Article 2.4. Acceleration of Tariff Commitments

1. At the request of either Party, the Parties shall consult to consider accelerating the elimination of customs duties on originating goods as set out in their Schedules in Annex 2-A.
2. Notwithstanding the provisions of Article 20.1 (FTA Joint Commission), an agreement by the Parties to accelerate the reduction and elimination of customs duties on originating goods shall supersede any duty rate determined pursuant to their Schedules for such good and shall enter into force following approval by each Party in accordance with their respective applicable legal procedures.
3. A Party may at any time accelerate unilaterally the reduction and elimination of customs duties on originating goods of the other Party set out in its Schedule in Annex 2-A. A Party considering doing so shall inform the other Party as early as practicable before the new rate of customs duty takes effect.
4. For greater certainty, a Party may:

Article 2.5. Temporary Admission of Goods

1. Each Party shall grant duty-free temporary admission for the following goods, regardless of their origin:

require that the good:

Each Party shall provide that its customs administration or other competent authority shall relieve the importer or another person responsible for a good admitted under this Article from any liability for failure to re-export the good on presentation of proof to the satisfaction of the customs administration of the importing Party that the good has been destroyed by reason of force majeure.

Article 2.6. Import and Export Restrictions

1. Unless otherwise provided in this Agreement, neither Party shall adopt or maintain any prohibition or restriction or measure having equivalent effect, including quantitative restrictions, on the importation of a good originating in the territory of the other Party, or on the exportation or sale for export of a good destined for the territory of the other Party except in accordance with its rights and obligations under the GATT 1994. To this end, Article XI of GATT 1994, including its interpretive notes, is incorporated into and made part of this Agreement, *mutatis mutandis*.

2. The Parties understand that the GATT 1994 rights and obligations incorporated by paragraph 1 prohibit, in any circumstances in which any other form of restriction is prohibited, a Party from adopting or maintaining:

3. Neither Party may, as a condition for engaging in importation or for the importation of a good, require a person of the other Party to establish or maintain a contractual or other relationship with a distributor in its territory.

5. For the purposes of paragraph 3, distributor means a person of a Party who is responsible for the commercial distribution, agency, concession, or representation in the territory of that Party of goods of the other Party.

for each year as specified in Annex 2-C after the entry into force of this Agreement.

2. Imports of such products of Nicaraguan origin in excess of the specified quantity in Annex 2-C in any given calendar year shall be subject to tariff rates at 50%.

Article 2.8. Tariff-Rate Quota Administration

A Party shall implement and administer TRQ set out in its Schedule to Annex 2-A in accordance with Article XIII of GATT 1994, including its interpretive notes, and the Agreement on Import Licensing Procedures (hereinafter referred to as the "Import Licensing Agreement"), contained in Annex 1 A to the WTO Agreement.

2. A Party shall ensure that:

(a) its procedures for administering its TRQ are transparent, timely, non-discriminatory, responsive to market conditions, minimally burdensome to trade, and reflect end-user preferences; and

(b) any person of a Party that fulfills the importing Party's legal and administrative requirements shall be eligible to apply and to be considered for a TRQ allocation by the Party.

3. Each Party shall make every effort to administer its TRQ in a manner that allows importers to fully utilise the TRQ quantities.

4. On the written request of a Party, the other Party shall consult with the requesting Party regarding the administration of its TRQ.

Article 2.9. Import Licensing Procedures

A Party shall ensure that import licensing regimes applied to goods originating in the other Party are applied in accordance with the WTO Agreement, and in particular, with the provisions of the Import Licensing Agreement.

Article 2.10. Administrative Fees and Formalities

1. The Parties shall ensure, in accordance with Article VIII.1 of GATT 1994 and its interpretative notes, that all fees and charges of whatever character (other than customs duties, charges equivalent to an internal tax or other internal charge applied consistently with Article III.2 of GATT 1994, and anti-dumping and countervailing duties) imposed on or in connection with importation or exportation are limited in amount to the approximate cost of services rendered and do not represent an indirect protection to domestic goods or a taxation on imports or exports for fiscal purposes.

2. Neither Party may require consular transactions, including related fees and charges, in connection with the importation of any good of the other Party.

3. The Parties shall make available through the Internet or a comparable computer-based telecommunications network a current list of the fees and charges they impose in connection with importation or exportation.

Article 2.11. Agricultural Export Subsidies

1. The Parties share the objective of the multilateral elimination of export subsidies for agricultural goods, and shall work together toward an agreement in the WTO to eliminate those subsidies and prevent their reintroduction in any form.

2. Neither Party shall maintain, introduce or reintroduce any export subsidy on any agricultural good destined to the territory of the other Party.

Article 2.12. Committee on Trade In Goods

1. The Parties hereby establish a Committee on Trade in Goods (hereinafter referred to as the "Committee"), comprising representatives of each Party.

2. The Committee shall meet at least once a year to consider matters arising under this Chapter, and may meet more frequently as the Parties may agree.

