothing in this Article shall derogate from a Contracting Party's rights and obligations under international law including customary international law, existing bilateral or multilateral agreements, including rules concerning submarine cables and pipelines.

(9) This Article shall not be so interpreted as to oblige any Contracting Party which does not have a certain type of Energy Transport Facilities used for Transit to take any measure under this Article with respect to that type of Energy Transport Facilities. Such a Contracting Party is, however, obliged to comply with paragraph (4).

(10) For the purposes of this Article:

(a) "Transit" means

(i) the carriage through the Area of a Contracting Party, or to or from port facilities in its Area for loading or unloading, of Energy Materials and Products originating in the Area of another state and destined for the Area of a third state, so long as either the other state or the third state is a Contracting Party; or

(ii) the carriage through the Area of a Contracting Party of Energy Materials and Products originating in the Area of another Contracting Party and destined for the Area of that other Contracting Party, unless the two Contracting Parties concerned decide otherwise and record their decision by a joint entry in Annex N. The two Contracting Parties may delete their listing in Annex N by delivering a joint written notification of their intentions to the Secretariat, which shall transmit that notification to all other Contracting Parties. The deletion shall take effect four weeks after such former notification.

(b) "Energy Transport Facilities" consist of high-pressure gas transmission pipelines, high-voltage electricity transmission grids and lines, crude oil transmission pipelines, coal slurry pipelines, oil product pipelines, and other fixed facilities specifically for handling Energy Materials and Products.

Article 8. Transfer of Technology

(1) The Contracting Parties agree to promote access to and transfer of energy technology on a commercial and non-discriminatory basis to assist effective trade in Energy Materials and Products and Investment and to implement the objectives of the Charter subject to their laws and regulations, and to the protection of Intellectual Property rights.

(2) Accordingly, to the extent necessary to give effect to paragraph (1) the Contracting Parties shall eliminate existing and create no new obstacles to the transfer of technology in the field of Energy Materials and Products and related equipment and services, subject to non-proliferation and other international obligations.

Article 9. Access to Capital

(1) The Contracting Parties acknowledge the importance of open capital markets in encouraging the flow of capital to finance trade in Energy Materials and Products and for the making of and assisting with regard to Investments in Economic Activity in the Energy Sector in the Areas of other Contracting Parties, particularly those with economies in transition. Each Contracting Party shall accordingly endeavour to promote conditions for access to its capital market by companies and

nationals of other Contracting Parties, for the purpose of financing trade in Energy Materials and Products and for the purpose of Investment in Economic Activity in the Energy Sector in the Areas of those other Contracting Parties, on a basis no less favourable than that which it accords in like circumstances to its own companies and nationals or companies and nationals of any other Contracting Party or any third state, whichever is the most favourable.

(2) A Contracting Party may adopt and maintain programmes providing for access to public loans, grants, guarantees or insurance for facilitating trade or Investment abroad. It shall make such facilities available, consistent with the objectives, constraints and criteria of such programmes (including any objectives, constraints or criteria relating to the place of business of an applicant for any such facility or the place of delivery of goods or services supplied with the support of any such facility) for Investments in the Economic Activity in the Energy Sector of other Contracting Parties or for financing trade in Energy Materials and Products with other Contracting Parties.

(3) Contracting Parties shall, in implementing programmes in Economic Activity in the Energy Sector to improve the economic stability and investment climates of the Contracting Parties, seek as appropriate to encourage the operations and take advantage of the expertise of relevant international financial institutions.

(4) Nothing in this Article shall prevent:

(a) financial institutions from applying their own lending or underwriting practices based on market principles and prudential considerations; or

(b) a Contracting Party from taking measures:

(i) for prudential reasons, including the protection of Investors, consumers, depositors, policy-holders or persons to whom a fiduciary duty is owed by a financial service supplier; or

(ii) to ensure the integrity and stability of its financial system and capital markets.

Part III. Investment Promotion and Protection

Article 10. Promotion, Protection and Treatment of Investments

(1) Each Contracting Party shall, in accordance with the provisions of this Treaty, encourage and create stable, equitable, favourable and transparent conditions for Investors of other Contracting Parties to make Investments in its Area. Such conditions shall include a commitment to accord at all times to Investments of Investors of other Contracting Parties fair and equitable treatment. Such Investments shall also enjoy the most constant protection and security and no Contracting Party shall in any way impair by unreasonable or discriminatory measures their management, maintenance, use, enjoyment or disposal. In no case shall such Investments be accorded treatment less favourable than that required by international law, including treaty obligations. Each Contracting Party shall observe any obligations it has entered into with an Investor or an Investment of an Investor of any other Contracting Party.

(2) Each Contracting Party shall endeavour to accord to Investors of other Contracting Parties, as regards the Making of Investments in its Area, the Treatment described in paragraph (3).

