Taking account of the volume of trade in agricultural products between them, of its particular sensitivity, of the rules of the common agricultural policy of the Community, of the rules of the agricultural policy of Slovenia, and of the consequences of the multilateral trade negotiations under the GATT 1994 and WTO, the Community and Slovenia shall examine in the Association Council, product by product and on an orderly and reciprocal basis, the opportunities for granting each other further concessions.

Article 22.

Notwithstanding other provisions of this Agreement, and in particular Article 31, if, given the particular sensitivity of the agricultural markets, imports of products originating in one of the two parties, which are the subject of concessions granted pursuant to Article 21, cause serious disturbance to the markets in the other party, both parties shall enter into consultations immediately to find an appropriate solution. Pending such solution, the party concerned may take the measures it deems necessary.

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade except in so far as they alter the trade arrangements provided for in this Agreement. This Agreement shall in particular not affect the implementation of the specific arrangements governing the movement of goods laid down in frontier agreements previously concluded between one or more Member States and the Socialist Federal Republic of Yugoslavia and succeeded to by the Republic of Slovenia.
2. Consultations between the parties shall take place within the Association Council concerning agreements establishing such customs unions or free trade areas and, where requested, on other major issues related to their respective trade policies towards third countries. In particular in the event of a third country acceding to the Community, such consultations shall take place so as to ensure that account is taken of the mutual interests of the Community and Slovenia stated in this Agreement.

Article 29. Exceptional Tariff Measures

Exceptional measures of limited duration which derogate from the provisions of Article 11 and Article 26(1) may be taken by Slovenia in the form of increased customs duties.

These measures may only concern infant industries, or certain sectors undergoing restructuring or facing serious difficulties, particularly where these difficulties produce major social problems.

Customs duties introduced by these measures on imports into Slovenia of products originating in the Community may not exceed 25 % ad valorem and shall maintain an element of preference for products originating in the Community. The total value of imports of the products which are subject to these measures may not exceed 15 % of total imports from the Community of industrial products as defined in Chapter I, during the last year for which statistics are available.

The measures shall be applied for a period not exceeding five years unless a longer duration is authorised by the Association Council. They shall cease to apply at the latest on the expiry of the transitional period.

No such measures may be introduced in respect of a product if more than three years have elapsed since the elimination of all duties and quantitative restrictions or charges or measures having equivalent effect concerning that product.

Slovenia shall inform the Association Council of any exceptional measures it intends to adopt and, at the request of the Community, consultations shall be held in the Association Council on such measures and the sectors to which they apply before they are put into effect. When adopting such measures Slovenia shall provide the Association Council with a schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing-out of these duties at equal annual rates starting at the latest two years after their introduction. The Association Council may decide on a different schedule.

Article 30. Dumping

If one of the parties finds that dumping is taking place in trade with the other party within the meaning of Article VI of the GATT 1994, it may take appropriate measures against this practice in accordance with the Agreement on implementation of Article VI of the GATT 1994, its own related internal legislation and the conditions and procedures laid down in Article 34.

Article 31. General Safeguard Clause

When any product is being imported in such increased quantities and under such conditions as cause or threaten to cause:

- serious injury to domestic producers of like or directly competing products in the territory of one of the parties, or
- serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region,

the Community or Slovenia, whichever is concerned, may take appropriate measures under the conditions and in

accordance with the procedures laid down in Article 34.

Article 32. Shortage Clause

Where compliance with Articles 14 and 26 leads to

- re-export to a third country of a product in respect of which the exporting party maintains quantitative export restrictions, export duties or measures or charges having equivalent effect,

or

- a serious shortage, or threat thereof, of a product essential to the exporting party,

and where the situations described above give rise, or are likely to give rise, to major difficulties for the exporting party, that party may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 34. The measures shall be non-discriminatory and shall be abolished when conditions no longer justify their maintenance.

Article 33. State Monopolies

The Member States and Slovenia shall progressively adjust any State monopolies of a commercial character so as to ensure that, by the end of the fourth year following the entry into force of this Agreement, no discrimination regarding the conditions under which goods are procured and marketed exists between nationals of the Member States and of Slovenia. The Association Council shall be informed about the measures adopted to attain this objective.

