2. The provisions of this Chapter shall not be so construed as to prevent a Party from conferring or according advantages to adjacent countries in order to facilitate exchanges limited to contiguous frontier zones of services that are both locally produced and consumed.

3. Nothing in this Chapter shall be interpreted as to oblige a Party to provide to services or service suppliers of the other Party benefits or privileges that the former Party is providing or will provide in future:

(a) under any economic or customs union, or free trade area or common market, including other forms of regional or bilateral cooperation, or similar international agreements to which either of the Parties is or may become a party, including investment agreements among them;

(1)

(1) If a Party undertakes a market-access commitment in relation to the supply of a service through the mode of supply referred to in subparagraph (x)(i) of Article 1.4 (Definitions of General Application) and if the cross-border movement of capital is an essential part of the service itself, that Party is thereby committed to allow such movement of capital. If a Party undertakes a commitment in relation to the supply of a service through a mode of supply referred to in subparagraph (x)(iii) of Article 1.4 (Definitions of General Application), it is thereby committed to allow related transfers of capital into its territory.

2. In sectors where market access commitments are undertaken, the measures which a Party shall not maintain or adopt either on the basis of a regional subdivision or on the basis of its entire territory, unless otherwise specified in Annex 2 - 1

(Schedules of Specific Commitments), are defined as:

2. A Party may meet the requirement of paragraph 1 by according to services and service suppliers of the other Party either formally identical treatment or formally different treatment to that it accords to its own like services and service suppliers.

3. Formally identical or formally different treatment shall be considered to be less favourable if it modifies the conditions of competition in favour of services or service suppliers of a Party compared to like services or service suppliers of the other Party.

Article 2.5. Additional Commitments

The Parties may negotiate commitments with respect to measures affecting trade in services not subject to scheduling under Articles 2.3 (Market Access) and 2.4 (National Treatment), including those regarding qualifications, standards and licensing matters. Article 2.7. Monopolies and Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with that Party's specific commitments.

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's specific commitments, the Party shall ensure

that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.

3. If a Party has reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraph 1 or 2, it may request the other Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations.

4. This Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:

- (a) authorises or establishes a small number of service suppliers; and

At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.

3. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements do not constitute unnecessary barriers to trade in services, each Party shall endeavour to ensure that such measures are:

- (a) based on objective and transparent criteria, such as competence and the ability to supply the service;
- (b) not more burdensome than necessary to ensure the quality of the service; and
- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

4. If authorisation is required for the supply of a service in sectors where specific commitments are undertaken, each Party shall endeavour to ensure that:

- (a) its competent authorities provide an indicative timeframe for processing of an application for a licence;
- (b) its competent authorities make a decision on the granting or denial of a licence without undue delay;
- (c) once the indicative timeframe for the processing of an application has lapsed, on the request of the applicant, its competent authorities inform the applicant of the status of its application;
- (d) in the case of an unsuccessful application, an applicant is permitted, within reasonable time limits, to resubmit an application.

5. If the results of the negotiations related to paragraph 4 of Article VI of the GATS (or the results of any similar negotiations undertaken in other multilateral fora in which both Parties participate) enter into effect, this Article shall be amended, as appropriate, after consultations between the Parties, to bring those results into effect under this Agreement.

1. Unless the disputing parties otherwise agree, the arbitral tribunal shall be composed of three arbitrators. Each disputing party shall appoint one arbitrator and the disputing parties shall agree upon a third arbitrator, who shall be the chairman of the arbitral tribunal. If an arbitral tribunal has not been established within ninety (90) days from the date on which the claim was submitted to arbitration, either because a disputing party failed to appoint an arbitrator or because the disputing parties failed to agree upon the chairman, the Secretary-General of ICSID, upon request of either disputing party, shall appoint, at his own discretion, the arbitrator or arbitrators not yet appointed.

2. For the purposes of paragraph 1, in the event that the Secretary-General of ICSID is a national or permanent resident of either Party, the Deputy Secretary-General of ICSID or the officer next in seniority who is not a national or permanent resident of either Party shall be requested to make the necessary appointment or appointments.

Article 3.18. Place of Arbitration

Unless the disputing parties otherwise agree, the tribunal shall determine the place of arbitration in accordance with the applicable arbitration rules, provided that the place shall be in the territory of a State that is a party to the New York Convention.

Article 3.19. Conduct of the Arbitration

1. A tribunal established under this Section shall decide the issues in dispute in accordance with this Agreement and the applicable rules and principles of international law.

2. Without prejudice to a tribunal's authority to address other objections as a preliminary question, such as an objection that a dispute is not within the competence of the tribunal, including an objection to the tribunal's jurisdiction, a tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim submitted is not a claim for which an award in favour of the claimant may be made under Article 3.21 (Award).

