### SECTION 2 SAFEGUARD MEASURES

#### Article 2.13 Application of Bilateral Safeguard Measures

1. Subject to the provisions of this Section, during the transition period, each Party may apply a bilateral safeguard measure, to the minimum extent necessary to prevent or remedy the serious injury to a domestic industry of that Party and to facilitate adjustment, if an originating good of the other Party, as a result of the elimination or reduction of a customs duty in accordance with Article 2.4, is being imported into the former Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions that the imports of that originating good constitute a substantial cause of serious injury or threat thereof, to the domestic industry of the former Party.

2. A Party may, as a bilateral safeguard measure:

- (a) suspend the further reduction of any rate of customs duty on the originating good provided for in this Chapter; or
- (b) increase the rate of customs duty on the originating good to a level not to exceed the lesser of:

- (i) the most-favoured-nation applied rate of customs duty in effect at the time when the bilateral safeguard measure is applied; and
- (ii) the most-favoured-nation applied rate of customs duty in effect on the day immediately preceding the date of entry into force of this Agreement.

#### Article 2.14 Investigation

1. A Party may apply a bilateral safeguard measure only after an investigation has been carried out by the competent authorities of that Party in accordance with the same procedures as those provided for in Article 3 and subparagraph 2(c) of Article 4 of the Agreement on Safeguards.
2. The investigation referred to in paragraph 1 shall in all cases be completed within one year following its date of initiation.
3. In the investigation referred to in paragraph 1, to determine whether increased imports of an originating good have caused or are threatening to cause serious injury to a domestic industry under the terms of this Section, the competent authorities of a Party who carry out the investigation shall evaluate all relevant factors of an objective and quantifiable nature having a bearing on the situation of that domestic industry, in particular, the rate and amount of the increase in imports of the originating good in absolute and relative terms, the share of the domestic market taken by the increased imports of the originating good, and the changes in the level of sales, production, productivity, capacity utilisation, profits and losses, and employment.
4. The determination that increased imports of an originating good have caused or are threatening to cause serious injury to a domestic industry shall not be made unless the investigation referred to in paragraph 1 demonstrates, on the basis of objective evidence, the existence of a causal link between increased imports of the originating good and serious injury or threat thereof. When factors other than increased imports of the originating good of the other Party as a result of the elimination or reduction of a customs duty in accordance with Article 2.4 are causing injury to the domestic industry at the same time, such injury shall not be attributed to the increased imports of the originating good.

#### Article 2.15 Conditions and Limitations

1. With regard to a bilateral safeguard measure, a Party shall immediately deliver a written notice to the other Party upon:

- (a) initiating an investigation referred to in Article 2.14 relating to serious injury, or threat thereof, and the reasons for it;
- (b) making a finding of serious injury or threat thereof caused by increased imports of an originating good of the other Party as a result of the elimination or reduction of a customs duty in accordance with Article 2.4;
- (c) taking a decision to apply or extend a bilateral safeguard measure; and
- (d) taking a decision to modify the bilateral safeguard measure for progressive liberalisation.

2. The Party delivering the written notice referred to in paragraph 1 shall provide the other Party with all pertinent information, which shall include:

- (a) in the written notice referred to in subparagraph 1(a), the reason for the initiation of the investigation, a precise description of the originating good subject to the investigation including its subheading of the Harmonized System, the period subject to the investigation and the date of initiation of the investigation; and
- (b) in the written notice referred to in subparagraphs 1(b), (c), and (d), evidence of serious injury or threat thereof caused by the increased imports of the originating good as a result of the elimination or reduction of a customs duty in accordance with Article 2.4, a precise description of the originating good subject to the proposed bilateral safeguard measure including its subheading of the Harmonized System, a precise description of the bilateral safeguard measure including the grounds for not selecting the measure described in subparagraph 2(a) of Article 2.13, and, where applicable, the proposed date of the application, extension or modification of the bilateral safeguard measure, its expected duration and the timetable for the progressive liberalisation of the measure provided for in paragraph 4.

3. A Party proposing to apply or extend a bilateral safeguard measure shall provide adequate opportunity for prior consultations with the other Party with a view to reviewing the information arising from the investigation referred to in Article 2.14 and notified under paragraph 1, exchanging views on the bilateral safeguard measure and reaching an agreement on compensation set out in Article 2.16. In the case of an extension of a measure, evidence that the domestic industry concerned is adjusting shall also be provided.

4. No bilateral safeguard measure shall be maintained except to the extent and for such time as may be necessary to prevent or remedy serious injury and to facilitate

adjustment, provided that such time shall not exceed a period of three years. However, in very exceptional circumstances, a bilateral safeguard measure may be extended, provided that the total period of the bilateral safeguard measure, including such extensions, shall not exceed four years. In order to facilitate adjustment in a situation where the expected duration of a bilateral safeguard measure is over one year, the Party maintaining the bilateral safeguard measure shall progressively liberalise the bilateral safeguard measure at regular intervals during the period of application.

5. No bilateral safeguard measure shall be applied again to the import of a particular originating good which has been subject to such a bilateral safeguard measure, for a period of time equal to the duration of the previous bilateral safeguard measure or one year, whichever is longer.

6. Neither Party shall apply or maintain a bilateral safeguard measure beyond the expiration of the transition period, except with the consent of the other Party.

7. Upon the termination of a bilateral safeguard measure, the rate of customs duty for an originating good subject to the measure shall be the rate which would have been in effect but for the bilateral safeguard measure.

8. The Parties shall review the provisions of this Section, if necessary, in the tenth year following the date of entry into force of this Agreement.

9. A written notice referred to in paragraphs 1 and 2 and any other communication between the Parties pursuant to this Section shall be done in the English or Japanese language.

#### Article 2.16 Compensation

1. A Party proposing to apply or extend a bilateral safeguard measure shall provide to the other Party mutually agreed adequate means of trade compensation in the form of concessions of customs duties which are substantially equivalent to the value of the additional customs duties expected to result from the bilateral safeguard measure.

2. If the Parties are unable to agree on the compensation within 30 days after the commencement of the consultations pursuant to paragraph 3 of Article 2.15, the Party against whose originating good the bilateral safeguard measure is applied shall be free to suspend the application of concessions of customs duties under this Agreement, which are substantially equivalent to the bilateral safeguard measure. The Party exercising the right of suspension may suspend the application of concessions of customs duties only for the minimum period necessary to achieve the substantially equivalent effects and only while the bilateral safeguard measure is maintained.

3. The Party exercising the right of suspension provided for in paragraph 2 shall notify the other Party, in writing, at least 30 days before suspending the application of concessions.

#### Article 2.17 Provisional Bilateral Safeguard Measures

1. In critical circumstances, where delay would cause damage which would be difficult to repair, a Party may take a provisional bilateral safeguard measure, which shall take the form of the measure set out in subparagraph 2(a) or (b) of Article 2.13, pursuant to a preliminary determination that there is clear evidence that increased imports of an originating good of the other Party as a result of the elimination or reduction of a customs duty in accordance with Article 2.4 have caused or are threatening to cause serious injury to a domestic industry.

2. A Party shall deliver a written notice to the other Party prior to applying a provisional bilateral safeguard measure. Consultations between the Parties on the application of the provisional bilateral safeguard measure shall be initiated immediately after the provisional bilateral safeguard measure is applied.

3. The duration of a provisional bilateral safeguard measure shall not exceed 200 days. During that period, the pertinent requirements of Articles 2.14 and 2.15 shall be met. The duration of the provisional bilateral safeguard measure shall be counted as a part of the period referred to in paragraph 4 of Article 2.15.

4. Paragraph 7 of Article 2.15 shall be applied *mutatis mutandis* to a provisional bilateral safeguard measure. The customs duty imposed as a result of the provisional bilateral safeguard measure shall be refunded if the subsequent investigation referred to in paragraph 1 of Article 2.14 does not determine that increased imports of an originating good of the other Party have caused or threatened to cause serious injury to a domestic industry.

#### Article 2.18 Special Safeguard Measures on Specific Agricultural Goods

1. A Party may apply a special safeguard measure on specific originating agricultural goods classified under the tariff lines indicated with “PS\*” or “PS\*\*” in that Party’s Schedule in Annex 1 (Schedules in Relation to Article 2.4 (Elimination or Reduction of Customs Duties)), hereinafter referred to as “special safeguard measure”, only under the conditions set out in that Party’s Schedule in Annex 1 (Schedules in Relation to Article 2.4 (Elimination or Reduction of Customs Duties)).

2. In proposing to apply a special safeguard measure, a Party may, in lieu of paragraph 2 of Article 2.13, increase the rate of customs duty on the originating good to a level not to exceed the lesser of:

- (a) the most-favoured-nation applied rate of customs duty in effect at the time the special safeguard measure is applied;
- (b) the most-favoured-nation applied rate of customs duty in effect on the day immediately preceding the date of entry into force of this Agreement; and
- (c) the Base Rate set out in that Party's Schedule in Annex 1 (Schedules in Relation to Article 2.4 (Elimination or Reduction of Customs Duties)).

3. The applied special safeguard measure shall only be maintained until the end of the year in which it has been imposed.

Note: For the purposes of this paragraph, the term "year" means the twelve-month period which starts on 1 April of that year.

4. Neither Party shall apply or maintain a special safeguard measure under this Article and at the same time apply or maintain a bilateral safeguard measure, a provisional bilateral safeguard measure, or a measure applied pursuant to Article XIX of the GATT 1994 and the Agreement on Safeguards, on the same goods.

