A Party may, in accordance with its laws and regulations, provide the other Parties with a list of ports available for exit of containers.

9. Modification of Concessions

In exceptional circumstances, where a Party faces unforeseen difficulties in implementing its tariff commitments, that Party may, with the agreement of all other interested Parties, modify or withdraw a concession contained in its Schedule in Annex 1 (Schedules of Tariff Commitments). In order to seek to reach such agreement, the relevant Party shall engage in negotiations with any interested Parties. In such negotiations, the Party proposing to modify or withdraw its concessions shall maintain a level of reciprocal and mutually advantageous concessions no less favourable to the trade of all other interested Parties than that provided for in this Agreement prior to such negotiations, which may include compensatory adjustments with respect to other goods. The mutually agreed outcome of the negotiations, including any compensatory adjustments, shall apply to all the Parties and shall be incorporated into this Agreement in accordance with Article 6 (Amendments) of Chapter 21 (Final Provisions).

2. Each Party shall ensure the transparency of its non-tariff measures permitted under Paragraph 1 and shall ensure that any such measures are not prepared, adopted, or applied with the view to or with the effect of creating unnecessary obstacles to trade among the Parties.

11. Quantitative Restrictions and Non-Tariff Measures

1. Except as otherwise provided in this Agreement, no Party shall adopt or maintain any prohibition or restriction other than duties, taxes, or other charges, whether made effective through quotas, import or export licences, or other measures, on the importation of any good of another Party or on the exportation of any good destined for the territory of another Party, except in accordance with its rights and obligations under the relevant provisions of the WTO Agreement. To this end, Article XI of GATT 1994 shall be incorporated into and shall form part of this Agreement, mutatis mutandis.

2. Where a Party adopts an export prohibition or restriction in accordance with Subparagraph 2(a) of Article XI of GATT 1994, that Party shall, upon request:

(a) inform another Party or Parties of such prohibition or restriction and its reasons together with its nature and expected duration, or publish such prohibition or restriction; and

3. Except as provided in Paragraph 2, the requested Party shall respond to the requesting Party and enter into technical consultations within 60 days of the receipt of the written request referred to in Paragraph 1, unless otherwise determined by the consulting Parties, with a view to reaching a mutually satisfactory solution within 180 days of the request. 2. No Party shall apply fees and charges imposed in connection with importation or exportation until information on them, and on any updates or changes to those fees and charges, has been published, in accordance with its laws and regulations. Such information shall include the reason for the fees and charges, the responsible authority, and when and how payment is to be made. (2) International law refers to generally accepted international law such as the United Nations Convention on the Law of the Sea.

(3) "International law" refers to generally accepted international law such as the United Nations Convention on the Law of the Sea.

4. Goods Not Wholly Produced or Obtained

1. For the purposes of Article 2.1(b) (Originating Goods), a good shall qualify as an originating good of a Party if it satisfies all applicable requirements of Annex 3B (Product-Specific Rules).

2. Where Annex 3B (Product-Specific Rules) provides a choice of rule between a regional value content based rule of origin, a change in tariff classification based rule of origin, a specific process of production, or a combination of any of these, a Party shall permit the producer or exporter of the good to decide which rule to use in determining if the good is an originating good.

5. Calculation of Regional Value Content

1. For the purposes of Article 4 (Goods Not Wholly Produced or Obtained), the formula for calculating the regional value

content will be either:

(a) Direct Formula

$AANZFTA \text{ Material Cost} + \text{Labour Cost} + \text{Overhead Cost} + \text{Profit} + \text{Other Costs} / \text{FOB} \times 100\%$ or

(b) Indirect/Build-Down Formula

$\text{FOB} - \text{Value of Non-Originating Materials} / \text{FOB} \times 100\%$

where:

(i) AANZFTA Material Cost is the value of originating materials, parts or produce that are acquired or self-produced by the producer in the production of the good;

(ii) Labour Cost includes wages, remuneration and other employee benefits;

(iii) Overhead Cost is the total overhead expense;

(iv) Other Costs are the costs incurred in placing the good in the ship or other means of transport for export including, but not limited to, domestic transport costs, storage and warehousing, port handling, brokerage fees and service charges;

(vi) Value of Non-Originating Materials is the CIF value at the time of importation or the earliest ascertained price paid for all non-originating materials, parts or produce that are acquired by the producer in the production of the good. Non-originating materials include materials of undetermined origin but do not include a material that is self-produced.

2. The value of goods under this Chapter shall be determined in accordance with Article VII of GATT 1994 and the Agreement on Customs Valuation.

6. Cumulative Rules of Origin

1. Unless otherwise provided in this Agreement, goods and materials which comply with the origin requirements provided in Article 2 (Originating Goods), and which are used in another Party as materials in the production of another good or material, shall be considered as originating in the Party where working or processing of the finished good or material has taken place.

2. In addition to Paragraph 1, the Participating Parties shall extend the application of cumulation referred to in Paragraph 1 to all production undertaken on, and value-added to, non- originating materials in any Participating Party, which are used in another Participating Party as materials in the production of another good or material. Such production undertaken on, or value added to, a non-originating material in the territory of one or more of the Participating Parties shall contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of a Participating Party, regardless of whether that production or value added was sufficient to confer originating status to the material itself.

3. The Participating Parties shall implement Paragraph 2 180 days after the date of entry into force of the Second Protocol.

4. For the purposes of this Article, "Participating Party" means:

(a) a Party that does not make a notification under Paragraph 5; or

(b) a Party that has withdrawn its notification in accordance with Paragraph 6.

5. Paragraph 2 shall not apply to a Party (4) if that Party notifies the other Parties in writing through the FTA Joint Committee of its intention to not implement Paragraph 2 (and is therefore a "non-Participating Party" for the purposes of this Article) within 120 days after the date of entry into force of the Second Protocol.

6. A Party that has made a notification under Paragraph 5 may at any time notify the other Parties in writing through the FTA Joint Committee of its withdrawal of the notification. 180 days after the date of a Party's notification of withdrawal, Paragraph 2 shall apply with respect to that Party

7. For greater certainty, for the purposes of Paragraph 2:

(a) production undertaken or value added that does not confer originating status to a non-originating material in the territory of a non-Participating Party shall not contribute towards the originating content of a good or material for the

purpose of determining the origin of a good or material finished in the territory of a Participating Party;

(b) production undertaken or value added that does not confer originating status to a non-originating material in the territory of a Participating Party shall not contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of a non-Participating Party; and

(c) production undertaken or value added that does not confer originating status to a non-originating material in the territory of a non-Participating Party shall not contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of another non- Participating Party.

(4) For greater certainty, a Party for whom the Second Protocol has not entered into force may also make a notification under this Paragraph.

7. Minimal Operations and Processes

Where a claim for origin is based solely on regional value content, the operations or processes listed below, undertaken by themselves or in combination with each other, are considered to be minimal and shall not be taken into account in determining whether or not a good is originating:

(a) ensuring preservation of goods in good condition for the purposes of transport or storage;

(b) facilitating shipment or transportation;

(c) packaging (5) or presenting goods for transportation or sale;

(d) simple processes, consisting of sifting, classifying, washing, cutting, slitting, bending, coiling and uncoiling and other similar operations;

(e) affixing of marks, labels or other like distinguishing signs on products or their packaging; and

(f) mere dilution with water or another substance that does not materially alter the characteristics of the goods.

(5) This excludes encapsulation which is termed "packaging" by the electronics industry.

8. De Minimis

1. A good that does not satisfy a change in tariff classification requirement pursuant to Annex 3B (ProductSpecific Rules) will nonetheless be an originating good if:

(a) (i) for a good, other than that provided for in Chapters 50 to 63 of the HS Code, the value of all non-originating materials used in the production of the good that did not undergo the required change in tariff classification does not exceed 10 per cent of the FOB value of the good;

(ii) for a good provided for in Chapters 50 to 63 of the HS Code, the weight of all non-originating materials used in its production that did not undergo the required change in tariff classification does not exceed 10 per cent of the total weight of the good, or the value of all non-originating materials used in the production of the good that did not undergo the required change in_ tariff classification does not exceed 10 per cent of the FOB value of the good; and

(b) the good meets all other applicable criteria of this Chapter.

2. The value of such materials shall, however, be included in the value of non-originating materials for any applicable regional value content requirement.

9. Accessories, Spare Parts, Tools and Instructional or other Information Materials

1. For the purposes of determining the origin of a good, accessories, spare parts, tools and instructional or other information materials presented with the good shall be considered part of that good and shall be disregarded in determining whether all the non-originating materials used in the production of the originating good have undergone the applicable change in tariff classification, provided that:

(a) the accessories, spare parts, tools and instructional or other information materials presented with the good are not invoiced separately from the originating good; and

(b) the quantities and value of the accessories, spare parts, tools and instructional or other information materials presented with the good are customary for that good.

2. Notwithstanding Paragraph 1, if the good is subject to a regional value content requirement, the value of the accessories, spare parts, tools and instructional or other information materials presented with the good shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

3. Paragraphs 1 and 2 do not apply where accessories, spare parts, tools and instructional or other information materials presented with the good have been added solely for the purpose of artificially raising the regional value content of that good, provided it is proven subsequently by the importing Party that they are not sold therewith.

10. Identical and Interchangeable Materials

The determination of whether identical and interchangeable materials are originating materials shall be made either by physical segregation of each of the materials or by the use of Generally Accepted Accounting Principles of stock control applicable, or inventory management practice, in the exporting Party.

11. Treatment of Packing Materials and Containers

1. Packing materials and containers for transportation and shipment of a good shall not be taken into account in determining the origin of any good.

2. Packing materials and containers in which a good is packaged for retail sale, when classified together with that good, shall not be taken into account in determining whether all of the non-originating materials used in the production of the good have met the applicable change in tariff classification requirements for the good.

3. If a good is subject to a regional value content requirement, the value of the packing materials and containers in which the good is packaged for retail sale shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

12. Indirect Materials

An indirect material shall be treated as an originating material without regard to where it is produced and its value shall be the cost registered in the accounting records of the producer of the good.

13. Recording of Costs

For the purposes of this Chapter, all costs shall be recorded and maintained in accordance with the Generally Accepted Accounting Principles applicable in the Party in which the goods are produced.

14. Direct Consignment, Transit and Transshipment

An originating good shall retain its originating status as determined under Article 2 (Originating Goods) if the following conditions have been met:

(a) the good has been transported to the importing Party without passing through any non-Party; or

(b) the good has transited through one or more non- Parties, provided that:

(i) the good has not undergone subsequent production or any other operation outside the territories of the Parties other than unloading, reloading, storing, or any other operations necessary to preserve them in good condition or to transport them to the importing Party; and

(ii) the good has not entered into commerce or free circulation in the non-Party.

15. Proof of Origin

A claim that goods are eligible for preferential tariff treatment shall be supported by a Proof of Origin in accordance with Annex 3A (Annex on Operational Certification Procedures).

16. Denial of Preferential Tariff Treatment

The Customs Authority of the importing Party may deny a claim for preferential tariff treatment when:

- (a) the good does not qualify as an originating good; or
- (b) the importer, exporter or producer fails to comply with any of the relevant requirements of this Chapter.

17. Review and Appeal

The importing Party shall grant the right of appeal in matters relating to the eligibility for preferential tariff treatment to producers, exporters or importers of goods traded or to be traded between the Parties, in accordance with its laws, regulations and administrative practices.

18. Sub-Committee on Rules of Origin

1. For the purpose of the effective and uniform implementation of this Chapter, the Parties hereby establish a Sub-Committee on Rules of Origin (the "ROO Sub-Committee"). The functions of the ROO Sub-Committee shall include:

3. The List of Data Requirements and the Minimum Data Requirements for Declaration of Origin, and any subsequent revisions, adopted in accordance with Paragraph 2 shall be promptly published and shall come into effect on the date determined by the Parties through the FTA Joint Committee and on the basis of a report from the ROO Sub-Committee, through the Committee on Trade in Goods.

4. The FTA Joint Committee, upon recommendation of the Committee on Trade in Goods and the ROO Sub-Committee, shall adopt the transposition of Annex 3B (Product-Specific Rules) that is in the nomenclature of the revised HS Code following periodic amendments to the HS Code. Such transposition shall be carried out without impairing the existing commitments and shall be completed in a timely manner. The Parties shall promptly publish the transposition of Annex 3B (Product-Specific Rules) in the nomenclature of the revised HS Code.

5. This Chapter may be reviewed and modified in accordance with Article 6 (Amendments) of Chapter 21 (Final Provisions) as and when necessary, upon request of a Party, and subject to the agreement of the Parties, and may be open to such reviews and modifications as may be agreed upon by the FTA Joint Committee.

(a) the requirements for an application for an advance ruling, including the information to be provided and the format;

(b) the time period by which it will issue an advance ruling; and

(c) the length of time for which an advance ruling is valid.

10. Each Party may make publicly available any information on advance rulings which it considers to be of significant interest to other interested parties, taking into account the need to protect commercially confidential information.

11. Preshipment Inspection

1. No Party shall require the use of preshipment inspections in relation to tariff classification and customs valuation.

2. Without prejudice to the rights of any Party to use other types of preshipment inspection not referred to in Paragraph 1, each Party is encouraged not to introduce or apply new requirements regarding their use.

3. Paragraph 2 refers to preshipment inspections covered by the Agreement on Preshipment Inspection, and does not preclude preshipment inspections for sanitary and phytosanitary purposes.

12. Pre-arrival Processing

1. Each Party shall adopt or maintain procedures allowing for the submission of documents and other information required for the importation of goods, in order to begin processing prior to the arrival of the goods with a view to expediting the release of the goods upon arrival.