(a) Such objection shall be submitted to the tribunal as soon as possible after the tribunal is constituted, and in no event later than the date the tribunal fixes for the respondent to submit its counter-memorial (or, in the case of an amendment to the notice of arbitration, the date the tribunal fixes for the respondent to submit its response to the amendment).

(b) On receipt of an objection under this paragraph, the tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision or award on the objection, stating the grounds therefor.

(c) In deciding an objection under this paragraph, the tribunal shall assume to be true the claimant's factual allegations in

support of any claim in the notice of arbitration (or any amendment thereof) and, in disputes brought under the UNCITRAL Arbitration Rules, the statement of claim referred to in the relevant article of the UNCITRAL Arbitration Rules. The tribunal may also consider any relevant facts not in dispute.

(d) The respondent shall not waive any objection as to competence or any argument on the merits merely because the respondent did or did not raise an objection under this paragraph or make use of the expedited procedure set out in paragraph 3.

3. In the event that the respondent so requests within forty-five (45) days after the tribunal is constituted, the tribunal shall decide on an expedited basis an objection under paragraph 2 or any objection that the dispute is not within the tribunal's competence, including an objection that the dispute is not within the tribunal's jurisdiction. The tribunal shall suspend any proceedings on the merits and issue a decision or award on the objection(s), stating the grounds therefor, no later than one hundred and fifty (150) days after the date of the request. However, if a disputing party requests a hearing, the tribunal may take an additional thirty (30) days to issue the decision or award. Regardless of whether a hearing is requested, a tribunal may, on a showing of extraordinary cause, delay issuing its decision or award by an additional brief period, which may not exceed thirty (30) days.

4. When it decides a respondent's objection under paragraph 2 or 3, the tribunal may, if warranted, award to the prevailing disputing party reasonable costs and attorney's fees incurred in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claimant's claim or the respondent's objection was frivolous and shall provide the disputing parties a reasonable opportunity to comment.

Article 3.20. Interim Measures of Protection and Diplomatic Protection

1. Subparagraph 4(d)(iii) of Article 3.15 (Institution of Arbitral Proceedings) shall not prevent the claimant from seeking interim measures of protection, not involving the payment of damages or resolution of the substance of the matter in dispute before the courts or administrative tribunals of the respondent, prior to the institution of proceedings before any of the dispute settlement fora referred to in paragraph 3 of Article 3.15 (Institution of Arbitral Proceedings), for the preservation of its rights and interests.

2. Neither Party shall give diplomatic protection, or bring an international claim, in respect of a dispute which one of its investors and the other Party shall have consented to submit or have submitted to arbitration under this Section, unless such other Party has failed to abide by and comply with the award rendered in such dispute. Diplomatic protection, for the purposes of this paragraph, shall not include informal diplomatic exchanges for the sole purpose of facilitating a settlement of the dispute.

Article 3.21. Award

1. Where a tribunal makes a final award against a respondent, the tribunal may award, separately or in combination, only:

(a) monetary damages and any applicable interest; and

(b) restitution of property, in which case the award shall provide that the respondent may pay monetary damages and any applicable interest in lieu of restitution.

A tribunal may also award costs and attorney's fees in accordance with this Section and the applicable arbitration rules.

2. Any arbitral award shall be final and binding upon the disputing parties. Each Party shall ensure the recognition and enforcement of the award in accordance with its relevant laws and regulations.

3. Where a claim is submitted on behalf of a juridical person of the respondent, the arbitral award shall be made to the juridical person.

Article 3.22. Costs

1. The tribunal shall order that the costs of the proceedings be borne by the unsuccessful disputing party. In exceptional circumstances, the tribunal may apportion costs between the disputing parties if it determines that apportionment is appropriate in the circumstances of the case.

2. Other reasonable costs, including costs of legal representation and assistance, shall be borne by the unsuccessful disputing party, unless the tribunal determines that such apportionment is unreasonable in the circumstances of the case.

3. If only parts of the claims have been successful, the costs awarded shall be adjusted, proportionately, to the number or extent of the successful parts of the claims.

4. Upon request, the tribunal may order the claimant to post security for all or a part of the costs, if there are reasonable grounds to believe that the claimant risks not being able to honour a possible decision on costs issued against it.

5. If the security for costs is not posted in full within thirty (30) days after the tribunal's order or within any other time period set by the tribunal, the tribunal shall so inform the disputing parties. The tribunal may order the suspension or termination of the proceedings.