5. Provisions on special safeguard measures shall be subject to review in the tenth year following entry into force of this Agreement, or a year on which the Parties otherwise agree, whichever comes first. The review shall proceed with a view to improving market access for the specific originating agricultural goods referred to in paragraph 1, through, for example, such measures as increasing the trigger level as set out in paragraph 3 of Section 1 (Notes for Schedule of Japan) of Part 3 of Annex 1 (Schedules in Relation to Article 2.4 (Elimination or Reduction of Customs Duties)), reducing the applied customs duties on those goods, or if market conditions allow, terminating the special safeguard measure.

#### Article 2.19

##### Relation to Safeguard Measures under the WTO Agreement

1. Nothing in this Chapter shall prevent a Party from applying safeguard measures to an originating good of the other Party in accordance with:

- (a) Article XIX of the GATT 1994 and the Agreement on Safeguards; or
- (b) Article 5 of the Agreement on Agriculture.

2. A Party shall not apply a bilateral safeguard measure or a provisional bilateral safeguard measure under this Section on a good that is subject to a measure that the Party has applied pursuant to Article XIX of the GATT 1994 and the Agreement on Safeguards, or Article 5 of the Agreement on Agriculture, nor shall a Party continue to maintain a bilateral safeguard measure or a provisional bilateral safeguard measure on a good that becomes subject to a measure that the Party applies pursuant to Article XIX of the GATT 1994 and the Agreement on Safeguards or Article 5 of the Agreement on Agriculture.

3. The period of application of a bilateral safeguard measure referred to in this Section shall not be interrupted by a Party's non-application of the bilateral safeguard measure in accordance with paragraph 2. That Party may resume the application of the bilateral safeguard measure to imports of the originating good upon the termination of the safeguard measures applied in accordance with subparagraph 1(a) or (b), up to the remaining period of the bilateral safeguard measure.

### SECTION 3 OTHER PROVISIONS

#### Article 2.20 Reviews of Market Access and Protection of Competitiveness

1. For the purposes of Article 2.4, treatment of originating goods classified under the tariff lines indicated with "S" in Column 4 of the Schedule in Section 2 of a Party's Schedule to Annex 1 (Schedules in Relation to Article 2.4 (Elimination or Reduction of Customs Duties)), shall be subject to review by the Parties in the fifth year following the date of entry into force of this Agreement or a year on which the Parties otherwise agree, whichever comes first. The review shall proceed with a view to improving market access conditions through, for example, such measures as faster reduction and/or elimination of custom duties, streamlining tendering processes and increasing quota quantities, as well as addressing issues related to levies.

2. The Parties shall also conduct a review if there is a significant change to the competitiveness in the Japanese market of such originating good designated in paragraph 1 as a result of preferential market access being granted by Japan to a non-Party based on an international agreement with that non-Party, with a view to providing equivalent treatment to the originating good of Australia. The Parties shall commence such a review within three months following the date of entry into force of the international agreement with the non-Party and will conduct the review with the aim of concluding it within six months following the same date.

Article 2.21

3. The Sub-Committee shall review non-tariff measures, raised by either Party for the purposes of considering approaches that may facilitate trade between the Parties. The Sub-Committee shall, if necessary, report the findings through such a review to the Joint Committee.

4. The Sub-Committee shall be composed of and co-chaired by representatives of the Governments of the Parties.

5. The Sub-Committee shall meet at such venues and times and by such means as may be agreed by the Parties.

3. A good that does not undergo the required change in tariff classification or a specific manufacturing or processing operation shall be considered as an originating good of a Party if:

- (a) in the case of a good other than those specified in subparagraph (b), the total value of non-originating materials used in the production of the good that have not undergone the required change in tariff classification or a specific manufacturing or processing operation does not exceed 10 per cent of the F.O.B.; or

- (i) within a reasonable period of time after the submission of an application deemed complete under its laws and regulations, consider the application, make a decision as to whether or not to grant the relevant authorisation and inform the applicant of the decision;
  - (ii) on request of the applicant, provide without undue delay, information concerning the status of the application;
  - (iii) where practicable, in the case of an incomplete application, on request of an applicant, identify all the additional information that is required to complete the application;
  - (iv) endeavour to provide the service supplier whose application has been found to be deficient with at least one means to achieve the authorisation; and
- Note: Such means to achieve authorisation may include, but are not limited to, additional experience under the supervision of a professional qualified or licensed in that Party, additional academic training or exams in a specialised field, or language exams.
- (v) where a competent authority of a Party notifies an unsuccessful applicant of the administrative decision in writing, ensure that the competent authority informs the applicant of the reasons for denial of the application in writing; and
- (c) provide for adequate procedures to verify the competency of professionals of the other Party.

7. A Party shall, subject to its laws and regulations, permit service suppliers of the other Party to use the enterprise names under which they trade in the Area of the other Party and otherwise ensure that the use of enterprise names is not unduly restricted.

8. The Parties shall endeavour to implement the Disciplines on Domestic Regulation in the Accountancy Sector adopted under the auspices of the World Trade Organization on 14 December 1998.

9. This Article shall not apply to any measures which fall within the responsibility of non-government bodies. However, each Party shall encourage, where possible, such non-government bodies to comply with the relevant requirements of this Article.

#### Article 9.9 Recognition

1. A Party may recognise the education or experience obtained, requirements met, or licences or certifications granted in the other Party for the purposes of the fulfilment, in whole or in part, of its standards or criteria for the authorisation, licensing or certification of service suppliers of the other Party.

2. Recognition referred to in paragraph 1, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement between the Parties or may be accorded unilaterally.

3. Where a Party recognises the education or experience obtained, requirements met, or licences or certifications granted in any non-Party:

- (a) nothing in Article 9.5 shall be construed to require the Party to accord such recognition to the education or experience obtained, requirements met, or licences or certifications granted in the other Party;
- (b) in cases where such recognition is accorded by an agreement or arrangement between the Party and the non-Party, the Party shall afford the other Party, on request, adequate opportunity to negotiate its accession to such an agreement or arrangement or to negotiate one comparable with it; and
- (c) in cases where such recognition is accorded unilaterally, the Party shall afford the other Party an adequate opportunity to demonstrate that the education or experience obtained, requirements met, or licences or certifications granted in the other Party should also be recognised.

4. A Party shall not accord recognition in a manner which would constitute a means of discrimination between the other Party and non-Parties in the application of its standards or criteria for the authorisation, licensing or certification of services suppliers, or a disguised restriction on trade in services.

5. Wherever appropriate, recognition provided for in paragraph 1 should be based on multilaterally agreed criteria. In appropriate cases, the Parties shall work in cooperation

with relevant intergovernmental and non-governmental organisations towards the establishment and adoption of common international standards and criteria for recognition and common international standards for the practice of relevant services trades and professions.

Article 9.10  
Monopolies and Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its Area does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with the Party's obligations under Articles 9.3, 9.5 and 9.6 and paragraph 1 of Article 9.4, except those covered by the non-conforming measures under Article 9.7.

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's obligations under Articles 9.3, 9.5 and 9.6 and paragraph 1 of Article 9.4, except those covered by the non-conforming measures under Article 9.7, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its Area in a manner inconsistent with such obligations.

Note: For the purposes of this paragraph, the definition of the term "affiliated" provided for in subparagraph (n)(iii) of Article XXVIII of the GATS shall apply *mutatis mutandis*.

3. If a Party has reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraph 1 or 2, it may request the other Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations in its Area.

4. This Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:

2. In the event that either Party considers that its interests have been adversely affected by a subsidy of the other Party, the Parties shall, on request of the former Party, enter into consultations with a view to resolving the matter.
3. During the consultations referred to in paragraph 2, the Party granting a subsidy shall, if it deems fit, consider a request of the other Party for information relating to the subsidy program such as:

#### Article 9.13 Restrictions to Safeguard the Balance-of-Payments

1. In the event of serious balance-of-payments and external financial difficulties or threat thereof, a Party may adopt or maintain restrictive measures on trade in services, including on payments or transfers for transactions.

2. Restrictive measures referred to in paragraph 1:
  - (a) shall be applied such that the other Party is treated no less favourably than any non-Party;
  - (b) shall be consistent with the Articles of Agreement of the International Monetary Fund;

3. In determining the incidence of such restrictive measures, a Party may give priority to the supply of services which are more essential to its economic or development programs. However, such restrictive measures shall not be adopted or maintained for the purposes of protecting a particular service sector.
4. Any restrictive measures adopted or maintained in accordance with paragraph 1, or any changes therein, shall be promptly notified to the other Party.
5. The Party which has adopted any restrictive measures in accordance with paragraph 1 shall, on request, commence consultations with the other Party in order to review the restrictive measures adopted by it.

#### Article 9.14 Denial of Benefits

1. A Party may deny the benefits of this Chapter and Chapters 10 (Telecommunications Services) and 11 (Financial Services) to a service supplier of the other Party that is an enterprise of the other Party, where the denying Party establishes that the enterprise is owned or controlled by persons of a non-Party, and that the denying Party:
  - (a) does not maintain diplomatic relations with the non-Party; or
  - (b) adopts or maintains measures with respect to the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter and Chapters 10 (Telecommunications Services) and 11 (Financial Services) were accorded to the enterprise.

2. A Party may deny the benefits of this Chapter and Chapters 10 (Telecommunications Services) and 11 (Financial Services) to a service supplier of the other Party that is an enterprise of the other Party, where the denying Party establishes that the enterprise is owned or controlled by persons of a non-Party or of the denying Party and has no substantial business activities in the Area of the other Party.

6. Each Party shall maintain appropriate measures for the purpose of preventing major suppliers in its Area from using or providing to any other persons information on suppliers of public telecommunications transport networks or services or end users thereof, including commercially sensitive information, which was acquired through interconnection with public telecommunications transport networks of other such suppliers, for purposes other than such interconnection.