(3) For the purposes of this Article, "Treatment" means treatment accorded by a Contracting Party which is no less favourable than that which it accords to its own Investors or to Investors of any other Contracting Party or any third state, whichever is the most favourable.

(4) A supplementary treaty shall, subject to conditions to be laid down therein, oblige each party thereto to accord to Investors of other parties, as regards the Making of Investments in its Area, the Treatment described in paragraph (3). That treaty shall be open for signature by the states and Regional Economic Integration Organizations which have signed or acceded to this Treaty. Negotiations towards the supplementary treaty shall commence not later than 1 January 1995, with a view to concluding it by 1 January 1998.

(5) Each Contracting Party shall, as regards the Making of Investments in its Area, endeavour to:

(a) limit to the minimum the exceptions to the Treatment described in paragraph (3);

(b) progressively remove existing restrictions affecting Investors of other Contracting Parties.

(6) (a) A Contracting Party may, as regards the Making of Investments in its Area, at any time declare voluntarily to the Charter Conference, through the Secretariat, its intention not to introduce new exceptions to the Treatment described in paragraph (3).

(b) A Contracting Party may, furthermore, at any time make a voluntary commitment to accord to Investors of other Contracting Parties, as regards the Making of Investments in some or all Economic Activities in the Energy Sector in its Area, the Treatment described in paragraph (3). Such commitments shall be notified to the Secretariat and listed in Annex VC and shall be binding under this Treaty.

(7) Each Contracting Party shall accord to Investments in its Area of Investors of other Contracting Parties, and their related activities including management, maintenance, use, enjoyment or disposal, treatment no less favourable than that which it accords to Investments of its own Investors or of the Investors of any other Contracting Party or any third state and their related activities including management, maintenance, use, enjoyment or disposal, whichever is the most favourable.

(8) The modalities of application of paragraph (7) in relation to programmes under which a Contracting Party provides grants or other financial assistance, or enters into contracts, for energy technology research and development, shall be reserved for the supplementary treaty described in paragraph (4). Each Contracting Party shall through the Secretariat keep the Charter Conference informed of the modalities it applies to the programmes described in this paragraph.

(9) Each state or Regional Economic Integration Organization which signs or accedes to this Treaty shall, on the date it signs the Treaty or deposits its instrument of accession, submit to the Secretariat a report summarizing all laws, regulations or other measures relevant to:

(a) exceptions to paragraph (2); or

(b) the programmes referred to in paragraph (8).

A Contracting Party shall keep its report up to date by promptly submitting amendments to the Secretariat. The Charter Conference shall review these reports periodically.

In respect of subparagraph (a) the report may designate parts of the energy sector in which a Contracting Party accords to Investors of other Contracting Parties the Treatment described in paragraph (3).

In respect of subparagraph (b) the review by the Charter Conference may consider the effects of such programmes on competition and Investments.

(10) Notwithstanding any other provision of this Article, the treatment described in paragraphs (3) and (7) shall not apply to the protection of Intellectual Property; instead, the treatment shall be as specified in the corresponding provisions of the applicable international agreements for the protection of Intellectual Property rights to which the respective Contracting Parties are parties.

(11) For the purposes of Article 26, the application by a Contracting Party of a trade-related investment measure as described in Article 5(1) and (2) to an Investment of an Investor of another Contracting Party existing at the time of such application shall, subject to Article 5(3) and (4), be considered a breach of an obligation of the former Contracting Party under this Part.

(12) Each Contracting Party shall ensure that its domestic law provides effective means for the assertion of claims and the enforcement of rights with respect to Investments, investment agreements, and investment authorizations.

Article 11. Key Personnel

(1) A Contracting Party shall, subject to its laws and regulations relating to the entry, stay and work of natural persons, examine in good faith requests by Investors of another Contracting Party, and key personnel who are employed by such Investors or by Investments of such Investors, to enter and remain temporarily in its Area to engage in activities connected with the making or the development, management, maintenance, use, enjoyment or disposal of relevant Investments, including the provision of advice or key technical services.

(2) A Contracting Party shall permit Investors of another Contracting Party which have Investments in its Area, and Investments of such Investors, to employ any key person of the Investor's or the Investment's choice regardless of nationality and citizenship provided that such key person has been permitted to enter, stay and work in the Area of the former Contracting Party and that the employment concerned conforms to the terms, conditions and time limits of the permission granted to such key person.

Article 12. Compensation for Losses

(1) Except where Article 13 applies, an Investor of any Contracting Party which suffers a loss with respect to any Investment in the Area of another Contracting Party owing to war or other armed conflict, state of national emergency, civil disturbance,

or other similar event in that Area, shall be accorded by the latter Contracting Party, as regards restitution, indemnification, compensation or other settlement, treatment which is the most favourable of that which that Contracting Party accords to any other Investor, whether its own Investor, the Investor of any other Contracting Party, or the Investor of any third state.

