2. Each Party shall be free to apply a bilateral safeguard measure, to the minimum extent necessary to prevent or remedy the serious injury to a domestic industry of that Party and to facilitate adjustment, if as an effect of the obligations incurred by that Party under this Agreement, including tariff concessions, or if as a result of unforeseen developments and of the effects of the obligations incurred by that Party under this Agreement, an originating good of the other Party is being imported in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to cause or threaten to cause serious injury to the domestic industry of the former Party that produces like or directly competitive goods in the former Party.

3. A Party shall not apply a bilateral safeguard measure to an originating good imported up to the limit of quota quantities granted under tariff rate quotas applied in accordance with its Schedule in Annex 1.

(b) The investigation referred to in subparagraph (a) shall be completed within one year following its date of initiation.

6. The following conditions and limitations shall apply with regard to a bilateral safeguard measure:

(a) A Party shall immediately give a written notice to the other Party upon:

(i) initiating an investigation referred to in subparagraph 5(a) relating to serious injury, or threat of serious injury, and the reasons for it;

(ii) making a finding of serious injury or threat of serious injury caused by increased imports; and

(iii) taking a decision to apply or extend a bilateral safeguard measure.

(ii) in the written notice referred to in subparagraphs (a)(ii) and (iii), the evidence of serious injury or threat of serious injury caused by the increased imports of the originating good, a precise description of the originating good subject to the proposed safeguard measure and its heading or subheading of the Harmonized System, on which the Schedules in Annex 1 are based, a precise description of the bilateral safeguard measure, the proposed date of its introduction, and its expected duration.

(c) A Party proposing to apply or extend a bilateral safeguard measure shall provide adequate opportunity for prior consultations with the other Party with a view to reviewing the information arising from the investigation referred to in subparagraph 5(a), exchanging views on the bilateral safeguard measure and reaching an agreement on compensation set out in paragraph 7.

d) No bilateral safeguard measure shall be maintained except to the extent and for such time as may be necessary to prevent or remedy serious injury and to facilitate adjustment, provided that such time shall not exceed a period of three years. A bilateral safeguard measure may be extended, provided that the conditions set out in this Article are met. The total duration of the bilateral safeguard measure, including any extensions thereof, shall not exceed four years. In order to facilitate adjustment in a situation where the expected duration of a bilateral safeguard measure is over one year, the Party maintaining the bilateral safeguard measure shall progressively liberalize the bilateral safeguard measure at regular intervals during the period of application.

(e) No bilateral safeguard measure shall be applied again to the import of a particular originating good which has been subject to such a bilateral safeguard measure, for a period of time equal to the duration of the previous safeguard measure or one year, whichever is longer.

(f) Upon the termination of a bilateral safeguard measure on a good, the rate of the customs duty for that good shall be the rate which, in accordance with the Schedule of the Party applying the bilateral safeguard measure set out in Annex 1, would have been in effect had the bilateral safeguard measure not been applied.

7. (a) A Party proposing to apply or extend a bilateral safeguard measure shall provide to the other Party mutually agreed adequate means of trade compensation in the form of substantially equivalent level of concessions or other obligations to that existing under this Agreement.

(b) In seeking compensation provided for in subparagraph (a), the Parties shall hold consultations in the Joint Committee. Any proceedings arising from such consultations shall be completed within 30 days from the date on which the bilateral safeguard measure was applied.

(c) If no agreement on the compensation is reached within the time frame specified in subparagraph (b), the Party against whose originating good the bilateral safeguard measure is taken shall be free to suspend concessions of customs duties under this Agreement, which is substantially equivalent to the bilateral safeguard measure. That Party may suspend the concessions only for the minimum period necessary to achieve the substantially equivalent effects and only while the bilateral safeguard measure is maintained. The right of suspension provided for in this subparagraph shall not be exercised for the first two years that a bilateral safeguard measure is in effect, provided that the bilateral safeguard measure has been applied as a result of an absolute increase in imports and that such a bilateral safeguard measure conforms to the provisions of this Article.

9. Each Party shall ensure the consistent, impartial, and reasonable administration of its laws and regulations relating to

bilateral safeguard measures.

10. Each Party shall adopt or maintain equitable, timely, transparent, and effective procedures relating to bilateral safeguard measures.

11. (a) In critical circumstances, where delay would cause damage which it would be difficult to repair, a Party may apply a provisional bilateral safeguard measure, which shall take the form of the measure set out in subparagraph 4(a) or 4(b), pursuant to a preliminary determination that there is clear evidence that increased imports of an originating good have caused or are threatening to cause serious injury to a domestic industry.