3. The Committee's functions shall include, inter alia:

- (a) promoting trade in goods between the Parties, including through consultations on accelerating elimination of customs duties under this Agreement and other issues as appropriate;
- (b) addressing barriers to trade in goods between the Parties, especially those related to the application of non-tariff measures and, if appropriate, referring such matters to the FTA Joint Commission for its consideration;
- (c) reviewing future amendments to the Harmonized System to ensure that each Party's obligations under this Agreement are not altered, and consulting in order to resolve any conflicts between:
 - (i) subsequent amendments to Harmonized System 2022 and Annex 2-A (Schedule of Tariff Commitments); or
 - (ii) Annex 2-A and national nomenclatures;
- (d) consulting on and endeavouring to resolve any dispute that may arise among the Parties on matters related to the classification of goods under the Harmonized System;
- (e) establishing working groups, if necessary, and monitoring the work of the working groups established under the auspices of the Committee; and
- (f) exchanging information on matters related to subparagraphs (a) through (c) which may, directly or indirectly, affect trade between the Parties with a view to minimizing their negative effects on trade and seeking mutually acceptable alternatives.

where:

RVC is the regional value content, expressed as a percentage;

V is the value of the product, as defined in the Customs Valuation Agreement, adjusted on an FOB basis; and

3. The value of the non-originating materials used by the producer in the production of a product shall not include, for the purposes of calculating the regional value content of the product, pursuant to paragraph 1, the value of non-originating materials used to produce originating materials that are subsequently used in the production of the product.

Article 3.7. Fungible Materials

Where originating and non-originating fungible materials are used in the production of a good, the following methods shall be adopted in determining whether the materials used are originating:

(a) physical separation of the materials; or

(b) an inventory management method recognized in the generally accepted accounting principles of the exporting Party, provided that the inventory management method selected is used for at least 12 continuous months.

3. Notwithstanding paragraph 2, where goods are subject to a regional value content requirement, the value of the packaging materials and containers used for retail sale shall be taken into account as originating materials or non-originating materials, as the case may be, in calculating the regional value content of the goods.

Article 3.10. Accessories, Spare Parts and Tools

1. Accessories, spare parts or tools presented and classified with the good shall be considered as part of the good, provided

that:

(a) they are invoiced together with the good; and

Article 3.11. Sets

Sets, as defined in General Rule 3 of the Harmonized System, shall be regarded as originating when all component products are originating. Article 3.12. Direct Consignment

1. Preferential tariff treatment under this Agreement shall only be granted to originating products which are transported directly between the Parties.

2. Notwithstanding paragraph 1, goods whose transport involves transit through one or more non-Parties, with or without trans-shipment or temporary storage of up to 180 days in such non-Parties, shall still be considered as directly transported between the Parties, provided that:

(b) the goods do not undergo any other operation there other than unloading and reloading, or any operation required to keep them in good condition;

(c) the goods do not enter into trade or consumption there; and

(d) the goods remain under customs control during transit in those non-Parties.

3. Compliance with paragraph 2 shall be evidenced by presenting the customs authority of the importing Party, during the importation, either with customs documents of the non-Parties, or with any other documents to the satisfaction of the customs authority of the importing Party.

Section B. Implementation Procedures

1. In order for originating goods to benefit from preferential tariff treatment, the Certificate of Origin, as set out in Annex 3-B (Certificate of Origin), will be issued by the authorized body or bodies of the exporting Party, upon written application of the exporter, producer, or under the exporter's responsibility, by his authorized representative together with the supporting documents.

Any change in the information provided above shall be promptly notified to the customs authority of the other Party.
4. A Certificate of Origin may be issued retrospectively within one year from the date of shipment, bearing the words "ISSUED RETROSPECTIVELY" and remains valid for one year from the date of shipment, if it is not issued before or at the time of shipment due to force majeure, involuntary errors, omissions or other valid causes.
5. In cases of theft, loss, or accidental destruction of a Certificate of Origin, the exporter or producer may make a written request to the authorized bodies of the exporting Party for issuing a certified copy. The certified copy shall bear the words "CERTIFIED TRUE COPY of the original Certificate of Origin number ___ dated___". The certified copy shall be valid during the term of validity of the original Certificate of Origin.
6. In circumstances where a certificate of origin contains incorrect information submitted by the importer, according to the domestic law, the customs authority of the importing Party gives the importer the opportunity to present a new certificate within a certain period. The new Certificate of Origin shall be valid for the remainder of the period established in the original Certificate of Origin.
7. Orthographic and typing errors in a Certificate of Origin shall not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

In critical circumstances where delay would cause damage which it would be difficult to repair, a Party may take a provisional safeguard measure pursuant to a preliminary determination that there is clear evidence that increased imports have caused or are threatening to cause serious injury to a domestic industry.

2. Before taking a provisional measure, the applying Party shall notify the other Party and shall, on request of the other Party, initiate consultations after applying such a measure.

3. The duration of a provisional safeguard measure shall not exceed 200 days, during which period the pertinent requirement of Article 7.1, 7.2 and 7.3 shall be met. Such a provisional safeguard measure should take the form of a suspension of the further reduction of any rate of customs duty provided for under this Agreement on the product or an increase in the duties not exceeding the lesser of the rates in Article 7.1.2 (b). Any additional duties or guarantees collected shall be promptly refunded if the subsequent investigation referred to in Article 7.3 determines that increased imports have not caused or threatened to cause serious injury to a domestic industry.

4. The duration of any such provisional safeguard measure shall be counted as a part of the initial period and any extension of bilateral safeguard measure.

Article 7.5. Notification and Consultation

1. A Party shall immediately notify the other Party, in writing on:

(a) initiating a bilateral safeguard investigation;

(b) making a finding of serious injury or threat thereof caused by increased imports;

(c) taking a decision to apply or extend a bilateral safeguard measure; and

2. In making the notification referred to in subparagraphs 1 (b) and 1 (c), the Party applying a bilateral safeguard measure shall provide the other Party with all pertinent information, which shall include evidence of serious injury or threat thereof caused by increased imports, a precise description of the product involved, the proposed bilateral safeguard measure, the proposed date of introduction and its expected duration. In the case of an extension of a bilateral safeguard measure, the written results of the determination required by Article 7.3, including evidence that the continued application of the measure is necessary to prevent or remedy serious injury and that the domestic industry is adjusting shall also be provided.