(2) Without prejudice to paragraph (1), an Investor of a Contracting Party which, in any of the situations referred to in that paragraph, suffers a loss in the Area of another Contracting Party resulting from

(a) requisitioning of its Investment or part thereof by the latter's forces or authorities; or

(b) destruction of its Investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,

Shall be accorded restitution or compensation which in either case shall be prompt, adequate and effective.

Article 13. Expropriation

(1) Investments of Investors of a Contracting Party in the Area of any other Contracting Party shall not be nationalized, expropriated or subjected to a measure or measures having effect equivalent to nationalization or expropriation (hereinafter referred to as "Expropriation") except where such Expropriation is:

(a) for a purpose which is in the public interest;

(b) not discriminatory;

(c) carried out under due process of law; and

(d) accompanied by the payment of prompt, adequate and effective compensation.

Such compensation shall amount to the fair market value of the Investment expropriated at the time immediately before the Expropriation or impending Expropriation became known in such a way as to affect the value of the Investment (hereinafter referred to as the "Valuation Date").

Such fair market value shall at the request of the Investor be expressed in a Freely Convertible Currency on the basis of the market rate of exchange existing for that currency on the Valuation Date. Compensation shall also include interest at a commercial rate established on a market basis from the date of Expropriation until the date of payment.

(2) The Investor affected shall have a right to prompt review, under the law of the Contracting Party making the Expropriation, by a judicial or other competent and independent authority of that Contracting Party, of its case, of the valuation of its Investment, and of the payment of compensation, in accordance with the principles set out in paragraph (1).

(3) For the avoidance of doubt, Expropriation shall include situations where a Contracting Party expropriates the assets of a company or enterprise in its Area in which an Investor of any other Contracting Party has an Investment, including through the ownership of shares.

Article 14. Transfers Related to Investments

(1) Each Contracting Party shall with respect to Investments in its Area of Investors of any other Contracting Party guarantee the freedom of transfer into and out of its Area, including the transfer of:

(a) the initial capital plus any additional capital for the maintenance and development of an Investment;

(b) Returns;

(c) payments under a contract, including amortization of principal and accrued interest payments pursuant to a loan agreement;

(d) unspent earnings and other remuneration of personnel engaged from abroad in connection with that Investment;

(e) proceeds from the sale or liquidation of all or any part of an Investment;

(f) payments arising out of the settlement of a dispute;

(g) payments of compensation pursuant to Articles 12 and 13.

(2) Transfers under paragraph (1) shall be effected without delay and (except in case of a Return in kind) in a Freely

Convertible Currency.

(3) Transfers shall be made at the market rate of exchange existing on the date of transfer with respect to spot transactions in the currency to be transferred. In the absence of a market for foreign exchange, the rate to be used will be the most recent rate applied to inward investments or the most recent exchange rate for conversion of currencies into Special Drawing Rights, whichever is more favourable to the Investor.

(4) Notwithstanding paragraphs (1) to (3), a Contracting Party may protect the rights of creditors, or ensure compliance with laws on the issuing, trading and dealing in securities and the satisfaction of judgements in civil, administrative and criminal adjudicatory proceedings, through the equitable, non-discriminatory, and good faith application of its laws and regulations.

(5) Notwithstanding paragraph (2), Contracting Parties which are states that were constituent parts of the former Union of Soviet Socialist Republics may provide in agreements concluded between them that transfers of payments shall be made in the currencies of such Contracting Parties, provided that such agreements do not treat Investments in their Areas of Investors of other Contracting Parties less favourably than either Investments of Investors of the Contracting Parties which have entered into such agreements or Investments of Investors of any third state.

(6) Notwithstanding subparagraph (1)(b), a Contracting Party may restrict the transfer of a Return in kind in circumstances where the Contracting Party is permitted under Article 29(2)(a) or the GATT and Related Instruments to restrict or prohibit the exportation or the sale for export of the product constituting the Return in kind; provided that a Contracting Party shall permit transfers of Returns in kind to be effected as authorized or specified in an investment agreement, investment authorization, or other written agreement between the Contracting Party and either an Investor of another Contracting Party or its Investment.

Article 15. Subrogation

(1) If a Contracting Party or its designated agency (hereinafter referred to as the "Indemnifying Party") makes a payment under an indemnity or guarantee given in respect of an Investment of an Investor (hereinafter referred to as the "Party Indemnified") in the Area of another Contracting Party (hereinafter referred to as the "Host Party"), the Host Party shall recognize:

- (a) the assignment to the Indemnifying Party of all the rights and claims in respect of such Investment; and
- (b) the right of the Indemnifying Party to exercise all such rights and enforce such claims by virtue of subrogation.