Article 34. Procedures

1. In the event of the Community or Slovenia subjecting imports of products liable to give rise to the difficulties referred to in Article 31 to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other party.

2. In the cases specified in Articles 30, 31 and 32, before taking the measures provided for therein or, in cases to which paragraph 3(d) applies, as soon as possible, the Community or Slovenia, as the case may be, shall supply the Association Council with all relevant information, with a view to seeking a solution acceptable to the two parties.

In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement.

The safeguard measures shall be notified immediately to the Association Council and shall be the subject of periodic consultations within that body, notably with a view to establishing a timetable for their abolition as soon as circumstances permit.

3. For the implementation of paragraph 2, the following provisions shall apply.

(a) As regards Article 31, the difficulties arising from the situation referred to in that Article shall be referred for examination to the Association Council, which may take any decision needed to put an end to such difficulties.

If the Association Council or the exporting party has not taken a decision putting an end to the difficulties or no other satisfactory solution has been reached within thirty days of the matter being referred, the importing party may adopt the appropriate measures to remedy the problem. These measures must not exceed the scope of what is necessary to remedy the difficulties which have arisen.

(b) As regards Article 30, the Association Council shall be informed of the instance of dumping as soon as the authorities of the importing party have initiated an investigation. Where no end has been put to the dumping within the meaning of Article VI of the GATT 1994 or no other satisfactory solution has been reached within thirty days of the matter being referred to the Association Council, the importing party may adopt the appropriate measures.

(c) As regards Article 32, the difficulties arising from the situations referred to in that Article shall be referred for examination to the Association Council.

The Association Council may take any decision needed to put an end to the difficulties. If it has not taken such a decision within thirty days of the matter being referred to it, the exporting party may apply appropriate measures to the export of the product concerned.

(d) Where exceptional circumstances requiring immediate action make prior information or examination, as the case may

be, impossible, the Community or Slovenia whichever is concerned may, in the situations specified in Articles 30, 31 and 32, apply forthwith the safeguard measures strictly necessary to deal with the situation and inform the Association Council immediately.

Article 35.

Protocol 4 lays down rules of origin for the application of tariff preferences provided for in this Agreement.

Article 36. Restrictions Authorised

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of exhaustible natural resources; the protection of national treasures of artistic, historic or archaeological value or the protection of intellectual, industrial and commercial property, or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the parties.

Article 37.

The application of this Agreement shall be without prejudice to Council Regulation (EEC) No 1911/91 of 26 June 1991 on the application of the provisions of Community law to the Canary Islands.

The Association Council shall make appropriate recommendations.

2. In respect of financial services, notwithstanding any other provisions of this Agreement, a party shall not be prevented from taking measures for prudential reasons, including for the protection of investors, depositors, policy holders or persons to whom a fiduciary duty is owed by a financial service supplier, or to ensure the integrity and stability of the financial system. Such measures shall not be used as a means of avoiding the party's obligations under the Agreement.

Article 49.

1. The provisions of Articles 45 and 48 do not preclude the application by a party of particular rules concerning the establishment and operation in its territory of branches of companies of another party not incorporated in the territory of the first party, which are justified by legal or technical differences between such branches as compared to branches of companies incorporated in its territory or, as regards financial services, for prudential reasons.

2. The difference in treatment shall not go beyond what is strictly necessary as a result of such legal or technical differences or, as regards financial services, for prudential reasons.

Article 50.

1. A Community company or a Slovenian company established in the territory of Slovenia or the Community respectively shall be entitled to employ, or have employed by one of its subsidiaries or branches, in accordance with the legislation in force in the host country of establishment, in the territory of Slovenia and the Community respectively, employees who are nationals of the Community Member States and Slovenia respectively, provided that such employees are key personnel as defined in paragraph 2 and that they are employed exclusively by companies, subsidiaries or branches.

The residence and work permits of such employees shall only cover the period of such employment.