Note: For Japan, the major suppliers referred to in paragraphs 2, 3 and 6 are limited to those falling under subparagraph (h)(i) of Article 10.2.

#### Article 10.11 Unbundling of Network Elements

Each Party shall provide its telecommunications regulatory body with the authority to require that major suppliers in its Area provide suppliers of public telecommunications transport networks or services of the other Party, with respect to linking between their telecommunications facilities, access to network components or

facilities for the provision of public telecommunications transport networks or services on an unbundled basis, in a timely fashion, on terms and conditions, and at cost-oriented rates, that are reasonable, non-discriminatory and transparent.

cables and are owned by public utilities including owners of public telecommunications transport networks, to any supplier of public telecommunications transport networks or services of the other Party, when a supplier requests such access.

2. Subject to paragraph 3, each Party shall ensure that major suppliers in its Area allow suppliers of public telecommunication transport networks or services of the other Party to access towers, conduits, cable tunnels, poles and rights of way owned or controlled by such major suppliers, where physically feasible and where no practical or viable alternative exists, on terms and conditions, and at cost-oriented rates, that are reasonable, non-discriminatory (including with respect to timeliness) and transparent.

2. Each Party shall ensure that the decisions and procedures of its telecommunications regulatory body are impartial with respect to all current and prospective market participants and shall endeavour to ensure that the decisions and the procedures are made and implemented without undue delay. To this end, each Party shall ensure that any financial interest that it holds in a supplier of telecommunications

services does not influence the decisions and procedures of its telecommunications regulatory body.

#### Article 10.16 Universal Service

Each Party has the right to define the kind of universal service obligations it wishes to maintain. Such obligations shall not be regarded as anticompetitive *per se*, provided that they are administered in a transparent, non-discriminatory and competitively neutral manner and are not more burdensome than necessary for the kind of universal service defined by the Party.

#### Article 10.17 Licensing Process

1. Where a licence is required, each Party shall make publicly available the following:

#### Article 10.18 Allocation and Use of Scarce Resources

1. Each Party shall carry out any procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, in an objective, timely, transparent and non-discriminatory manner.
2. Each Party shall make publicly available the current state of allocated frequency bands but shall not be required to provide detailed identification of frequencies allocated for specific government uses.
3. The Parties recognise that each Party's measures allocating and assigning spectrum and managing frequency are not measures that are *per se* inconsistent with Article 9.3 (Trade in Services – Market Access). Accordingly, each Party retains the right to establish and apply spectrum and frequency management policies that may have

the effect of limiting the number of suppliers of public telecommunications transport services, provided that it does so in a manner consistent with other provisions of this Agreement. Such right includes the ability to allocate frequency bands, taking into account current and future needs and spectrum availability.

4. When making a spectrum allocation for non-government telecommunications services, each Party shall endeavour to rely on an open and transparent public comment process that considers the overall public interest.

#### Article 10.19 Transparency

1. Each Party shall endeavour to ensure that:
  - (a) telecommunications service suppliers are provided with adequate advance notice of, and opportunity to comment on, any regulatory decision of general application that its telecommunications regulatory body proposes; and
  - (b) suppliers of public telecommunications transport networks or services of the other Party are, on request, provided with a clear and detailed explanation of reasons for any decision to deny access of the kind specified in Articles 10.10, 10.13 and 10.14, where that decision is made, approved, endorsed or authorised by the Party.
2. Each Party shall ensure that its measures relating to public telecommunications transport networks or services are published or otherwise made publicly available, including measures relating to:

Each Party shall, in accordance with its laws and regulations, take appropriate and necessary measures to regulate unsolicited electronic messages, with a view to encouraging favourable conditions for the use of electronic messages, and thus contributing to the sound development of an advanced information and communication society. For these purposes, the Parties shall cooperate bilaterally and in international fora.
2. For the purposes of paragraph 1, bilateral cooperation includes, where appropriate, the exchange of information and other assistance concerning the regulation of unsolicited electronic messages, subject to the laws and regulations of each Party.

Article 10.21  
Resolution of Telecommunications Disputes

Further to Articles 1.5 (General Provisions – Administrative Proceedings) and 1.6 (General Provisions – Review and Appeal), each Party shall ensure that:

- (a) suppliers of public telecommunications transport networks or services of the other Party may have timely recourse to its telecommunications regulatory body or other relevant body of the Party to resolve disputes regarding the Party's measures relating to the obligations set out in Articles 10.3 through 10.14;
- (b) a supplier of public telecommunications transport networks or services of the other Party that has requested interconnection with a major supplier in the Party's Area may have recourse to its telecommunications regulatory body, within a reasonable period after the supplier requests interconnection, concerning disputes regarding the terms, conditions and rates for interconnection with such major supplier; and
- (c) any enterprise that is aggrieved by the determination or decision of the Party's telecommunications regulatory body may obtain review of the determination or decision by an impartial and independent judicial authority. Neither Party shall permit such judicial review to constitute grounds for non-compliance with such determination or decision of the said body unless the relevant judicial authority withholds, suspends, repeals or stays such determination or decision.

Article 10.22  
Sub-Committee on Telecommunications

1. For the purposes of the effective implementation and operation of this Chapter, the Parties hereby establish a Sub-Committee on Telecommunications (hereinafter referred to in this Article as “the Sub-Committee”).

  - (a) reviewing and monitoring the implementation and operation of this Chapter;
  - (b) discussing any issues related to this Chapter and other issues relevant to the telecommunications sectors agreed on by the Parties;
  - (c) as appropriate, reporting the findings and the outcomes of discussions of the Sub-Committee to the Joint Committee; and
  - (d) carrying out other functions as may be delegated by the Joint Committee.
3. The Sub-Committee shall be composed of and co-chaired by representatives of the Governments of the Parties.
4. The Sub-Committee shall meet at such venues and times and by such means as may be agreed by the Parties.
5. The Sub-Committee may invite, by consensus, representatives of relevant entities other than the Governments of the Parties, including from the private sector, with necessary expertise relevant to the issues to be discussed, to attend meetings of the Sub-Committee.

Article 10.23

### Article 11.2 Definitions

1. For the purposes of this Chapter:
  - (a) the term “financial service” means any service of a financial nature. Financial services include all insurance and insurance-related services, and all banking and other financial services (excluding insurance). Financial services include the activities stated in Annex 9 (Financial Services);
  - (b) the term “financial service supplier” means any person that seeks to supply or supplies a financial service but does not include a public entity;
  - (c) the term “new financial service” means any service of a financial nature, including services related to existing and new products or the manner in which a product is delivered, that is not supplied by any financial service supplier in a Party but which is supplied in the other Party;
  - (d) the term “public entity” means:
    - (i) the Government, central bank or monetary authority of a Party, or an entity owned or controlled by a Party, that is principally engaged in carrying out governmental functions or activities for governmental purposes, not including an entity principally engaged in supplying financial services on commercial terms; or

- (ii) a private entity, performing functions normally performed by a central bank or monetary authority, when exercising those functions; and
- (e) the term “self-regulatory organisation” means any non-governmental body, including any securities or futures exchange or market, clearing agency, or any other organisation or association that exercises its own or delegated regulatory or supervisory authority over financial service suppliers.

2. For the purposes of subparagraph 2(e) of Article 9.1 (Trade in Services – Scope), the term “services supplied in the exercise of governmental authority” means, in respect of a financial service:

- (a) activities conducted by the central bank or monetary authority of a Party or by any other public entity in pursuit of monetary or exchange rate policies;
- (b) activities forming part of a statutory system of social security or public retirement plans; and
- (c) other activities conducted by a public entity for the account or with the guarantee or using the financial resources of the Government.

3. 4. Subparagraph (j) of Article 9.2 (Trade in Services – Definitions) shall not apply to the services covered by this Chapter.

#### Article 11.3 New Financial Services

Each Party shall permit financial service suppliers of the other Party established in the former Party to offer in the former Party any new financial service that a Party would permit its own financial service suppliers to offer, in like circumstances.

#### Article 11.4 Domestic Regulation

Nothing in this Agreement shall prevent a Party from adopting or maintaining measures relating to financial services or the financial system for prudential reasons including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial service supplier, or to ensure the integrity and stability of the Party's financial system. Where such measures do not conform with the provisions of this Agreement, they shall not be used as a means of avoiding the Party's commitments or obligations under this Agreement.

#### Article 11.5 Recognition

1. A Party may recognise prudential measures of any international regulatory body or non-Party in determining how the Party's measures relating to financial services shall be applied. Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement with the international regulatory body or non-Party concerned or may be accorded autonomously.

2. A Party that is a party to such an agreement or arrangement referred to in paragraph 1, whether future or existing, shall afford adequate opportunity for the other Party to negotiate its accession to such an agreement or arrangement, or to negotiate one comparable with it, under circumstances in which there would be equivalent regulation, oversight, implementation of such regulation, and, if appropriate, procedures concerning the sharing of information between the parties to the agreement or arrangement. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that such circumstances exist.

#### Article 11.6 Transfers of Information and Processing of Information

Neither Party shall take measures that prevent transfers of information or the processing of financial information, including transfers of data by electronic means, or that, subject to importation rules consistent with international agreements, prevent transfers of equipment, where such transfers of information, processing of financial information or transfers of equipment are necessary for the conduct of the ordinary business of a financial service supplier. Nothing in this Article restricts the right of a Party to protect personal data, personal privacy and the confidentiality of individual records and accounts so long as such right is not used to circumvent the provisions of this Chapter and Chapters 9 (Trade in Services) and 14 (Investment).