Article 3.23. Consolidation

1. Where two or more claims have been submitted separately to arbitration under this Section, and the claims have a question of law or fact in common and arise out of the same events or circumstances, any disputing party may seek a consolidation order, in accordance with the agreement of all the disputing parties sought to be covered by the order or the terms of this Article.

2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the Secretary-General of ICSID and to all the disputing parties sought to be covered by the order, specifying the name and address of all the disputing parties sought to be covered by the order; the nature of the order sought; and the grounds on which the order is sought.

3. Unless the Secretary-General of ICSID finds within thirty (30) days after receiving a request in conformity with paragraph 2 that the request is manifestly unfounded, a tribunal shall be established under this Article.

4. Unless all the disputing parties sought to be covered by the consolidation order otherwise agree, the tribunal established under this Article shall comprise three arbitrators:

(a) one arbitrator appointed by agreement of the disputing investors;

(b) one arbitrator appointed by the respondent; and

(c) the chairman of the tribunal appointed by the Secretary-General of ICSID.

5. If, within the sixty (60) days after the Secretary-General receives a request made under paragraph 2, the respondent Party fails or the disputing investors fail to appoint an arbitrator in accordance with paragraph 4, the Secretary-General, on request of any disputing party sought to be covered by the order, shall appoint the arbitrator or arbitrators not yet appointed.

6. Where a tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration in accordance with Article 3.15 (Institution of Arbitral Proceedings), have a question of law or fact in common, and arise out of the same events or circumstances, the tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:

(a) assume jurisdiction over, and hear and determine together, all or part of the claims;

(b) assume jurisdiction over, and hear and determine one or more claims whose determination it considers would assist in the resolution of the other claims; or

(c) instruct a tribunal previously established under Article 3.16 (Constitution of the Arbitral Tribunal) to assume jurisdiction over and to hear and determine together all or part of the claims, provided that:

(i) that tribunal, at the request of any disputing investor, not previously a disputing party before that tribunal, shall be reconstituted with its original members, except that the arbitrator for the disputing investors shall be appointed pursuant to subparagraph 4(a) and paragraph 5; and

(ii) that tribunal shall decide whether any previous hearing must be repeated.

7. Where a tribunal has been established under this Article, a disputing investor that has submitted a claim to arbitration pursuant to Article 3.15 (Institution of Arbitral Proceedings) and that has not been named in a request made under paragraph 2 may make a written request to the tribunal that it be included in any order issued under paragraph 6, specifying:

(a) the name and address of the disputing investor;

- (b) the nature of the order sought; and
- (c) the grounds on which the order is sought.

The claimant shall provide the Secretary-General with a copy of his request.

8. A tribunal established pursuant to this Article shall conduct the proceedings in accordance with the UNCITRAL Arbitration Rules, except as modified by this Section.

9. A tribunal established under Article 3.16 (Constitution of the Arbitral Tribunal) shall not have jurisdiction to decide a claim or a part of a claim over which a tribunal established or instructed under this Article has assumed jurisdiction.

10. On the application of a disputing party, a tribunal established pursuant to this Article may, pending its decision under paragraph 6, order that the proceedings of a tribunal established under Article 3.16 (Constitution of the Arbitral Tribunal) be stayed, unless the latter tribunal has already adjourned its proceedings.

Article 3.24. Third-Party Funding

1. In the case of third-party funding, the disputing party benefiting from it shall notify the other disputing party and the Tribunal of the name and address and, where applicable, the ultimate beneficial owner and corporate structure of the third-party funder.

2. Such notification shall be made at the time of submission of a claim, or, when the financing agreement is concluded or the donation or grant is made after the submission of a claim, immediately after the agreement is concluded or the donation or grant is made.

3. In apportioning the cost of the proceedings pursuant to Article 3.22 (Costs), the Tribunal may take into account any third-party funding arrangements, including whether the requirements provided for in paragraphs 1 and 2 of this Article have been respected.

ANNEX 3-A. EXPROPRIATION

The Parties confirm their shared understanding that:

1. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest in an investment.

2. Paragraph I of Article 3.11 (Expropriation) addresses two situations. The first is direct expropriation, where an investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure.

3. The second situation addressed by paragraph I of Article 3.1 1 (Expropriation) is indirect expropriation, where an action or series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

(a) The determination of whether an action or series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers, among other factors:

(i) the economic impact of the government action, although the fact that an action or series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;

(ii) the extent to which the government action interferes with distinct, reasonable investment-backed expectations; and

(iii) the character of the government action.

(b) Except in rare circumstances, non-discriminatory regulatory actions by a Party that are designed and applied to protect legitimate public welfare objectives, such as public health, safety and the environment, do not constitute indirect expropriations.