2. Each Party shall provide, as appropriate, for advance lodging of documents and other information referred to in Paragraph 1 in electronic format for pre-arrival processing of such documents.

13. Single Window

1. Each Party shall, to the extent possible, establish or maintain a single window, enabling traders to submit clear and readable electronic copies of documentation and/or data requirements for importation, exportation or transit of goods through a single-entry point to the participating authorities or agencies. After the examination by participating authorities or agencies of the documentation or data, the results shall be notified to the applicants through the single window in a timely manner.
2. In cases where documentation or data requirements have already been received through the single window, the same documentation or data requirements shall not be requested by participating authorities or agencies except in urgent circumstances or in accordance with other limited exceptions which are made public.
3. Each Party shall adopt or maintain procedures to determine duties and taxes upon the submission of a customs declaration and to allow collection of payment electronically upon approval of a customs declaration.
4. In implementing initiatives related to this Article, each Party shall take into account the relevant standards and best practices recommended by the World Customs Organization and other international organisations, taking into consideration the available infrastructure and capabilities of each Party.
5. The Parties are encouraged to co-operate in relation to exchanging trade-related electronic documents according to their respective laws and regulations through the single window.

14. Valuation

The Parties shall determine the customs value of goods traded among them in accordance with the provisions of the Customs Valuation Agreement.

15. Trade Facilitation Measures for Authorised Operators

1. Each Party shall provide additional trade facilitation measures related to import, export or transit formalities and procedures, pursuant to Paragraph 3, to operators who meet specified criteria (the "authorised operators"). Alternatively, a Party may offer such trade facilitation measures through customs procedures generally available to all operators and is not required to establish a separate scheme.
2. The specified criteria to qualify as an authorised operator shall be related to compliance, or the risk of non-compliance, with requirements specified in a Party's laws, regulations or procedures.
 - (a) Such criteria, which shall be published, may include:
 - (i) an appropriate record of compliance with customs and other related laws and regulations;
 - (ii) a system of managing records to allow for necessary internal controls;
 - (iii) financial solvency, including, where appropriate, provision of a sufficient security or guarantee; and
 - (iv) supply chain security.
 - (b) Such criteria shall not:
 - (i) be designed or applied so as to afford or create arbitrary or unjustifiable discrimination between operators where the same conditions prevail; and
 - (ii) to the extent possible, restrict the participation of MSMEs.
3. The trade facilitation measures provided pursuant to Paragraph 1 shall include at least three of the following measures:
 - (1)

(g) clearance of goods at the premises of the authorised operator or another place authorised by a customs authority.

4. Each Party is encouraged to develop an authorised operator scheme on the basis of international standards, where such standards exist, except when such standards would be an inappropriate or ineffective means for the fulfilment of the legitimate objectives pursued.

5. In order to enhance the trade facilitation measures provided to authorised operators, each Party shall afford to the other Parties the possibility of negotiating mutual recognition of authorised operator schemes.

6. The Parties are encouraged to co-operate, where appropriate, in developing their respective authorised operator schemes using the contact points in Article 24 (Consultation) and the relevant AANZFTA body through the following:

(a) exchanging information on such schemes and on initiatives to introduce new schemes;

(b) sharing perspectives on business views and experiences, and best practices in business outreach;

(c) sharing information on approaches to mutual recognition of such schemes; and

(d) considering ways to enhance the benefits of such schemes to promote trade, and, in the first instance, to designate customs officers as coordinators for authorised operators to resolve customs issues.

(1) A measure listed in Paragraph 3(a) to (g) that is generally available to all operators will be deemed to be provided to authorised operators.

16. Release of Goods

1. Each Party shall adopt or maintain procedures that:

(a) provide for the release of goods within a period of time no greater than that required to ensure compliance with its laws and regulations;

(b) provide, to the extent possible, for goods to be released within 48 hours of arrival and lodgment of all necessary information for customs clearance; and

(c) allow the release of imported goods prior to the final determination by its customs authority of the applicable customs duties, other duties and taxes, provided that the good is otherwise eligible for release from customs and that all other regulatory requirements have been met.

2. Notwithstanding Paragraph 1(c), each Party may, in accordance with its laws and regulations, require the importer to provide:

(a) a guarantee; or

(b) payment of customs duties, taxes, fees and charges determined prior to or upon arrival of goods and a guarantee for any amount not yet determined in the form of a surety, a deposit or another appropriate instrument.

3. If a Party allows for the release of goods conditioned on a guarantee, according to its laws and regulations, it shall adopt or maintain procedures that:

(a) ensure that the amount of any guarantee is no greater than that required to ensure that obligations arising from the importation of the goods will be fulfilled; and

(b) ensure that any guarantee shall be discharged as soon as possible after its customs authority is satisfied that the obligations arising from the importation of the goods have been fulfilled.

4. Nothing in this Article shall affect the right of a Party to examine, detain, seize, confiscate or deal with goods in any manner consistent with its laws and regulations.

17. Express Consignments

1. Each Party shall adopt or maintain customs procedures to expedite the clearance of express consignments for at least those goods entered through air cargo facilities while maintaining appropriate customs control and selection, (2) by:

- (b) permitting, to the extent possible, the single submission of information covering all goods contained in an express consignment, through electronic means;
- (c) minimising the documentation required for the release of express consignments;
- (d) providing for express consignment to be released under normal circumstances as rapidly as possible, and within six hours when possible, after the arrival of the goods and submission of the information required for release;
- (e) endeavouring to apply the treatment in Subparagraphs (a) to (d) to shipments of any weight or value recognising that a Party is permitted to require additional entry procedures, including declarations and supporting documentation and payment of duties and taxes, and to limit such treatment based on the type of good, provided that the treatment is not limited to low value goods such as documents; and
- (f) providing, to the extent possible, for a de minimis shipment value or dutiable amount for which customs duties and taxes will not be collected, aside from certain prescribed goods. Internal taxes, such as value added taxes and excise taxes, applied to imports consistently with Article III of GATT 1994, shall not be subject to this provision.

2. Nothing in Paragraph 1 shall affect the right of a Party to examine, detain, seize, confiscate or refuse the entry of goods, or to carry out post-clearance audits, including in connection with the use of risk management systems. Further, nothing in Paragraph 1 shall prevent a Party from requiring, as a condition for release, the submission of additional information and the fulfilment of non-automatic licensing requirements.

(2) In cases where a Party has an existing procedure that provides the treatment in this Article, this provision would not require that Party to introduce separate expedited release procedures.

18. Perishable Goods

1. With a view to preventing avoidable loss or deterioration of perishable goods, and provided all regulatory requirements have been met, each Party shall:

- (a) provide for the release of perishable goods, to the extent possible, within six hours of the arrival of the goods and the submission of the necessary customs information; and
- (b) provide for the release of perishable goods, in exceptional circumstances where it would be appropriate to do so, outside the business hours of its customs authority.

2. Each Party shall give appropriate priority to perishable goods when scheduling any examinations that may be required.

3. Each Party shall either arrange or allow an importer to arrange for the proper storage of perishable goods pending their release. (3) Each Party may require that any storage facilities arranged by the importer have been approved or designated by its relevant authorities. The movement of the goods to those storage facilities, including authorisations for the operator moving the goods, may be subject to the approval, where required, of the relevant authorities.

4. Each Party shall, where practicable and consistent with its laws and regulations, on request of the importer, provide for the release to take place at those storage facilities.

(3) This requirement can be relaxed for a Party until it has met its obligations under the Agreement on Trade Facilitation.

19. Facilitation of Essential Goods During Humanitarian Crises, Epidemics or Pandemics

1. Each Party shall, to the extent permitted by its laws and regulations, expedite and facilitate the movement, release and clearance, including transit through its exit or entry points, of all essential goods.

2. Each Party shall, to the extent permitted by its laws and regulations, expedite the release of essential goods upon arrival, including by adopting or maintaining procedures allowing for the submission of import documentation and other required information, including manifests, prior to the arrival of the essential goods, in order to allow the processing of such documentation and information to begin prior to the arrival of the essential goods.

3. Each Party shall, to the extent permitted by its laws and regulations, clear essential goods using documents received through electronic means during a humanitarian crisis, epidemic or pandemic.

20. Risk Management

1. Each Party shall adopt or maintain a risk management system for assessment and targeting that enables its customs authority to focus its inspection activities on high-risk consignments and expedite the release of low-risk consignments. Each Party may also select, on a random basis, consignments for such inspection activities as part of its risk management.

2. Each Party shall design and apply risk management in a manner so as to avoid arbitrary or unjustifiable discrimination, or a disguised restriction on international trade.

3. Each Party shall base risk management on an assessment of risk through appropriate selectivity criteria. Such selectivity criteria may include the HS Code, nature and description of the goods, country of origin, country from which the goods were shipped, value of the goods, compliance record of traders and means of transport.

21. Post-Clearance Audit

1. With a view to expediting the release of goods, each Party shall adopt or maintain post-clearance audit to ensure compliance with its customs and other related laws and regulations.

2. Each Party shall select a person or a consignment for post-clearance audit in a risk-based manner, which may include appropriate selectivity criteria. Each Party shall conduct post-clearance audits in a transparent manner. Where the person is involved in the audit process and conclusive results have been achieved, the Party shall, without delay, notify the person whose record was audited of the results, the person's rights and obligations and the reasons for the results.

3. The Parties acknowledge that the information obtained in post-clearance audit may be used in further administrative or judicial proceedings.

4. Each Party shall, wherever practicable, use the result of post-clearance audit in applying risk management.

22. Time Release Studies

1. Each Party is encouraged to measure the time required for the release of goods by its customs authority periodically and in a consistent manner, and to publish the findings thereof, using tools such as the Guide to Measure the Time Required for the Release of Goods issued by World Customs Organization with a view to assessing its trade facilitation measures and considering opportunities for further improvement of the time required for the release of goods.

2. Each Party is encouraged to share with the other Parties its experiences in the time release studies referred to in Paragraph 1, including methodologies used and bottlenecks identified.

23. Review and Appeal

1. Each Party shall provide that any person to whom its customs authority issues an administrative decision (4) has the right, within its territory, to:

(a) an administrative appeal to or review by an administrative authority higher than or independent of the official or office that issued the decision; and

(b) a judicial appeal or review of the decision. (5)

2. The legislation of a Party may require that an administrative appeal or review be initiated prior to a judicial appeal or review.

3. Each Party shall ensure that its procedures for appeal or review are carried out in a non-discriminatory manner.

(4) For the purposes of this Article, "administrative decision" means a decision with a legal effect that affects the rights and obligations of a specific person in an individual case. It shall be understood that an administrative decision for the purposes of this Article covers an administrative action within the meaning of Article X of the GATT 1994 or failure to take an administrative action or decision as provided for in a Party's laws and regulations. For addressing such failure, each Party may maintain an alternative administrative mechanism or judicial recourse to direct the customs authority to promptly issue an administrative decision in place of the right to appeal or review under Subparagraph 1(a).

(5) Brunei Darussalam may comply with this paragraph by establishing or maintaining an independent body to provide impartial review of the determination.

4. Each Party shall ensure that, in a case where the decision on appeal or review under Subparagraph 1(a) is not given either:

(a) within set periods as specified in its laws or regulations; or

(b) without undue delay,

the petitioner has the right to either further appeal to, or further review by, the administrative authority or the judicial authority or any other recourse to the judicial authority. (6)

5. Each Party shall ensure that the person referred to in Paragraph 1 is provided with the reasons for the administrative decision to enable that person to have recourse to procedures for appeal or review, where necessary.

6. Each Party is encouraged to make the provisions of this Article applicable to an administrative decision issued by a relevant border agency other than its customs authority.

(6) Nothing in this Paragraph shall prevent a Party from recognising administrative silence on appeal or review as a decision in favour of the petitioner in accordance with its laws and regulations.

24. Consultation

1. A Party may, at any time, request consultations with any other Party regarding any significant customs matter arising from the operation or implementation of this Chapter, providing relevant details related to the matter. Such consultations shall be conducted through the Parties' designated contact points and shall commence within 30 days following the date of the receipt of the request, unless the Parties mutually determine otherwise.

2. In the event that such consultations fail to resolve the matter, the requesting Party may refer the matter to the Committee on Trade in Goods.

3. Each Party shall designate one or more contact points for the purposes of this Chapter. Information on the contact points shall be provided to the other Parties and any change to that information shall be notified promptly.

3. Imposition of a Safeguard Measure

If, as a result of the reduction or elimination of a customs duty under this Agreement, an originating good of another Party or Parties is being imported into the territory of a Party during the transitional safeguard period for that good in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to cause or threaten to cause serious injury to a domestic industry that produces like or directly competitive goods, that Party may:

- (a) suspend the further reduction of any rate of customs duty provided for under this Agreement on the good; or
- (b) increase the rate of customs duty on the good to a level not exceeding the lesser of:
 - (i) the most-favoured-nation applied rate of duty on the good in effect at the time the action is taken; or
 - (ii) the most-favoured-nation applied rate of duty on the good in effect on the day immediately preceding the date of entry into force of this Agreement.

4. Investigation

1. A Party shall take a safeguard measure only following an investigation by that Party's competent authorities in accordance with the same procedures as those provided for in Article 3 and Article 4.2 of the Safeguards Agreement; and to this end, Article 3 and Article 4.2 of the Safeguards Agreement shall be incorporated into and shall form part of this Agreement, mutatis mutandis.