Article 11.7  
Regulatory Transparency

1. Each Party, recognising the importance of transparent regulations and policies governing the activities of financial service suppliers in facilitating their ability to gain access to and operate in each other's market, shall promote regulatory transparency in financial services.
2. To the extent possible, each Party shall allow a reasonable period of time between the publication of final regulations and their effective date.
3. To the extent possible, each Party shall, on request of the other Party, within a reasonable period of time, respond to specific questions and substantive comments from, and provide information to, the other Party on any measures of general application it proposes to adopt with respect to any matter covered by this Chapter.
4. Each Party shall take such reasonable measures as may be available to it to ensure that the rules of general application adopted or maintained by self-regulatory organisations of the Party are promptly published or otherwise made publicly available in such a manner as to enable interested persons of the other Party to become acquainted with them.
5. Each Party shall maintain or establish appropriate mechanisms for responding to enquiries from interested persons of the other Party regarding measures of general application covered by this Chapter.
6. Each Party's competent authorities shall, to the extent possible, make publicly available their requirements, including any documentation required, for completing applications relating to the supply of financial services.
7. Where a Party's competent authority requires additional information from an applicant of an application relating to the supply of financial services, it shall notify the applicant without undue delay of such additional information required.
8. A Party's competent authorities shall make an administrative decision within a reasonable period of time on an application, regarded as complete under its laws and regulations, of a financial service supplier of the other Party, relating to the supply of a financial service, and shall, to the extent possible, promptly notify the applicant of the decision in writing.

Article 11.8  
Self-Regulatory Organisations

When membership or participation in, or access to, any self-regulatory organisation is required by a Party in order for financial service suppliers of the other

Party to supply financial services on an equal basis with financial service suppliers of the former Party, or when the former Party provides directly or indirectly such organisation privileges or advantages in supplying financial services, the former Party shall ensure that such organisation accords national treatment to financial service suppliers of the other Party resident in the former Party.

Article 11.9  
Payment and Clearing Systems

Under terms and conditions that accord national treatment, each Party shall grant to financial service suppliers of the other Party established in the former Party access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. This Article is not intended to confer access to the Party's lender of last resort facilities.

Article 11.10

Without prejudice to Article 19.4 (Dispute Settlement - Consultations), a Party may request consultations with the other Party regarding any matter arising under this Agreement that affects financial services. The other Party shall give sympathetic consideration to the request. The Parties shall report the results of their consultations to the Sub-Committee. Consultations under this Article and consultations under Article 19.4 (Dispute Settlement - Consultations), that affect financial services shall include officials specified in paragraph 3 of Article 11.10.

#### Article 11.12 Dispute Settlement

- (b) the financial services sector and any other sector, the complaining Party may suspend benefits in the financial services sector that have an effect equivalent to the effect of the measure in the Party's financial services sector.

2. This Chapter shall not apply to measures affecting natural persons of a Party seeking access to the employment market of the other Party, nor to measures regarding nationality or citizenship, or residence or employment on a permanent basis.
3. This Chapter shall not prevent a Party from applying measures to regulate the entry of natural persons of the other Party into, or their temporary stay in, the Area of the former Party, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that such measures are not applied in such a manner as to nullify or impair the benefits accruing to the other Party under this Chapter.

Note: The sole fact of requiring a visa for natural persons of a certain nationality or citizenship and not for those of others shall not be regarded as nullifying or impairing benefits under this Chapter.

4. Except for this Chapter and Chapters 1 (General Provisions), 19 (Dispute Settlement) and 20 (Final Provisions), nothing in this Agreement shall impose any obligation on either Party regarding measures pursuant to immigration laws and regulations.

Article 12.2  
Definitions

For the purposes of this Chapter, the term “entry and temporary stay” means entry into and stay in a Party by a natural person of the other Party without the intent to establish permanent residence.

Article 12.3

Party, and subject to the terms of the specific commitments set out in Annex 10 (Specific Commitments on the Movement of Natural Persons).

2. Neither Party shall impose or maintain any limitations on the total number of visas to be granted to natural persons of the other Party falling under one of the categories referred to in Annex 10 (Specific Commitments on the Movement of Natural Persons), unless otherwise specified in that Annex.

#### Article 12.4 Transparency

- (b) establish or maintain appropriate mechanisms to respond to enquiries from interested persons regarding measures relating to the entry and temporary stay of natural persons covered by paragraph 1 of Article 12.3; and
- (c) endeavour to promptly make available to the other Party information on the introduction of any new requirements and procedures, or changes in any existing requirements and procedures referred to in subparagraph (a) that affect the effective application for the grant of entry into, initial or renewal of temporary stay in and, where applicable, permission to work in, and a change of status of temporary stay in, that Party.

#### Article 12.5 Requirements and Procedures Relating to the Movement of Natural Persons

1. The competent authorities of each Party shall, without delay, process complete applications for the grant of entry and temporary stay or, where applicable, work permits or certificates of eligibility submitted for natural persons of the other Party, including applications for renewal thereof.

2. If the competent authorities of a Party require additional information from the applicant in order to process the application, they shall, without undue delay, endeavour to notify the applicant.

3. A Party shall, within a reasonable period after a complete application by a natural person of the other Party covered by this Chapter requesting entry and temporary stay is lodged, notify the natural person of the decision concerning the application, including, if approved, the period of temporary stay and other conditions.

4. Each Party shall ensure that fees charged by its competent authorities on applications for the grant of entry and temporary stay do not in themselves represent an unjustifiable impediment to the movement of natural persons of the other Party under this Chapter.

5. Each Party shall endeavour, to the extent practicable, to take measures to simplify the requirements and to facilitate and expedite the procedures relating to the movement of natural persons of the other Party, subject to its laws and regulations.

#### Article 12.6 Dispute Settlement

- (a) the matter involves a pattern of practice; and
- (b) the natural persons of a Party concerned have exhausted the domestic remedies, where available, regarding the particular matter.

2. The domestic remedies referred to in subparagraph 1(b) shall be deemed to be exhausted if a final determination in the matter has not been issued by the competent authority of the other Party within two years after the date of the institution of proceedings for such domestic remedy, and the failure to issue such determination is not attributable to delay caused by the natural persons.

## CHAPTER 13 ELECTRONIC COMMERCE

### Article 13.1 Basic Principles

1. The Parties recognise the economic growth and opportunities provided by electronic commerce and the importance of avoiding unnecessary barriers to its use and development.
2. The aim of this Chapter is to contribute to creating an environment of trust and confidence in the use of electronic commerce and to promote electronic commerce between the Parties and the wider use of electronic commerce globally.

- (b) on the basis that the author, performer, producer, developer, or distributor of such digital products is a person of the other Party; or

Note: Nothing in this Article shall be construed as affecting rights and obligations of the Parties with respect to each other under Article 4 of the TRIPS Agreement.

4. Nothing in paragraph 3 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with investment activities of an investor of a Party or of a non-Party in its Area, on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its Area.

(c) the continuation or prompt renewal of any non-conforming measure referred to in subparagraphs (a) and (b); or

(d) an amendment or modification to any non-conforming measure referred to in subparagraphs (a) and (b), provided that the amendment or modification does not decrease the conformity of the measure, as it existed immediately before the amendment or modification, with Articles 14.3, 14.4, 14.8 and 14.9.

2. Articles 14.3, 14.4, 14.8 and 14.9 shall not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors and activities set out in its Schedule in Annex 7 (Non-Conforming Measures Relating to Paragraph 2 of Articles 9.7 and 14.10).

3. Neither Party shall, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule in Annex 7 (Non-Conforming Measures Relating to Paragraph 2 of Articles 9.7 and 14.10), require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment that exists at the time the measure becomes effective.

4. In cases where a Party makes an amendment or a modification to any non-conforming measure set out in its Schedule in Annex 6 (Non-Conforming Measures Relating to Paragraph 1 of Articles 9.7 and 14.10) or where a Party adopts any new or more restrictive measure with respect to sectors, sub-sectors or activities set out in its Schedule in Annex 7 (Non-Conforming Measures Relating to Paragraph 2 of Articles 9.7 and 14.10) after the date of the entry into force of this Agreement, the Party shall, prior to the implementation of the amendment or modification or the new or more restrictive measure, or as soon as possible thereafter:

2. The compensation shall be equivalent to the fair market value of the expropriated investment at the time when the expropriation was publicly announced or when the expropriation occurred, whichever is the earlier. The fair market value shall not reflect any change in market value occurring because the expropriation had become publicly known earlier.

3. The compensation shall be paid without delay and shall include interest at a commercially reasonable rate accrued from the date of expropriation to the date of payment and shall be effectively realisable and freely transferable in accordance with Article 14.13.

4. If payment is made in a freely usable currency, the compensation paid shall include interest, at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

5. If a Party elects to pay in a currency other than a freely usable currency, the compensation paid, converted into the currency of payment at the market rate of exchange prevailing on the date of payment, shall be no less than the sum of the following:

- (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date; and
- (b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

6. This Article does not apply to the issuance of compulsory licences granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that

such issuance, revocation, limitation, or creation is consistent with Chapter 16 (Intellectual Property).

Note: For greater certainty, the reference to the TRIPS Agreement in paragraph 6 includes any waiver in force between the Parties of any provision of that Agreement granted by WTO members in accordance with the WTO Agreement.

