(7) To the extent that a market-access commitment is undertaken by a Party in its Schedule of Commitments, and where the cross-border movement of capital is an essential part of a service supplied through the mode of supply referred to in subparagraph (a) of the "trade in services" definition of Article 104 (Definitions) of this Chapter, that Party is hereby committed to allow such movement of capital. To the extent that a market-access commitment is undertaken by a Party in its Schedule of Commitments, and where a service is supplied through the mode of supply referred to in subparagraph (c) of the "trade in services" definition of Article 104 (Definitions) of this Chapter, that Party is hereby committed to allow related transfers of capital into its territory.

2. Measures inconsistent with both Articles 106 (National Treatment) and 107 (Market Access) are inscribed in the column relating to Article 107 (Market Access). In this case, the inscription is considered to provide a condition or qualification to Article 106 (National Treatment) as well.

3. The Parties' Schedules of Specific Commitments are set out in Annex 6 (Schedules of Specific Commitments).

Article 110. Domestic Regulation

1. In sectors where specific commitments are undertaken, each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected service supplier of the other Party, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. Where a Party requires authorization for the supply of a service, the Party's competent authorities shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.

4. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements do not constitute unnecessary barriers to trade in services, each Party shall aim to ensure that such measures are:

- (a) based on objective and transparent criteria, such as competence and the ability to supply the service;
- (b) not more burdensome than necessary to ensure the quality of the service; and
- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

5. If the results of the negotiations related to Article VI:4 of GATS (or the results of any similar negotiations undertaken in other multilateral fora in which the Parties participate) enter into effect, this Article shall be amended, as appropriate, after consultations between the Parties, to bring those results into effect under this Agreement. The Parties agree to coordinate on such negotiations, as appropriate.

For the purposes of the fulfillment, in whole or in part, of its standards or criteria for the authorization, licensing or certification of services suppliers, and subject to the requirements of paragraph 3, a Party may recognize the education or experience obtained, requirements met, or licences or certifications granted in the other Party or a non-Party. Such recognition, which may be achieved through harmonization or otherwise, may be based upon an agreement or arrangement with the other Party or a non-Party concerned or may be accorded autonomously.

2. If not possible, the procedure pursuant to Article 179 (Panel Selection) shall be followed to appoint a new Panel, in which event the periods set out thereof shall be reduced by half. (22)
2. This Panel shall issue its report on the matter within 60 days after the date of the referral of the matter to it. Any delay shall not exceed a further period of 30 days unless the Parties otherwise agree.

(22) Where the periods reduced by half result in fractions, the resulting period will be the exact number immediately higher.

Article 188. Compensation

compensation has begun, or the Party complained against has failed to observe the terms of the agreed compensation within 30 days following such agreement;

(b) the Panel under the Article 187 (Examination of the Implementation) finds that the Party complained against fails to bring the measure found to be inconsistent with this Agreement into compliance with the recommendations of the Panel within the period of time established; or

(c) the Party complained against expresses in writing that it will not implement the recommendations.

2. The complaining Party may initiate the suspension of benefits within 30 days following the latest date between the date of the communication pursuant to paragraph 1 of this Article and the date when the Panel issued its report pursuant to Article 190 (Examination of Benefit Suspension Level).

3. The level of benefits to be suspended shall have an equivalent effect to the benefits not being received.

4. In considering what benefits to suspend pursuant to paragraph 1:

(a) the complaining Party should first seek to suspend benefits in the same sector or sectors affected by the measure; and

(b) if the complaining Party considers that it is not practicable or effective to suspend benefits in the same sector or sectors, it may suspend benefits in other sectors. The communication in which it announces such a decision shall indicate the reasons on which it is based.

Article 190. Examination of the Benefit Suspension Level

1. If the Party complained against considers that the level of benefits suspended is excessive, it may request in writing the original Panel to examine the level of suspension of benefits. If this is not possible, the procedure established in Article 179 (Panel Selection) shall be followed, in which event the periods set out thereof shall be reduced by half. (23)

2. This Panel shall issue its ruling within 60 days following the date of the referral of the matter to it. When the Panel considers that it cannot provide its report within this timeframe, it shall inform the Parties in writing of the reasons for the delay together with an estimate of the period within which it will submit its report. Any delay shall not exceed a further period of 30 days unless the Parties otherwise agree. The ruling of the Panel shall be final and binding. It shall be delivered to the Parties and be made publicly available.

3. If the Panel finds that the level of benefits which the complaining Party has suspended is excessive, it shall determine the appropriate level of benefits it considers to be of equivalent effect.

(23) Where the periods reduced by half result in fractions, the resulting period will be the exact number immediately higher.

Article 191. Post Suspension

1. Without prejudice to the procedures in Article 190 (Examination of the Benefit Suspension Level), if the Party complained against considers that it has eliminated the non-conformity that the Panel has found, it may provide written notice to the complaining Party with a description of how non-conformity has been removed. If the complaining Party has disagreement, it may refer the matter to the original Panel within 60 days after receipt of such written notice. Otherwise, the complaining Party shall promptly stop the suspension of benefits.