3. A Party proposing to apply or extend a bilateral safeguard measure shall provide adequate opportunity for prior consultations with the other Party, with a view to, inter alia, reviewing the information provided under paragraph 2 of this Article, exchanging views on the bilateral safeguard measure and, in the case of extending a transitional safeguard measure reaching an agreement on compensation as set forth in Article 7.6.1.

4. A Party shall provide to the other Party a copy of the publicly available version of the report of its competent authorities in accordance with the Agreement on Safeguards as soon as it is available.

Article 7.6. Compensation

1. A Party extending a bilateral safeguard measure shall, in consultation with the other Party, provide to the other Party mutually agreed compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the measure. Such consultations shall begin within 30 days of the extension of the bilateral safeguard measure.

2. If the Parties are unable to reach an agreement on compensation within 30 days after the consultation commences, the exporting Party shall be free to suspend the application of substantially equivalent concessions to the trade of the Party extending the bilateral safeguard measure.

3. A Party shall notify the other Party in writing at least 30 days before suspending concession under paragraph 2.

4. The applying Party's obligation to provide compensation under paragraph 1 and the other Party's right to suspend concessions under paragraph 2 shall terminate on the date of the termination of the bilateral safeguard measure.

Article 7.7. Procedural Rules

For the application of bilateral safeguard measures, the competent authority shall comply with the provisions of this Section and in cases not covered by this Section, the competent authority may apply national procedural rules that are consistent with the Agreement on Safeguards.

Each Party shall accord to service suppliers of the other Party treatment no less favorable than that it accords, in like circumstances (6), to its own service suppliers (7).

(5) For greater certainty, nothing in Articles 8.2 or 8.3 shall be interpreted as extending the scope of this Chapter.

(6) For greater certainty, whether treatment is accorded in "like circumstances" under Articles 8.2 or 8.3 depends on the totality of the circumstances, including whether the relevant treatment distinguishes between services and service suppliers on the basis of legitimate public welfare objectives.

(7) Nothing in this Article shall be construed to require any Party to compensate for any inherent competitive disadvantages which result from the foreign character of the relevant services or service suppliers.

Article 8.3. Most-Favored-Nation Treatment

(ii) the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;

1. Articles 8.2, 8.3, 8.4 and 8.5 shall not apply to:

(a) any existing non-conforming measure that is maintained by a Party at:

2. Articles 8.2, 8.3, 8.4 and 8.5 shall not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors or activities as set out by that Party in its Schedule to Annex II.

1. Each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected service supplier of the other Party, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. Where authorization is required for the supply of a service, the competent authorities of a Party shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.

4. While recognizing the right to regulate and to introduce new regulations on the supply of services in order to meet national policy objectives, and with a view to ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements do not constitute unnecessary barriers to trade in services, each Party shall aim to ensure that such measures are:

(a) based on objective and transparent criteria, such as competence and the ability to supply the service;

(b) not more burdensome than necessary to ensure the quality of the service; and

(c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

5. For the purpose of this Chapter, Reference Paper on Services Domestic Regulation is incorporated into and form an integral part of this Chapter, *mutatis mutandis*.

Article 8.9. Recognition

1. For the purposes of the fulfillment, in whole or in part, of its standards or criteria for the authorisation, licensing, or certification of service suppliers, and subject to the requirements of paragraph 4, a Party may recognise, or encourage its relevant competent bodies to recognise, the education or experience obtained, requirements met or licences or certifications granted in a particular country. Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement between the Party and the particular country concerned or their relevant competent bodies, or may be accorded autonomously.

2. Where a Party recognises, autonomously or by agreement or arrangement, the education or experience obtained, requirements met, or licences or certifications granted in the territory of a non-Party, nothing in Article 8.3 shall be construed to require the Party to accord such recognition to the education or experience obtained, requirements met, or licences or certifications granted in the territory of the other Party.

3. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 1, whether existing or future, shall afford adequate opportunity for the other Party to negotiate its accession to such an agreement or arrangement or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education, experience, licences or certifications obtained or requirements met in that other Party's territory should be recognized.

4. A Party shall not accord recognition in a manner which would constitute a means of discrimination between countries in the application of its standards or criteria for the authorisation, licensing, or certification of service suppliers, or a disguised restriction on trade in services.

Article 8.10. Payments and Transfers

1. Each Party shall permit all transfers and payments related to the cross-border supply of services to be made freely and without delay into and out of its territory.
2. Each Party shall permit such transfers and payments related to the cross-border supply of services to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.

Article 8.11. Denial of Benefits

1. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service supplier is an enterprise owned or controlled by persons of a non-Party, and the denying Party adopts or maintains measures with respect to the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise.
2. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service supplier is an enterprise owned or controlled by persons of a non-Party or of the denying Party that has no substantial business activities in the territory of the other Party.

3. Relating to non-discriminatory treatment of telecommunication facilities:
 - (a) neither Party shall accord less favourable treatment to telecommunication facilities created, produced, supplied, leased or sold by any enterprise of the other Party than it accords to other like telecommunication facilities; and
 - (b) neither Party shall take any unreasonable or discriminatory measures to prevent an enterprise of the other Party from supplying, leasing or selling their telecommunication facilities in the territory of the former Party.

