HAVE DECIDED AS FOLLOWS:

TITLE I

OBJECTIVES

Article 1

Stepping Stone Agreement

This Agreement creates an initial framework for an Economic Partnership Agreement (EPA).

Article 2

Objectives

The objectives of this Agreement are:

- (a) to allow the Ivorian Party to benefit from the enhanced market access offered by the EC Party in the context of the EPA negotiations, and thereby to avoid disrupting trade between Côte d'Ivoire and the European Community on the expiry of the transitional trade regime of the Cotonou Agreement on 31 December 2007, pending the conclusion of a comprehensive EPA;
- (b) to lay the foundations for the negotiation of an EPA which will help to reduce poverty, promote regional integration, economic cooperation and good governance in West Africa and to improve West Africa's capacities as regards commercial policy and trade-related issues;
- (c) to promote the harmonious and progressive integration of West Africa into the world economy, in accordance with its political choices and development priorities;
- (d) to strengthen the existing relations between the Parties on the basis of solidarity and mutual interest;
- (e) to create an agreement which is compatible with Article XXIV of GATT 1994.

TITLE II
PARTNERSHIP FOR DEVELOPMENT

Article 3

Development cooperation in the framework of this Agreement

The Parties undertake to cooperate in order to implement this Agreement and to help support the Ivorian Party in the achievement of the EPA objectives. This cooperation shall take financial and non-financial forms.

Article 4

Development finance cooperation in the framework of this Agreement

1. The provisions of the Cotonou Agreement concerning economic and regional cooperation and integration shall be implemented with a view to maximising the benefits of this Agreement.

2. European Community financing ⁽¹⁾ pertaining to development co-operation between the Ivorian Party and the European Community in support of the implementation of this Agreement shall be provided in accordance with the appropriate rules and procedures set out in the Cotonou Agreement, in particular the programming procedures of the European Development Fund (EDF), and using the relevant instruments financed by the General Budget of the European Union. In this context, supporting the implementation of this Agreement shall be one of the priorities.

3. The Member States of the European Community collectively undertake to support, through their respective development policies and instruments, development actions to encourage regional economic cooperation and the implementation of this Agreement both at national and regional levels, in accordance with the principles of efficiency and complementarity of aid.

4. The Parties shall cooperate to facilitate the participation of other donors willing to support the efforts of the Ivorian Party to achieve the objectives of this Agreement.

5. The Parties acknowledge the usefulness of regional financing mechanisms such as a regional EPA fund established by and for the region in order to channel financing at regional and national level and effectively implement the measures accompanying this Agreement. The European Community undertakes to channel its support either through the financing mechanisms of the region or through those chosen by the countries signatory to this Agreement in accordance with the rules and procedures set out in the Cotonou Agreement and in compliance with the aid effectiveness principle of the Paris Declaration, with a view to ensuring simplified, efficient and rapid implementation.

6. For the implementation of the provisions of paragraphs 1 to 5 of this Agreement, the Parties undertake to cooperate using financial and non-financial means in the areas defined in Articles 5, 6, 7 and 8.

⁽¹⁾ Not including financing provided by the individual Member States.

▼B*Article 5***Business environment**

The Parties consider that the business environment is an essential factor in economic development and that, consequently, the provisions of this Agreement shall be aimed at contributing to this common objective. Côte d'Ivoire, which is a signatory to the Treaty establishing the Organisation for the Harmonisation of Business Law in Africa (OHADA), reaffirms its commitment to applying the provisions of this Treaty.

In accordance with the provisions of Article 4, the Parties undertake to work unremittingly on improving the business environment.

*Article 6***Support for implementation of the rules**

The Parties agree that the setting of trade rules, which include provisions on cooperation detailed in the various chapters of this Agreement, is fundamental to achieving the objectives of this Agreement. Cooperation in this field shall be organised in accordance with the arrangements specified in Article 4.

*Article 7***Strengthening and modernising productive sectors**

In relation to the implementation of this Agreement, the Parties affirm their wish to upgrade the competitiveness of the productive sectors of Côte d'Ivoire affected by this Agreement.

The Parties agree to work together using cooperation instruments and in accordance with the provisions of Article 4, and to support:

- the repositioning of the private sector vis-à-vis the new economic opportunities created by this Agreement,
- the definition and implementation of modernisation strategies,
- the improvement of the private sector environment and of the business climate referred to in Articles 5 and 6,
- the promotion of the partnership between the Parties' private sectors.