(b) A Party shall give a written notice to the other Party prior to applying a provisional bilateral safeguard measure. Consultations by the Parties in the Joint Committee on the application of the provisional bilateral safeguard measure shall be initiated immediately after the provisional bilateral safeguard measure is applied.

(c) The duration of a provisional bilateral safeguard measure shall not exceed 200 days. During that period, the pertinent requirements of paragraph 5 shall be met. The duration of the provisional bilateral safeguard measure shall be counted as a part of the period referred to in subparagraph 6(d).

(d) Subparagraph 6(f) shall apply, mutatis mutandis, to the provisional bilateral safeguard measure.

(e) The customs duty imposed as a result of the provisional bilateral safeguard measure shall be refunded if the subsequent investigation referred to in subparagraph 5(a) does not determine that increased imports of the originating good have caused or threatened to cause serious injury to a domestic industry.

12. All official communications and documentations exchanged between the Parties relating to a bilateral safeguard measure shall be in writing and shall be in the English language.

13. (a) Within 10 years after the entry into force of this Agreement, the Parties shall review this Article with a view to determining whether there is a need to maintain the bilateral safeguard mechanism.

(b) If the Parties do not agree to remove the bilateral safeguard mechanism during the review pursuant to subparagraph (a), the Parties shall thereafter conduct reviews to determine the necessity of the bilateral safeguard mechanism in the Joint Committee.

Article 21. Measures to Safeguard the Balance of Payments

Where a Party is in serious balance of payments and external financial difficulties or threat thereof, the Party may, in accordance with the GATT 1994 and the Understanding on the Balance-of-Payments Provisions of the General Agreement on Tariffs and Trade 1994 in Annex 1A to the WTO Agreement, adopt restrictive import measures.

Where a product specific rule provides a choice of rules from an LVC-based rule of origin, a CTC-based rule of origin, a specific manufacturing or processing operation, or a combination of any of these, each Party shall permit the exporter of the good to decide which rule to use in determining whether the good qualifies as an originating good of the Party.

3. For the purposes of subparagraph 1(a) and the relevant product specific rules set out in Annex 2 which specify a certain LVC, it is required that the LVC of a good, calculated using the formula set out in Article 27, is not less than the percentage specified by the rule for the good.

2. For the purposes of this Article:

(a) "FOB" is, except as provided for in paragraph 3, the free-on-board value of a good, inclusive of the cost of transport from the producer to the port or site of final shipment abroad;

(b) "LVC" is the LVC of a good, expressed as a percentage; and

(c) "VNM" is the value of non-originating materials used in the production of a good.

3. FOB referred to in subparagraph 2(a) shall be the value:

(a) adjusted to the first ascertainable price paid for a good from the buyer to the producer of the good, if there is free-on-board value of the good, but it is unknown and cannot be ascertained; or

(b) determined in accordance with Articles 1 through 8 of the Agreement on Customs Valuation, if there is no free-on-board value of a good.

4. For the purposes of paragraph 1, the value of non-originating materials used in the production of a good in a Party:

(a) shall be determined in accordance with the Agreement on Customs Valuation and shall include freight, insurance, and where appropriate, packing and all other costs incurred in transporting the materials to the importation port in the Party where the producer of the good is located; or

(b) if such value is unknown and cannot be ascertained, shall be the first ascertainable price paid for the materials in the Party, but may exclude all the costs incurred in the Party in transporting the materials from the warehouse of the supplier of the materials to the place where the producer is located such as freight, insurance and packing as well as any other known and ascertainable costs incurred in the Party.

5. For the purposes of paragraph 1, the VNM of a good shall not include the value of non-originating materials used in the

production of originating materials of the Party which are used in the production of the good.

6. For the purposes of subparagraph 3(b) or 4(a), in applying the Agreement on Customs Valuation to determine the value of a good or non-originating materials, the Agreement on Customs Valuation shall apply, mutatis mutandis, to domestic transactions or to the cases where there is no domestic transaction of the good or non-originating material.

Article 28. De Minimis

1. A good that does not satisfy the requirements of subparagraph 1(b) of Article 26 or an applicable CTC-based rule of origin set out in Annex 2 shall be considered as an originating good of a Party if:

(a) in the case of a good classified under Chapters 16, 19, 20, 22, 23, 28 through 49, and 64 through 97 of the Harmonized System, the total value of non-originating materials used in the production of the good that have not undergone the required CTC does not exceed 10 percent of the FOB;

1. Good offices, conciliation, or mediation may be requested at any time by either Party. They may begin at any time by agreement of the Parties and be terminated at any time upon the request of either Party.

2. If the Parties agree, good offices, conciliation, or mediation may continue while the proceedings of the arbitral tribunal provided for in this Chapter are in progress.