(10) For greater certainty, this Article does not prohibit either Party from requiring a service supplier to establish a commercial presence and obtain a licence to supply a public telecommunications network or service in its territory.

A party may define "doing business" and "solicitation" for the purposes of this obligation provided that those definitions are not inconsistent with paragraph 1.

Article 9.10. Exceptions

1. Notwithstanding any other provision of this Chapter, a Party shall not be prevented from adopting or maintaining measures relating to financial services for prudential reasons, including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial services supplier, or to ensure the integrity and stability of the financial system. (14) Where such measures do not conform with the provisions of this Agreement referred to in this paragraph, they shall not be used as a means of avoiding the Party's commitments or obligations under such provisions.

2. Nothing in this Chapter applies to non-discriminatory measures of general application in pursuit of monetary and related credit policies or exchange rate policies. (15) This paragraph shall not affect a Party's obligations under Article 11.7 (Transfers).

3. For greater certainty, nothing in this Chapter shall be construed to prevent the adoption or enforcement by any Party of measures necessary to secure compliance with laws or regulations that are not inconsistent with this Chapter, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on investment in financial institutions or cross-border trade in financial services.

(14) It is understood that the term "prudential reasons" includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or the financial system, as well as the maintenance of the safety and financial and operational integrity of payment and clearing systems.

(15) For greater certainty, measures of general application taken in pursuit of monetary and related credit policies or exchange rate policies do not include measures that expressly nullify or amend contractual provisions that specify the currency of denomination or the rate of exchange of currencies.

Article 9.11. Transparency and Administration of Certain Measures

1. The Parties recognize that transparent regulations and policies governing the activities of financial institutions, financial

service suppliers or cross-border financial service suppliers are important in facilitating access to, and their operations in, each other's markets. Each Party commits to promote regulatory transparency in financial services.

2. Each Party shall ensure that all measures of general application to which this Chapter shall apply are administered in a reasonable, objective, and impartial manner.

3. In lieu of paragraph 1 of Article 17.1 (Publication), each Party shall, to the extent practicable:

(a) publish in advance any regulations of general application relating to the subject matter of this Chapter that it proposes to adopt and the purpose of the regulations; and

(b) provide interested persons and the other Party a reasonable opportunity to comment on such proposed regulations.

4. To the extent practicable, each Party should allow reasonable period of time between publication of final regulations of general application and their effective date.

5. Each Party shall ensure that the rules of general application adopted or maintained by self-regulatory organisations of the Party are promptly published or otherwise made available in such a manner as to enable interested persons to become acquainted with them. (16)

Article 11.2. National Treatment (25)

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

(25) For greater certainty, whether treatment is accorded in "like circumstances" under Articles 11.2 or 11.3 depends on the totality of the circumstances, including whether the relevant treatment distinguishes between investors or investments on the basis of legitimate public welfare objectives.

Article 11.3. Most-Favored-Nation Treatment

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

3. Paragraphs 1 and 2 of this Article shall not be construed to oblige any Party to extend to the investors of the other Party or covered investment any treatment, preference or privilege by virtue of any bilateral or multilateral agreement relating to investment in force or signed prior to the date of entry into force of this Agreement.

4. For greater certainty, the treatment referred to in this Article does not encompass dispute resolution mechanisms or procedures, such as those included in Section B, that are provided for in international investment or trade agreements.

Article 11.4. Minimum Standard of Treatment (26)

1. Each Party shall accord to covered investments fair and equitable treatment and full protection and security in accordance with customary international law.

2. For great certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of "fair and equitable treatment" and "full protection and security" do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligation in paragraph 1 to provide:

(a) "fair and equitable treatment" includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with due process of law; and

(b) "full protection and security" requires each Party to provide the level of police protection required under customary international law.

3. A determination that there has been a breach of another provision of this Chapter, or of a separate international agreement, does not establish that there has been a breach of this Article.

4. For greater certainty, the mere fact that a Party takes or fails to take an action that may be inconsistent with an investor's expectations does not constitute a breach of this Article, even if there is loss or damage to the covered investment as a result.

5. For greater certainty, the mere fact that a subsidy or grant has not been issued, renewed or maintained, or has been modified or reduced, by a Party, does not constitute a breach of this Article, even if there is loss or damage to the covered investment as a result.

(26) Minimum standard of Treatment shall be interpreted in accordance with Annex 11-A.

Article 11.5. Compensation for Losses

1. Notwithstanding Article 11.10.5 (b), each Party shall accord to investors of the other Party, and to covered investments, non-discriminatory treatment with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict, a state of national emergency, or civil strife.

2. Notwithstanding paragraph 1, if an investor of a Party, in the situations referred to in paragraph 1, suffers a loss in the territory of the other Party resulting from:

(a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or

(b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,

the latter Party shall provide the investor restitution, compensation, or both, as appropriate, for such loss. Any compensation shall be made in accordance with Articles 11.6.2, 11.6.3 and 11.6.4, *mutatis mutandis*.

3. Paragraph 1 does not apply to existing measures relating to subsidies or grants that would be inconsistent with Article 11.2 but for Article 11.10.5 (b).