#### Article 14.12 Treatment in Case of Strife

1. Each Party shall, with respect to restitution, indemnification, compensation or any other settlement, accord to investors of the other Party that have suffered loss or damage to their covered investments due to armed conflict or civil strife such as revolution, insurrection, civil disturbance or any other similar event in its Area, treatment that is no less favourable than that it would accord, in like circumstances, to its own investors or to investors of a non-Party.
2. Any payments as a means of settlement referred to in paragraph 1 shall be effectively realisable, freely transferable and freely convertible at the market exchange rate into the currency of the Party of the investors concerned or freely usable currencies.
3. Notwithstanding the provisions of Article 1.10 (General Provisions – Security Exceptions), neither Party shall be relieved of its obligation under paragraph 1 by reason of its measures taken pursuant to that Article.

- (a) the assignment, to the Party or its designated agency, of any right or claim of the investor in respect of such investment, that formed the basis of such payment; and
- (b) the right of the Party or its designated agency to exercise by virtue of subrogation such right or claim to the same extent as the original right or claim of the investor.

Article 14.15  
General Exceptions

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between covered investments or investors of the other Party and other investments or investors, where like conditions prevail, or a disguised restriction on investment, nothing in Articles 14.3, 14.4, and 14.9 shall prevent the adoption or enforcement by either Party of measures:

- (a) necessary to protect public morals or to maintain public order;  

Note: The public order exception may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.
- (b) necessary to protect human, animal or plant life or health;  

Note: This exception includes environmental measures necessary to protect human, animal or plant life or health.

Note: For the purposes of this Article, an enterprise is:

- (a) “owned” by an investor if more than 50 per cent of the equity interest in it is beneficially owned by the investor; and
- (b) “controlled” by an investor if the investor has the power to name a majority of its directors or otherwise to legally direct its actions.

#### Article 14.18 Sub-Committee on Investment

Unless the Parties otherwise agree, the Parties shall conduct a review of this Chapter with a view to the possible improvement of the investment environment through, for example, the establishment of a mechanism for the settlement of an investment dispute between a Party and an investor of the other Party. Such review shall commence in the fifth year following the date of entry into force of this Agreement or a year on which the Parties otherwise agree, whichever comes first.

2. The Parties shall also conduct such a review if, following the entry into force of this Agreement, Australia enters into any multilateral or bilateral international agreement providing for a mechanism for the settlement of an investment dispute between Australia and an investor of another or the other party to that agreement, with a view to establishing an equivalent mechanism under this Agreement. The Parties shall commence such review within three months following the date on which that international agreement entered into force and will conduct the review with the aim of concluding it within six months following the same date.

State-Owned Enterprises

In addition to Article 15.3, bearing in mind the relationship between the promotion of competition and other policy objectives, the Parties recognise that seeking to ensure that governments do not provide competitive advantages to state-owned enterprises simply because they are state owned can contribute to the promotion of competition.

3. Information provided by the competition authority of a Party to the competition authority of the other Party shall not be used by the other Party for presentation in criminal proceedings carried out by a court or a judge, unless, on request of the other Party, such information was provided for use in criminal proceedings through diplomatic channels or other channels established in accordance with the laws and regulations of the Parties.
4. This Article shall not preclude the use or disclosure of information provided in accordance with this Chapter to the extent such use or disclosure is required by the laws and regulations of the Party receiving the information. The competition authority of a Party shall, wherever possible, give advance notice of any such use or disclosure to the competition authority of the other Party providing the information.

The Parties may avail themselves of the exceptions permitted under paragraph 1 in relation to judicial and administrative procedures, including the designation of an address for service or the appointment of an agent within the jurisdiction of a Party, only where such exceptions are necessary to secure compliance with laws and regulations which are not inconsistent with the provisions of this Chapter and where such practices are not applied in a manner which would constitute a disguised restriction on trade.

Such signs, in particular words including personal names, letters, numerals, figurative elements, three-dimensional shapes and combinations of colours as well as any combination of such signs, shall be eligible for registration as a trade mark. Where signs are not inherently capable of distinguishing the relevant goods or services, each Party may make eligibility for registration depend on distinctiveness acquired through use.

Article 16.10

3. In civil judicial proceedings involving copyright, each Party shall provide for a presumption that, in the absence of evidence to the contrary, the person whose name is indicated on a work in the usual manner as the name of the author of the work is the

author of the work. This paragraph shall be applicable even if such name is a pseudonym, where the pseudonym adopted by the author leaves no doubt as to his or her identity.

4. Each Party shall confine limitations or exceptions to exclusive rights of copyright and related rights to certain special cases which do not conflict with a normal exploitation of a work, performance or phonogram and do not unreasonably prejudice the legitimate interests of the right holder.

Note: With respect to works, performances and phonograms, paragraph 4 does not reduce the capacity of each Party to provide for limitations or exceptions in accordance with multilateral agreements related to intellectual property to which that Party is, or becomes, a party.

6. Once a positive determination regarding infringement has been made, each Party shall ensure that the goods, the release of which has been suspended in accordance with the procedures referred to in this Article, will not be released into the channels of commerce without the consent of the right holder, and that the goods will be destroyed or disposed of in accordance with its laws and regulations, except with the consent of the right holder, or otherwise, in exceptional circumstances.

7. Each Party shall provide for simplified procedures, to be used when the importer does not object, for the competent authorities to seize, destroy or dispose of the goods the release of which has been suspended in accordance with the procedures referred to in paragraph 2.

Note: For the purposes of this Article, the term “transshipment” means transshipment, as defined in the International Convention on the Simplification and Harmonization of Customs Procedures, done at Kyoto on 18 May 1973, as amended.

#### Article 16.19 Enforcement – Civil Remedies

1. Each Party shall provide that in civil judicial proceedings by a right holder of intellectual property rights against a person who knowingly, or with reasonable grounds to know, infringed the right holder’s intellectual property rights, its judicial authorities shall have the authority to order the infringer to pay the right holder damages adequate to compensate for the injury the right holder has suffered because of the infringement of the right holder’s intellectual property rights.

2. Each Party shall ensure, subject to its laws and regulations, that its judicial authorities have the authority to determine the amount of damages based on the totality of the evidence presented to them. In determining the amount of damages for infringement of intellectual property rights, a Party’s judicial authorities shall have the authority to consider, *inter alia*, any legitimate measure of value the right holder submits, which may include lost profits, the value of the infringed goods or services measured by the market price, or the suggested retail price.

#### Article 16.20 Enforcement – Criminal Procedures and Penalties

1. Each Party shall provide for criminal procedures and penalties to be applied at least in cases of trade mark counterfeiting, copyright or related rights piracy or

infringement of rights relating to new varieties of plants, committed wilfully and on a commercial scale.

2. Each Party shall treat wilful importation or exportation of goods covered by paragraph 1 as unlawful activities subject to criminal penalties. A Party may comply with its obligation relating to importation and exportation of goods covered by paragraph 1 by providing for distribution, sale or offer for sale of such goods on a commercial scale as unlawful activities subject to criminal penalties.

3. Penalties applicable to the cases referred to in paragraphs 1 and 2 shall include imprisonment and/or monetary fines sufficient to provide a deterrent, that are consistent with the level of penalties applied for crimes of a corresponding gravity.

4. Each Party shall ensure, at least in cases of trade mark counterfeiting or infringement of rights relating to new varieties of plants, committed wilfully and on a commercial scale, that its competent authorities may institute prosecution *ex officio*, without the need for a formal complaint by the right holder whose right has been infringed.

5. Each Party shall ensure that in cases of trade mark counterfeiting or copyright or related rights piracy committed wilfully and on a commercial scale, its judicial authorities may order the confiscation of crime proceeds and properties derived from such crime proceeds, in accordance with its laws and regulations.

Note: For the purposes of this paragraph, for Australia, its judicial authorities shall only be required to order the confiscation of crime proceeds and properties derived from such crime proceeds, in respect of offences defined as “indictable offences” under its law.

6. Each Party shall provide for criminal procedures and penalties to be applied in cases of wilful importation and domestic use, in the course of trade and on a commercial scale, of labels or packaging:

- (a) to which a mark has been applied without authorisation which is identical to, or cannot be distinguished from, a trade mark registered in its Area; and
- (b) which are intended to be used in the course of trade on goods or in relation to services which are identical to goods or services for which such trade mark is registered.

Note 1: A Party may comply with its obligation under this paragraph relating to importation of labels or packaging through its measures concerning distribution.

Note 2: A Party may comply with its obligations under this paragraph by providing for criminal procedures and penalties to be applied to attempts to commit a trade mark offence.

Article 16.21  
Sub-Committee on Intellectual Property

1. For the purposes of the effective implementation and operation of this Chapter, the Parties hereby establish a Sub-Committee on Intellectual Property (hereinafter referred to in this Article as “the Sub-Committee”).
2. The functions of the Sub-Committee shall be:
  - (a) reviewing and monitoring the implementation and operation of this Chapter;
  - (b) discussing any issues related to intellectual property, including geographical indications, covered by this Chapter;

  - (e) carrying out other functions as may be delegated by the Joint Committee.
3. The Sub-Committee:
  - (a) shall be composed of and co-chaired by representatives of the Governments of the Parties; and
  - (b) may invite, by consensus, representatives of relevant entities other than the Governments of the Parties, with necessary expertise relevant to the issues to be discussed, to attend meetings of the Sub-Committee to provide advice on specific issues.
4. The Sub-Committee shall meet at such venues and times and by such means as may be agreed by the Parties.

### Article 17.3

#### National Treatment and Non-Discrimination

1. With respect to any measure regarding covered procurement, each Party shall accord, immediately and unconditionally, to the goods, services and suppliers of the other Party, treatment no less favourable than that it accords to domestic goods, services and suppliers.
2. With respect to any measure regarding covered procurement, a Party shall not:

- (a) treat a locally-established supplier less favourably than another locally-established supplier on the basis of the degree of foreign affiliation or ownership; or
- (b) discriminate against a locally-established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of the other Party.