2. Each Party shall ensure that its competent authorities complete any such investigation expeditiously and, in any event, within one year following the date of its initiation.

5. Notification

1. A Party shall immediately notify the other Parties, in writing, on:

(a) initiating an investigation under Article 4 (Investigation);

(b) making a finding of serious injury or threat thereof caused by increased imports of an originating good of another Party or Parties resulting from the reduction or elimination of a customs duty on that originating good;

(c) taking a decision to apply or extend a safeguard measure;

(d) taking a decision to progressively liberalise an existing safeguard measure; or

(e) applying a provisional measure.

2. A Party shall provide promptly to the other Parties a copy of the public version of the report of its competent authorities required under Article 4 (Investigation).

3. In making a notification pursuant to Paragraph 1(c), the Party applying or extending a safeguard measure shall provide the other Parties with evidence of serious injury or threat of serious injury caused by increased imports of an originating good of another Party or Parties as a result of the reduction or elimination of a customs duty pursuant to this Agreement. Such notification shall include:

(a) a precise description of the originating good subject to the proposed safeguard measure including its heading or subheading under the HS Code, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based;

(b) a precise description of the proposed safeguard measure; and

(c) the proposed date of the safeguard measure's introduction, its expected duration, and a timetable for progressive liberalisation of the measure, if applicable. In the case of an extension of a measure, evidence that the domestic industry concerned is adjusting shall also be provided.

Upon request, the Party applying or extending a safeguard measure shall provide additional information as another Party or Parties may consider necessary.

4. A Party proposing to apply or extend a safeguard measure shall provide adequate opportunity for prior consultations with those Parties which would be affected by the safeguard measure with a view to reviewing the information provided under Paragraphs 2 and 3 arising from the investigation referred to in Article 4 (Investigation), exchanging views on the safeguard measure and reaching an agreement on compensation as set forth in Article 8 (Compensation).

5. Where a Party applies a provisional measure referred to in Article 7 (Provisional Safeguard Measures), on request of another Party or Parties, consultations shall be initiated immediately after such application.

6. The provisions on notification in this Chapter shall not require a Party to disclose confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or would prejudice the legitimate commercial interests of particular enterprises, public or private.

6. Scope and Duration of Transitional Safeguard Measures

1. A Party may not maintain a safeguard measure:

(a) except to the extent, and for such time, as may be necessary to prevent or remedy serious injury and to facilitate adjustment;

(b) for a period exceeding two years, except that the period may be extended by up to one year if the competent authorities of that Party determine, in conformity with the procedures referred to in Article 4 (Investigation), that the safeguard measure continues to be necessary to prevent or remedy serious injury and to facilitate adjustment and that there is evidence that the industry is adjusting; or

(c) for a period exceeding three years, including any extension.

2. A safeguard measure shall not be applied against an originating good of a Party which is an ASEAN Member State, as long as its share of imports of the good concerned in the importing Party does not exceed three per cent of the total imports from the other Parties, provided that those Parties with less than three per cent import share collectively account for not more than nine per cent of total imports of the good concerned from the other Parties.
3. Where the expected duration of the safeguard measure is over one year, the importing Party shall ensure that the safeguard measure is progressively liberalised at regular intervals during the period of application.
4. When a Party terminates a safeguard measure on a good, the rate of customs duty for that good shall be no higher than the rate that, according to the Party's schedule of tariff commitments in Annex 1 (Schedules of Tariff Commitments), would have been in effect as if the safeguard measure had never been applied.
5. Regardless of its duration or whether it has been subject to extension, a safeguard measure on a good shall terminate following the end of the transitional safeguard period for such good.
6. No safeguard measure shall be applied again to the import of a particular originating good which has been subject to such a safeguard measure, for a period of time equal to the duration of the previous safeguard measure, or two years, whichever is longer.
7. A Party shall not apply a safeguard measure to an originating good imported up to the limit of quota quantities granted under tariff rate quotas applied in accordance with its schedule of tariff commitments in Annex 1 (Schedules of Tariff Commitments).

7. Provisional Safeguard Measures

1. In critical circumstances, where delay would cause damage which would be difficult to repair, a Party may take a provisional measure, pursuant to a preliminary determination that there is clear evidence that increased imports of an originating good from another Party or Parties have caused or are threatening to cause serious injury to a domestic industry.
2. The duration of such a provisional measure shall not exceed 200 days, during which time the relevant requirements of Article 2 (Definitions), Article 3 (Imposition of a Safeguard Measure), Article 4 (Investigation), Article 5 (Notification) and Article 6 (Scope and Duration of Transitional Safeguard Measures) shall be met. The duration of any provisional measure shall be counted as part of the initial period and any extension as referred to in Article 6 (Scope and Duration of Transitional Safeguard Measures).
3. The customs duty imposed as a result of the provisional measure shall be refunded if the subsequent investigation referred to in Article 4 (Investigation) does not determine that increased imports of the originating good have caused or threatened to cause serious injury to a domestic industry.

8. Compensation

1. The Party proposing to apply a safeguard measure shall, in consultation with the exporting Party or Parties who would be affected by such a measure, provide to that Party or Parties mutually agreed adequate means of trade compensation in the form of substantially equivalent level of concessions or other obligations to that existing under this Agreement between the Party applying the safeguard measure and the exporting Party or Parties who would be affected by such a measure.
2. In seeking compensation under Paragraph 1 for a safeguard measure, if the Parties mutually agree, they may hold consultations in the Committee on Trade in Goods established pursuant to Article 19 (Committee on Trade in Goods) of Chapter 2 (Trade in Goods) to determine the substantially equivalent level of concessions to that existing under this Agreement between the Party taking the safeguard measure and the exporting Party or Parties who would be affected by such a measure prior to any suspension of equivalent concessions. Any proceedings arising from such consultations shall be completed within 30 days from the date on which the safeguard measure was applied.
3. If no agreement on the compensation is reached within the time frame specified in Paragraph 2, the Party or Parties against whose originating good the measure is applied may suspend the application of substantially equivalent concessions to the trade of the Party applying the safeguard measure. The Party or Parties may suspend the concessions only for the minimum period necessary to achieve the substantially equivalent effects and only while the safeguard measure is maintained. The right of suspension provided for in this Paragraph shall not be exercised for the first two years that a safeguard measure is in effect, provided that the safeguard measure has been applied as a result of an absolute increase in imports and that such a safeguard measure conforms to this Chapter.

4. A Party shall notify the other Parties in writing at least 30 days before suspending concessions under Paragraph 3.

5. The obligation to provide compensation under Paragraph 1 and the right to suspend substantially equivalent concessions under Paragraph 3 shall terminate on the termination of the safeguard measure.

9. Relationship to the WTO Agreement

1. Each Party retains its rights and obligations under Article XIX of GATT 1994, the Safeguards Agreement and Article 5 of the Agreement on Agriculture. This Agreement does not confer any additional rights or obligations on the Parties with regard to global safeguard measures.

2. A Party shall not apply a safeguard measure or provisional measure, as provided in Article 6 (Scope and Duration of Transitional Safeguard Measures) or Article 7 (Provisional Safeguard Measures) on a good that is subject to a measure that the Party has applied pursuant to Article XIX of GATT 1994 and the Safeguards Agreement, the Agreement on Agriculture or any other relevant provisions in the WTO Agreement, nor shall a Party continue to maintain a safeguard measure or provisional measure on a good that becomes subject to a measure that the Party applies pursuant to Article XIX of GATT 1994 and the Safeguards Agreement, the Agreement on Agriculture or any other relevant provisions in the WTO Agreement.

3. A Party considering the imposition of a global safeguard measure on an originating good of another Party or Parties shall initiate consultations with that Party or Parties as far in advance of taking such measure as practicable.

2. Article 4 (National Treatment), Article 5 (Market Access), Article 9 (Most-Favoured-Nation Treatment) and Article 10 (Local Presence) shall not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors or activities set out in List B of its Schedule in Annex 3 (Schedules of Reservations and Non-Conforming Measures for Investment and Services).

1. A Party may modify or withdraw any commitment in its schedule of specific commitments in Annex 2 (Schedules of Specific Commitments for Services) or Annex 4 (Schedules of Specific Commitments on the Movement of Natural Persons), at any time after three years have elapsed from the date on which this Agreement enters into force, in accordance with the procedures set out in Article XXI of GATS, mutatis mutandis, and the Procedures for the Implementation of Article XXI of GATS set out in WTO document S/L/80 of 29 October 1999 (the GATS Article XXI Procedures), mutatis mutandis, as amended from time to time.

2. For the avoidance of doubt, references in Article XXI of GATS and the GATS Article XXI Procedures to the "Secretariat" and the "Council for Trade in Services" shall each be read as references to the FTA Joint Committee.

14. Domestic Regulation

1. Each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, on request of an affected service supplier, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. Nothing in Paragraph 2 shall be construed to require a Party to institute such tribunals or procedures where this would be inconsistent with its constitutional structure or the nature of its legal system.

4. If the results of the negotiations related to Paragraph 4 of Article VI of GATS enter into effect, the Parties shall review the results of such negotiations and shall amend this Article as appropriate, after consultation among the Parties to bring the results of such negotiations into effect under this Chapter.

5. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures, do not constitute unnecessary barriers to trade in services, while recognising the right to regulate and to introduce new regulations on the supply of services in order to meet its policy objectives, each Party shall endeavour to ensure that any such measures that it adopts or maintains are:

(a) based on objective and transparent criteria, such as competence and the ability to supply the service;

(b) not more burdensome than necessary to ensure the quality of the service; and

(c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

6. In determining whether a Party is in conformity with its obligations under Paragraph 5(a), international standards of relevant international organisations (10) applied by that Party shall be taken into account.

7. Where a Party requires authorisation for the supply of a service it shall ensure that its competent authorities:

(a) ensure that any authorisation fees charged for the completion of relevant application procedures are reasonable, transparent, and do not in themselves restrict the supply of a service. For the purposes of this Subparagraph, authorisation fees do not include fees for the use of natural resources, payment for auction, tendering, or other non-discriminatory means of awarding concessions, or mandated contributions to universal services provision;

(b) within a reasonable period of time after the submission of an application considered complete under its laws and regulations, inform the applicant of the decision concerning the application;

(c) to the extent practicable, establish an indicative time frame for processing of an application;

(f) if an application is terminated or denied, to the extent possible and without undue delay, inform the applicant in writing

the reasons for such action. The applicant will have the possibility of resubmitting, at its discretion, a new application;

(g) to the extent permissible under its laws and regulations, do not require physical presence in the territory of a Party for the submission of an application for a licence or qualification;

(h) endeavour to accept applications in electronic format under the equivalent conditions of authenticity as paper submissions, in accordance with its laws and regulations; and

(i) where they deem appropriate, accept copies of documents authenticated in accordance with its laws and regulations, in place of original documents.

8. Each Party shall provide adequate procedures to verify competence of professionals of another Party. If licensing or qualification requirements include the completion of an examination, each Party shall, to the extent practicable, ensure that:

(a) the examination is scheduled at reasonable intervals; and

(b) a reasonable period of time is provided to enable interested persons to submit an application.

9. Each Party shall, subject to its laws and regulations, permit service suppliers of the other Parties to use without undue restrictions, the business names under which they trade in the territory of that other Party.

Application Time Frames

10. If a Party requires authorisation for the supply of a service, it shall endeavour to ensure that its competent authorities, to the extent practicable and subject to its laws and regulations, permit submission of an application at any time throughout the year. (11) If a specific time period for applying exists, the Party shall ensure that the competent authorities allow a reasonable period for the submission of an application. (12)

11. Paragraphs 1 to 10 shall not apply to a sector or measure to the extent that such sector or measure is not subject to Article 4 (National Treatment) or Article 5 (Market Access) by reason of a Party's commitments made in accordance with either Article 11 (Schedules of Specific Commitments) or Article 12 (Schedules of Non-Conforming Measures).

(10) "Relevant international organisations" refers to international bodies whose membership is open to the relevant bodies of all the Parties.

(11) Competent authorities are not required to start considering applications outside of their official working hours and working days.

(12) Notwithstanding this Paragraph, Least Developed Country Parties are not obliged to apply this Paragraph for two years after the date of entry into force of the Second Protocol.

15. Transparency

1. The Parties recognise that transparent measures governing trade in services are important in facilitating the ability of service suppliers to gain access to, and operate in, each other's markets. Each Party shall promote regulatory transparency in trade in services.

Publication

2. Each Party shall publish promptly and, except in emergency situations, at the latest by the time of their entry into force:

(a) all relevant measures of general application affecting trade in services; and

(b) all international agreements pertaining to, or affecting, trade in services to which a Party is a signatory.

3. To the extent possible, each Party shall make the measures and international agreements of the kind referred to in Paragraph 2 available on the internet.

4. Where publication referred to in Paragraphs 2 and 3 is not practicable, such information (13) shall be made otherwise publicly available.

5. To the extent provided for under its legal framework, each Party shall endeavour to provide a reasonable opportunity for comments by interested persons of the Parties on measures referred to in Paragraph 2(a) before adoption.

6. Each Party shall designate a contact point to facilitate communications among the Parties on any matter covered by this Chapter. Upon the request of another Party, the contact point shall:

(a) identify the office or official responsible for the relevant matter; and

(b) assist as necessary in facilitating communications with the requesting Party with respect to that matter.

7. Each Party shall respond promptly to all requests by any other Party for specific information on:

(a) any measures referred to in Paragraph 2(a) or international agreements referred to in Paragraph 2(b); and

(b) any new, or any changes to existing, laws, regulations or administrative guidelines which significantly affect trade in services covered by the Party's commitments under this Chapter, whether or not the other Party has been previously notified of the new or changed law, regulation or administrative guideline.