Chapter 4. MOVEMENT OF NATURAL PERSONS

Article 4.1. Scope

This Chapter shall apply to measures affecting temporary entry of natural persons of a Party into the territory of the other Party with respect to the categories of such natural persons that are set out in that other Party's Schedule in Annex 4 - 1 (Schedule of Commitments for the Movement of Natural Persons Chapter).

5. Neither Party shall impose or maintain any numerical restriction or requirement of economic needs test relating to temporary entry of natural persons referred to in paragraph 1 of this Chapter except as provided for in its Schedule in Annex 4 -1 (Schedule of Commitments for the Movement of Natural Persons Chapter).

Article 4.3. Expeditious Application Procedures

1. The competent authorities of each Party shall process expeditiously applications for granting temporary entry from natural persons of the other Party, including applications for renewals or extensions thereof.
2. Upon request by the applicant, the competent authorities of a Party shall provide, without undue delay, information concerning the status of his or her application.
3. Within a reasonable period of time after an application requesting temporary entry is considered complete under its laws and regulations, the competent authorities of each Party shall inform the applicant, either directly or through his or her prospective employers, of the outcome of the application. The notification shall include, as appropriate, the approved period of stay and any other terms and conditions.
4. The Parties shall provide facilities for online application and processing of the permission for the temporary entry of natural persons under this Chapter. A Party may require that online applications for permission be made by the prospective employers of the natural person concerned.

Moreover, the complaining Party should not initiate dispute settlement proceedings under this Chapter and under the WTO Agreement, unless substantially different obligations are in dispute, or unless the forum selected fails for procedural or jurisdictional reasons to make findings on the claim seeking redress of that obligation, provided that the failure of the forum is not the result of a failure of a Party to act diligently.

3. For the purposes of paragraph 2:

(a) dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's request for the establishment of a panel under Article 6 of the DSU and are deemed to be ended when the Dispute Settlement Body (hereinafter referred to as "DSB") established in paragraph 1 of Article 2 of the DSU adopts the Panel's report, and the Appellate Body's report as the case may be, under Article 16 and paragraph 14 of Article 17 of the DSU; and

5. If the Party to whom the request is made does not respond to the request for consultations within ten (10) days of the date of its receipt, or if consultations are not held within the timeframes laid down in paragraph 3, or if consultations have been concluded and no mutually agreed solution has been reached, the complaining Party may request the establishment of an arbitration panel in accordance with Article 6.7 (Initiation of Arbitration Procedure).

Article 6.8. Composition and Establishment of the Arbitration Panel

1. An arbitration panel shall be composed of three (3) arbitrators. Each Party shall appoint an arbitrator no later than thirty (30) days after the receipt of the request referred to in Article 6.7 (Initiation of Arbitration Procedure), and the two arbitrators shall, no later than thirty (30) days after the appointment of the second of them, designate by agreement the third arbitrator.
2. The Parties shall, no later than seven (7) days after the designation of the third arbitrator, approve or disapprove the appointment of that arbitrator, who shall, if approved, act as the chairperson of the arbitration panel.

Upon appointment, the chairperson shall request the Party which has not appointed an arbitrator to do so within fourteen (14) days. If after such period, that Party has still not appointed an arbitrator, the chairperson shall inform the Director-General

of the WTO, who shall make this appointment within a further period of thirty (30) days.

5. For the purposes of paragraphs 3 and 4, in the event that the Director-General of the WTO is a national of Kazakhstan or Singapore, the Deputy Director-General of the WTO or the officer next in seniority who is not such a national shall be requested to make the necessary appointments.

6. The date of establishment of the arbitration panel shall be the date on which the last of the three arbitrators is appointed.

7. An arbitrator shall be chosen strictly on the bases of objectivity, reliability, sound judgment and independence, and shall conduct himself or herself on these bases throughout the course of the arbitration proceedings and in accordance with Annex 6 -2 (Code of Conduct for Arbitrators). The chairperson shall be a national of a state having diplomatic relations with Kazakhstan and Singapore. If a Party considers that any arbitrator of the arbitration panel is in violation of these requirements, the Parties shall consult and if they agree, the arbitrator shall be removed and a new arbitrator shall be appointed in accordance with this Article.

8. If any arbitrator of the arbitration panel appointed under this Article resigns or becomes unable to participate in the proceeding, or is removed according to paragraph 7, a successor shall be appointed in the same manner as prescribed for the appointment of the original arbitrator. In such a case, the work of the arbitration panel shall be suspended for a period beginning on the date the original arbitrator resigns, becomes unable to participate in the proceeding, or is removed according to paragraph 7, and all timeframes applicable to the arbitration panel proceedings shall be extended by the amount of time for which the work of the arbitration panel is suspended. The work of the arbitration panel shall resume on the date the successor is appointed. The successor shall have all the powers and duties of the original arbitrator.

