2. Article 3 (National Treatment) and Article 4 (Most-Favoured-Nation Treatment) shall not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors or activities as set out in its Schedule to List 2 under Annex 1 (Schedules of Reservations).

This Annex shall be agreed by the Parties under Article 22 (Work Programme).

1. An action or a series of related actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest (12) under the laws or regulations of that Party, in a covered investment.

2. Paragraph 1 of Article 10 (Expropriation and Compensation) addresses two situations:

(a) The first situation is direct expropriation, where a covered investment is directly expropriated through formal transfer of title or outright seizure; and

(b) The second situation is where an action or series of related actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

3. The determination of whether an action or series of related actions by a Party, in a specific fact situation, constitutes an expropriation of the type referred to in subparagraph 2 (b) requires a case-by-case and fact- based inquiry that considers, among other factors:

(a) The economic impact of the government action, although the fact that an action or series of related actions by a Party has an adverse effect on the economic value of a covered investment, standing alone, does not establish that such an expropriation has occurred;

(b) Whether the government action breaches the government's prior binding written commitment to the investor whether by contract, licence or other legal document; and

(c) The character of the government action, including its objective and whether the action is disproportionate to the public purpose.

4. Non-discriminatory regulatory actions by a Party that are designed and applied to achieve legitimate public welfare objectives, such as the protection of public health, safety, and the environment, do not constitute expropriation of the type referred to in subparagraph 2 (b).

(12) For greater certainty, "property interest" refers to such property interest as may be applicable under the law of that Party.