3. This Article shall not apply to customs duties and charges of any kind imposed on or in connection with importation, the method of levying such duties and charges, other import regulations and formalities, and measures affecting trade in services other than measures governing covered procurement.

4. Each Party shall ensure that its procuring entities comply with this Chapter in conducting covered procurements.

5. For greater certainty, all orders under contracts awarded for covered procurement shall be subject to paragraphs 1 and 2.

#### Article 17.4 Rules of Origin

For the purposes of covered procurement, neither Party shall apply rules of origin to goods or services that are different from the rules of origin the Party applies in the normal course of trade to those goods or services.

#### Article 17.5 Valuation of Contracts

1. In estimating the value of a procurement for the purposes of ascertaining whether it is a covered procurement under this Chapter:

- (a) valuation shall take into account all forms of remuneration, including any premiums, fees, commissions, interest and other revenue streams that may be provided for under the contract;
- (b) the selection of the valuation method by a procuring entity shall not be used, nor shall any procurement requirement be divided, with the intention of avoiding the application of this Chapter; and
- (c) in cases where an intended procurement specifies the need for or provides for the possibility of option clauses, the basis for valuation shall be the maximum total value of the procurement, inclusive of optional purchases.

2. In the case of procurement by lease, rental, or hire purchase of goods or services, or procurement for which a total price is not specified, the basis for valuation shall be:
  - (a) in the case of a fixed-term contract:
    - (i) where the term of the contract is 12 months or less, the total estimated maximum value for its duration; or
    - (ii) where the term of the contract exceeds 12 months, the total estimated maximum value, including any estimated residual value;
  - (b) where the contract is for an indefinite period, the estimated monthly instalment multiplied by 48; and
  - (c) where it is not certain whether the contract is to be a fixed-term contract, subparagraph (b) shall be used.

#### Article 17.6 Prohibition of Offsets

With regard to covered procurement, a Party, including its procuring entities, shall not seek, take account of, impose or enforce any offset. The term “offset” means any condition or undertaking that encourages local development or improves a Party’s balance-of-payments accounts, such as the use of domestic content, the licensing of technology, investment, counter-trade and similar actions or requirements.

#### Article 17.7 Technical Specifications

1. Technical specifications shall not be prepared, adopted, or applied with a view to, or with the effect of, creating unnecessary obstacles to trade between the Parties.
2. Requirements relating to conformity assessment procedures shall not be prescribed with a view to, or with the effect of, creating unnecessary obstacles to trade between the Parties.
3. For the purposes of this Article, the term “technical specification” means a tendering requirement that sets out:
  - (a) the characteristics of goods or services to be procured, including quality, performance, safety and dimensions, or the processes and methods for their production or provision; or

- (b) terminology, symbols, packaging, marking and labelling requirements, as they apply to goods or services.
- 4. Technical specifications prescribed by procuring entities shall, where appropriate:
  - (a) be specified in terms of performance and functional requirements, rather than design or descriptive characteristics; and
  - (b) be based on international standards, where such exist; otherwise, on national technical regulations, recognised national standards, or building codes.
- 5. There shall be no requirement or reference to a particular trademark or trade name, patent, copyright, design or type, specific origin or producer or supplier, unless there is no sufficiently precise or intelligible way of describing the procurement requirements and provided that words such as “or equivalent” are included in the tender documentation.
- 6. A procuring entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in the procurement.
- 7. Notwithstanding paragraph 6, a procuring entity may:
  - (a) conduct market research in developing specifications for a particular procurement; or
  - (b) allow a supplier that has been engaged to provide design or consulting services to participate in procurements related to such services, provided it would not give the supplier an unfair advantage over other suppliers.
- 8. For greater certainty, a Party, including its procuring entities, may, in accordance with this Article, prepare, adopt or apply technical specifications to promote the conservation of natural resources or protect the environment.

#### Article 17.8 Tendering Procedures

- 1. Each Party shall ensure that the tendering procedures of its procuring entities are applied in a non-discriminatory and transparent manner that is consistent with this Chapter.
- 2. A procuring entity shall use open, selective or limited tendering procedures.

Article 17.9  
Conditions for Participation

1. Any conditions for participation required from suppliers, including financial guarantees, technical qualifications and information necessary for establishing the financial, commercial and technical capacity of suppliers, as well as the verification of qualifications, shall be no less favourable to suppliers of the other Party than to domestic suppliers.
2. A Party and its procuring entities may establish a multi-use list, provided that the procuring entity or other government agency annually publishes or otherwise makes available, continuously in electronic form, a notice inviting interested suppliers to apply for inclusion on the list. The notice shall include:
  - (a) a description of the goods and services, or categories thereof, for which the list may be used;
  - (b) the conditions for participation to be satisfied by suppliers and the methods that the procuring entity or other government agency will use to verify a supplier's satisfaction of the conditions; and
  - (c) the name and address of the procuring entity or other government agency and other information necessary to contact the entity and obtain all relevant documents relating to the list.
3. The process of, and the time required for, qualifying suppliers shall not be used in order to keep suppliers of the other Party off a suppliers' list or from being considered for a particular intended procurement.
4. Nothing in this Article shall preclude the exclusion of any supplier on grounds such as bankruptcy or false declarations or significant deficiencies in performance of any substantive requirement or obligation under a prior contract.
5. For greater certainty, a procuring entity may allow suppliers who have not yet qualified to tender in an intended procurement to participate in that procurement, provided that there is sufficient time to complete the qualification procedure.

Article 17.10  
Notice of Procurement

1. In an open tendering procedure and, where appropriate, a selective tendering procedure, a procuring entity shall publish a notice inviting interested suppliers to submit tenders (hereinafter referred to as "notice of procurement") or application for

participation in a procurement, in such a way as to be readily accessible to any interested supplier of the other Party for the entire period established for tendering.

2. The information in each notice of procurement shall include a description of the intended procurement, any conditions that suppliers must fulfil to participate in the procurement, the name of the procuring entity, the address where all documents relating to the procurement may be obtained, and the time-limits for submission of tenders.

3. Procuring entities are encouraged to publish, prior to or as early as possible in the fiscal year, a notice regarding their future procurement plans (hereinafter referred to as “notice of planned procurement”). The notice of planned procurement should include the subject matter of each procurement and the planned date of the publication of the notice of procurement or commencement of the related tender procedure.

#### Article 17.11 Selective Tendering

1. To ensure optimum effective competition under selective tendering procedures, procuring entities shall, for each intended procurement, invite tenders from the maximum number of domestic suppliers and suppliers of the other Party, taking due account of the efficient operation of the procurement system and market conditions. They shall select the suppliers to participate in the procedure in a fair and non-discriminatory manner.

2. For greater certainty, a procuring entity applying selective tendering may use a list of qualified suppliers or a multi-use list established in accordance with Article 17.9.

#### Article 17.12 Time-Limits for Tendering

1. Each Party shall ensure that:

- (a) any prescribed time-limit is adequate to allow suppliers to prepare and submit tenders before the closing of the tendering procedures; and
- (b) in determining any such time-limit, its procuring entities, consistent with their own reasonable needs, take into account such factors as the date of publication of the tender notice, the complexity of the intended procurement and the extent of subcontracting anticipated.

2. For each covered procurement, the final date and time for submission of tenders determined by the procuring entity shall be the same for all suppliers participating in the tendering procedure. For greater certainty, this requirement shall also apply where:

- (a) as a result of a need to amend information provided to suppliers during the procurement process, the procuring entity extends the time-limits for qualification or tendering procedures; or
- (b) negotiations are terminated and suppliers may submit new tenders.

Article 17.13  
Tender Documentation

1. A procuring entity shall make available to suppliers tender documentation that includes all information necessary to permit suppliers to prepare and submit responsive tenders, including all criteria that the procuring entity will consider in awarding the contract.
2. A procuring entity shall respond promptly to any reasonable request for relevant information, including a request for explanations relating to tender documentation, submitted by a supplier participating in the tendering procedure.
3. Information relating to a specific procurement shall not be provided in a manner which would have the effect of giving a potential supplier or group of potential suppliers an advantage over competitors.
4. Where, prior to the award of a contract, a procuring entity modifies the criteria or requirements set out in the notice of procurement or tender documentation provided to participating suppliers, or amends or re-issues a notice or tender documentation, it shall transmit in writing all such modifications or amended or re-issued notice or tender documentation:
  - (a) to all suppliers that are participating at the time of the modification, amendment or re-issuance, where such suppliers are known to the entity, and in all other cases, in the same manner as the original information was made available; and
  - (b) in adequate time to allow such suppliers to modify and re-submit amended tenders, as appropriate.

Article 17.14  
Submission, Receipt and Opening of Tenders and Awarding of Contracts

1. A procuring entity shall receive, open and treat all tenders in accordance with procedures that guarantee the fairness and impartiality of the procurement process.