(2) The Indemnifying Party shall be entitled in all circumstances to:

- (a) the same treatment in respect of the rights and claims acquired by it by virtue of the assignment referred to in paragraph (1); and
- (b) the same payments due pursuant to those rights and claims,

As the Party Indemnified was entitled to receive by virtue of this Treaty in respect of the Investment concerned.

(3) In any proceeding under Article 26, a Contracting Party shall not assert as a defence, counterclaim, right of set-off or for any other reason, that indemnification or other compensation for all or part of the alleged damages has been received or will be received pursuant to an insurance or guarantee contract.

Article 16. Relation to other Agreements

Where two or more Contracting Parties have entered into a prior international agreement, or enter into a subsequent international agreement, whose terms in either case concern the subject matter of Part III or V of this Treaty,

(1) nothing in Part III or V of this Treaty shall be construed to derogate from any provision of such terms of the other agreement or from any right to dispute resolution with respect thereto under that agreement; and

(2) nothing in such terms of the other agreement shall be construed to derogate from any provision of Part III or V of this Treaty or from any right to dispute resolution with respect thereto under this Treaty,

Where any such provision is more favourable to the Investor or Investment.

Article 17. Non-application of Part Iii In Certain Circumstances

Each Contracting Party reserves the right to deny the advantages of this Part to:

- (1) a legal entity if citizens or nationals of a third state own or control such entity and if that entity has no substantial business activities in the Area of the Contracting Party in which it is organized; or
- (2) an Investment, if the denying Contracting Party establishes that such Investment is an Investment of an Investor of a third state with or as to which the denying Contracting Party:
 - (a) does not maintain a diplomatic relationship; or

(i) necessary to protect human, animal or plant life or health;

(ii) essential to the acquisition or distribution of Energy Materials and Products in conditions of short supply arising from causes outside the control of that Contracting Party, provided that any such measure shall be consistent with the principles that

Such measures shall be duly motivated and shall not nullify or impair any benefit one or more other Contracting Parties may reasonably expect under this Treaty to an extent greater than is strictly necessary to the stated end.

(3) The provisions of this Treaty other than those referred to in paragraph (1) shall not be construed to prevent any Contracting Party from taking any measure which it considers necessary:

(a) for the protection of its essential security interests including those

(i) relating to the supply of Energy Materials and Products to a military establishment; or

(ii) taken in time of war, armed conflict or other emergency in international relations;

(b) relating to the implementation of national policies respecting the non-proliferation of nuclear weapons or other nuclear explosive devices or needed to fulfil its obligations under the Treaty on the Non-Proliferation of Nuclear Weapons, the Nuclear Suppliers Guidelines, and other international nuclear non-proliferation obligations or understandings; or

(c) for the maintenance of public order.

Such measure shall not constitute a disguised restriction on Transit.

(4) The provisions of this Treaty which accord most favoured nation treatment shall not oblige any Contracting Party to extend to the Investors of any other Contracting Party any preferential treatment:

(a) resulting from its membership of a free-trade area or customs union; or

(b) which is accorded by a bilateral or multilateral agreement concerning economic cooperation between states that were constituent parts of the former Union of Soviet Socialist Republics pending the establishment of their mutual economic relations on a definitive basis.

(2) For the purposes of paragraph (1), "EIA" means an agreement substantially liberalizing, inter alia, trade and investment, by providing for the absence or elimination of substantially all discrimination between or among parties thereto through the elimination of existing discriminatory measures and/or the prohibition of new or more discriminatory measures, either at the entry into force of that agreement or on the basis of a reasonable time frame.

(a)

(i) The International Centre for Settlement of Investment Disputes, established pursuant to the Convention on the Settlement of Investment Disputes between States and Nationals of other States opened for signature at Washington, 18 March 1965 (hereinafter referred to as the "ICSID Convention"), if the Contracting Party of the Investor and the Contracting Party party to the dispute are both parties to the ICSID Convention; or

(8) The awards of arbitration, which may include an award of interest, shall be final and binding upon the parties to the dispute. An award of arbitration concerning a measure of a sub-national government or authority of the disputing Contracting Party shall provide that the Contracting Party may pay monetary damages in lieu of any other remedy granted. Each Contracting Party shall carry out without delay any such award and shall make provision for the effective enforcement in its Area of such awards.

Article 27. Settlement of Disputes between Contracting Parties

(1) Contracting Parties shall endeavour to settle disputes concerning the application or interpretation of this Treaty through diplomatic channels.

(j) The expenses of the tribunal, including the remuneration of its members, shall be borne in equal shares by the Contracting Parties parties to the dispute. (b) it has, to the fullest extent practicable under its legislative procedures, notified the Secretariat of its proposal for such an increase, given other interested Contracting Parties reasonable opportunity for consultation with respect to its proposal, and accorded consideration to any representations from such Contracting Parties.