Article 6.10. Proceedings of the Arbitration Panel

1. The arbitration panel shall meet in closed session, unless the Parties decide otherwise.

2. Each Party shall be given the opportunity to provide at least one written submission and to attend any of the presentations, statements or rebuttals in the proceedings. All information or written submissions submitted by a Party to the arbitration panel, including any comments on the interim report and responses to questions put by the arbitration panel, shall be made available to the other Party.

3. A Party asserting that a measure of the other Party is inconsistent with this Agreement shall have the burden of establishing such inconsistency. A Party asserting that a measure is subject to an exception under this Agreement shall have the burden of establishing that the exception applies.

4. The arbitration panel should consult with the Parties as appropriate and provide adequate opportunities for the development of a mutually satisfactory resolution or mutually agreed solution.

5. The arbitration panel shall make every effort to take any decision by consensus. Where a decision cannot be arrived at by consensus, the matter at issue shall be decided by majority vote.

6. At the request of a Party, or upon its own initiative, the arbitration panel may obtain information from any source it deems appropriate for the arbitration panel proceedings. The arbitration panel also has the right to seek the opinion of experts as it deems appropriate. The arbitration panel shall consult the Parties before choosing such experts. Any information obtained in this manner must be disclosed to the Parties and submitted for their comments. Where the arbitration panel takes such information into account in the preparation of its report, it shall also take into account any comments by the Parties on such information.

7. The deliberations of the arbitration panel and the documents submitted to it shall be kept confidential.

8. Notwithstanding paragraph 7, either Party may make public statements as to its views regarding the dispute, but shall treat as confidential any information and written submissions submitted by the other Party to the arbitration panel which that Party has designated as confidential. Where a Party has provided information or written submissions designated as confidential, that Party shall, no later than thirty (30) days after a request by the other Party, provide a non-confidential summary of the information or written submissions which may be disclosed publicly.

no later than ninety (90) days, or sixty (60) days in case of urgency, after the date of establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel must notify the Parties in writing, stating the reasons for the delay and the date on which the arbitration panel plans to issue its interim report. Under no circumstances should the arbitration panel issue its interim report later than one hundred and twenty (120) days after the date of its establishment.

2. Any Party may submit a written request for the arbitration panel to review precise aspects of the interim report within thirty (30) days of its issuance. The arbitration panel shall consider any written comments on the interim report by the Parties within fifteen (15) days from the date of receipt of the written comments. After considering any such written comments by the Parties, the arbitration panel may modify its report and make any further examination it considers appropriate.

3. The arbitration panel shall issue its final report to the Parties no later than forty-five (45) days, or thirty (30) days in case of urgency, after the issuance of the interim report. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel shall notify the Parties in writing, stating the reasons for the delay and the date on which the arbitration panel plans to issue its final report. Under no circumstances should the arbitration panel issue its final report later than one hundred and eighty (180) days after the date of its establishment. The final report shall set out the matters listed in paragraph 1, include a sufficient discussion of the arguments made at the interim review stage and address clearly the written comments of the Parties.

4. The final report of the arbitration panel shall be unconditionally accepted by the Parties with regard to a particular dispute. In its findings and recommendations, the arbitration panel cannot add to or diminish the rights and obligations provided in this Agreement.

Article 6.12. Implementation of the Arbitration Panel Report

1. Each Party shall take any measure necessary to comply in good faith with the final report of the arbitration panel. If, in its final report, the arbitration panel determines that a measure at issue is inconsistent with the obligations under this Agreement, or that the Party complained against has otherwise failed to carry out its obligations under this Agreement, the Party complained against shall, whenever possible, eliminate the non-conformity with this Agreement.

2. No later than thirty (30) days after the issuance of the final report of the arbitration panel, the Party complained against shall notify the complaining Party of the time it will require for compliance with the final report (hereinafter referred to as the "reasonable period of time"), if immediate compliance is not practicable. The Parties shall endeavour to agree on the reasonable period of time.

3. If the Parties fail to agree within a period of forty-five (45) days after the issuance of the final report of the arbitration panel on the reasonable period of time, the complaining Party may, no later than fifty (50) days after the issuance of the final report, request in writing to the original arbitration panel to determine the length of the reasonable period of time. Such request shall be notified simultaneously to the other Party. The original arbitration panel shall issue to the Parties its determination on the length of the reasonable period of time no later than twenty (20) days after the date of the submission of the request.

4. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 6.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination on the length of the reasonable period of time shall be no later than thirty-five (35) days (1) after the date of the submission of the request referred to in paragraph 3.

(1) For greater certainty, the period of thirty-five (35) days does not include any days suspended pursuant to paragraph 8 of Article 6.8 (Composition and Establishment of the Arbitration Panel).

5. The Party complained against shall notify the complaining Party before the end of the reasonable period of time of any measure that it has taken to comply with the final report of the arbitration panel. The reasonable period of time may be extended by mutual agreement of the Parties at any time before its expiry.

6. In the event that there is disagreement between the Parties concerning the existence or the consistency of any measure notified under paragraph 5 with the provisions of this Agreement, the complaining Party may request in writing that the original arbitration panel make a determination on the matter. Such request shall be notified simultaneously to the other Party, and shall identify any specific measure at issue and the provisions referred to in Article 6.3 (Scope) that it considers the measure to be inconsistent with, in a manner sufficient to present the disagreement clearly. The original arbitration panel shall issue to the Parties its determination no later than forty-five (45) days after the date of the submission of the request.

7. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 6.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than sixty (60) days (2) after the date of the submission of the request referred to in paragraph 6.

(2) For greater certainty, the period of sixty (60) days does not include any days suspended pursuant to paragraph 8 of Article 6.8 (Composition and Establishment of the Arbitration Panel).

Article 6.13. Compensation and Suspension of Concessions or other Obligations

1. If the Party complained against fails to notify any measure taken to comply with the final report of the arbitration panel in accordance with Article 6.12 (Implementation of the Arbitration Panel Report), or if the arbitration panel determines that any measure notified under Article 6.12 (Implementation of the Arbitration Panel Report) does not exist or is inconsistent with any provision of this Agreement, the Party complained against shall enter into negotiations with the complaining Party, with a view to reaching a mutually acceptable agreement on compensation.

2. If the Parties fail to agree on compensation within thirty (30) days after:

(a) the expiry of the reasonable period of time; or

(b) the issuance of the arbitration panel's determination that any measure notified under Article 6.12 (Implementation of the Arbitration Panel Report) does not exist or is inconsistent with any provision of this Agreement, as the case may be, the complaining Party shall be entitled, upon notification to the Party complained against, to suspend concessions or other obligations arising from this Agreement of equivalent effect to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. The notification shall specify the level of concessions or other obligations that the complaining Party intends to suspend and indicate the reasons on which the suspension is based. The complaining Party may begin implementing the suspension twenty (20) days after the delivery of its notification to the Party complained against, subject to paragraph 4.

3. In considering what concessions or other obligations to suspend pursuant to paragraph 2:

(a) the complaining Party should first seek to suspend concessions or other obligations with respect to the same sector as that in which the final report of the arbitration panel referred to in Article 6.11 the complaining Party should first seek to suspend concessions or other obligations with respect to the same sector as that in which the final report of the arbitration

panel referred to in Article 6.11 (Interim and Final Arbitration Panel Report) has found an inconsistency with the obligations under this Agreement;

(b) if the complaining Party considers that it is not practicable or effective to suspend concessions or other obligations with respect to the same sector, it may suspend concessions or other obligations with respect to other sectors; and

(c) the complaining Party will take into consideration those concessions or other obligations the suspension of which would least disturb the functioning of this Agreement.

4. The Party complained against may request in writing the original arbitration panel to make a determination on whether the level of concessions or other obligations that the complaining Party intends to suspend is equivalent to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. Such request shall be notified to the complaining Party before the expiry of the twenty (20)-day period referred to in paragraph 2. The original arbitration panel, having sought, if appropriate, the opinion of experts, shall issue to the Parties its determination no later than thirty (30) days after the date of the submission of the request. Concessions or other obligations shall not be suspended until the arbitration panel has issued its determination and any suspension shall be consistent with the arbitration panel's determination.

5. In the event that any member of the original arbitration panel is no longer available, the procedures laid down in Article 6.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than forty-five (45) days (3) after the date of the submission of the request referred to in paragraph 4.

(3) For greater certainty, the period of forty-five (45) days does not include any days suspended pursuant to paragraph 8 of Article 6.8 (Composition and Establishment of the Arbitration Panel).

6. The compensation referred to in paragraph 1 and the suspension referred to in paragraph 2 are temporary measures. Neither compensation nor suspension is preferred to full elimination of any non-conformity with this Agreement as determined in the final report of the arbitration panel. Any suspension shall only be applied until such time as the non-conformity is fully eliminated, or the non-conformity is determined in accordance with Article 6.14 (Compliance Review) to have been eliminated, or the Parties have otherwise reached a mutually satisfactory solution.