Article 11.6. Expropriation and Compensation (27)

1. Neither Party may expropriate or nationalize a covered investment either directly or indirectly through measures equivalent to expropriation or nationalization ("expropriation"), except:

(a) for a public purpose;

(b) in a non-discriminatory manner;

(c) on payment of compensation in accordance with this Article; and

(d) in accordance with due process of law.

2. The compensation referred to in paragraph 1(c) shall:

(a) be paid without delay;

(b) be equivalent to the fair market value of the expropriated investment at the time when the expropriation was publicly announced or when the expropriation took place ("the date of expropriation"), whichever is earlier; and

(c) be fully realizable and freely transferable.

3. If the fair market value is denominated in a freely usable currency, the compensation referred to in paragraph 1(c) shall be no less than the fair market value on the date of public announcement of expropriation or on the date of expropriation, whichever is earlier, plus interest at a commercially reasonable rate for that currency accrued from the date of expropriation until the date of payment, as appropriate.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation referred to in paragraph 1(c) – converted into the currency of payment at the market rate of exchange prevailing on the date of payment – shall be no less than:

(a) the fair market value on the date of public announcement of expropriation or on the date of expropriation, whichever is earlier, converted into a freely usable currency at the market rate of exchange prevailing on that date, plus

(b) interest at a commercially reasonable rate for that freely usable currency accrued from the date of expropriation until the date of payment.

5. This Article does not apply to the issuance of compulsory licenses granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such issuance, revocation, limitation, or creation is consistent with the TRIPS Agreement.

6. For greater certainty, the mere fact that a subsidy or grant has not been issued, renewed or maintained, or has been modified or reduced, by a Party, does not constitute an expropriation, even if there is loss or damage to the covered investment as a result.

(27) Article 11.6 shall be interpreted in accordance with Annexes 11-A and 11-B.

Article 11.7. Transfers (28)

1. Each Party shall permit all transfers relating to a covered investment to be made freely and without delay into and out of its territory. Such transfers include:

- (a) contributions to capital;
- (b) profits, dividends, capital gains, and proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;
- (c) interest, royalty payments, management fees, and technical assistance and other fees;
- (d) payments made under a contract, including a loan agreement;
- (e) payments made pursuant to Articles 11.5 and 11.6;
- (f) payments arising out of a dispute; and
- (g) earnings and remuneration of a national of a Party who works in a covered investment in the territory of the other Party.

2. Each Party shall permit transfers relating to a covered investment to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.

3. Each Party shall permit returns in kind relating to a covered investment to be made as authorized or specified in a written agreement between the Party and a covered investment or an investor of the other Party.

4. Notwithstanding paragraphs 1 through 3, a Party may prevent a transfer through the equitable, non-discriminatory, and good faith application of its laws and regulations relating to:

- (a) bankruptcy, insolvency, or the protection of the rights of creditors;
- (b) issuing, trading, or dealing in securities, futures, options, or derivatives;
- (c) criminal or penal offenses;
- (d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities; or
- (e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

5. For greater certainty, provided that such measures are not applied in an arbitrary or unjustifiable manner, and provided that such measures do not constitute a disguised restriction on international trade or investment, paragraphs 1 through 3 shall not be construed to prevent a Party from adopting or maintaining measures that are necessary to secure compliance with laws and regulations, including those relating to the prevention of deceptive and fraudulent practices, that are not inconsistent with this Chapter.

(28) Article 11.7 does not affect each Party's ability to administer its capital account for the maintenance of the stability and soundness of its financial system, such as the foreign exchange market, stock market, bond market and financial derivatives market. For greater certainty, Annex 11-C applies to this Article.

Article 11.8. Performance Requirements

1. Neither Party may, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of the other Party or of a non-Party in its territory, impose or enforce any requirement or enforce any commitment or undertaking: (29)

- (a) to export a given level or percentage of goods or services;
- (b) to achieve a given level or percentage of domestic content of goods or services;
- (c) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;
- (d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign

exchange inflows associated with such investment;

(e) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;

(f) to transfer a particular technology, a production process, or other proprietary knowledge to a person in its territory;

(g) to supply exclusively from the territory of the Party the goods that such investment produces or the services that it supplies to a specific regional market or to the world market;

(h) to locate the headquarters for a specific region or the world market in its territory; or

(i) to achieve a given percentage or value of research and development in its territory.

2. Neither Party may condition the receipt or continued receipt of an advantage, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of the other Party or of a non-Party, on compliance with any requirement:

(a) to achieve a given level or percentage of domestic content;

(b) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;

(c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or

(d) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

3. (a) Nothing in paragraph 1 shall be construed to prevent a Party, in connection with an investment in its territory of an investor of the other Party or of a non-Party, from imposing or enforcing a requirement or enforcing a commitment or undertaking to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory, provided that such measure is consistent with paragraphs 1(f) and 1(i).

(b) Nothing in paragraph 2 shall be construed to prevent a Party, in connection with an investment in its territory of an investor of the other Party or of a non-Party, from conditioning the receipt or continued receipt of an advantage on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

(c) Paragraph 1(f) does not apply:

(i) when a Party authorizes use of an intellectual property right in accordance with Article 31 of the TRIPS Agreement, or to measures requiring the disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement; or

(ii) when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after judicial or administrative process to be anticompetitive under the Party's competition laws. (30)

(d) Provided that such measures are not applied in an arbitrary or unjustifiable manner, and provided that such measures do not constitute a disguised restriction on international trade or investment, paragraphs 1(b), 1(c), 1(f), 2(a) and 2(b), shall not be construed to prevent a Party from adopting or maintaining measures, including environmental measures:

(i) necessary to secure compliance with laws and regulations that are not inconsistent with this Chapter;

(ii) necessary to protect human, animal, or plant life or health; or

(iii) related to the conservation of living and non-living exhaustible natural resources.