(13) For greater certainty, such information may be published in each Party's chosen language.

16. Development and Application of Regulations

Administrative Processes

1. With a view to administering in a consistent, impartial and reasonable manner its laws, regulations, procedures and administrative rulings of general application affecting trade in services, each Party shall ensure that its administrative agencies, in applying such laws, regulations, procedures and administrative rulings to particular services or service suppliers of another Party in specific cases through administrative processes, including adjudication, rule-making, licensing, determination and approval processes:

(a) to the extent provided under its legal framework, and where possible, provide service suppliers of the other Party that are directly affected by an administrative process with reasonable notice that the process is taking place;

(b) to the extent provided under its legal framework, endeavour to afford such service suppliers with reasonable opportunity to present facts and arguments in support of their positions prior to any final administrative action, when time, the nature of the process and the public interest permit; and

(c) follow procedures that are in accordance with its laws.

Review and Appeal

2. Each Party shall maintain judicial, arbitral or administrative tribunals or procedures for the purpose of the prompt review, (14) and, where warranted, correction of final administrative actions resulting from the processes covered by Paragraph 1. Where such procedures or tribunals are not independent of the agency entrusted with the administrative action concerned, each Party shall ensure that the tribunals or procedures provide for an objective and impartial review.

3. Each Party shall ensure that, in any such tribunal or under any such procedures, the parties to any proceedings are provided with the right to:

(a) a reasonable opportunity to support or defend their respective positions; and

(b) a decision in accordance with the Party's laws.

4. Each Party shall ensure, subject to appeal or further review as provided in its laws, that any decision referred to in Paragraph 3(b) shall be implemented in accordance with its laws.

(14) For avoidance of doubt, "review" includes merits review only where provided for under the Party's laws.

17. Disclosure of Confidential Information

Nothing in this Chapter shall be construed as requiring a Party to provide to the other Parties confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or which would prejudice the legitimate commercial interests of particular juridical persons, public or private.

18. Monopolies and Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with that Party's obligations under Article 4 (National Treatment) and Article 5 (Market Access).

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's specific commitments, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.

3. If a Party has a reason to believe that a monopoly supplier of a service of any other Party is acting in a manner inconsistent with Paragraph 1 or 2, it may request the Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations.

4. This Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:

(a) authorises or establishes a small number of service suppliers; and

(b) substantially prevents competition among those suppliers in its territory.

19. Business Practices

1. The Parties recognise that certain business practices of service suppliers, other than those falling under Article 18 (Monopolies and Exclusive Service Suppliers), may restrain competition and thereby restrict trade in services.

2. Each Party shall, at the request of any other Party, enter into consultations with a view to eliminating practices referred to in Paragraph 1. The requested Party shall accord full and sympathetic consideration to such a request and shall co-operate through the supply of publicly available non-confidential information available to the requesting Party. The requested Party may also provide other information available to the requesting Party, subject to its laws and to the conclusion of a satisfactory agreement concerning the safeguarding of its confidentiality by the requesting Party.

20. Recognition

1. For the purpose of the fulfilment, in whole or in part, of its standards or criteria for the authorisation, licensing or certification of service suppliers, and subject to the requirements of Paragraph 4, a Party may recognise the education or experience obtained, requirements met, or licences or certifications granted in a particular country. Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement with the country concerned or may be accorded autonomously.

2. A Party that is a party to an agreement or arrangement of the type referred to in Paragraph 1, whether existing or future, shall afford adequate opportunity for the other Parties, upon request, to negotiate their accession to such an agreement or arrangement, or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for any other Party to demonstrate that education, experience, licences, or certifications obtained or requirements met in that other Party's territory should be recognised.

3. Nothing in Article 9 (Most-Favoured-Nation Treatment) shall be construed to require any Party to accord such recognition to the education or experience obtained, requirements met, or licences or certifications granted in another Party.

4. A Party shall not accord recognition in a manner which would constitute a means of discrimination between other Parties in the application of its standards or criteria for the authorisation, licensing or certification of service suppliers, or a disguised restriction on trade in services.

5. Where appropriate, recognition should be based on multilaterally agreed criteria. In appropriate cases, Parties shall work in co-operation with relevant inter-governmental and non-governmental organisations towards the establishment and adoption of common international standards and criteria for recognition and common international standards for the practice of relevant services trades and professions.

6. As set out in Annex 8C (Professional Services), each Party shall endeavour to facilitate trade in professional services, including through encouraging relevant bodies in its territory to enter into negotiations for agreements or arrangements on recognition.

21. Payments and Transfers

1. Except under the circumstances envisaged in Article 4 (Measures to Safeguard the Balance of Payments) of Chapter 18 (General Provisions and Exceptions), a Party shall not apply restrictions on international transfers or payments for current transactions relating to its commitments.

2. Nothing in this Chapter shall affect the rights and obligations of a Party as a member of the IMF under the IMF Articles of Agreement, as may be amended, including the use of exchange actions which are in conformity with the IMF Articles of Agreement as may be amended, provided that the Party shall not impose restrictions on any capital transactions inconsistently with its commitments under this Chapter regarding such transactions, except under Article 4 (Measures to Safeguard the Balance of Payments) of Chapter 18 (General Provisions and Exceptions) or on request of the IMF.

22. Subsidies

1. Notwithstanding Article 2.3(b) (Scope), the Parties shall review the issue of disciplines on subsidies related to trade in services in light of any disciplines agreed under Article XV of GATS with a view to their incorporation into this Chapter.

2. A Party which considers that it is adversely affected by a subsidy of another Party related to trade in services may request consultations with that other Party on such matters. The requested Party shall accord sympathetic consideration to such a request.

3. No Party shall have recourse to dispute settlement under Chapter 20 (Consultations and Dispute Settlement) for any request made or consultations held under this Article, or any other dispute arising under this Article.

23. Safeguard Measures

1. The Parties note the multilateral negotiations pursuant to Article X of GATS on the question of emergency safeguard measures based on the principle of non-discrimination. Upon the conclusion of such multilateral negotiations, the Parties shall conduct a review for the purpose of discussing appropriate amendments to this Agreement so as to incorporate the results of such multilateral negotiations.

2. In the event that the implementation of the commitments made in this Agreement causes a substantial adverse impact to a service sector of a Party before the conclusion of the multilateral negotiations referred to in Paragraph 1, the affected Party may request consultations with the other Party or Parties. The requested Party or Parties shall enter into consultations with the requesting Party on the commitments that the requested Party or Parties consider may have caused the substantial adverse impact and on the possibility of the requesting Party adopting any measure to alleviate such impact. The requesting Party shall notify all the other Parties of its request for consultations under this Paragraph.

3. Any measures taken pursuant to Paragraph 2 shall be mutually agreed by the Parties concerned.

4. The consulting Parties shall notify the results of the consultations to all other Parties as soon as practicable and by no later than the next meeting of the Committee on Trade in Services (the "Services Committee") established pursuant to Article 28 (Committee on Trade in Services) following the conclusion of consultations.

 - (ii) by a person of a non-Party which operates or uses the vessel in whole or in part.

2. A Party may deny the benefit of this Chapter to a service supplier of another Party, if the service supplier is a juridical person owned or controlled by persons of a non-Party, and the denying Party adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the juridical person or that would be violated or circumvented if the benefits of this Chapter were accorded to the juridical person.

26. Treatment and Protection of Commercial Presence

1. Chapter 11 (Investment) shall not apply to measures adopted or maintained by a Party to the extent that they are covered by this Chapter.

2. Notwithstanding Paragraph 1, Article 5 (Senior Management and Board of Directors), (15) Article 7 (Treatment of Investment), Article 8 (Compensation for Losses), Article 9 (Transfers), Article 10 (Expropriation and Compensation), Article 11 (Subrogation), and Section B (Investment Disputes between a Party and an Investor) of Chapter 11 (Investment), shall apply, mutatis mutandis, to any measure affecting the supply of a service by a service supplier of a Party through commercial presence in the territory of any other Party, but only to the extent that any such measure relates to a covered investment within the meaning of Chapter 11 (Investment), and an obligation under Chapter 11 (Investment).

1. The Parties shall strengthen co-operation efforts in sectors, including sectors which are not covered by current co-operation arrangements. The Parties shall discuss and agree on the sectors for co-operation and develop co-operation programmes in these sectors in order to improve their domestic services capacity and their efficiency and competitiveness.

2. The Parties shall strengthen co-operation on the treatment and protection of commercial presence, including initiating discussions to better understand the implications of cross-applying prohibition of performance requirements in Chapter 11 (Investment) to this Chapter. The Parties shall explore the possibility of capacity building initiatives in this area where relevant.

3. The Parties shall strengthen co-operation on domestic regulations pertaining to trade in services by initiating discussions with a view to enhance the ease of doing business in the region. The Parties shall consider relevant developments at other multilateral platforms, such as the World Trade Organisation's Joint Initiative on Services Domestic Regulation, including provisions in the areas of submission of applications and independence.

4. The Parties shall strengthen co-operation in education services, as set out in Annex 8D (Education Services Co-operation).

A Party may recognise prudential measures of any international standard-setting body, another Party or a non-Party in determining how the Party's measures relating to financial services shall be applied. (3) Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement with the international standard-setting body, another Party or a non-Party concerned, or may be accorded autonomously.

3. Each Party shall ensure that measures of general application adopted or maintained by a Party are promptly published or otherwise made publicly available. (4)

For greater certainty, nothing in this Annex shall be construed to prevent a Party from adopting or enforcing measures necessary to secure compliance with laws or regulations that are not inconsistent with this Annex, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between Parties or between Parties and non-Parties where like conditions prevail, or a disguised restriction on investment in financial institutions or trade in financial services.

2. For greater certainty, in accordance with Article 1.2(a) (Scope) of this Annex, Chapter 8 (Trade in Services) and Chapter 11 (Investment) shall not apply to activities conducted by a central bank or monetary authority or by any other public entity in pursuit of monetary or exchange rate policies within the territory of each Party.

3. Nothing in Chapter 8 (Trade in Services) and Chapter 11 (Investment) shall apply to non-discriminatory measures of general application taken by any public entity in pursuit of related credit policies. This paragraph shall not affect a Party's obligations under Article 6 (Prohibition of Performance Requirements) of Chapter 11 (Investment) with respect to measures covered by Chapter 11 (Investment), under Article 9 (Transfers) of Chapter 11 (Investment) or Article 21 (Payments and Transfers) of Chapter 8 (Trade in Services).

4. Notwithstanding Article 9 (Transfers) of Chapter 11 (Investment) and Article 21 (Payments and Transfers) of Chapter 8 (Trade in Services), a Party may prevent or limit transfers by a financial institution or financial service supplier to, or for the benefit of, an affiliate of or person related to such institution or supplier, through the equitable, non-discriminatory and good faith application of measures relating to maintenance of the safety, soundness, integrity, or financial responsibility of financial institutions or financial service suppliers. This Paragraph does not prejudice any other provision of this Agreement that permits a Party to restrict transfers.

8. Transfers of Information and Processing of Information

1. A Party shall not take measures that prevent:

(a) transfers of information, including transfers of data by electronic means, necessary for the conduct of the ordinary business of a financial service supplier;

(b) the processing of information necessary for the conduct of the ordinary business of a financial service supplier; or

(c) transfers of equipment necessary for the conduct of the ordinary business of a financial service supplier, subject to importation rules consistent with international agreements.

2. Nothing in Paragraph 1:

(a) restricts the right of a Party to protect personal data, personal privacy and the confidentiality of individual records and accounts including in accordance with its laws and regulations so long as such right shall not be used as a means of avoiding the Party's commitments or obligations under this Agreement;

(b) prevents a regulatory authority of a Party for regulatory or prudential reasons from requiring a financial service supplier in its territory to comply with domestic regulation in relation to data management and storage and system maintenance, as

well as to retain within its territory copies of records; or

(c) shall be construed to require a Party to allow the cross-border supply or the consumption abroad of services in relation to which it has not made commitments, including to allow non-resident suppliers of financial services to supply, as a principal, through an intermediary or as an intermediary, the provision and transfer of financial information and financial data processing referred to in Article 2(b)(xv) (Definitions).

9. Dispute Settlement

1. Chapter 20 (Consultations and Dispute Settlement) shall apply as modified by this Article to the settlement of disputes arising under this Chapter.

2. Arbitrators who are members of arbitral tribunals established pursuant to Chapter 20 (Consultations and Dispute Settlement) for disputes on prudential issues and other financial matters shall have the necessary expertise relevant to the specific financial service under dispute.

3. If a Party claims that a dispute arises under this Chapter, Article 11 (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement) shall apply, except that:

(a) if the Parties to the dispute agree, each arbitrator shall meet the qualifications in Paragraph 4; and

(b) in any other case:

(i) each Party to the dispute shall select arbitrators that meet the qualifications set out in either Paragraph 4 or Article 11(9) (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement); and

(ii) if the responding Party invokes Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions), the chair of the arbitral tribunal shall meet the qualifications set out in Paragraph 4, unless the Parties to the dispute otherwise agree.

4. In addition to the requirements set out in Article 11.9(b) to (e) (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement), arbitrators in disputes arising under this Chapter shall have expertise or experience in financial services law or practice, which may include the regulation of financial institutions.