2. A procuring entity shall treat all tenders in confidence to the extent permitted by the laws and regulations of the Party. In particular, it shall not provide information to particular suppliers that might prejudice fair competition between suppliers.
3. A procuring entity shall not penalise any supplier whose tender is received after the time specified for receiving tenders if the delay is due solely to mishandling on the part of the procuring entity.
4. Where a procuring entity provides suppliers with an opportunity to correct unintentional errors of form between the opening of tenders and the awarding of the contract, the procuring entity shall provide the same opportunity to all participating suppliers.
5. To be considered for award, a tender must, at the time of opening, conform to the essential requirements of the notice of procurement or tender documentation.
6. A contract may only be awarded to a supplier that the procuring entity has determined to have complied with the conditions for participation. If a procuring entity has received a tender abnormally lower than other tenders submitted, it may enquire with the tenderer to ensure that the tenderer can comply with the conditions for participation and is capable of fulfilling the terms of the contract.
7. Unless a procuring entity determines that it is not in the public interest to award a contract, the procuring entity shall award the contract to the supplier that the entity has determined to be capable of fulfilling the terms of the contract and that, based solely on the criteria and requirements specified in the notices and tender documentation, has submitted:
  - (a) the most advantageous, best value or overall greatest value tender; or
  - (b) where price is the sole criterion, the lowest price.
8. A procuring entity shall not use option clauses, cancel a procurement or modify awarded contracts in order to avoid the obligations under this Chapter.

#### Article 17.15 Limited Tendering

1. A procuring entity may use limited tendering, provided that limited tendering is not used with a view to avoiding maximum possible competition or in a manner which would constitute a means of discrimination against the suppliers of the other Party or protection to domestic producers or suppliers. When a procuring entity applies limited tendering, it may choose, according to the nature of the procurement, not to apply Articles 17.7 through 17.14.

2. Subject to paragraph 1, a procuring entity may use limited tendering only under the following conditions:

- (a) on condition that the requirements of the initial tender are not substantially modified in the contract as awarded:
  - (i) no tenders were submitted or no suppliers requested participation;
  - (ii) all tenders submitted have been collusive;
  - (iii) no tenders were submitted that conform to the essential requirements in the tender documentation; or
  - (iv) no suppliers satisfied the conditions for participation;
- (b) when, for works of art or for reasons connected with protection of exclusive rights, such as patents or copyrights, or in the absence of competition for technical reasons, the goods or services can be supplied only by a particular supplier and no reasonable alternative or substitute exists;
- (c) in so far as is strictly necessary when, for reasons of extreme urgency brought about by events unforeseeable or unforeseen by the procuring entity, the goods or services could not be obtained in time by means of open or selective tendering procedures;
- (d) for additional deliveries by the original supplier of goods or services, or its authorised representative, that were not included in the initial procurement where a change of supplier for such additional goods or services:
  - (i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations; or
  - (ii) would cause significant inconvenience or substantial duplication of costs for the procuring entity;
- (e) when a procuring entity procures a prototype or a first good or service that is intended for limited trial or that is developed at its request in the course of, and for, a particular contract for research, experiment, study or original development;

Note: Original development of a first good or service may include limited production or supply in order to incorporate the results

of field testing and to demonstrate that the good or service is suitable for production or supply in quantity to acceptable quality standards.

- (f) for goods purchased on a commodity market;
- (g) for purchases made under exceptionally advantageous conditions which only arise in the very short term such as from unsolicited innovative proposals, unusual disposals, or disposal of assets of businesses in liquidation, bankruptcy or receivership and not routine purchases from regular suppliers;
- (h) in the case of contracts awarded to the winner of a design contest provided that the contest has been organised in a manner which is consistent with the principles of this Chapter and the contest is judged by an independent jury with a view to design contracts being awarded to the winner; or
- (i) for new construction services consisting of the repetition of similar construction services that conform to a basic project for which an initial contract was awarded following open tendering or selective tendering in accordance with this Chapter and for which the procuring entity has indicated in the notice of intended procurement concerning the initial construction service, that limited tendering procedures might be used in awarding contracts for those construction services.

3. Procuring entities shall prepare a report in writing on each contract awarded under this Article. Each report shall contain the name of the procuring entity, value and kind of goods or services procured, and a statement of the conditions in this Article which prevailed.

#### Article 17.16 Post-Award Information

1. Each Party, including its procuring entities shall publish a notice no later than 72 days after the award of each contract for a covered procurement. Such notice shall contain:

- (a) a description of the goods or services procured, which may include quantity;
- (b) the name and address of the entity awarding the contract;
- (c) the contract date or the date of award;

- (d) the name and address of the contracted supplier or winning tenderer;
- (e) the value of the contract or the value of the winning award or the highest and the lowest offer taken into account in the award of the contract; and
- (f) the procurement method used.

2. A procuring entity shall promptly inform suppliers that have submitted tenders of the contract award decision. Subject to Article 17.18, a procuring entity shall, on request, provide an unsuccessful supplier with the reasons why the procuring entity did not select its tender.

3. A procuring entity shall maintain documentation and reports relating to the conduct of procurements covered by this Chapter, including reports required by paragraph 3 of Article 17.15, for a period of at least three years after the date it awards a contract.

#### Article 17.17 Information on the Procurement System

1. Each Party shall promptly publish its procurement laws, regulations, procedures and policy guidelines relating to covered procurements, and any changes or additions thereto.
2. Each Party shall promptly reply to any request from the other Party for an explanation of any matter relating to its procurement laws, regulations, procedures and policy guidelines.

#### Article 17.18 Non-Disclosure of Information

Nothing in this Chapter shall be construed to require a Party or its procuring entities to disclose, furnish or allow access to confidential information furnished by a person where such disclosure might prejudice fair competition between suppliers, without the authorisation of the person that furnished the confidential information.

#### Article 17.19 Challenge Procedure

1. In the event of a complaint by a supplier that there has been a breach of measures implementing the obligations of this Chapter in the context of a covered procurement, each Party shall encourage the supplier to seek resolution of its complaint in consultation with the procuring entity. In such instances the procuring entity shall

accord impartial and timely consideration to any such complaint, in a manner that is not prejudicial to obtaining corrective measures under the challenge system.

2. Each Party shall maintain at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review, in a non-discriminatory, timely, transparent and effective manner, complaints that suppliers submit, in accordance with the Party's laws, regulations and procedures, relating to a covered procurement.

3. Each Party shall make information on complaint mechanisms generally available.

#### Article 17.20 Exceptions

1. Further to Article 1.10 (General Provisions – Security Exceptions), nothing in this Chapter shall be construed to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests relating to government procurement indispensable for national security or for national defence purposes.

2. Subject to the requirement that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between the Parties where the same conditions prevail, or a disguised restriction on trade between the Parties, nothing in this Chapter shall be construed to prevent a Party from imposing, enforcing or maintaining measures:

- (a) necessary to protect public morals, order or safety;
- (b) necessary to protect human, animal or plant life or health;
- (c) necessary to protect intellectual property; or
- (d) relating to goods or services of handicapped persons, of philanthropic or not-for-profit institutions or of prison labour.

3. The Parties understand that subparagraph 2(b) includes environmental measures necessary to protect human, animal, or plant life or health.

#### Article 17.21 Ensuring Integrity in Procurement Processes

1. Each Party shall ensure that criminal or administrative penalties exist to prevent corruption in its government procurement.

2. Procuring entities shall conduct covered procurement in a transparent and impartial manner which:

- (a) eliminates any conflicts of interest for persons administering a tendering procedure wherever possible; or
- (b) for situations where it is not possible to fully eliminate such conflicts, prevent such interests from influencing procedures or decisions made in the course of a procurement.

Article 17.22  
Rectifications or Modifications

1. A Party shall notify the other Party in writing of any proposed rectification or modification of its Part to Annex 13 (Government Procurement) (any of which is hereinafter referred to in this Article as “modification”). Notification may include, where necessary to maintain a level of coverage comparable to that existing prior to the modification, an offer of compensatory adjustment.

2. Proposed modifications shall become effective provided the other Party does not object in writing to the modifying Party within 45 days after the date of notification.

3. A Party need not provide compensatory adjustments to the other Party where a proposed modification is of a purely formal or minor nature to its Part to Annex 13 (Government Procurement), such as:

- (a) changes in the name of a procuring entity;
- (b) merger of one or more procuring entities;
- (c) the separation of a procuring entity into two or more entities that are all added to the list of procuring entities in the same Section of Annex 13 (Government Procurement); and
- (d) changes in website references.

4. Where the Parties do not agree on the proposed modification, the objecting Party may request further information with a view to clarifying the proposed modification or may request that an offer of compensation be made where the objecting Party considers that compensation is necessary to maintain a level of coverage comparable to that existing prior to the modification. The Parties shall make every attempt to resolve the objection through consultations.

5. Where the Parties resolve the objection through consultations, the Parties shall notify the contact points provided under Article 1.14 (General Provisions – Communications) of the agreed modifications.

6. Neither Party shall undertake modifications to avoid the obligations of this Chapter.

#### Article 17.23 Privatisation of Procuring Entities

When government control over a procuring entity specified in Annex 13 (Government Procurement) has been effectively eliminated, notwithstanding that the government may possess holding thereof or appoint members of the board of directors thereto, this Chapter shall no longer apply to that entity and compensation need not be proposed. A Party shall notify the other Party of the name of such entity before elimination of government control or as soon as possible thereafter. Notification shall include evidence of such elimination.

#### Article 17.24 Further Negotiation

In the event that after the entry into force of this Agreement a Party offers a non-Party additional advantages of binding access to its government procurement market beyond what the other Party has been provided with under this Chapter, the former Party shall, on request of the other Party, enter into negotiations with the other Party with a view to extending those advantages to the other Party on a reciprocal basis.

#### Article 17.25 Cooperation

1. Each Party shall reply to any request from the other Party for an explanation of any matter relating to the application of this Chapter, including matters related to its procurement laws, regulations and policy guidelines.
2. Each Party shall use the contact point referred in Article 1.14 (General Provisions – Communications) for any request made pursuant to this Article.
3. The Joint Committee shall have responsibility for reviewing the implementation and operation of this Chapter.