(e) Paragraphs 1(a), 1(b), 1(c), 2(a) and 2(b), do not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs.

(f) Paragraphs 1(b), 1(c), 1(f), 1(g), 2(a) and 2(b), do not apply to government procurement.

(g) Paragraphs 2(a) and 2(b) do not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariffs or preferential quotas.

4. For greater certainty, paragraphs 1 and 2 do not apply to any commitment, undertaking, or requirement other than those set out in those paragraphs.

5. This Article does not preclude enforcement of any commitment, undertaking, or requirement between private parties, where a Party did not impose or require the commitment, undertaking, or requirement.

(29) For greater certainty, a condition for the receipt or continued receipt of an advantage referred to in paragraph 2 does not constitute a "commitment or undertaking" for the purposes of paragraph 1.

(30) The Parties recognize that a patent does not necessarily confer market power.

Article 11.9. Senior Management and Boards of Directors

1. Neither Party may require that an enterprise of that Party that is a covered investment appoint to senior management position natural persons of any particular nationality.

2. A Party may require that a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

Article 11.10. Non-Conforming Measures

1. Articles 11.2, 11.3, 11.8 and 11.9 do not apply to:

(a) any existing non-conforming measures that is maintained by a Party as set out by that Party in its Schedule to Annex I or Annex III;

(b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

(c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Articles 11.2, 11.3, 11.8 and 11.9.

2. Articles 11.2, 11.3, 11.8 and 11.9 do not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out in its Schedule to Annex II.

3. Neither Party may, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule to Annex II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.

4. Articles 11.2 and 11.3 do not apply to any measure covered by an exception to, or derogation from, the obligations under Article 3 or 4 of the TRIPS Agreement, as specifically provided in those Articles and in Article 5 of the TRIPS Agreement.

5. Articles 11.2, 11.3, 11.8 and 11.9 do not apply to:

(a) government procurement; or

(b) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.

Article 11.11. Special Formalities and Information Requirements

1. Nothing in Article 11.2 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement on the filing for establishment of and changes to the covered investments of the other Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and covered investments pursuant to this Chapter.

2. Notwithstanding Articles 11.2 and 11.3, a Party may require an investor of the other Party or its covered investment to provide information concerning that investment solely for informational or statistical or administrative purposes. The Party shall protect any confidential business information from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise

obtaining or disclosing information in connection with the equitable and good faith application of its law.

Article 11.12. Subrogation

If a Party (or any statutory body, governmental agency or institution, or corporation designated by the Party) makes a payment to an investor of the Party under a guarantee, a contract of insurance or other form of indemnity that it has entered into with respect to a covered investment, the other Party, in whose territory the covered investment was made, shall recognize the subrogation or transfer of any rights the investor would have possessed under this Chapter with respect to the covered investment but for the subrogation, including any rights under Section B, and the investor shall be precluded from pursuing such rights to the extent of the subrogation.

Article 11.13. Denial of Benefits

1. A Party may, at any time, including after the institution of arbitration proceedings in accordance with Section B, deny the benefits (31) of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if a non-Party, or persons of a non-Party own or control the enterprise and the denying Party:

(a) does not maintain diplomatic relations with the non-Party; or

(b) adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise or to its investments.

2. A Party may, at any time, including after the institution of arbitration proceedings in accordance with Section B, deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if the enterprise has no substantial business activities in the territory of the other Party and a non-Party, persons of a non-Party, or of the denying Party, own or control the enterprise.

(31) For greater certainty, benefits referred to in this Article include the rights of an investor of a Party to resort to the dispute settlement mechanism set out in Section B.

Article 11.4. Disclosure of Information

Nothing in this Chapter shall be construed to require a Party to furnish or allow access to protected information, or other confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private.

Article 11.5. Financial Services

1. Where an investor submits a claim to arbitration under Section B, and the disputing Party invokes paragraphs (1) and (2) of this Article, the investor-State tribunal established pursuant to Section B may not decide whether and to what extent it is a valid defence to the claim of the investor. It shall seek a report in writing from the Parties on this issue. The investor-State tribunal may not proceed pending receipt of such a report or of a decision of a State-State arbitral tribunal, should such a State-State arbitral tribunal be established.

2. Pursuant to a request for a report received in accordance with the above paragraph, the financial services authorities of the Parties shall engage in consultations. If the financial services authorities (32) of the Parties reach a joint decision on the issue of whether and to what extent the relevant paragraphs of this Article is a valid defence to the claim of the investor, they shall prepare a written report describing their joint decision. The report shall be transmitted to the investor-State tribunal, and shall be binding on the investor-State tribunal.

3. If, after 120 days, the financial services authorities of the Parties are unable to reach a joint decision on the issue of whether and to what extent the relevant paragraphs of this Article is a valid defence to the claim of the investor, the issue shall, within 30 days, be referred by either Party to a State-State arbitral tribunal established pursuant to Chapter 21 (Dispute Settlement). In such a case, the provisions requiring consultations between the Parties in Chapter 21 (Dispute Settlement) shall not apply. The decision of the State-State arbitral tribunal shall be transmitted to the investor-State tribunal, and shall be binding on the investor-State tribunal. All of the members of any such State-State arbitral tribunal shall have expertise or experience in financial services law or practice, which may include the regulation of financial institutions.