Article 119. Establishment of Arbitral Tribunals

1. The complaining Party that made a request for consultations under Article 117 may request in writing the establishment of an arbitral tribunal to the Party complained against:

(a) if the Party complained against does not enter into such consultations within 30 days, or within 15 days in case of consultations regarding perishable goods, after the date of receipt of the request for such consultations; or

(b) if the Parties fail to resolve the dispute through such consultations within 60 days, or within 30 days in case of consultations regarding perishable goods, after the date of receipt of the request for such consultations, provided that the complaining Party considers that any benefit accruing to it under this Agreement is being nullified or impaired as a result of the failure of the Party complained against to carry out its obligations under this Agreement, or as a result of the application by the Party complained against of measures which are in conflict with its obligations under this Agreement.

2. Any request for the establishment of an arbitral tribunal pursuant to this Article shall identify:

(a) the legal basis of the complaint, including the provisions of this Agreement alleged to have been breached and any other relevant provisions; and

(b) the factual basis for the complaint.

3. Each Party shall, within 30 days after the date of receipt of the request for the establishment of an arbitral tribunal, appoint one arbitrator who may be its national and propose up to three candidates to serve as the third arbitrator who shall be the chair of the arbitral tribunal. The third arbitrator shall not be a national of either Party, nor have his or her usual place of residence in either Party, nor be employed by either Party, nor have dealt with the dispute in any capacity.

4. The Parties shall agree on and appoint the third arbitrator within 45 days after the date of receipt of the request for the establishment of an arbitral tribunal, taking into account the candidates proposed pursuant to paragraph 3.

5. If either Party has not appointed an arbitrator pursuant to paragraph 3, or if the Parties fail to agree on and appoint the third arbitrator pursuant to paragraph 4, the Director-General of the World Trade Organization shall immediately be requested to make the necessary appointments. In the event that the Director-General is a national of either Party, the Deputy Director-General or the officer next in seniority who is not a national of either Party shall be requested to make the necessary appointments.

6. The date of the establishment of an arbitral tribunal shall be the date on which the chair is appointed.

7. An arbitral tribunal should be composed of arbitrators with relevant technical or legal expertise.

Article 120. Functions of Arbitral Tribunals

1. The arbitral tribunal established pursuant to Article 119:

(a) should consult with the Parties as appropriate and provide adequate opportunities for the development of a mutually satisfactory resolution;

(b) shall make its award in accordance with this Agreement and applicable rules of international law;

(c) shall set out, in its award, its findings of law and fact, together with the reasons therefor; and

(d) may, apart from giving its findings, include in its award suggested implementation options for the Parties to consider in conjunction with Article 123.

2. The arbitral tribunal may seek, from the Parties, such relevant information as it considers necessary and appropriate. The Parties shall respond promptly and fully to any request by the arbitral tribunal for such information.

3. The arbitral tribunal may seek information from any relevant source and may consult experts to obtain their opinion on certain aspects of the matter. With respect to factual issues concerning a scientific or other technical matter raised by a Party, the arbitral tribunal may request advisory reports in writing from experts. The arbitral tribunal may, at the request of

a Party or on its own initiative, select, in consultation with the Parties, no fewer than two scientific or technical experts who shall assist the arbitral tribunal throughout its proceedings, but who shall not have the right to vote in respect of any decision to be made by the arbitral tribunal, including its award.

Article 121. Proceedings of Arbitral Tribunals

1. The rules and procedures as set out in this Article shall apply to the proceedings of an arbitral tribunal.
2. The Parties, in consultation with the arbitral tribunal, may agree to adopt additional rules and procedures not inconsistent with the provisions of this Article.
3. After consulting the Parties, the arbitral tribunal shall as soon as practicable and whenever possible within seven days after the establishment of the arbitral tribunal, fix the timetable for the arbitral tribunal process. The timetable fixed for the arbitral tribunal shall include precise deadlines for written submissions by the Parties. Modifications to such timetable may be made by the agreement of the Parties in consultation with the arbitral tribunal.
4. The venue for the arbitral tribunal proceedings shall be decided by mutual agreement between the Parties. If there is no agreement, the venue shall alternate between the capitals of the Parties with the first meeting of the arbitral tribunal proceedings to be held in the capital of the Party complained against.
5. The arbitral tribunal shall meet in closed session. The Parties shall be present at the meetings only when invited by the arbitral tribunal to appear before it.
6. The Parties shall be given the opportunity to attend any of the presentations, statements or rebuttals in the proceedings. Any information provided or written submissions made by a Party to the arbitral tribunal, including any comments on the descriptive part of the draft award and responses to questions put by the arbitral tribunal, shall be made available to the other Party.
7. The deliberations of the arbitral tribunal and the documents submitted to it shall be kept confidential.
8. Notwithstanding paragraph 7, either Party may make public statements as to its views regarding the dispute, but shall treat as confidential, information provided and written submissions made by the other Party to the arbitral tribunal which that other Party has designated as confidential. Where a Party has provided information or made written submissions designated to be confidential, that Party shall, upon request of the other Party, provide a non-confidential summary of the information or written submissions which may be disclosed publicly.
9. The award of the arbitral tribunal shall be drafted without the presence of the Parties, and in the light of the information provided and the statements made.
10. The arbitral tribunal shall, within 90 days after the date of its establishment, submit to the Parties its draft award, including both the descriptive part and its findings and conclusions, for the purposes of enabling the Parties to review it. When the arbitral tribunal considers that it cannot submit its draft award within the aforementioned 90 day period, it may extend that period with the consent of the Parties. A Party may submit comments in writing to the arbitral tribunal on the draft award within 15 days after the date of submission of the draft award.
11. The arbitral tribunal shall issue its award within 30 days after the date of submission of the draft award.
12. The arbitral tribunal shall attempt to make its decisions, including its award, by consensus but may also make its decisions, including its award, by majority vote.
13. The award of the arbitral tribunal shall be final and binding on the Parties.