2. Key personnel of the abovementioned companies herein referred to as 'organisations` are 'intra-corporate transferees` as defined in (c) of this paragraph in the following categories, provided that the organisation is a legal person and that the

persons concerned have been employed by it or have been partners in it (other than as majority shareholders), for at least the year immediately preceding such movement:

- those representatives are not engaged in making direct sales or supplying services, and
- the company has its principal place of business outside the Community or Slovenia, respectively, and has no other representative, office, branch or subsidiary in that Community Member State or Slovenia respectively.

Article 51.

In order to make it easier for Community nationals and Slovenian nationals to take up and pursue regulated professional activities in Slovenia and the Community respectively, the Association Council shall examine which steps are necessary for the mutual recognition of qualifications. It may take all necessary measures to that end.

Article 52.

During the first four years following the date of entry into force of this Agreement, or for the sectors referred to in Annex IX(a), during the transitional period referred to in Article 3, Slovenia may introduce measures which derogate from the provisions of this Chapter as regards the establishment of Community companies and nationals of certain industries:

- are undergoing restructuring, or
- are facing serious difficulties, particularly where these entail serious social problems in Slovenia, or
- face the elimination or a drastic reduction of the total market share held by Slovenian companies or nationals in a given sector or industry in Slovenia, or
- are newly emerging industries in Slovenia.

Such measures:

(i) shall cease to apply at the latest two years after the expiry of the fourth year following the date of entry into force of this Agreement or, for the sectors included in Annex IX(a), upon the expiry of the transitional period referred to in Article 3, and

(ii) shall be reasonable and necessary in order to remedy the situation, and

(iii) shall relate only to establishments in Slovenia to be set up after the entry into force of such measures and shall not

introduce discrimination concerning the activities of Community companies or nationals already established in Slovenia at the time of introduction of a given measure, by comparison with Slovenian companies or nationals.

The Association Council may exceptionally, at the request of Slovenia, and if the necessity arises, decide to prolong the periods referred to in (i) above for a given sector for a limited period of time.

While devising and applying such measures, Slovenia shall grant preferential treatment wherever possible to Community companies and nationals, and in no case treatment less favourable than that accorded to companies or nationals from any third country.

Prior to the adoption of these measures, Slovenia shall consult the Association Council and shall not put them into effect before a one month period has elapsed following the notification to the Association Council of the concrete measures to be introduced by Slovenia, except where the threat of irreparable damage requires the taking of urgent measures, in which case Slovenia shall consult the Association Council immediately after their adoption.

Upon the expiry of the fourth year following the entry into force of this Agreement or, for the sectors included in Annex IX(a), upon the expiry of the transitional period referred to in Article 3, Slovenia may introduce such measures only with the authorisation of the Association Council and under conditions determined by the latter.

Chapter III. SUPPLY OF SERVICES BETWEEN THE COMMUNITY AND SLOVENIA

Article 53.

1. The parties undertake in accordance with the following provisions to take the necessary steps to allow progressively the supply of services by Community or Slovenian companies or nationals which are established in a party other than that of the person for whom the services are intended.

2. In step with the liberalization process mentioned in paragraph 1, and subject to the provisions of Article 57(1), the parties shall permit the temporary movement of natural persons providing the service or who are employed by the service provider as key personnel as defined in Article 50(2), including natural persons who are representatives of a Community or Slovenian company or national and are seeking temporary entry for the purpose of negotiating for the sale of services or entering into agreements to sell services for that service provider, where those representatives will not be engaged in making direct sales to the general public or in supplying services themselves.

3. At the latest eight years after the entry into force of this Agreement, the Association Council shall take the measures necessary to implement progressively the provisions of paragraph 1. Account shall be taken of the progress achieved by the parties in the approximation of their laws.

Article 54.

1. The parties shall not take any measures or actions which render the conditions for the supply of services by Community and Slovenian nationals or companies which are established in a party other than that of the person for whom the services are intended significantly more restrictive as compared to the situation existing on the day preceding the day of entry into force of the Agreement.

2. If one party is of the view that measures introduced by the other party since the signature of the Agreement result in a situation which is significantly more restrictive in respect of supply of services as compared with the situation existing at the date of signature of the Agreement, such first party may request the other party to enter into consultations.