4. If the respondent or the non-disputing Party has not submitted such issue to arbitration in accordance with Chapter 21 (Dispute Settlement) pursuant to paragraph 3 within 10 days of the expiration of the 120 day period referred to in paragraph 3, the arbitration under Section B may proceed with respect to the claim.

(32) For the purposes of this Article, the “financial services authorities” means: (a) for China, the one that the Party designates and notifies the other Party through the Contact Point established in Article 9.20 (Contact Point); and (b) for Nicaragua, the one that the Party designates and notifies the other Party through the Contact Point established in Article 20.4 (Contact Point) .

Article 11.16. Taxation

1. Except as provided in this Article, nothing in this Section shall impose obligations with respect to taxation measures.

2. Article 11.6 shall apply to all taxation measures (33), except that a claimant that asserts that a taxation measure involves an expropriation may submit a claim to arbitration under Section B only if:

(a) the claimant has first referred to the competent tax authorities (34) of both Parties in writing the issue of whether that taxation measure involves an expropriation; and

(b) within 180 days after the date of such referral, the competent tax authorities of both Parties fail to agree that the taxation measure is not an expropriation.

3. Nothing in this Chapter shall affect the rights and obligations of a Party under any tax convention. In the event of any inconsistency between this Chapter and any such convention, that convention shall prevail to the extent of the inconsistency. In the case of a tax convention between the Parties, the competent authorities under that convention shall have sole responsibility for determining whether any inconsistency exists between this Chapter and that convention.

(33) For greater certainty, measures regarding tax preservation or punishment against illegal activities that are non-discriminatory and adopted or implemented for the purpose of levying or collecting taxes in a fair and effective manner, do not constitute expropriations as provided in Article 11.6.

(34) For the purposes of this Article, “competent tax authorities” means: (a) for China, the Ministry of Finance and State Administration of Taxation or an authorized representative of the Ministry of Finance and State Administration of Taxation; and (b) for Nicaragua, the Ministry of Finance and Public Credit (Ministerio de Hacienda y Crédito Público (MHCP) or its successor.

(a) specify the name and address of the claimant and, where a claim is submitted on behalf of an enterprise of the respondent that is a juridical person that the claimant owns or controls directly or indirectly, the name, address, and place of incorporation of the enterprise;

(b) list evidences that the claimant is an investor under this Chapter;

(c) for each claim, identify the provision of this Chapter or the investment agreement alleged to have been breached and any other relevant provisions;

(d) for each claim, identify the measures or events giving rise to the claim;

(e) for each claim, provide a brief summary of the legal and factual basis; and

(f) specify the relief sought and the approximate amount of damages claimed.

2. After a request for consultations is made pursuant to this Section, the claimant and the respondent shall enter into consultations (36) with a view to reaching a mutually satisfactory solution.

(35) For greater certainty, the request for consultations shall be sent to the central government body as listed out in Annex 11-D.

(36) Unless otherwise agreed by the parties to the dispute, the place for consultation should be the capital of the respondent.

Article 11.18. Submission of a Claim to Arbitration

1. In the event that a disputing party considers that an investment dispute cannot be settled by consultations pursuant to Article 11.17 and 180 days have elapsed since the date of the request for consultations:

(a) the claimant, on its own behalf, may submit to arbitration under this Section a claim:

(i) that the respondent has breached

(A) an obligation under Articles 11.2 and 11.3, provided that the claim does not in any way relate to treatment with respect to establishment, acquisition or expansion of investments in the territory of the respondent;

(B) Articles 11.4, 11.5, 11.6, 11.7, 11.8 or 11.9; or

(C) an investment agreement; and

(ii) that the claimant has incurred loss or damage by reason of, or arising out of, that breach; and

(b) the claimant, on behalf of an enterprise of the respondent that is a juridical person that the claimant owns or controls directly or indirectly, may submit to arbitration under this Section a claim:

(B) Articles 11.4, 11.5, 11.6, 11.7, 11.8 or 11.9; or

(C) an investment agreement; and

(ii) that the enterprise has incurred loss or damage by reason of, or arising out of, that breach (37),

provided that a claimant may submit pursuant to subparagraph (a)(i)(C) or (b)(i)(C) a claim for breach of an investment agreement only if the subject matter of the claim and the claimed damages directly relate to the covered investment that was established or acquired, or sought to be established or acquired, in reliance on the relevant investment agreement.

2. An investor of a Party may not initiate or continue a claim under this Section if a claim involving the same measure or measures alleged to constitute a breach under this Article and arising from the same events or circumstances is initiated or continued pursuant to an agreement between the respondent and a non-Party by:

(a) an enterprise of a non-Party that owns or controls, directly or indirectly, the investor of a Party, or

(b) an enterprise of a non-Party that is owned or controlled, directly or indirectly, by the investor of a Party.

Notwithstanding the previous paragraph, the claim may proceed if the respondent agrees that the claim may proceed, or if the investor of a Party and the enterprise of a non-Party agree to consolidate the claims under the respective agreements before a tribunal constituted under this Section.

3. Provided that six months have elapsed since the events giving rise to the claim, a claimant may submit a claim referred to in paragraph 1:

(a) under the ICSID Convention and the ICSID Rules of Procedure for Arbitration Proceedings, provided that both the respondent and the non-disputing Party are parties to the ICSID Convention;

(b) under the ICSID Additional Facility Rules, provided that either the respondent or the non-disputing Party is a party to the ICSID Convention;

(c) under the UNCITRAL Arbitration Rules³⁸; or

(d) if the claimant and respondent agree, to any other arbitration institution or under any other arbitration rules.

