Title I. POLITICAL DIALOGUE

It shall help build lasting links of solidarity between the partners which will contribute to the prosperity, stability and security of the Mediterranean region and bring about a climate of understanding and tolerance between cultures.

Article 6.

The Community and Lebanon shall gradually establish a free trade area over a transitional period not exceeding 12 years from the entry into force of this Agreement according to the modalities set out in this Title and in conformity with the provisions of the General Agreement on Tariffs and Trade of 1994 and of the other multilateral agreements on trade in goods annexed to the Agreement establishing the World Trade Organisation (WTO), hereinafter referred to as the GATT.

Chapter 1. Industrial Products

Article 7.

The provisions of this Chapter shall apply to products originating in the Community and Lebanon falling within Chapters 25 to 97 of the Combined Nomenclature and of the Lebanese Customs tariff with the exception of the products listed in Annex 1.

Article 8.

Imports into the Community of products originating in Lebanon shall be allowed free of customs duties and of any other charge having equivalent effect.

Article 9.

1. Customs duties and charges having equivalent effect applicable on import into Lebanon of products originating in the Community shall be progressively abolished in accordance with the following schedule:

- 12 years after the date of entry into force of this Agreement the remaining duties and charges shall be abolished.

2. In the event of serious difficulties for a given product, the schedule applicable under paragraph 1 above may be reviewed by the Association Committee by common accord on the understanding that the schedule for which the review has been requested may not be extended in respect of the product concerned beyond the maximum transitional period of 12 years. If the Association Committee has not taken a decision within 30 days of an application by Lebanon to review the schedule, Lebanon may suspend the schedule provisionally for a period which may not exceed one year.

3. For each product concerned, the basic duty to be gradually reduced as provided in paragraph 1 shall be the rates referred to in Article 19.

Article 10.

The provisions concerning the abolition of customs duties on imports shall also apply to customs duties of a fiscal nature.

Article 11.

1. Exceptional measures of limited duration which derogate from the provisions of Article 9 may be taken by Lebanon in the form of an increase or reintroduction of customs duties.

2. These measures may only concern new and infant industries, or sectors undergoing restructuring or facing serious difficulties, particularly where these difficulties entail major social problems.

3. Customs duties on imports into Lebanon of products originating in the Community that are introduced by such exceptional measures may not exceed 25 % ad valorem and shall maintain an element of preference for products originating in the Community. The total value of imports of the products which are subject to these measures may not exceed 20 % of the yearly average of total imports of industrial products from the Community during the last three years for which statistics are available.

4. These measures shall be applied for a period not exceeding five years unless a longer duration is authorised by the Association Committee. They shall cease to apply at the latest on the expiry of the maximum transitional period of 12 years.

5. No such measures can be introduced in respect of a product if more than three years have elapsed since the elimination of all duties and quantitative restrictions or charges or measures having equivalent effect concerning that product.

6. Lebanon shall inform the Association Committee of any exceptional measures it intends to adopt and, at the request of the Community, consultations shall be held on the measures and sectors concerned before they are implemented. When adopting such measures Lebanon shall provide the Committee with a schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing-out of these duties in equal annual instalments starting no later than the end of the second year following their introduction. The Association Committee may decide on a different schedule.

7. By way of derogation from provisions of paragraph 4, the Association Committee may exceptionally, to take account of the difficulties involved in setting up new industries, endorse the measures already taken by Lebanon pursuant to

paragraph 1 for a maximum period of three years beyond the 12-year transitional period.

Chapter 2. Agricultural, Fisheries and Processed Agricultural Products

Article 12.

The provisions of this Chapter shall apply to products originating in the Community and Lebanon falling within Chapters 1 to 24 of the Combined Nomenclature and of the Lebanese Customs tariff and to the products listed in Annex 1.

Article 13.

The Community and Lebanon shall progressively establish a greater liberalisation of their trade in agricultural, fisheries and processed agricultural products, of interest to both parties.

Article 14.

2. Without prejudice to the provisions of paragraph 1 and taking account of the volume of trade in agricultural, fisheries and processed agricultural products between the two Parties and the particular sensitivity of such products, the Community and Lebanon shall examine on a regular basis in the Association Council, product by product and on an orderly and reciprocal basis, the possibility of granting each other further concessions.

Article 16.

1. In the event of specific rules being introduced as a result of the implementation of its agricultural policy or of any alteration of the current rules or in the event of any alteration or extension of the provisions relating to the implementation of its agricultural policy, the Party concerned may amend the arrangements resulting from this Agreement in respect of the products concerned.
2. The Party carrying out such modification shall inform the Association Committee thereof. At the request of the other Party, the Association Committee shall meet to take due account of the interest of the other Party.
3. If the Community or Lebanon, in applying paragraph 1, modifies the arrangements made by this Agreement for agricultural products, they shall accord imports originating in the other Party an advantage comparable to that provided for in this Agreement.
4. Any modification of the arrangements made by this Agreement shall be the subject, at the request of the other Party, of consultations within the Association Council.

Article 17.

1. Both Parties agree to cooperate to reduce the potential for fraud in the application of the trade provisions of this Agreement.
2. Notwithstanding other provisions of this Agreement, where one Party finds that there is sufficient evidence of fraud such

as a significant increase in trade products by one party to the other party, beyond the level reflecting economic conditions such as normal production and export capacities, or failure to provide administrative cooperation as required for the verification of evidence of origin by the other Party, both Parties shall enter into consultations immediately to find an appropriate solution. Pending such a solution, the Party concerned may take the appropriate measures it deems necessary. In the selection of the measure priority must be given to those which least disturb the functioning of the arrangements established in this Agreement.