5. A Party may request the establishment of an arbitral tribunal pursuant to Article 12.2(c) (Investment Disputes in Financial Services) to consider whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to a claim without having to request consultations under Article 6 (Consultations) of Chapter 20 (Consultations and Dispute Settlement). The arbitral tribunal shall endeavour to present its interim report pursuant to the timeframe in Article 13 (Arbitral Tribunal Procedures) of Chapter 20 (Consultations and Dispute Settlement).

6. If a Party seeks to suspend benefits in the financial services sector, an arbitral tribunal that reconvenes to make a determination on the proposed suspension of benefits, in accordance with Paragraph 7 and Article 17 (Compensation and Suspension of Concessions or other Obligations) of Chapter 20 (Consultations and Dispute Settlement), shall seek the views of financial services experts, as necessary.

7. In considering what concessions or other obligations to suspend in accordance with Article 17.6 (Compensation and Suspension of Concessions or other Obligations) of Chapter 20 (Consultations and Dispute Settlement):

(a) (i) if the measure affects the financial services sector and any other sector or sectors, the Complaining Party may suspend its concessions or other obligations in the financial services sector that have an effect equivalent to the effect of the measure in the financial services sector; and

(ii) if the measure only affects a sector or sectors other than the financial services sector, the Complaining Party shall not suspend concessions or other obligations in the financial services sector; and (10)

(b) the Complaining Party shall apply the following principles and procedures:

(i) the Complaining Party should first seek to suspend concessions or other obligations in the same sector or sectors where the arbitral tribunal has determined nullification or impairment to exist;

(ii) If the Complaining Party considers that it is not practicable or effective to suspend concessions or other obligations in the same sector or sectors, and _ that the circumstances are serious enough, it may suspend concessions or other obligations in a different sector or sectors, including the financial services sector. In the notification referred to in Article 17.3 of Chapter 20 (Consultations and Dispute Settlement), the Complaining Party shall also indicate the reasons on which its decision to suspend concessions or other obligations in a different sector or sectors is based; and

(iii) in applying the principles set out in Subparagraph (b)(i) and (ii), the Complaining Party shall take into account:

(A) the trade in the good, the supply of the service or other subject matter in which the arbitral tribunal has found the nullification or impairment, and the importance of that trade to the Complaining Party;

(B) that goods, financial services covered under this Annex and services other than such financial services covered under Chapter 8 (Trade in Services), are each distinct subject matters; and

(C) the broader economic elements related to the nullification or impairment and the broader economic consequences of the suspension of concessions or other obligations.

(10) Subparagraph (a) shall apply to all Parties except Viet Nam and New Zealand. Subparagraph (b) shall only apply in the event Viet Nam or New Zealand is a Complaining Party or Responding Party, in which case it shall apply to all Parties involved.

10. Self-Regulatory Organisations

If a Party requires a financial institution of another Party to be a member of, participate in, or have access to a self-regulatory organisation to provide a financial service in its territory, that Party shall ensure that the self-regulatory organisation observes that Party's obligations under Article 4 (National Treatment) of Chapter 8 (Trade in Services).

11. Payment and Clearing Systems

Under terms and conditions that accord national treatment, each Party shall grant financial institutions of another Party established in its territory access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. This Article is not intended to confer access to the Party's lender of last resort facilities. (11)

(11) For greater certainty, a Party need not grant access under this Article to a financial institution of another Party established in its territory if such access or treatment is not granted to its own like financial institutions.

12. Investment Disputes In Financial Services (12)

1. If an investor of a Party submits a claim to arbitration under Section B of Chapter 11 (Investment) challenging a measure relating to the regulation or supervision of financial institutions, markets or instruments, the expertise or experience of any particular candidate with respect to financial services law or practice shall be taken into account in the appointment of arbitrators to the tribunal.

2. If an investor of a Party submits a claim to arbitration under Section B of Chapter 11 (Investment), and the disputing Party invokes Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) as a defence, the following shall apply.

(a) The disputing Party shall, no later than the date the arbitral tribunal constituted under Chapter 11 (Investment) ("ISDS Tribunal") fixes for the disputing Party to submit its counter-memorial, or in the case of an amendment to the notice of arbitration, the date the ISDS Tribunal fixes for the disputing Party to submit its response to the amendment, submit in writing to the authorities responsible for financial services of the non-disputing Party, as set out in Article 16 (Contact Points), a request for a joint determination by the authorities of the disputing Party and the non-disputing Party on the issue of whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim. The disputing Party shall promptly provide the ISDS Tribunal, if constituted, and the Parties that are not a party to the investment dispute, a copy of the request. The arbitration may proceed with respect to the claim only as provided in Paragraph 4. (13)

(b) If, within 14 days of the date of the receipt of a copy of the request for a joint determination, another Party provides a written notice to the disputing Party and the non-disputing Party indicating its substantial interest in the matter subject to the request, that other Party's authorities responsible for financial services may participate in discussions regarding the matter. The joint determination shall be made by the authorities responsible for financial services of the disputing Party and the non-disputing Party.

(c) The authorities of the disputing Party and the non-disputing Party shall attempt in good faith to make the joint determination specified in Subparagraph (a). Any such determination shall be transmitted promptly to the disputing parties, the Services Committee and, if constituted, to the ISDS Tribunal. The determination shall be binding on the ISDS Tribunal

and any decision or award issued by the ISDS Tribunal must be consistent with that determination.

(d) If the authorities referred to in Subparagraphs (a) and (c) have not made a determination within 150 days of the date of receipt of the disputing Party's written request for a determination under Subparagraph (a), the disputing Party or the non-disputing Party may request the establishment of an arbitral tribunal under Chapter 20 (Consultations and Dispute Settlement) ("Chapter 20 Tribunal") to consider whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim. The Chapter 20 Tribunal shall be constituted in accordance with Article 11 (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement). (14) Further to Article 13.15 and Article 13.16 (Arbitral Tribunal Procedures) of Chapter 20 (Consultations and Dispute Settlement), the Chapter 20 Tribunal shall transmit its final report to the disputing parties.

(13) For the purposes of this Article, "joint determination" means a determination by the authorities responsible for financial services of the disputing Party and the non-disputing Party set out in Article 16 (Contact Points). The joint determination shall be made by the authorities responsible for financial services of the disputing Party and the non-disputing Party.

3. The final report of a Chapter 20 Tribunal referred to in Paragraph 2(d) shall be binding on the ISDS Tribunal, and any decision or award issued by the ISDS Tribunal must be consistent with the final report of the Chapter 20 Tribunal.

4. If no request for the establishment of a Chapter 20 Tribunal pursuant to Paragraph 2(d) has been made within 10 days of the expiration of the 150-day period referred to in Paragraph 2(d), the ISDS Tribunal may proceed with respect to the claim.

(12) This Article shall only apply to measures affecting the supply of financial services through commercial presence in the territory of any one of other Parties in relation to an alleged breach of the obligations referred to in Article 26.2 (Treatment and Protection of Commercial Presence) of Chapter 8 (Trade in Services).

(14) For greater certainty, the Chapter 20 Tribunal referred to may only determine whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim.

(a) The ISDS Tribunal shall draw no inference regarding the application of Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) from the fact that the authorities have not made a determination as described in Paragraph 2(a), (c) and (d).

(b) The non-disputing Party may make oral and written submissions to the ISDS Tribunal regarding the issue of whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim. Unless it makes such a submission, the non-disputing Party shall be presumed, for the purposes of the arbitration, to take a position on Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) that is not inconsistent with that of the disputing Party.

5. For the purposes of this Article, the definitions of the following terms set out in Article 19 (Scope and Definitions) of Chapter 11 (Investment) are incorporated, mutatis mutandis: "disputing investor", "disputing parties", "disputing Party" and "non-disputing Party".

13. New Financial Services

1. Each host Party shall endeavour to permit financial institutions of another Party established in the territory of the host Party to supply a new financial service in the territory of the host Party that the host Party would permit its own financial institutions, in like circumstances, to supply without adopting a law or modifying an existing law. (15)

2. Where an application is approved, the supply of the new financial service is subject to relevant licensing, institutional or juridical form, or other requirements of the host Party.

(15) For greater certainty, a Party may issue a new regulation or other subordinate measure in permitting the supply of the new financial service.

- (c) not to arbitrarily or unjustifiably discriminate between financial institutions and other payment service providers in relation to access to services and infrastructure necessary for the operation of electronic payment systems;
- (d) to take into account, for relevant electronic payment systems, international standards for electronic payment messaging for electronic data exchange between financial institutions and service suppliers to enable greater interoperability between electronic payment systems;
- (e) to facilitate the use of open platforms and architecture such as tools and protocols provided for through Application Programming Interfaces ("APIs") and encourage financial institutions and payment service providers to safely and securely make APIs for their products and services available to third parties, where possible, to facilitate greater interoperability, innovation and competition in electronic payments; and
- (f) to facilitate innovation and competition, and recognise the importance of enabling the introduction of new financial and electronic payment products and services in a timely manner, such as through adopting regulatory and industry sandboxes.

3. In view of Paragraph 1, the Parties recognise the importance of upholding safety, efficiency, trust and security in electronic payment systems through regulations, and that to the extent practicable the adoption and enforcement of regulations and policies should be proportionate to the risks undertaken by the payment service providers.

ANNEX 8C. PROFESSIONAL SERVICES

Objectives

1. The objectives of this Annex are to:

(a) encourage the development of systems for the recognition of professional qualifications, licensing or registration of professionals;

(b) encourage collaboration between accreditation, regulatory and professional bodies of two or more Parties to share knowledge and expertise in advancing the development of best practice in the accreditation and regulation of professions; and

(c) encourage professions to engage in advancing the liberalisation of international trade in professional services.

Principles for the Regulation of Professional Services

2. The Parties recognise that professional services play an essential role in facilitating trade and investment across both goods and services sectors and in promoting economic growth and business confidence.

3. Subject to each Party's services-related commitments in Annex 2 (Schedules of Specific Commitments for Services) or Annex 3 (Schedules of Reservations and Non-Conforming Measures for Investment and Services) and where there is mutual interest to do so, each Party shall encourage its relevant bodies to consider exploring the possibility of providing a framework that may include one or more of the following elements, subject to its laws and regulations:

(a) permits professionals of another Party visiting the host Party on a temporary basis for business purposes to provide professional services on the basis of their right to provide those services in their home territory;

(b) provides for, where relevant, the application of local ethical, conduct and disciplinary standards to professionals of another Party in a manner that is no more burdensome for professionals of another Party than the requirements imposed on professionals of the host Party in that professional services sub-sector;

(c) has sufficient flexibility, where professional indemnity insurance available to local professionals cannot be accessed by professionals of other Parties in the host Party, to provide a right for professionals of other Parties to either use their home-country professional indemnity insurance or disclose to clients their status as a professional of another Party and the extent of their professional indemnity insurance or that they lack such insurance;

(d) allows for all modes of providing professional services to be accommodated, including:

(i) on a temporary fly-in, fly-out basis;

(ii) on a cross-border basis through the use of telecommunications technology;

(f) permits professional services firms of another Party or other Parties, subject to the host Party's laws and regulations on the use of firm names, to use a firm name of their choice.

4. Each Party may consider, if feasible, implementing without the need for further written examination, procedures for the

temporary, limited or project-specific licensing of professional service suppliers of another Party or other Parties. Such a regime should not operate to prevent a professional of another Party from gaining a local licence once that professional satisfies the applicable local licensing requirements.

Recognition of Professional Qualifications, Licensing and Registration

5. If access to or pursuit of a profession that is regulated by a relevant body of a host Party is contingent on possession of specific professional qualifications or experience, that host Party shall encourage its relevant bodies to administer relevant systems in a manner that is as transparent and streamlined as possible, and that is not disproportionately complex or burdensome on professional service suppliers of other Parties seeking access to or pursuit of that profession in its jurisdiction.

6. Each Party shall encourage its relevant bodies to negotiate with the relevant bodies of another Party or other Parties on any form of arrangements for the mutual recognition of professional qualifications, licensing or registration in professional services sectors of mutual interest.

7. Each Party shall consult with its relevant bodies to identify professional services where two or more Parties are mutually interested in establishing dialogue on issues that relate to the recognition of professional qualifications, licensing or registration.

8. Each Party shall encourage its relevant bodies to take into account existing international agreements that relate to professional services in the development of mutual recognition or similar arrangements on the recognition of professional qualifications, licensing or registration.

9. Nothing in this Annex shall prevent a Party from requiring that natural persons seeking to supply a professional service possess the necessary qualifications or professional experience specified in the jurisdiction of the Party where the service is supplied.

Professional Services Working Group

10. The Parties hereby establish a Professional Services Working Group (the "Working Group") composed of representatives of each Party to advance the objectives of this Annex.

11. The Working Group shall, as appropriate, support the Parties' relevant professional and regulatory bodies in pursuing the objectives of this Annex. This support may include providing points of contact, facilitating meetings and providing information regarding regulation of professional services in each Party's territory.

12. The Working Group may consider, particularly with a view to facilitating the adoption of mutual recognition agreements by relevant bodies with limited resources, the development of guidelines for mutual recognition agreements.

13. The Working Group shall endeavour to meet within 12 months of the date of entry into force of the Second Protocol, and thereafter as agreed by the Working Group. For a meeting to be held, at least two Parties must participate. It is not necessary for representatives of all Parties to participate in order to hold a meeting.

14. The Working Group shall report to the FTA Joint Committee on its progress and on the future direction of its work.

15. Decisions of the Working Group shall have effect only in relation to those Parties that participated in the meeting at which the decision was taken, except if:

3. Nothing in this Agreement shall prevent a Party from applying measures to regulate the entry of natural persons of another Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that those measures are not applied in a manner as to nullify or impair the benefits accruing to any Party under this Chapter.