4. A claim shall be deemed submitted to arbitration under this Section when the claimant's notice of or request for arbitration ("notice of arbitration"):

(a) referred to in paragraph 1 of Article 36 of the ICSID Convention is received by the Secretary-General;

(b) referred to in Article 2 of Schedule C of the ICSID Additional Facility Rules is received by the Secretary-General;

(c) referred to in Article 3 of the UNCITRAL Arbitration Rules, together with the statement of claim referred to in Article 20 of the UNCITRAL Arbitration Rules, are received by the respondent; or

(d) referred to under any arbitral institution or arbitral rules selected under paragraph 3(d) is received by the respondent;

When the claimant submits a claim pursuant to subparagraphs 1(a)(i)(C) or 1(b)(i)(C), the respondent may make a counterclaim in connection with the factual and legal basis of the claim or rely on a claim for the purpose of a set off against the claimant.

5. In addition to any other information required by the applicable arbitral rules, the notice of arbitration shall also include information addressing each of the categories in Article 11.17.1.

6. The arbitration rules applicable under paragraph 3, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Chapter.

(37) For greater certainty, a minority non-controlling shareholder of an enterprise may not submit a claim on behalf of that enterprise.

(38) In the case of arbitration under Section B pursuant to the UNCITRAL Arbitration Rules, the UNCITRAL Rules on Transparency in Treaty-based Investor-State Arbitration shall not be applicable unless the disputing parties otherwise agree.

Article 11.19. Consent of Each Party to Arbitration

1. Each Party consents to the submission of a claim to arbitration under this Section in accordance with this Chapter.

2. The consent under paragraph 1 and the submission of a claim to arbitration under this Section shall satisfy the requirements of:

(a) Chapter II of the ICSID Convention (Jurisdiction of the Centre) and the ICSID Additional Facility Rules for written consent of the parties to the dispute; and

(b) Article II of the New York Convention for an "agreement in writing."

Article 11.20. Conditions and Limitations on Consent of Each Party

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed from the date on which the claimant first acquired, or should have first acquired, knowledge of the breach alleged under Article 11.18.1 and knowledge that the claimant (for claims brought under Article 11.18.1(a)) or the enterprise (for claims brought under Article 11.18.1(b)) has incurred loss or damage.

2. No claim may be submitted to arbitration under this Section by a national who had the nationality of the Party to the dispute on the date on which the parties consented to submit such dispute to arbitration pursuant to Article 11.18.

3. No claim may be submitted to arbitration under this Section unless:

(a) the claimant consents in writing to arbitration in accordance with the procedures set out in this Chapter;

(b) the claim arises from measures included in the request for consultations submitted by the claimant in accordance with Article 11.17; and

(c) the notice of arbitration is accompanied,

(i) for claims submitted to arbitration under Article 11.18.1(a), by the claimant's written waiver, and

(ii) for claims submitted to arbitration under Article 11.18.1(b), by the claimant's and the enterprise's written waivers,

settlement procedures, any proceeding with respect to any measure alleged to constitute a breach referred to in Article 11.18.

4. Notwithstanding paragraph 3(c)(ii), a waiver from the enterprise shall not be required if the respondent has deprived the claimant of its ownership or control of the enterprise.

Article 11.21. Constitution of the Tribunal

1. Unless the disputing parties otherwise agree, the tribunal shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties.

2. The Secretary-General shall serve as appointing authority for an arbitration under this Section.

3. If a tribunal has not been constituted within 90 days from the date that a claim is submitted to arbitration under this Section, the appointing authority, on the request of a disputing party, shall appoint, in his or her discretion and after consulting with the disputing parties, the arbitrator or arbitrators not yet appointed.

4. The appointing authority may not appoint a presiding arbitrator who is a national of a Party, unless the disputing parties to the dispute otherwise agree.

5. In the event that the appointing authority appoints a presiding arbitrator in accordance with relevant arbitration rules, the presiding arbitrator being appointed should be a recognized expert in public international law, and should be experienced in investor-state dispute settlement.

Article 11.22. Conduct of the Arbitration

2. The non-disputing Party may make oral and written submissions to the tribunal regarding the interpretation of this Agreement.

Such a submission shall provide the identity of such person or entity (including any controlling entity and any source of substantial financial assistance in either of the two years preceding the submission, e.g. funding around 20% of an entity's overall operations annually), disclose any connection with any disputing party, and identify any person, government or other entity that has provided or will provide any financial or other assistance in preparing the submission. In determining whether to allow such a filing, the tribunal shall consider, among other things, the extent to which:

(c) the *amicus curiae* has a significant interest in the proceeding.

4. Without prejudice to a tribunal's authority to address other objections as a preliminary question, a tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim submitted is not a claim for which an award in favor of the claimant may be made under this Section.

The tribunal shall consider any such comments and issue its decision or award not later than 45 days after the expiration of the 60 days comment period.

7. In case that a Tribunal has been established according to this Section, it shall, at the request of the respondent, and after notice to the disputing parties, take note of the discontinuance in an order and issue an award on costs. After such an order has been rendered, the authority of the Tribunal shall lapse. The claimant may not subsequently submit a claim on the same matter. This Article is without prejudice to the Tribunal's authority to discontinue the proceedings in accordance with the applicable arbitrations rules.