CHAPTER 18  
PROMOTION OF A CLOSER ECONOMIC RELATIONSHIP

Article 18.1  
Cooperation

1. The Parties shall endeavour to cooperate and take appropriate measures to promote a closer economic relationship, including between their business sectors, in accordance with their respective laws and regulations.
2. The Parties, confirming their willingness to promote a closer economic relationship, shall hold consultations in accordance with this Chapter.

Article 18.2  
Sub-Committee on  
Promotion of a Closer Economic Relationship

1. For the purposes of the effective implementation and operation of this Chapter, the Parties hereby establish a Sub-Committee on Promotion of a Closer Economic Relationship (hereinafter referred to in this Chapter as “the Sub-Committee”).
2. The functions of the Sub-Committee shall be:
  - (a) reviewing and monitoring the implementation and operation of this Chapter;
  - (b) discussing any issues related to this Chapter, including, as appropriate:
    - (i) ways to promote a closer economic relationship between the Parties;
    - (ii) ways to further remove obstacles to trade and investment between the Parties and to facilitate business activities between the Parties; and

NON-CONFORMING MEASURES RELATING TO PARAGRAPH 1 OF ARTICLES  
9.7 and 14.10

PART 1  
SCHEDULE OF AUSTRALIA

Section 1  
Notes for Sections 2 and 3

1. Section 2 of the Schedule of Australia sets out, pursuant to Articles 9.7 (Trade in Services - Non-Conforming Measures) and 14.10 (Investment - Non-Conforming Measures and Exceptions), Australia's existing measures that are not subject to some or all of the obligations imposed by:

- (a) Article 9.3 (Trade in Services - Market Access);
- (b) Article 9.4 (Trade in Services - National Treatment) or 14.3 (Investment - National Treatment);
- (c) Article 9.5 (Trade in Services - Most-Favoured-Nation Treatment) or 14.4 (Investment - Most-Favoured-Nation Treatment);
- (d) Article 9.6 (Trade in Services - Local Presence);
- (e) Article 14.8 (Investment - Senior Management and Boards of Directors); or
- (f) Article 14.9 (Investment - Prohibition of Performance Requirements).

2. Section 3 of the Schedule of Australia sets out, pursuant to Articles 9.7 (Trade in Services - Non-Conforming Measures) and 14.10 (Investment - Non-Conforming Measures and Exceptions), Australia's additional existing measures with respect to or relating to trade in financial services that are not subject to some or all of the obligations imposed by:

- (a) Article 9.3 (Trade in Services - Market Access);
- (b) Article 9.4 (Trade in Services - National Treatment) or 14.3 (Investment - National Treatment);
- (c) Article 9.5 (Trade in Services - Most-Favoured-Nation Treatment) or 14.4 (Investment - Most-Favoured-Nation Treatment);
- (d) Article 9.6 (Trade in Services - Local Presence);
- (e) Article 14.8 (Investment - Senior Management and Boards of Directors); or
- (f) Article 14.9 (Investment - Prohibition of Performance Requirements).

Note 1: Commitments on measures with respect to or relating to trade in financial services are undertaken subject to the limitations and conditions set forth in Chapter 9 (Trade in Services), Chapter 11 (Financial Services), Chapter 14 (Investment), this Section and the Schedule below.

Note 2: To clarify Australia's commitment with respect to Article 9.3 (Trade in Services - Market Access), enterprises supplying financial services and constituted under the laws of Australia are subject to non-discriminatory limitations on juridical form.<sup>1</sup>

Note 3: Without prejudice to other means of prudential regulation of cross-border trade in financial services, Australia reserves the right to require the non-discriminatory licensing or registration of cross-border financial service suppliers of Japan and of financial instruments in accordance with Article 11.4 (Financial Services - Domestic Regulation).

---

<sup>1</sup> For example, partnerships and sole proprietorships are generally not acceptable juridical forms for authorised depository institutions in Australia. This note is not itself intended to affect, or otherwise limit, a choice by a financial service supplier of the other Party between branches or subsidiaries.

Note 4: Australia reserves the right to adopt or maintain non-discriminatory limitations concerning admission to the market of new financial services where such measures are required to achieve prudential objectives. Australia may determine the institutional and juridical form through which a new financial service may be supplied and may require authorisation for the supply of the service. Where authorisation to supply a new financial service is required, the authorisation may only be refused for prudential reasons.

3. Each Schedule entry sets out the following elements:

- (a) "Sector" refers to the sector for which the Schedule entry is made;
- (b) "Obligations Concerned" specifies the obligation(s) referred to in paragraph 1 that, pursuant to subparagraph 1(a) of Articles 9.7 (Trade in Services - Non-Conforming Measures) and 14.10 (Investment - Non-Conforming Measures and Exceptions), do not apply to the listed measure(s);
- (c) "Level of Government" indicates the level of government maintaining the listed measure(s);
- (d) "Source of Measure" means the laws, regulations or other measures that are the source of the non-conforming measure for which the Schedule entry is made. A measure cited in the "Source of Measure" element:
  - (i) means the measure as amended, continued or renewed as of the date of entry into force of this Agreement; and
  - (ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and
- (e) "Description" sets out the non-conforming measure for which the Schedule entry is made.

Note 1: In accordance with Articles 9.7 (Trade in Services - Non-Conforming Measures) and 14.10 (Investment - Non-Conforming Measures and Exceptions), the articles of this Agreement specified in the "Obligations Concerned" element of an entry do not apply to the non-conforming measure identified in the "Description" element of that entry.

Note 2: A reference to National Treatment in the "Obligations Concerned" element of an entry specifies Australia's obligations under Article 9.4 (Trade in Services - National Treatment) and Article 14.3 (Investment - National Treatment).

4. Local Presence and National Treatment are separate disciplines and a measure that is only inconsistent with Local Presence (such as residency requirements) has not been reserved against National Treatment.

5. Where Australia maintains a measure that requires that a service supplier be a citizen, permanent resident or resident of its territory as a condition to the supply of a service in its territory, a Schedule entry for that measure taken with respect to Article 9.4 (Trade in Services - National Treatment), 9.5 (Trade in Services - Most-Favoured-Nation Treatment) or 9.6 (Trade in Services - Local Presence) shall operate as a Schedule entry with respect to Article 14.3 (Investment - National Treatment), 14.4 (Investment - Most-Favoured-Nation Treatment) or 14.9 (Investment - Prohibition of Performance Requirements) to the extent of that measure.

6. Australia reserves the right to maintain and to add to this Schedule any non-conforming measure at the regional level of government that existed at 1 January 2005, but was not listed in this Schedule at the date of entry into force of this Agreement, against the following obligations:

- (a) Article 9.4 (Trade in Services - National Treatment) or 14.3 (Investment - National Treatment);
- (b) Article 9.5 (Trade in Services - Most-Favoured-Nation Treatment) or 14.4 (Investment - Most-Favoured-Nation Treatment);

- (c) Article 9.6 (Trade in Services - Local Presence);
- (d) Article 14.8 (Investment - Senior Management and Boards of Directors); or
- (e) Article 14.9 (Investment - Prohibition of Performance Requirements).

1. Section 2 of the Schedule of Australia sets out, pursuant to Articles 9.7 (Trade in Services - Non-Conforming Measures) and 14.10 (Investment - Non-Conforming Measures and Exceptions) the specific sectors, sub-sectors or activities for which Australia may maintain existing, or adopt new or more restrictive, measures that do not conform with obligations imposed by:

- (a) Article 9.3 (Trade in Services - Market Access);
- (b) Article 9.4 (Trade in Services - National Treatment) or 14.3 (Investment - National Treatment);

- (a) Article 9.3 (Trade in Services - Market Access);
- (b) Article 9.4 (Trade in Services - National Treatment) or 14.3 (Investment - National Treatment);

---

<sup>1</sup> For example, partnerships and sole proprietorships are generally not acceptable juridical forms for authorised depository institutions in Australia. This note is not itself intended to affect, or otherwise limit, a choice by a financial service supplier of the other Party between branches or subsidiaries.

Note 3: Without prejudice to other means of prudential regulation of cross-border trade in financial services, Australia reserves the right to require the non-discriminatory licensing or registration of cross-border financial service suppliers of Japan and of financial instruments in accordance with Article 11.4 (Financial Services - Domestic Regulation).

Note 4: Australia reserves the right to adopt or maintain non-discriminatory limitations concerning admission to the market of new financial services where such measures are required to achieve prudential objectives. Australia may determine the institutional and juridical form through which a new financial service may be supplied and may require authorisation for the supply of the service. Where authorisation to supply a new financial service is required, the authorisation may only be refused for prudential reasons.

3. Each Schedule entry sets out the following elements:

- (a) "Sector" refers to the sector for which the entry is made;

Annex 12

EXPROPRIATION

1. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest in an investment.

2. Paragraph 1 of Article 14.11 (Investment - Expropriation and Compensation) addresses two situations:

- (a) direct expropriation, where an investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure; and
- (b) indirect expropriation, where an action or series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

3. The determination of whether an action or series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers, among other factors:

- (a) the economic impact of the government action, although the fact that an action or series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;
- (b) the extent to which the government action interferes with distinct, reasonable investment-backed expectations; and
- (c) the character of the government action, including its objectives.

4. Except in rare circumstances, such as when an action or a series of actions by a Party is so severe in light of its purpose that it cannot be reasonably viewed as having been applied in good faith, non-discriminatory regulatory actions designed and applied by the Party for the purpose of legitimate public welfare objectives, such as the protection of public health, safety, and the environment, do not constitute indirect expropriation.