Article 55.

With regard to supply of transport services between the Community and Slovenia, the following shall apply without prejudice to the provisions of Article 53:

1. With regard to inland transport, the relationship between the parties is governed by the Agreement between the European Economic Community and the Republic of Slovenia in the field of transport, signed on 5 April 1993. The parties confirm the importance they attach to the correct application of this Agreement, and underline the particular importance of the freedom of road transit traffic, as defined in the Agreement, without prejudice to the conditions regulating transit through Austria following Austria's accession to the European Union, of non-discrimination and of harmonisation of the Slovenian transport legislation with that of the Community.

2. With regard to international maritime transport the parties undertake to apply effectively the principle of unrestricted access to the market and traffic on a commercial basis.

(a) The above provision does not prejudice the rights and obligations under the United Nations Code of Conduct for Liner Conferences, as applied by one or the other party to this Agreement. Non-conference liners will be free to operate in competition with a conference as long as they adhere to the principle of fair competition on a commercial basis.

(b) The parties affirm their commitment to a freely competitive environment as being an essential feature of the dry and liquid bulk trade.

3. In applying the principles of point 2, the parties shall:

(a) not introduce cargo-sharing clauses in future bilateral agreements with third countries, other than in those exceptional circumstances where liner shipping companies from one or other party to this Agreement would not otherwise have an effective opportunity to ply for trade to and from the third country concerned;

(b) prohibit cargo-sharing arrangements in future bilateral agreements concerning dry and liquid bulk trade;

(c) abolish, upon the entry into force of this Agreement, all unilateral measures and administrative, technical and other obstacles which could have restrictive or discriminatory effects on the free supply of services in international maritime transport.

4. With a view to ensuring a coordinated development and progressive liberalization of transport between the parties adapted to their reciprocal commercial needs, the conditions of mutual market access in air transport shall be dealt with by special agreement to be negotiated between the parties after the entry into force of this Agreement.

5. Prior to the conclusion of the agreement referred to in point 4, the parties shall not take any measures or actions which are more restrictive or discriminatory as compared with the situation existing prior to the entry into force of this Agreement.

6. During the transitional period, Slovenia shall progressively adapt its legislation, including administrative, technical and other rules, to that of the Community existing at any time in the field of air and inland transport in so far as it serves liberalization purposes and mutual access to markets of the parties and facilitates the movement of passengers and of goods.

7. In step with the common progress in the achievement of the objectives of this Chapter, the Association Council shall examine ways of creating the conditions necessary for improving freedom to provide air and inland transport services.

Chapter IV. GENERAL PROVISIONS

For the purpose of this Title, nothing in this Agreement shall prevent the parties from applying their laws and regulations regarding entry and stay, employment, working conditions, establishment of natural persons and supply of services, provided that, in so doing, they do not apply them in such a manner as to nullify or impair the benefits accruing to any party under the terms of a specific provision of this Agreement. This provision shall be without prejudice to the application of Article 56.

2. The exclusion of Community companies and nationals established in Slovenia in accordance with the provisions of Chapter II from public aid granted by Slovenia in the areas of public education services, health-related and social services and cultural services shall, for the duration of the transitional period referred to in Article 3, be deemed compatible with the provisions of this title and with the competition rules referred to in Title V.

3. None of the provisions of this Title shall be construed to prevent Member States or Slovenia in applying the relevant provisions of their fiscal legislation, from distinguishing between taxpayers who are not in identical situations, in particular as regards their place of residence.

Article 60.

The provisions of this Title shall be progressively adjusted, notably in the light of requirements arising from Article V of the General Agreement on Trade in Services (GATS).

In the case of practices incompatible with paragraph 1(iii), such appropriate measures may, where the WTO Agreement applies thereto, only be adopted in accordance with the procedures and under the conditions laid down thereby and any other relevant instrument negotiated under its auspices which are applicable between the parties.

The Community or Slovenia, as the case may be, shall inform the other party forthwith.

3. Any restrictive measures shall not apply to transfers related to investment and in particular to the repatriation of amounts invested or reinvested or any kind of revenues stemming therefrom.