3. A Party may deny temporary entry or extension of temporary stay to natural persons of another Party who do not comply

with Paragraph 1(a) or (b).

4. The sole fact that a Party grants temporary entry to a natural person of another Party pursuant to this Chapter shall not be construed to exempt that natural person from meeting any applicable licensing or other requirements, including any mandatory codes of conduct, to practise a profession or otherwise engage in business activities.

5. Schedules of Specific Commitments on the Movement of Natural Persons

Each Party shall set out in its Schedule in Annex 4 (Schedules of Specific Commitments on the Movement of Natural Persons) its commitments for the temporary entry and temporary stay in its territory of natural persons of another Party covered by Article 2.1 (Scope). (c) upon modifying or amending any immigration measure that affects the temporary entry of natural persons of another Party, ensure that the information published or otherwise made publicly available pursuant to Subparagraph (b) is updated as soon as possible within 90 days of the modification or amendment; and

(d) establish or maintain mechanisms to respond to enquiries from interested persons regarding its laws and regulations affecting the temporary entry and temporary stay of natural persons.

For the purposes of this Chapter:

(a) covered investment means, with respect to a Party, an investment in its territory of an investor of another Party, in existence as of the date of entry into force of this Agreement or established, acquired or expanded thereafter, and which, where applicable, has been admitted (1) by the host Party, subject to its relevant laws, regulations and policies;

(iii) bonds, debentures, loans (4) and other debt instruments of a juridical person and rights derived therefrom;

(4) A loan issued by a Party to another Party is not an investment.

(d) investor of a Party means a natural person of a Party or a juridical person of a Party that seeks to make, (6) is making, or has made an investment in the territory of another Party;

(6) For greater certainty, the Parties understand that an investor that "seeks to make" an investment refers to an investor of another Party that has taken active steps to make an investment. (9)

2. For greater certainty, the treatment to be accorded by a Party under Paragraph 1 means, with respect to a government other than at the central level, treatment no less favourable than the most favourable treatment accorded, in like circumstances, by that government to investors, and to the investments of investors, of the Party of which it forms a part.

(8) For greater certainty, whether the treatment is accorded in "like circumstances" under this Article depends on the totality of the circumstances, including whether the relevant treatment distinguishes between investors or investments on the basis of legitimate public welfare objectives.

(9) Notwithstanding Article 21 (Claim by an Investor of a Party), or anything else to the contrary in this Chapter, a disputing investor under Article 21 (Claim by an Investor of a Party) may not submit to conciliation or arbitration a claim under that Article that a disputing Party has breached an obligation under Article 3 (National Treatment) where the alleged breach arises within 30 months of the date of entry into force of the Second Protocol.

4. Most-Favoured-Nation Treatment (10) (11)

1. investments in its territory of investors of any other Party or non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

3. For greater certainty, the treatment referred to in Paragraphs 1 and 2 does not encompass any international dispute resolution procedures or mechanisms under other existing or future international agreements.

(10) For greater certainty, whether the treatment is accorded in "like circumstances" under this Article depends on the totality of the circumstances, including whether the relevant treatment distinguishes between investors or investments on the basis of legitimate public welfare objectives.

(11) This Article shall not apply to Lao PDR, Myanmar and Viet Nam. The treatment under this Article shall not be accorded to investors of Lao PDR, Myanmar and Viet Nam, and to covered investments of such investors.

5. Senior Management and Board of Directors

1. No Party shall require that a juridical person of that Party that is a covered investment appoint to a senior management position a natural person of any particular nationality.

2. A Party may require that a majority of the board of directors, or any committee thereof, of a juridical person of that Party that is a covered investment, be of a particular nationality or resident in the territory of that Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

6. Prohibition of Performance Requirements

1. No Party shall impose or enforce, as a condition for establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of any other Party, any of the following requirements: (12)

(13) For greater certainty, this Subparagraph does not apply when the licence contract is concluded between the investor and a Party.

Notwithstanding this Article, Subparagraphs (f) and (h) shall not apply to Cambodia, Lao PDR and Myanmar.

2. No Party shall condition the receipt or continued receipt of an advantage, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of any other Party on compliance with any of the following requirements:

(a) to achieve a given level or percentage of domestic content;

(b) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its

territory;

(d) to restrict sales of goods in its territory that such investments produce by relating such sales to the volume or value of its exports or foreign exchange earnings.

3. (a) Nothing in Paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of any other Party, on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

(b) Paragraph 1(f) and (h) shall not apply:

(i) if a Party authorises use of an intellectual property right in accordance with Article 31 or Article 31 bis of the TRIPS Agreement, (14) or to measures requiring the disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement; or

(ii) if the requirement is imposed or enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after judicial or administrative process to be anti-competitive under the Party's competition laws and regulations. (15)

7. Treatment of Investment (16)

1. Each Party shall accord to covered investments fair and equitable treatment and full protection and security in accordance with the customary international law minimum standard of treatment of aliens.

2. For greater certainty:

(a) fair and equitable treatment requires each Party not to deny justice in any legal or administrative proceedings;

(b) full protection and security requires each Party to take such measures as may be reasonably necessary to ensure the physical protection and security of the covered investment; and

(c) the concepts of fair and equitable treatment and full protection and security do not require treatment to be accorded to covered investments in addition to or beyond that which is required under the customary international law minimum standard of treatment of aliens, and do not create additional substantive rights.

3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

(16) This Article shall be interpreted in accordance with Annex 11A (Customary International Law).

8. Compensation for Losses

Each Party shall accord to investors of another Party, and to covered investments, with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict, civil strife or state of emergency, treatment no less favourable than that it accords, in like circumstances, to:

- (a) its own investors and their investments; and
- (b) investors of any other Party or non-Party, and their investments.

Subject to Paragraphs 2 and 3, when a claim is submitted under Article 21 (Claim by an Investor of a Party), the tribunal shall decide the issues in dispute in accordance with this Agreement, any other applicable agreements between the Parties, any relevant rules of international law applicable in the relations between the Parties, and, where applicable, any relevant law of the disputing Party.
2. The tribunal shall, on its own account or at the request of a disputing party, request a joint interpretation of any provision of this Agreement that is in issue in a dispute. The Parties shall submit in writing any joint decision declaring their interpretation to the tribunal within 60 days of the delivery of the request. Without prejudice to Paragraph 3, if the Parties

fail to issue such a decision within 60 days, any interpretation submitted by a Party shall be forwarded to the disputing parties and the tribunal, which shall decide the issue on its own account.

3. A joint decision of the Parties, declaring their interpretation of a provision of this Agreement shall be binding on a tribunal, and any decision or award issued by a tribunal must be consistent with that joint decision.

29. Awards

1. Where a tribunal makes a final award against either of the disputing parties, the tribunal may award, separately or in combination, only:

(a) monetary damages and any applicable interest; and

(b) restitution of property, in which case the award shall provide that the disputing Party may pay monetary damages and any applicable interest in lieu of restitution.

2. A tribunal may also award costs and attorney's fees in accordance with this Section and the applicable arbitration rules.

3. A tribunal may not award punitive damages.

4. An award made by a tribunal shall be final and binding upon the disputing parties. An award shall have no binding force except between the disputing parties and in respect of the particular case.

5. Subject to Paragraph 6 and the applicable review procedure for an interim award, a disputing party shall abide by and comply with an award without delay. (26)

6. A disputing party may not seek enforcement of a final award until:

(a) In the case of a final award under the ICSID Convention:

(i) 120 days have elapsed from the date the award was rendered and no disputing party has requested revision or annulment of the award; or

(ii) revision or annulment proceedings have been completed.

(b) In the case of a final award under the ICSID Additional Facility Rules, the UNCITRAL Arbitration Rules, or the rules selected pursuant to Article 22.1(e) (Submission of a Claim):

(i) 90 days have elapsed from the date the award was rendered and no disputing party has commenced a proceeding to revise, set aside, or annul the award; or

(ii) a court has dismissed or allowed an application to revise, set aside, or annul the award and there is no further appeal.

7. Each Party shall provide for the enforcement of an award in its territory.

(26) The Parties understand that there may be domestic legal and administrative processes that need to be observed before an award can be complied with.

ANNEX 11A . CUSTOMARY INTERNATIONAL LAW

The Parties confirm their shared understanding that "customary international law" generally and as specifically referenced in Article 7 (Treatment of Investment) of Chapter 11 (Investment), including in relation to the customary international law minimum standard of treatment of aliens, results from a general and consistent practice of States that they follow from a sense of legal obligation.

ANNEX 11B . EXPROPRIATION AND COMPENSATION

The Parties confirm their shared understanding that:

1. An action or a series of related actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest (1) in a covered investment.

2. Article 10 (Expropriation and Compensation) of Chapter 11 (Investment) addresses two situations:

(a) the first situation is direct expropriation, where a covered investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure; and

(b) the second situation is where an action or series of related actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

3. The determination of whether an action or series of related actions by a Party, in a specific fact situation, constitutes an expropriation of the type referred to in Paragraph 2(b) requires a case-by-case, fact-based inquiry that considers among other factors:

(a) the economic impact of the government action, although the fact that an action or series of related actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that such an expropriation has occurred;

(b) whether the government action breaches the government's prior binding written commitment to the investor, whether by contract, licence or other legal document; and

(c) the character of the government action, including, its objective and whether the action is disproportionate to the public purpose. (2)

4. Non-discriminatory regulatory actions by a Party that are designed and applied to achieve legitimate public welfare objectives, such as the protection of public health, safety and the environment do not constitute expropriation of the type referred to in Paragraph 2(b).

(1) For the purposes of this Annex, "property interest" refers to such property interest as may be recognised under the laws and regulations of that Party.

(12) "Public purpose" shall be read with reference to Article 10.1(a) and 10.6 (Expropriation and Compensation) of Chapter 11 (Investment).

The Parties share a common aspiration to promote high standards of environmental and labour protection commensurate with each Party's needs, capabilities and national circumstances, and according to each Party's laws and regulations; and to uphold these in the context of sustainable development.

Where the implementation of this Chapter is inhibited by capacity constraints, the Parties may co-operate under Chapter 12 (Economic Co-operation) to assist ASEAN Member States with such implementation. Such co-operation is subject to the identification of trade and sustainable development policy-related needs; the availability of funds and human and other resources; and each Party's laws and regulations.

(1) For greater certainty, co-operation related to circular economy in manufacturing shall include capacity-building on the concepts of remanufacturing and repairing or altering of goods.

Further, for the purposes of this Paragraph, "protection" also includes the prohibition on circumvention of effective technological measures specified in Article 5 (Copyright).

Chapter.

2. At the request of a Party, any other Party may, to the extent possible and as appropriate, render assistance to the requesting Party in order to enhance the requesting Party's national framework for the acquisition, protection, enforcement, utilisation and creation of intellectual property, with a view to developing intellectual property systems that foster domestic innovation in the requesting Party.

For the purposes of Chapter 8 (Trade in Services) and Chapter 11 (Investment), subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between Parties where like conditions prevail, or a disguised restriction on trade in services or investment, nothing in these Chapters shall be construed to prevent the adoption or enforcement by a Party of measures necessary to protect national treasures or specific sites of historical or archaeological value, or measures necessary to support creative arts of national value. (b) preclude a Party from applying measures that it considers necessary for:

(i) the fulfilment of its obligations under the United Nations Charter for the maintenance or restoration of international peace or security; or

(ii) the protection of its own essential security interests.

3. Taxation Measures

1. Except as provided in this Article, nothing in this Agreement shall apply to taxation measures.

For this purpose, Article 26.7 (Conduct of the Arbitration) of Chapter 11 (Investment) shall apply *mutatis mutandis*.

5. Nothing in this Agreement shall affect the rights and obligations of any Party under any tax convention relating to the avoidance of double taxation in force between any of the Parties. Any consultations between the relevant Parties about whether an inconsistency relates to a taxation measure shall be done by the competent tax authorities, as stipulated under the domestic laws and regulations of the relevant Parties. The request for such consultations shall be addressed through the contact points designated in accordance with Article 2 (Communications) of Chapter 19 (Institutional Provisions).

6. Nothing in this Agreement shall oblige a Party to extend to any other Party the benefit of any treatment, preference or privilege arising from any existing or future agreement relating to the avoidance of double taxation or from the provisions on the avoidance of double taxation in any other international agreement or arrangement by which the Party is bound.

7. For the purposes of this Article, taxation measures do not include any import or customs duties.

4. With respect to trade in services and investment, (a) it is recognised that particular pressures on the balance of payments of a Party in the process of economic development or economic transition may necessitate the use of restrictions to ensure, inter alia, the maintenance of a level of financial reserves adequate for the implementation of its programme of economic development or economic transition;

(b) in determining the incidence of such restrictions, a Party may give priority to economic sectors which are more essential to their economic or development programmes. However, such restrictions shall not be adopted or maintained for the purpose of protecting a particular sector.

2. The Parties agree that the interpretation of the Treaty of Waitangi, including as to the nature of the rights and obligations arising under it, shall not be subject to the dispute settlement provisions of this Agreement. 2. A request made pursuant to Paragraph 1 shall identify the specific measures at issue and provide details of the factual and legal basis of the complaint (including the provisions of this Agreement to be addressed by the arbitral tribunal) sufficient to present the problem clearly.

3. A copy of all such requests shall be simultaneously provided to all Parties. The Responding Party shall immediately acknowledge receipt of the request by way of notification to all Parties, indicating the date on which the request was received.

4. Where a request is made pursuant to Paragraph 1, an arbitral tribunal shall be established in accordance with Article 11 (Establishment and Re-convening of Arbitral Tribunals).