*Article 8***Cooperation on fiscal adjustment**

1. The Parties acknowledge the challenges which the elimination or substantial reduction of customs duties provided for in this Agreement may pose for Côte d'Ivoire, and they agree to establish dialogue and cooperation in this field.

2. In the light of the tariff dismantling schedule adopted as part of this Agreement, the Parties agree to establish in-depth dialogue on fiscal adjustment measures in order to ultimately ensure a balanced budget position for Côte d'Ivoire.

▼B

3. The Parties agree to cooperate as regards the provisions of Article 4, in particular through the facilitation of assistance measures in the following fields:

- (a) a significant contribution to absorbing net fiscal impact in full complementarity with fiscal reforms;
- (b) support for fiscal reform accompanying dialogue in this field.

*Article 9***Cooperation in international fora**

The Parties shall endeavour to cooperate in all international fora where issues relevant to this partnership are discussed.

TITLE III

TRADE REGIME FOR GOODS*CHAPTER 1****Customs duties and non-tariff measures****Article 10***Customs duties**

1. The term ‘customs duties’ refers to the duties or charges of any kind imposed on or in connection with the importation or exportation of goods, as provided for in the WTO rules.

This provision shall not be interpreted as applying to internal duties or charges or duties or charges having equivalent effect at the moment of leaving the territory.

2. For each product, the basic customs duty to which the successive reductions apply shall be that specified in the tariff dismantling schedules of each Party.

*Article 11***Fees and other charges**

The Parties reaffirm their commitment to complying with the provisions of Article VIII of GATT 1994.

*Article 12***Customs duties on products originating in Côte d'Ivoire**

Products originating in Côte d'Ivoire shall be imported into the EC free of customs duties, except for the products indicated, and under the conditions set out in Annex 1.

▼B*Article 13***Customs duties on products originating in the EC**

Customs duties on products originating in the EC and exported to Côte d'Ivoire shall be reduced or eliminated in accordance with the tariff dismantling schedule in Annex 2.

*Article 14***Rules of origin**

1. Within the meaning of this Chapter, 'originating' status shall be conferred on goods meeting the rules of origin in force on 1 January 2008 on the territory of the Parties.

2. The Parties shall establish a reciprocal common regime governing the rules of origin by 31 July 2008 at the latest, based on the rules of origin set out in the Cotonou Agreement and providing for their simplification, in view of the Ivorian Party's development objectives. The new regime shall be part of this Agreement by decision of the EPA Committee. Failing agreement between the Parties, the applicable regime shall be the most favourable regime to Côte d'Ivoire of either the current regime adopted by the EC Party or the improved rules established under the Cotonou Agreement.

3. At the latest three years after the date of entry into force of this Agreement, the Parties shall revise the provisions in force governing the rules of origin with the common aim of simplifying the concepts and methods used to determine origin in the light of the development objectives of Côte d'Ivoire and in line with those of West Africa. In the context of this revision, the Parties shall take account of technological development, production procedures and all other factors, including current reforms of the rules of origin which could require consequent amendments to the negotiated reciprocal regime. All amendments or replacements shall be made pursuant to a decision by the EPA Committee.

*Article 15***Standstill**

1. No new customs duties on imports shall be introduced in trade between the Parties, nor shall those currently applied in trade between the Parties be increased from the date of entry into force of this Agreement.

2. Notwithstanding paragraph 1, and as part of the finalisation of the common external tariff of the Economic Community Of West African States (ECOWAS), Côte d'Ivoire may until 31 December 2011 revise its basic customs duties on goods originating in the European Community insofar as the general impact of these duties is no higher than that resulting from the duties specified in Annex 2. The EPA Committee shall amend Annex 2 accordingly.

▼B*Article 16***Duties, taxes and other fees and charges on exports**

1. No new customs duties on exports or charges with equivalent effect shall be introduced, nor shall those currently applied in trade between the Parties be increased from the date of entry into force of this Agreement.

2. In exceptional circumstances, if the Ivorian Party can justify specific needs for income, protection for infant industry or environmental protection, it may, on a temporary basis and after consulting the EC Party, introduce customs duties on exports or charges with equivalent effect on a limited number of traditional goods or increase the incidence of those which already exist.

3. The Parties agree to review the provisions of this Article in the framework of the EPA Committee at the latest three years after entry into force of this Agreement, taking full account of their impact on the development and diversification of the economy of the Ivorian Party.

*Article 17***More favourable treatment resulting from free-trade agreements**

1. For the fields covered by this Chapter, the EC Party shall grant the Ivorian Party any more favourable treatment applicable as a result of the European Community becoming party to a free-trade agreement with third parties after signing this Agreement.

