If the President is a national of either Contracting Party or if he is otherwise prevented from discharging the said function, the Vice President shall be invited to make the necessary appointments. If the Vice President is a national of either Contracting Party or if he too is prevented from discharging the said function, the Member of the International Court of Justice next in seniority who is not a national of either Contracting Party shall be invited to make the necessary appointments;

(3) Such an arbitral tribunal shall be constituted for each individual case in the following way. Within two months of the receipt of the request for arbitration, each Contracting Party shall appoint one member of the tribunal. Those two members shall then select a national of a third State, with whom both Contracting Parties enjoy diplomatic relations and who on approval by the two Contracting Parties shall be appointed Chairman of the tribunal. The Chairman shall be appointed within two months from the date of appointment of the second of the two members.

(4) If within the periods specified in paragraph (3) of this Article, the necessary appointments have not been made, either Contracting Party may, in the absence of any other agreement, invite the President of the International Court of Justice to make any necessary appointments. If the President is a national of either Contracting Party or if he is otherwise prevented from discharging the said function, the Vice President shall be invited to make the necessary appointments. (5) The arbitral tribunal shall reach its decision by a majority of votes. Such decisions shall be final and binding on both Contracting Parties. Each Contracting Party shall bear the cost of its own member of the tribunal and of its representation in

the arbitral proceedings; the cost of the Chairman and the remaining costs shall be borne in equal parts by the Contracting Parties. The tribunal may, however, in its decision direct that a higher proportion of costs shall be borne by one of the two Contracting Parties, and this award shall be final and binding on both Contracting Parties. In all other respects, the tribunal shall determine its own procedures.

## **Article 11. Entry and Sojourn of Personnel**

A Contracting Party shall, subject to its laws and regulations applicable from time to time relating to the entry and sojourn of non-citizens, permit natural persons of the other Contracting Party and personnel employed by companies of the other Contracting Party to enter and remain in its territory for the purpose of engaging in activities connected with investments.

## **Article 12. Applicable Laws**

(1) Except as otherwise provided in this Agreement, all investment shall be governed by the laws in force in the territory of the Contracting Party in which such investments are made.

(2) Notwithstanding paragraph (1) of this Article, nothing in this Agreement precludes the host Contracting Party from taking action for the protection of its essential security interests or in circumstances of extreme emergency in accordance with its laws normally and reasonably applied on a nondiscriminatory basis.

## **Article 13. Application of other Rules**

If the provisions of law of either Contracting Party or obligations under bilateral or multilateral agreements existing at present or established hereafter between the Contracting Parties in addition to this Agreement contain rules, whether general or specific, entitling investments by investors of the other Contracting Party to a treatment more favourable than is provided for by this Agreement, such rules shall to the extent that they are more favourable prevail over this Agreement.

## **Article 14. Entry Into Force**

The Contracting Parties shall notify each other in writing, through diplomatic channels, on the completion of their respective legal procedures for bringing this Agreement into force. This Agreement shall enter into force on the thirtieth (30th) day after the date of the later diplomatic notification.

## **Article 15. Amendment**

(1) This Agreement may be amended by mutual consent by means of an exchange of diplomatic notes or in any other manner as may be agreed by the Contracting Parties.

(2) Such amendment shall come into force in accordance with Article 14 and shall be effected without prejudice to any rights or obligations accruing or incurred under this Agreement prior to the coming into force of such amendment.

## **Article 16. Duration and Termination**

(1) This Agreement shall remain in force for a period of ten years and thereafter it shall be deemed to have been automatically extended unless either Contracting Party gives to the other Contracting Party a written notice of its intention to terminate this Agreement. This Agreement shall stand terminated one year from the date of receipt of such written notice.

(2) Notwithstanding termination of this Agreement pursuant to paragraph (1) of this Article, this Agreement shall continue to be effective for a further period of fifteen years from the date of its termination in respect of investments made or acquired before the date of termination of this Agreement.

(3) The Protocol annexed hereto shall form an integral part of this Agreement.

In witness whereof the undersigned, duly authorised thereto by their respective Governments, have signed this Agreement.

## Protocol

On signing the Agreement between the Government of the Republic of India and the Government of His Majesty the Sultan and Yang Di-Pertuan of Brunei Darussalam, the undersigned representatives have, in addition, agreed on the following provisions which shall form an integral part of the Agreement:

### I. Protocol on Article 4

Measures undertaken by one Contracting Party in pursuit of its development objectives to stimulate the creation of industries in its territory and applied only to its investors are not considered to be contrary to the obligations of national treatment under Article 4, provided they do not substantially impair established and admitted investments of investors of the other Contracting Party, and are undertaken in accordance with its laws, regulations and policies.

### II. Protocol on Article 5

(a) Article 5 of the Agreement is intended to reflect customary international law concerning the obligations of the Contracting Parties with respect to expropriation;

(b) A measure of expropriation includes, apart from direct expropriation or nationalization through formal transfer of title or outright seizure, a measure or series of actions by a Contracting Party that has an effect equivalent to direct expropriation or nationalization, without a formal transfer of title or outright seizure;

(c) The determination of whether a measure or series of measures of a Contracting Party in a specific factual situation, constitute measures as referred to in paragraph (b) above requires a case-by-case, fact-based inquiry that considers, among other factors:

(i) The economic impact of the measure or series of measures, although the fact that a measure or series of measures by a Contracting Party has an adverse effect on the economic value of an investment, standing alone, does not establish that measures having effect equivalent to nationalization or expropriation, has occurred;

(ii) The extent to which the measure or series of measure interfere with distinct, reasonable, investment-backed expectations;

(iii) Character of the measure or series of measures, including inter alia, their intent, objectives, purpose, and degree of nexus between the measures and outcome or effects that forms the basis of the expropriation claim; and

(d) Except in rare circumstances, such as when a measure or series of measures are so severe in the light of their purpose that they cannot be reasonably viewed as having been adopted and applied in good faith, nondiscriminatory measures by a Contracting Party that are designed and applied for legitimate public welfare objectives such as health, safety and the environment, do not constitute measures having effect equivalent to nationalization or expropriation.