9. Procedures for Multiple Complainants

1. Where more than one Party requests the establishment of an arbitral tribunal related to the same matter, a single arbitral tribunal may be established to examine these complaints if all of the Parties to the disputes agree. The Parties to the disputes should seek to establish a single arbitral tribunal whenever feasible.

2. The single arbitral tribunal shall organise its examination and present its findings in such a manner that the rights which the Parties to the dispute would have enjoyed had separate arbitral tribunals examined the complaints are in no way impaired.

3. If more than one arbitral tribunal is established to examine the complaints related to the same matter, the Parties to the disputes shall endeavour to ensure that the same persons serve as arbitrators for each arbitral tribunal. The arbitral tribunals shall consult to ensure, to the greatest extent possible, that the timetables for the arbitral tribunal processes are harmonised.

10. Third Parties

1. Any Party having a substantial interest in a matter before an arbitral tribunal may notify the Parties to the dispute of this interest no later than 10 days after the date of receipt by the Responding Party of the request for the establishment of the arbitral tribunal or the date of a request for a Compliance Review Tribunal pursuant to Article 16 (Compliance Review). Such notification shall be simultaneously provided to all Parties. Any Party notifying its substantial interest shall have the rights and obligations of a Third Party.

2. A Third Party shall receive the submissions of the Parties to the dispute to the first substantive meeting of the arbitral tribunal with the Parties to the dispute.

3. A Third Party shall have an opportunity to make at least one written submission to the arbitral tribunal and shall have an opportunity to be heard by the arbitral tribunal at its first substantive meeting with the Parties to the dispute. Any submissions or other documents submitted by Third Parties shall be simultaneously provided to the Parties to the dispute and other Third Parties.

4. The Parties to the dispute may agree to provide additional or supplemental rights to Third Parties regarding participation in arbitral tribunal proceedings. In providing additional or supplemental rights, the Parties to the dispute may impose conditions. Unless otherwise agreed by the Parties to the dispute, the arbitral tribunal shall not grant any additional or supplemental rights to any Third Parties regarding participation in arbitral tribunal proceedings.

5. If a Third Party considers that a measure already the subject of an arbitral tribunal proceeding nullifies or impairs benefits accruing to it under this Agreement, such Party may have recourse to dispute settlement procedures under this Chapter.

11. Establishment and Re-convening of Arbitral Tribunals

1. An arbitral tribunal requested pursuant to Article 8 (Request for Establishment of Arbitral Tribunals) shall be established in accordance with this Article.

2. Unless the Parties to the dispute otherwise agree, the arbitral tribunal shall consist of three arbitrators. All appointments and nominations of arbitrators under this Article shall conform fully with the requirements in Paragraphs 9 and 10.

3. Within five days of the date of the receipt of a request under Article 8 (Request for Establishment of Arbitral Tribunals), the Parties to the dispute shall enter into consultations with a view to reaching agreement on the procedures for composing

the arbitral tribunal, taking into account the factual, technical and legal circumstances of the dispute. The Parties to the dispute may agree to use any of the optional procedures specified in Annex 20B (Optional Procedures for Composing Arbitral Tribunals). Any procedures for composing the arbitral tribunal which are agreed under this Paragraph shall be used for the composition of the arbitral tribunal and shall also be used for the purposes of Paragraphs 12 and 13.

4. If the Parties to the dispute are unable to reach agreement on the procedures for composing the arbitral tribunal within 15 days of the date of the receipt of the request referred to in Paragraph 3, any Party to the dispute may at any time thereafter notify the other Parties to the dispute that it wishes to use the procedures set forth in Paragraphs 5 to 7. Where such a notification is made, the arbitral tribunal shall be composed in accordance with Paragraphs 5 to 7.

5. The Complaining Party or Parties shall appoint one arbitrator within 10 days of the date of the receipt of the notification referred to in Paragraph 4. The Responding Party shall appoint one arbitrator within 20 days of the date of the receipt of the notification referred to in Paragraph 4.

6. Following the appointment of the arbitrators in accordance with Paragraph 5, the Parties to the dispute shall agree on the appointment of the third arbitrator who shall serve as the chair of the arbitral tribunal. To assist in reaching this agreement, each of the Parties to the dispute may provide to the other Parties to the dispute a list of up to three nominees for appointment as the chair of the arbitral tribunal. If the Parties to the dispute have not agreed on the chair of the arbitral tribunal within 15 days of the appointment of the second arbitrator, the two appointed arbitrators shall designate by common agreement the third arbitrator who shall chair the arbitral tribunal.

7. If all three arbitrators have not been appointed within 45 days of the date of the receipt of the notification referred to in Paragraph 4, any Party to the dispute may request the Director-General of the WTO to make the remaining appointments within a further period of 15 days. Any lists of nominees which were provided under Paragraph 6 shall also be provided to the Director-General of the WTO and may be used in making the required appointments.

8. The date of establishment of the arbitral tribunal shall be the date on which the last arbitrator is appointed.

9. All arbitrators shall:

(a) have expertise or experience in law, international trade, other matters covered by this Agreement, or the resolution of disputes arising under international trade agreements;

(b) be chosen strictly on the basis of objectivity, reliability, and sound judgement;

(c) be independent of, and not be affiliated with or take instructions from, any Party to the dispute;

(d) not have dealt with the matter in any capacity; and

(e) disclose, to the Parties to the dispute, information which may give rise to justifiable doubts as to their independence or impartiality.

10. Unless the Parties to the dispute otherwise agree, arbitrators shall not be nationals of a Party to the dispute. In addition, the chair of arbitral tribunal shall not have his or her usual place of residence in the territory of a Party to the dispute.

11. Arbitrators shall serve in their individual capacities and not as government representatives, nor as representatives of any organisation. Parties shall not give them instructions nor seek to influence them as individuals with regard to matters before an arbitral tribunal.

12. If an arbitrator appointed under this Article resigns or becomes unable to act, a successor arbitrator shall be appointed in the same manner as prescribed for the appointment of the original arbitrator and shall have all the powers and duties of the original arbitrator. The work of the arbitral tribunal shall be suspended during the appointment of the successor arbitrator.

13. Where an arbitral tribunal is re-convened under Article 16 (Compliance Review) or Article 17 (Compensation and Suspension of Concessions or other Obligations) the re-convened arbitral tribunal shall, where possible, have the same arbitrators as the original arbitral tribunal. Where this is not possible, the replacement arbitrator(s) shall be appointed in the same manner as prescribed for the appointment of the original arbitrator(s), and shall have all the powers and duties of the original arbitrator(s).

12. Functions of Arbitral Tribunals

1. An arbitral tribunal shall make an objective assessment of the matter before it, including an objective assessment of:

(a) the facts of the case;

(b) the applicability of the provisions of this Agreement cited by the Parties to the dispute; and

(c) whether the Responding Party has failed to carry out its obligations under this Agreement.

2. An arbitral tribunal shall have the following terms of reference unless the Parties to the dispute agree otherwise within 20 days from the date of the establishment of an arbitral tribunal:

"To examine, in the light of the relevant provisions of this Agreement, the matter referred to in the request for establishment of an arbitral tribunal made pursuant to Article 8 (Request for Establishment of Arbitral Tribunals), and to make such findings and if applicable, suggestions provided for in this Agreement."

The arbitral tribunal shall make its findings in accordance with this Agreement.

3. The arbitral tribunal shall set out in its report:

(a) a descriptive section summarising the arguments of the Parties to the dispute and Third Parties;

(b) its findings on the facts of the case and on the applicability of the provisions of this Agreement;

(c) its findings on whether the Responding Party has failed to carry out its obligations under this Agreement; and

(d) its reasons for its findings in Subparagraphs (b) and (c).

4. In addition to Paragraph 3, an arbitral tribunal may include in its report any other findings jointly requested by the Parties to the dispute. The arbitral tribunal may suggest ways in which the Responding Party could implement the findings.

5. Unless the Parties to the dispute otherwise agree, an arbitral tribunal shall base its report solely on the relevant provisions of this Agreement and the submissions and arguments of the Parties to the dispute. An arbitral tribunal shall only make the findings and suggestions provided for in this Agreement.

6. The interests of Third Parties and those of other Parties shall be fully taken into account during the arbitral tribunal proceedings. Third Parties' submissions shall be reflected in the report of the arbitral tribunal.

7. The findings and suggestions of the arbitral tribunal cannot add to or diminish the rights and obligations provided in this Agreement or any other international agreement.

8. The arbitral tribunal shall consult regularly the Parties to the dispute and provide adequate opportunities for the development of a mutually satisfactory solution to the dispute.

9. An arbitral tribunal re-convened under this Chapter shall also carry out functions with regard to compliance review under Article 16 (Compliance Review) and review of level of suspension of concessions or other obligations under Article 17 (Compensation and Suspension of Concessions or other Obligations). Paragraphs 1 to 3 shall not apply to an arbitral tribunal re-convened under Article 16 (Compliance Review) and Article 17 (Compensation and Suspension of Concessions or other Obligations).

10. An arbitral tribunal shall make its findings by consensus provided that where an arbitral tribunal is unable to reach consensus it may make its findings by majority vote.

13. Arbitral Tribunal Procedures

1. An arbitral tribunal established pursuant to Article 11 (Establishment and Re-convening of Arbitral Tribunals) shall adhere to this Chapter. The arbitral tribunal shall apply the rules of procedure set out in Annex 20A (Rules of Procedure for Arbitral Tribunal Proceedings) (the "Rules of Procedure Annex") unless the Parties to the dispute agree otherwise. On the request of a Party to the dispute, or on its own initiative, the arbitral tribunal may, after consulting the Parties to the dispute, adopt additional rules of procedure which do not conflict with the provisions of this Chapter or with the Rules of Procedure Annex.

2. An arbitral tribunal re-convened under Article 16 (Compliance Review) or Article 17 (Compensation and Suspension of Concessions or other Obligations) may establish its own procedures which do not conflict with this Chapter or the Rules of Procedure Annex, in consultation with the Parties to the dispute, drawing as it deems appropriate from this Chapter or the Rules of Procedure Annex.

Timetable

3. After consulting the Parties to the dispute, an arbitral tribunal shall, as soon as practicable and whenever possible within 15 days after the establishment of the arbitral tribunal, fix the timetable for the arbitral tribunal process. The arbitral tribunal process, from the date of establishment until the date of the final report shall, as a general rule, not exceed the period of nine months, unless the Parties to the dispute agree otherwise.

4. Similarly, a Compliance Review Tribunal re-convened pursuant to Article 16 (Compliance Review) shall, as soon as practicable and whenever possible within 15 days after re-convening, fix the timetable for the compliance review process taking into account the time periods specified in Article 16 (Compliance Review).

Arbitral Tribunal Proceedings

5. Arbitral tribunal proceedings should provide sufficient flexibility so as to ensure high-quality reports, while not unduly delaying the arbitral tribunal process.

6. Arbitral tribunal deliberations shall be confidential. The Parties to the dispute and Third Parties shall be present only when invited by the arbitral tribunal to appear before it. An arbitral tribunal shall hold its hearings in closed session unless the Parties to the dispute agree otherwise. All presentations and statements made at hearings shall be made in the presence of the Parties to the dispute. There shall be no ex parte communications with the arbitral tribunal concerning matters under consideration by it.

Submissions

7. Each Party to the dispute shall have an opportunity to set out in writing the facts of its case, its arguments and counter arguments. The timetable fixed by the arbitral tribunal shall include precise deadlines for submissions by the Parties to the dispute and Third Parties.

Hearings

8. The timetable fixed by the arbitral tribunal shall provide for at least one hearing for the Parties to the dispute to present their case to the arbitral tribunal. As a general rule, the timetable shall not provide more than two hearings unless special circumstances exist.

9. The venue for hearings shall be decided by mutual agreement between the Parties to the dispute. If there is no agreement, the venue shall alternate between the capitals of the Parties to the dispute with the first hearing to be held in the capital of the Responding Party.

Confidentiality

10. Written submissions to the arbitral tribunal shall be treated as confidential, but shall be made available to the Parties to the dispute. No Party to the dispute shall be precluded from disclosing statements of its own positions to the public provided that there is no disclosure of information which has been designated as confidential by a Party to the dispute or Third Party. The Parties to the dispute, Third Parties and the arbitral tribunal shall treat as confidential information submitted by a Party to the dispute to the arbitral tribunal which that Party has designated as confidential. A Party to the dispute shall upon request of a Party, provide a non-confidential summary of the information contained in its written submissions that could be disclosed to the public.

Additional Information and Technical Advice

11. The Parties to the dispute and Third Parties shall respond promptly and fully to any request by an arbitral tribunal for such information as the arbitral tribunal considers necessary and appropriate.

12. An arbitral tribunal may seek information and technical advice from any individual or body which it deems appropriate. However, before doing so the arbitral tribunal shall seek the views of the Parties to the dispute. Where the Parties to the dispute agree that the arbitral tribunal should not seek the additional information or technical advice, the arbitral tribunal shall not proceed. The arbitral tribunal shall provide the Parties to the dispute with any information or technical advice it receives and an opportunity to provide comments.

Report

13. The arbitral tribunal shall provide to the Parties to the dispute an interim report, meeting the requirements specified in Article 12.3 (Functions of Arbitral Tribunals).

14. The interim report shall be provided at least four weeks before the deadline for completion of the final report. The arbitral tribunal shall accord adequate opportunity to the Parties to the dispute to review the entirety of its interim report prior to its finalisation and shall include a discussion of any comments made by the Parties to the dispute in its final report.

