Article 10. State Monopolies

1. The EFTA States shall ensure that any state monopoly of a commercial character be adjusted, with the exceptions laid down in Protocol C, so that with the entry into force of this Agreement no discrimination regarding the conditions under which goods are procured and marketed will exist between nationals of the EFTA States and of Morocco. These goods shall be procured and marketed in accordance with commercial considerations.

Article 17. Rules of Competition Concerning Undertakings

1. The following are incompatible with the proper functioning of this Agreement in so far as they may affect trade between an EFTA State and Morocco:

(b) abuse by one or more undertakings of a dominant position in the territories of the States Parties to this Agreement as a whole or in a substantial part thereof.

2. The provisions of paragraph 1 shall also apply to the activities of public undertakings, and undertakings for which the States Parties to this Agreement grant special or exclusive rights, in so far as the application of these provisions does not obstruct the performance, in law or in fact, of the particular public tasks assigned to them.

3. If a State Party to this Agreement considers that a given practice is incompatible with the provisions of paragraphs 1 and 2, it may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 25 (Procedure for the application of safeguard measures).

Article 18. Subsidies (1)

1. The rights and obligations of the Parties relating to subsidies and countervailing measures shall be governed by Article XVI of the GATT 1994 and the WTO Agreement on Subsidies and Countervailing Measures, except as otherwise provided for in this Article.

2. The Parties to this Agreement shall ensure transparency of subsidy measures by exchanging their annual notifications to the WTO pursuant to Article XVI:1 of the GATT 1994 and Article 25 of the Agreement on Subsidies and Countervailing Measures.

3. Before an EFTA State or Morocco, as the case may be, initiates an investigation to determine the existence, degree and effect of any alleged subsidy in Morocco, or in an EFTA State, as provided for in Article 11 of the Agreement on Subsidies and Countervailing Measures, the Party considering initiating an investigation shall notify in writing the Party whose goods are subject to investigation and allow for a 30 day period with a view to finding a mutually acceptable solution. The consultations shall take place in the Joint Committee if any Party so requests within 10 days from the receipt of the notification.

(1) As amended by Joint Committee Decision No. 7 of 2000 (24 October 2000); entry into force 8 October 2010.

Article 19. Dumping

If an EFTA State finds that dumping within the meaning of Article VI of the General Agreement on Tariffs and Trade 1994 is taking place in trade with Morocco, or if Morocco finds that dumping within this meaning is taking place in trade with an EFTA State, the State Party concerned may take appropriate measures against this practice in accordance with the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 and with the procedure laid down in Article 25 (Procedure for the application of safeguard measures).

Article 20. Emergency Action on Imports of Particular Products

Article 21. Structural Adjustment

1. Exceptional measures of limited duration which derogate from the provisions of Article 4 (Customs duties on imports and charges having equivalent effect) may be taken by Morocco in the form of increased customs duties.

2. These measures may only concern infant industries, or certain sectors undergoing restructuring or facing serious difficulties, particularly where these difficulties produce important social problems.

3. After the introduction of these measures, the total ad valorem customs duties applicable in Morocco to products originating in the EFTA States may not exceed 25% and shall maintain an element of preference for products originating in the EFTA States. They may not exceed customs duties levied on imports to Morocco of similar goods from any other country. The total value of imports of the products which are subject to these measures may not exceed 15% of total imports of industrial products from the EFTA States as defined in Article 2(a) during the last year for which statistics are available.

4. These measures shall be applied for a period not exceeding three years unless a longer duration is authorized by the Joint Committee. All exceptional measures regarding structural adjustment shall cease to apply at the latest eight years after the entry into force of this Agreement.

5. Morocco shall inform the Joint Committee of any exceptional measures it intends to take and, at the request of the EFTA States, consultations shall be held in the Joint Committee on such measures and the sectors to which they apply before they are applied. When taking such measures Morocco shall provide the Joint Committee with a schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing out of these duties at equal annual rates starting at the latest two years after their introduction. The Joint Committee may decide on a different schedule.

Article 22. Re-export and Serious Shortage

Where compliance with the provisions of Articles 7 (Customs duties on exports and charges having equivalent effect) and 8 (Quantitative restrictions on imports or exports and measures having equivalent effect) leads to:

(a) re-export to a third country against which the exporting State Party to this Agreement maintains, for the product concerned, quantitative export restrictions, export duties or measures or charges having equivalent effect; or

(b) a serious shortage, or threat thereof, of a product essential to the exporting State Party to this Agreement; and where the situations referred to above give rise or are likely to give rise to major difficulties for the exporting State Party, that State Party may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 25 (Procedure for the application of safeguard measures). The measures shall be non-discriminatory and be eliminated when conditions no longer justify their maintenance.