Chapter 3. Common Provisions

Article 18.

1. No new customs duties on imports or exports or charges having equivalent effect shall be introduced in trade between the Community and Lebanon, nor shall those already applied upon entry into force of this Agreement be increased unless this Agreement provides otherwise.

3. Quantitative restrictions on imports and measures having equivalent effect in trade between Lebanon and the Community shall be abolished upon the entry into force of this Agreement.

Article 19.

1. For each product the basic rate to which the successive reductions laid down in Article 9(1) are to be applied shall be that actually applied vis-à-vis the Community on the day of conclusion of the negotiations.
2. In the event of the accession of Lebanon to the WTO, the applicable rates for imports between the Parties shall be the WTO bound rate or lower effectively applied rate enforced as of the date of the accession. If, after the accession to the WTO, a tariff reduction is applied on an erga omnes basis, the reduced rate shall apply.
3. The provision laid down in paragraph 2 is of application for any tariff reduction applied after the day of conclusion of the negotiations on an erga omnes basis.
4. The Parties shall communicate to each other their respective applied rates on the day of conclusion of the negotiations.

Article 20.

Products originating in Lebanon shall not enjoy more favourable treatment when imported into the Community than that applied by Member States among themselves.

Article 21.

1. The Parties shall refrain from any measure or practice of an internal fiscal nature establishing, whether directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party.
2. Products exported to the territory of one of the Parties may not benefit from repayment of indirect internal taxation in excess of the amount of indirect taxation imposed on them either directly or indirectly.

Article 22.

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade except in so far as they alter the trade arrangements provided for in this Agreement.
2. Consultations between the Parties shall take place within the Association Committee concerning agreements establishing such customs unions or free trade areas and, where requested, on other major issues related to their respective trade policies with third countries. In particular, in the event of a third country acceding to the Community, such consultations shall take place so as to ensure that account can be taken of the mutual interests of the Community and Lebanon.

Article 23.

If one of the Parties finds that dumping is taking place in trade with the other Party in line with prevailing international rules as defined in Article VI of the General Agreement on Tariffs and Trade (GATT) 1994 and related internal legislation, it may take appropriate measures against this practice in accordance with the WTO Agreement on the implementation of Article VI of the GATT 1994 and related internal legislation.

Article 24.

1. Without prejudice to Article 35, the WTO Agreement on Subsidies and Countervailing Measures shall apply between the Parties.

2. Until the necessary rules referred to in Article 35(2) are adopted, if either Party finds that subsidy is taking place in trade with the other Party in line with prevailing international rules as defined in Articles VI and XVI of the General Agreement on Tariffs and Trade (GATT) 1994 and related internal legislation, it may invoke appropriate measures against this practice in accordance with those rules as defined by the WTO Agreement on Subsidies and Countervailing Measures and related internal legislation.

Article 25.

1. The provisions of Article XIX of the GATT 1994 and the WTO Agreement on Safeguards and related internal legislation are applicable between the Parties.

2. Before applying safeguard measures as defined by international rules, the Party intending to apply such measures shall supply the Association Committee with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Parties.

In order to find such a solution the Parties shall immediately hold consultations within the Association Committee. If, as a result of the consultations, the Parties do not reach an agreement within thirty days of the initiation of the consultations on a solution to avoid the application of the safeguard measures, the Party intending to apply safeguard measures may apply the provisions of Article XIX of the GATT 1994 and the WTO Agreement on Safeguards.

3. In the selection of safeguard measures pursuant to this Article, the Parties shall give priority to those, which cause least disturbance to the achievement of the objectives of this Agreement.

4. Safeguard measures shall be notified immediately to the Association Committee and shall be the subject of periodic consultations within the Committee, particularly with a view to their abolition as soon as circumstances permit.

Article 26.

1. Where compliance with the provisions of Article 18(4) leads to:

(a) re-export to a third country against which the exporting Party maintains, for the product concerned, quantitative export restrictions, export duties or measures or charges having equivalent effect,

or

(b) a serious shortage, or threat thereof, of a product essential to the exporting Party,

and where the situations referred to above give rise, or are likely to give rise, to major difficulties for the exporting Party, that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in paragraph 2.

2. The difficulties arising from the situations referred to in paragraph 1 shall be submitted for examination to the Association Committee. The Association Committee may take any decision needed to put an end to the difficulties. If it has not taken such a decision within thirty days of the matter being referred to it, the exporting Party may apply appropriate measures on the exportation of the product concerned. The measures shall be non-discriminatory and shall be eliminated when conditions no longer justify their maintenance.

Article 27.

Nothing in this Agreement shall preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; of the protection of health and life of humans, animals or plants; of the protection of national treasures of artistic, historic or archaeological value; of the protection of intellectual industrial and commercial property; of rules relating to gold and silver and conservation of exhaustible natural resources. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

The concept of "originating products" for the application of the provisions of the present Title and the methods of administrative cooperation relating thereto are laid down in Protocol 4.

Article 29.

5. The Parties shall not, between the date of entry into force of this Agreement and Lebanon's accession to the WTO, take any measures or actions which render the conditions for the supply of services by Community or Lebanese service suppliers more discriminatory than those existing on the date of entry into force of this Agreement.
6. For the purposes of this Title:
 - (a) "service suppliers" of a Party means any juridical or natural person that seeks to provide or provides a service;
 - (b) a "juridical person" means a company or a subsidiary, set up in accordance with the laws either of a Member State of the Community or of Lebanon and having its registered office, central administration or principal place of business in the territory either of the Community or of Lebanon.