Article 6.14. Compliance Review

1. If the Party complained against considers that it has eliminated the non-conformity with this Agreement as originally determined by the final report of the arbitration panel, it may request in writing that the original arbitration panel make a determination on the matter. Such request shall be notified simultaneously to the other Party. The original arbitration panel shall issue to the Parties its determination no later than forty-five (45) days after the date of the submission of the request. If the arbitration panel determines that the Party complained against has eliminated the non-conformity with the provisions of this Agreement, the complaining Party shall cease to apply any suspension of concessions or other obligations that it has implemented.

2. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 6.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than sixty (60) days (4) after the date of the submission of the request referred to in paragraph 1.

- (f) consider any other matter related to this Agreement as the Parties may mutually agree.

5. The Joint Committee may:

- (a) decide to establish or dissolve any working groups as it considers necessary to assist it in accomplishing its tasks;
- (b) decide to communicate with all interested persons and experts where relevant to any matter falling within its responsibilities;
- (c) review recommendations made by working groups;
- (d) make recommendations to the Parties that it deems appropriate, including on any modification to this Agreement;
- (e) adopt decisions or make recommendations as envisaged by this Agreement;
- (f) adopt its own rules of procedure; and
- (g) take any other action in the exercise of its functions as the Parties may agree.

6. The Joint Committee shall draw up its decisions and recommendations by consensus between the Parties. The Parties shall take the necessary measures to operationalise the decisions of the Joint Committee.

Article 7.2. Contact Points

Each Party shall designate a contact point, which shall be responsible generally for communications with the other Party and the Joint Committee, for any matters covered by this Agreement except as otherwise specifically set out in other provisions of this Agreement. Each Party shall designate its contact point in accordance with its internal procedures and notify the other Party on such designation within ninety (90) days from the date of entry into force of the Agreement. In the event of any change in a Party's contact point, that Party shall duly notify the other Party.

Article 7.3. Relationship with other Agreements

1. The Parties affirm their existing rights and obligations with respect to each other under existing bilateral and multilateral agreements to which both Parties are party, including the WTO Agreement.
2. In the event of any inconsistency between this Agreement and other agreements to which both Parties are party, the Parties shall immediately consult each other with a view to finding a mutually satisfactory solution, taking into consideration general principles of international law.
3. Notwithstanding paragraph 2, if this Agreement explicitly contains provisions dealing with such inconsistency as indicated in paragraph 2, those provisions shall apply.

Article 7.4. Evolving WTO Law

If any provision of the WTO Agreement that the Parties have incorporated into this Agreement is amended, the Parties shall consult with each other, via the Joint Committee, with a view to finding a mutually satisfactory solution, where necessary.

Article 7.5. Taxation

1. Except as provided in this Article, nothing in this Agreement shall apply to taxation measures.
2. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax agreement to which both Parties are party. In the event of any inconsistency between this Agreement and any such agreement, that agreement shall prevail to the extent of the inconsistency. In the case of a bilateral tax agreement between the Parties, the competent authorities under that agreement shall have sole responsibility for determining whether any inconsistency exists between this Agreement and that agreement.
3. Article 3.10 (Expropriation) and Section B (Investor-State Dispute Settlement) shall apply to taxation measures to the extent that such taxation measures constitute expropriation as provided for therein. (1)

(1) With reference to Article 3.10 (Expropriation), in assessing whether a taxation measure constitutes expropriation, the following considerations are relevant: (a) the imposition of taxes shall not generally constitute expropriation. The mere introduction of new taxation measures or the imposition of taxes in more than one jurisdiction in respect of an investment, shall not in and of itself constitute expropriation; (b) taxation measures which are consistent with internationally recognised tax policies, principles and practices do not constitute expropriation. In particular, taxation measures aimed at preventing the avoidance or evasion of taxes should not, generally, be considered to be expropriatory; and (c) taxation measures which are applied on a non-discriminatory basis, as opposed to being targeted at investors of a particular nationality or specific individual taxpayers, are less likely to constitute expropriation. A taxation measure should not constitute expropriation if, when the investment is made, it was already in force, and information about the measure was made public or otherwise made publicly available.

An investor that seeks to invoke Article 3.10 (Expropriation) with respect to a taxation measure must first refer to the competent authorities described in paragraph 4, at the time that it gives notice under Article 3.15 (Institution of Arbitral Proceedings), the issue of whether that taxation measure involves an expropriation. If the competent authorities do not agree to consider the issue or, having agreed to consider it, fail to agree that the measure is not an expropriation within a period of six months of such referral, the investor may submit its claim to arbitration under Article 3.15 (Institution of Arbitral Proceedings). For greater certainty, if the competent authorities agree, pursuant to this paragraph, that the measure is not an expropriation, the investor shall not invoke Article 3.10 (Expropriation) as a basis for a claim.