Article 23. Balance of Payments Difficulties

1. The States Parties to this Agreement shall endeavour to avoid the imposition of restrictive measures for balance of payments purposes.

2. Where an EFTA State or Morocco is in serious balance of payments difficulties, or under imminent threat thereof, the EFTA State or Morocco, as the case may be, may, in accordance with the conditions established under the General Agreement on Tariffs and Trade 1994 and the Understanding on the Balance-of-Payments Provisions of the General Agreement on Tariffs and Trade 1994, adopt trade restrictive measures, which shall be of limited duration and non-discriminatory, and may not go beyond what is necessary to remedy the balance of payments situation. Preference shall be given to price-based measures which shall be progressively relaxed as balance of payments conditions improve and eliminated when conditions no longer justify their maintenance. The EFTA State or Morocco, as the case may be, shall inform the other States Parties to

this Agreement and the Joint Committee forthwith, if possible, prior to their introduction and shall provide a time schedule for their removal. The Joint Committee shall, upon the request of any other State Party, examine the need for maintaining the measures taken.

Article 24. Arbitration Procedure

1. Disputes between States Parties to this Agreement, relating to the interpretation of rights and obligations of the States Parties to this Agreement, which have not been settled through consultation or in the Joint Committee within six months, may be referred to arbitration by any State party to the dispute by means of a written notification addressed to the other State party to the dispute. A copy of this notification shall be communicated to all States Parties to this Agreement.
2. The constitution and functioning of the arbitral tribunal is governed by Annex VIII.
3. The arbitral tribunal shall settle the dispute in accordance with the provisions of this Agreement and applicable rules and principles of international law.
4. The award of the arbitral tribunal shall be final and binding upon the States parties to the dispute.

Article 25. Procedure for the Application of Safeguard Measures

1. Before initiating the procedure for the application of safeguard measures set out in the following paragraphs of the present Article, the States Parties to this Agreement shall endeavour to solve any differences between them through direct consultations, and inform the other States Parties to this Agreement thereof.
2. Without prejudice to paragraph 6 of the present Article, a State Party which considers resorting to safeguard measures shall promptly notify the other States Parties and the Joint Committee thereof and supply all relevant information. Consultations between the States Parties to this Agreement shall take place without delay in the Joint Committee with a view to finding a commonly acceptable solution.
3. (a) As regards Articles 17 (Rules of competition concerning undertakings) and 18 (State aid), the States Parties concerned shall give to the Joint Committee all the assistance required in order to examine the case and, where appropriate, eliminate the practice objected to. If the State Party in question fails to put an end to the practice objected to within the period fixed by the Joint Committee or if the Joint Committee fails to reach an agreement after consultations, or after thirty days following referral for such consultations, the State Party concerned may adopt the appropriate measures to deal with the difficulties resulting from the practice in question.

(b) As regards Articles 19 (Dumping), 20 (Emergency action on imports of particular products) and 22 (Re-export and serious shortage), the Joint Committee shall examine the case or the situation and may take any decision needed to put an end to the difficulties notified by the State Party concerned. In the absence of such a decision within thirty days of the matter being referred to the Joint Committee, the State Party concerned may adopt the measures necessary in order to remedy the situation.

(c) As regards Article 32 (Fulfilment of obligations), the State Party concerned shall supply the Joint Committee with all relevant information required for a thorough examination of the situation with a view to seeking a commonly acceptable solution. If the Joint Committee fails to reach such a solution or if a period of three months has elapsed from the date of notification, the State Party concerned may take appropriate measures.
4. The safeguard measures taken shall be notified immediately to the States Parties to this Agreement and to the Joint Committee. They shall be restricted with regard to their extent and to their duration to what is strictly necessary in order to rectify the situation giving rise to their application and shall not be in excess of the injury caused by the practice or the difficulty in question. Priority shall be given to such measures that will least disturb the functioning of this Agreement. The measures taken by Morocco against an action or an omission of an EFTA State may only affect the trade with that State. The measures taken against an action or omission of Morocco may be only taken by that or those EFTA States the trade of which is affected by the said action or omission.
5. The safeguard measures taken shall be the object of regular consultations within the Joint Committee with a view to their relaxation, substitution or abolition, when conditions no longer justify their maintenance.
6. Where exceptional circumstances requiring immediate action make prior examination impossible, the State Party concerned may, in the cases of Articles 19 (Dumping), 20 (Emergency action on imports of particular products) and 22 (Re-export and serious shortage) and in cases of state aid having a direct and immediate incidence on trade between the States Parties, apply forthwith the precautionary and provisional measures strictly necessary to remedy the situation. The

measures shall be notified without delay and consultations between the States Parties to this Agreement shall take place as soon as possible within the Joint Committee.