15. The interim and final report of the arbitral tribunal shall be drafted without the presence of the Parties to the dispute. Opinions expressed in the report of the arbitral tribunal by its individual members shall be anonymous.

16. The arbitral tribunal shall provide its final report to all other Parties seven days after the report is presented to the Parties to the dispute, and at any time thereafter a Party to the dispute may make the report publicly available subject to the protection of any confidential information contained in the report.

14. Suspension and Termination of Proceedings

1. The Parties to the dispute may agree that the arbitral tribunal suspend its work at any time for a period not exceeding 12 months from the date of such agreement. Within this period, the suspended arbitral proceeding shall be resumed upon the request of any Party to the dispute. If the work of the arbitral tribunal has been continuously suspended for more than 12 months, the authority for establishment of the arbitral tribunal shall lapse unless the Parties to the dispute agree otherwise.

2. The Parties to the dispute may agree to terminate the proceedings of an arbitral tribunal in the event that a mutually satisfactory solution to the dispute has been found.

3. Before the arbitral tribunal presents its final report, it may at any stage of the proceedings propose to the Parties to the dispute that the dispute be settled amicably.

4. The Parties to the dispute shall notify the other Parties that the arbitral tribunal has been suspended, terminated or its authority has lapsed pursuant to Paragraph 1.

Section D. Implementation Provisions

15. Implementation

1. Where an arbitral tribunal finds that the Responding Party has failed to carry out its obligations under this Agreement, the Responding Party shall comply with its obligations under this Agreement.

2. Within 30 days of the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute, the Responding Party shall notify the Complaining Party:

(a) of its intentions with respect to implementation, including an indication of possible actions it may take to comply with the obligation in Paragraph 1;

(b) whether such implementation can take place immediately; and

(c) if such implementation cannot take place immediately, the reasonable period of time the Responding Party would need to implement.

3. If it is impracticable to comply immediately with the obligation in Paragraph 1, the Responding Party shall have a reasonable period of time to do so.

4. If a reasonable period of time is required, it shall, whenever possible, be mutually agreed by the Parties to the dispute. Where the Parties to the dispute are unable to agree on the reasonable period of time within 45 days of the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute, any Party to the dispute may request that the chair of the arbitral tribunal determine the reasonable period of time. Unless the Parties to the dispute otherwise agree, such requests shall be made no later than 120 days from the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute.

5. Where a request is made pursuant to Paragraph 4, the chair of the arbitral tribunal shall present the Parties to the dispute with a report containing a determination of the reasonable period of time and the reasons for such determination within 45 days of the date of the request.

6. As a guideline, the reasonable period of time determined by the chair of the arbitral tribunal should not exceed 15 months from the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute. However, such reasonable period of time may be shorter or longer, depending upon the particular circumstances.

16. Compliance Review

1. Where the Parties to the dispute disagree on the existence or consistency with this Agreement of measures taken to

comply with the obligation in Article 15.1 (Implementation), such dispute shall be decided through recourse to an arbitral tribunal re-convened for this purpose (Compliance Review Tribunal).(3) Unless otherwise specified in this Chapter, a Compliance Review Tribunal may be convened at the request of any Party to the dispute.

2. Such request may only be made after the earlier of:

(a) the expiry of the reasonable period of time; or

(b) a notification to the Complaining Party by the Responding Party that it has complied with the obligation in Article 15.1 (Implementation).

3. A Compliance Review Tribunal shall make an objective assessment of the matter before it, including an objective assessment of:

(a) the factual aspects of any implementation action taken by the Responding Party; and

(b) whether the Responding Party has complied with the obligation in Article 15.1 (Implementation).

4. The Compliance Review Tribunal shall set out in its report:

(a) a descriptive section summarising the arguments of the Parties to the dispute and Third Parties;

(b) its findings on the factual aspects of the case; and

(c) its findings on whether the Responding Party has complied with the obligation in Article 15.1 (Implementation).

5. The Compliance Review Tribunal shall, where possible, provide its interim report to the Parties to the dispute within 75 days of the date it re-convenes, and its final report 15 days thereafter. When the Compliance Review Tribunal considers that it cannot provide either report within the relevant timeframe, it shall inform the Parties to the dispute in writing of the reasons for the delay together with an estimate of the period within which it will submit the report.

6. Where an arbitral tribunal is requested to re-convene pursuant to Paragraph 1, it shall re-convene within 15 days of the date of the request. The period from the date of the request for the arbitral tribunal to re-convene to the submission of its final report shall not exceed 120 days, unless Article 11.12 (Establishment and Re-convening of Arbitral Tribunals) applies or the Parties to the dispute otherwise agree.

(3) Consultations under Article 6 (Consultations) are not required for these procedures.

17. Compensation and Suspension of Concessions or other Obligations

1. Compensation and the suspension of concessions or other obligations are temporary measures available in the event that the Responding Party does not comply with its obligation under Article 15.1 (Implementation). However, neither compensation nor the suspension of concessions or other obligations is preferred to compliance with the obligation under Article 15.1 (Implementation). Compensation is voluntary and, if granted, shall be consistent with this Agreement.

2. Where either of the following circumstances exists:

(a) the Responding Party has notified the Complaining Party that it does not intend to comply with the obligation in Article 15.1 (Implementation), or

(b) a failure to comply with the obligation in Article 15.1 (Implementation) has been established in accordance with Article 16 (Compliance Review),

the Responding Party shall, if so requested by the Complaining Party, enter into negotiations with a view to developing mutually acceptable compensation.

3. If no satisfactory compensation has been agreed within 30 days of the date of a request made under Paragraph 2, the Complaining Party may at any time thereafter notify the Responding Party and the other Parties that it intends to suspend the application to the Responding Party of concessions or other obligations equivalent to the level of nullification and impairment, and shall have the right to begin suspending concessions or other obligations 30 days after the date of receipt of the notification.

4. The right to suspend concessions or other obligations arising under Paragraph 3 shall not be exercised where:

(a) a review is being undertaken pursuant to Paragraph 8; or

(b) a mutually agreed solution has been reached.

5. A notification made under Paragraph 3 shall specify the level of concessions or other obligations that the Complaining Party proposes to suspend, and the relevant Chapter and sector(s) which the concessions or other obligations are related to.

6. In considering what concessions or other obligations to suspend, the Complaining Party shall apply the following principles:

(a) the Complaining Party should first seek to suspend concessions or other obligations in the same sector or sectors as that affected by the measure; and

(b) the Complaining Party may suspend concessions or other obligations in other sectors if it considers that it is not practicable or effective to suspend concessions or other obligations in the same sector.

7. The level of suspending concessions or other obligations shall be equivalent to the level of nullification and impairment.

8. Within 30 days from the date of receipt of a notification made under Paragraph 3, if the Responding Party objects to the level of suspension proposed or considers that the principles set forth in Paragraph 6 have not been followed, the Responding Party may request the arbitral tribunal to re-convene to make findings on the matter. The arbitral tribunal shall provide its assessment to the Parties to the dispute within 30 days of the date it re-convenes. Where an arbitral tribunal is requested to re-convene pursuant to this Paragraph, it shall re-convene within 15 days of the date of the request, unless Article 11.12 (Establishment and Re-convening of Arbitral Tribunals) applies.

9. The suspension of concessions or other obligations shall be temporary and shall only be applied until such time as the obligation in Article 15.1 (Implementation) has been complied with or a mutually satisfactory solution is reached.

10. Where the right to suspend concessions or other obligations has been exercised under this Article, if the Responding Party considers that:

(a) the level of concessions or other obligations suspended by the Complaining Party is not equivalent to the level of the nullification and impairment; or

(b) it has complied with the obligation in Article 15.1 (Implementation),

it may request the arbitral tribunal to re-convene to examine the matter. (4)

11. Where the arbitral tribunal re-convenes pursuant to Paragraph 10(a), Paragraph 8 shall apply. Where the arbitral tribunal re-convenes pursuant to Paragraph 10(b), Article 16.3 to 16.5 (Compliance Review) shall apply.

(4) Where a Compliance Review Tribunal determines that measures taken to comply are inconsistent with this Agreement, it may also, on request, assess whether the level of any existing suspension of concessions is still appropriate and, if not, assess an appropriate level.

Section E. Final Provisions

18. Special and Differential Treatment Involving Newer ASEAN Member States

1. At all stages of the determination of the causes of a dispute and of dispute settlement procedures involving newer ASEAN Member States, particular sympathetic consideration shall be given to the special situation of newer ASEAN Member States. In this regard, Parties shall exercise due restraint in raising matters under these procedures involving a Least Developed Country Party. If nullification or impairment is found to result from a measure taken by a Least Developed Country Party, a Complaining Party shall exercise due restraint regarding matters covered under Article 17 (Compensation and Suspension of Concessions or other Obligations) or other obligations pursuant to these procedures.

2. Where one or more of the Parties to a dispute is a newer ASEAN Member State, the arbitral tribunal's reports shall explicitly indicate the form in which account has been taken of relevant provisions on special and differential treatment for a newer ASEAN Member State that form part of this Agreement which have been raised by the newer ASEAN Member State in the course of the dispute settlement procedures.

19. Expenses

1. Unless the Parties to the dispute otherwise agree, each Party to a dispute shall bear the costs of its appointed arbitrator and its own expenses and legal costs.

20. Contact Points

1. Each Party shall designate a contact point for this Chapter and shall notify the other Parties of the details of this contact point within 30 days of the entry into force of this Agreement. Each Party shall notify the other Parties of any change to its contact point.
2. Any request, written submission or other document relating to any proceedings pursuant to this Chapter shall be delivered to the relevant Party or Parties through their designated contact points who shall provide confirmation of receipt of such documents in writing.

21. Language

1. All proceedings pursuant to this Chapter shall be conducted in the English language.
2. Any document submitted for use in any proceedings pursuant to this Chapter shall be in the English language. If any original document is not in the English language, a Party submitting it for use in the proceedings shall provide an English language translation of that document.

5. Any time period applicable to the arbitral tribunal proceeding shall be suspended for a period that begins on the date on which any member of the arbitral tribunal resigns or becomes unable to act and ends on the date on which the successor member is appointed.
6. Unless otherwise agreed by the Parties to the dispute, an arbitral tribunal may, in consultation with the Parties to the dispute, modify any time period applicable in the arbitral tribunal proceeding and make such other procedural or administrative adjustments as may be required in the proceeding.

Operation of Arbitral Tribunals

7. The chair of the arbitral tribunal shall preside at all of its meetings. An arbitral tribunal may delegate to the chair authority to make administrative and procedural decisions.

9. Only members of the arbitral tribunal may take part in the deliberations of the arbitral tribunal.

10. The arbitral tribunal may, in consultation with the Parties to the dispute, retain such number of assistants, interpreters or translators, or designated note takers as may be required for the proceeding and permit them to be present during its deliberations. Any such arrangements established by the arbitral tribunal may be modified by the agreement of the Parties to the dispute.

The Parties to the dispute, Third Parties and the arbitral tribunal shall treat as confidential information submitted by a Party to the dispute to the arbitral tribunal which that Party has designated as confidential. A Party to the dispute shall, upon request of another Party, provide a non-confidential summary of the information contained in its written submissions that could be disclosed to the public.

Information Gathering

22. The Parties to the dispute and Third Parties shall respond promptly and fully to any request by an arbitral tribunal for such information as the arbitral tribunal considers necessary and appropriate.

23. An arbitral tribunal may seek information and technical advice from any individual or body which it deems appropriate. However, before doing so the arbitral tribunal shall seek the views of the Parties to the dispute. Where the Parties to the

dispute agree that the arbitral tribunal should not seek the additional information or technical advice, the arbitral tribunal shall not proceed. The arbitral tribunal shall provide the Parties to the dispute with any information or technical advice it receives and an opportunity to provide comments.

Reports

24. The arbitral tribunal shall provide to the Parties to the dispute an interim report, meeting the requirements specified in Article 12.3 (Functions of Arbitral Tribunals).

(a) Article 4 (National Treatment) of Chapter 8 (Trade in Services); (b) Article 5 (Market Access) of Chapter 8 (Trade in Services);

(c) Article 9 (Most-Favoured-Nation Treatment) of Chapter 8 (Trade in Services); or

(d) Article 10 (Local Presence) of Chapter 8 (Trade in Services).

2. Each entry in this List sets out the following elements:

(a) Sector refers to the sector for which the entry is made;

(b) Subsector, where referenced, refers to the specific subsector for which the entry is made;

(c) Obligations Concerned specifies the obligations referred to in paragraph 1 that, pursuant to Article 12 (Schedules of Non-Conforming Measures) of Chapter 8 (Trade in Services), do not apply to the sectors, subsectors, or activities, listed in the entry;

(d) Description sets out the scope of the sectors, subsectors or activities, covered by the entry; and

(e) Existing Measures where specified, identifies, for transparency purposes, a non-exhaustive list of existing measures that apply to the sectors, subsectors, or activities covered by the entry.

In accordance with Article 12 (Schedules of Non-Conforming Measures) of Chapter 8 (Trade in Services), the Articles of this Agreement specified in the Obligations Concerned element of an entry do not apply to the sectors, subsectors and activities, identified in the Description element of that entry.

4. With respect to the entries in this List on Most-Favoured-Nation Treatment relating to bilateral or multilateral international agreements, the absence of language regarding the scope of the reservation for differential treatment resulting from an amendment of those bilateral or multilateral international agreements in force or signed prior to the date of entry into force of this Agreement is without prejudice to Malaysia's interpretation of the scope of that reservation.