Article 122. Termination of Proceedings

The Parties may agree to terminate the proceedings of the arbitral tribunal by jointly so notifying the chair of the arbitral tribunal at any time before the issuance of the award to the Parties.

Article 123. Implementation of Award

1. The Party complained against shall promptly comply with the award of the arbitral tribunal issued pursuant to Article 121.
2. The Party complained against shall, within 20 days after the date of issuance of the award, notify the complaining Party of the period of time in which to implement the award. If the complaining Party considers the period of time notified to be unacceptable, it may refer the matter to an arbitral tribunal which then determines the reasonable implementation period.
3. If the Party complained against considers it impracticable to comply with the award within the implementation period as determined pursuant to paragraph 2, the Party complained against shall, no later than the expiry of that implementation period, enter into consultations with the complaining Party, with a view to developing mutually satisfactory compensation. If no satisfactory compensation has been agreed within 20 days after the date of expiry of that implementation period, the complaining Party may notify the Party complained against that it intends to suspend the application to the Party complained against of concessions or other obligations under disagreement.
4. If the complaining Party considers that the Party complained against has failed to comply with the award within the implementation period as determined pursuant to paragraph 2, it may refer the matter to an arbitral tribunal to confirm the failure.

5. If the arbitral tribunal to which the matter is referred pursuant to paragraph 4 confirms that the Party complained against has failed to comply with the award within the implementation period as determined pursuant to paragraph 2, the complaining Party may, within 30 days after the date of such confirmation by the arbitral tribunal, notify the Party complained against that it intends to suspend the application to the Party complained against of concessions or other obligations under this Agreement.

6. The suspension of the application of concessions or other obligations under this Agreement pursuant to paragraphs 3 and 5 may only be implemented at least 30 days after the date of the notification in accordance with those paragraphs. Such suspension shall:

- (a) not be effected if, in respect of the dispute to which the suspension relates, consultations or proceedings before the arbitral tribunal are in progress;
- (b) be temporary, and be discontinued when the Parties reach a mutually satisfactory resolution or where compliance with the award is effected;
- (c) be restricted to the same level of nullification or impairment that is attributable to the failure to comply with the award; and
- (d) be restricted to the same sector or sectors to which the nullification or impairment relates, unless it is not practicable or effective to suspend the application of concessions or other obligations under this Agreement in such sector or sectors.

7. If the Party complained against considers that the requirements for the suspension of the application to it of concessions or other obligations under this Agreement by the complaining Party set out in paragraph 6 have not been met, it may request consultations with the complaining Party. The complaining Party shall enter into consultations within 10 days after the date of receipt of the request. If the Parties fail to resolve the matter within 30 days after the date of receipt of the request for consultations pursuant to this paragraph, the Party complained against may refer the matter to an arbitral tribunal.

8. The arbitral tribunal that is established for the purposes of this Article shall, wherever possible, have, as its arbitrators, the arbitrators of the original arbitral tribunal. If this is not possible, then the arbitrators to the arbitral tribunal that is established for the purposes of this Article shall be appointed pursuant to paragraphs 3 through 5 of Article 119. Unless the Parties agree to a different period, the arbitral tribunal established for the purposes of this Article shall issue its award within 60 days after the date when the matter is referred to it. Such award shall be binding on the Parties.

Article 124. Expenses

Each Party shall bear the costs of the arbitrator appointed by it and its representation in the proceedings of the arbitral tribunal. The other costs of the arbitral tribunal shall be borne by the Parties in equal shares, unless otherwise agreed by the Parties.