4. For the purposes of paragraph 3, "competent authorities" means:

(a) for Singapore, the Ministry of Finance;

(b) for Kazakhstan, the Ministry of Finance, or their successors.

5. For the purposes of this Article, "tax agreement" means an agreement for the avoidance of double taxation or other international taxation agreement or arrangement.

Article 7.6. Restrictions to Safeguard the Balance-of-Payments

1. Where a Party is in serious balance-of-payments and external financial difficulties, or under threat thereof, it may adopt or maintain restrictions with regard to trade in services and investment, and on payments and transfers related to trade in services and investment.
2. Any restrictions adopted or maintained in accordance with paragraph 1 shall:
 - (a) be consistent with the Articles of Agreement of the IMF;
 - (b) avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
 - (c) not exceed those necessary to deal with the circumstances described in paragraph 1;
 - (d) be temporary and be phased out progressively as the situation specified in paragraph 1 improves;
 - (e) be applied on a non-discriminatory basis and such that the other Party is treated no less favourably than any non-party.
3. Any restrictions adopted or maintained under paragraph 1, or any changes thereto, shall be promptly notified to the other Party.
4. The Party adopting any restrictions under paragraph 1 of this Article shall commence consultations with the other Party through the Joint Committee to review the restrictions adopted by it.

Article 7.7. General Exceptions (2)

(2) For greater certainty, the application of the general exceptions to these provisions shall not be interpreted so as to diminish the ability of governments to take measures where investors are not in like circumstances due to the existence of legitimate regulatory objectives.

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination against the other Party or its investors where like conditions prevail, or a disguised restriction on trade in services or on investments of investors of the other Party in the territory of a Party, nothing in this Agreement shall be construed to prevent the adoption or enforcement by a Party of measures:

- (a) necessary to protect public morals or to maintain public order; (3)

(3) The public order exception may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.

- (b) necessary to protect human, animal or plant life or health;
- (c) imposed for the protection of national treasures of artistic, historic or archaeological value;
- (d) relating to the conservation of exhaustible natural resources if such measures are made effective in conjunction with restrictions on domestic production or consumption;
- (e) necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Agreement, including those relating to:
 - (i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on a contract;
 - (ii) the protection of the privacy of individuals in relation to the processing and dissemination of personal data and the protection of confidentiality of individual records and accounts; or
 - (iii) safety.

Article 7.8. Security Exceptions

Nothing in this Agreement shall be construed:

- (a) to require a Party to furnish any information the disclosure of which it considers contrary to its essential security interests; or

(b) to preclude a Party from applying measures that it considers necessary for the fulfilment of its obligations with respect to the maintenance or restoration of international peace or security, or for the protection of its own essential security interests.

Article 7.9. Disclosure of Information

1. Nothing in this Agreement shall be construed to require a Party to make available confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private.

2. Unless otherwise provided in this Agreement, where a Party provides information to the other Party (or to the Joint Committee, sub-committees, working groups or any other bodies) in accordance with this Agreement and designates the information as confidential, the Party (or the Joint Committee, sub-committees, working groups or any other bodies) receiving the information shall maintain the confidentiality of the information, use it only for the purposes specified by the Party providing the information, and shall not disclose it without the specific written permission of the Party providing the information.

Article 7.10. Denial of Benefits

A Party may at any time deny the benefits of this Agreement to a person of the other Party and to its investment, if such person is a juridical person that has no substantive business operations in the territory of the other Party and is owned or controlled by persons of either:

(a) any non-party; or

(b) the former Party.

Article 8.4. Savings Clause

1. For ten (10) years from the date of termination of this Agreement, the following provisions (including the relevant Annexes) shall continue to apply to investments of investors of the other Party in existence at the date of termination, and without prejudice to the application thereafter of the rules of general international law:

(a) the provisions of Chapter 3 (Investment); and

(b) such other provisions in the Agreement as may be necessary for or consequential to the application or interpretation of

Chapter 3 (Investment).

2. For the avoidance of doubt, paragraph 1 shall not apply to the establishment, acquisition or expansion of investments after the date of termination.

3. Within thirty (30) days of the delivery of a notification under paragraph 2 of Article 8.3 (Duration), either Party may request consultations regarding whether the termination of any provision of this Agreement should take effect at a later date than provided under paragraph 3 of Article 8.3 (Duration). Such consultations shall commence within thirty (30) days of a Party's delivery of such request.