2. For the fields covered by this Chapter, the Ivorian Party shall grant the EC Party any more favourable treatment applicable as a result of Côte d'Ivoire entering into a free-trade agreement with a major trade partner after signing this Agreement.

3. If the Ivorian Party obtains from a major trade partner substantially more favourable treatment than that offered by the EC Party, the Parties shall consult each other and decide together on the implementation of the provisions in paragraph 2.

4. The provisions of this Chapter cannot be interpreted as requiring the Parties to reciprocally grant each other preferential treatment which would be applicable owing to one of the Parties being signatory to a free-trade agreement with a third party on the date on which this Agreement enters into force.

5. In this Article, 'free-trade agreement' refers to an agreement which substantially liberalises trade and substantially eliminates discrimination between the parties through the repeal of existing discriminatory measures and/or the prohibition of new discriminatory measures and measures which are more discriminatory in nature, either on the entry into force of this Agreement or on the basis of a reasonable timetable.

▼B

6. In this Article, ‘major trade partner’ refers to any developed country, or any country with a share in world trade greater than 1 per cent in the year preceding the entry into force of the free-trade agreement mentioned in paragraph 2, or any group of countries acting individually, collectively or through a free-trade agreement with a share in world trade greater than 1,5 per cent in the year preceding the entry into force of the free-trade agreement mentioned in paragraph 2 ⁽¹⁾.

*Article 18***Prohibition of quantitative restrictions**

Notwithstanding the provisions of Articles 23, 24 and 25, on the entry into force of this Agreement, all prohibitions or restrictions on importation or exportation affecting trade between the Parties shall be eliminated, with the exception of the customs duties, taxes, fees and other charges referred to in Article 11, irrespective of whether they are implemented through quotas, import or export licensing or other measures. No new measures shall be introduced.

*Article 19***National treatment of internal taxation and regulation**

1. Products imported from the other Party shall not be directly or indirectly subject to internal taxation or other internal charges of any type surpassing those which are directly or indirectly applicable to similar domestic products. Furthermore, both Parties shall refrain from applying any other form of taxation or other internal charges with the aim of providing protection for domestic production.

2. Products imported from the other Party shall benefit from treatment which is no less favourable than the treatment given to similar domestic products in respect of all laws, regulations and requirements applicable to their sale, offering for sale, purchase, transportation, distribution or use on the national market. The provisions of this paragraph shall not prevent the application of tariffs for differentiated internal transportation based exclusively on the fuel-efficient use of transport and not on the origin of the product.

3. Notwithstanding the provisions on the rules of origin, each Party shall refrain from establishing or maintaining any internal regulations relating to the mixing, processing or use of products according to specified quantities or proportions which would require, directly or indirectly, that any specified amount or proportion of the product subject to the regulation in question be supplied from internal sources. Furthermore, each Party shall refrain from applying any other form of domestic quantitative regulation with the aim of providing protection for domestic production.

4. The provisions of this Article shall not apply to the laws, regulations, procedures or practices relating to public procurement.

⁽¹⁾ For this calculation, the official WTO figures on the leading exporters in world trade will be used (excluding intra-EU trade).

▼B

5. The provisions of this Article shall be without prejudice to Chapter 2 concerning trade defence instruments.

6. For matters relating to the payment of subsidies to national producers, the Parties shall refer to the WTO.

*Article 20***Food security**

Where the implementation of this Agreement leads to difficulties regarding the availability of, or access to, foodstuffs necessary to ensure food security, and where this situation gives rise to or is likely to give rise to major difficulties for Côte d'Ivoire, the latter may take appropriate measures in accordance with the procedures laid down in Article 25.

*Article 21***Special provisions on administrative cooperation**

1. The Parties agree that administrative cooperation is essential to the implementation and control of the preferential treatment granted in this Chapter and underline their commitment to combating irregularities and fraud as regards customs and related fields.

2. When a Party obtains proof from objective information of a lack of administrative cooperation and/or irregularities or fraud, this Party may temporarily suspend the preferential treatment granted to the product(s) concerned in accordance with this Article.

3. For the purposes of this Article, a lack of administrative cooperation shall include the following:

- (a) repeated failure to comply with the obligation to verify the originating status of the product(s) concerned;
- (b) repeated refusal to conduct a subsequent check of proof of origin and communicate the results, or undue delay in doing so;
- (c) repeated refusal to grant authorisation for a cooperation mission to check the authenticity of documents or the accuracy of information of relevance to the preferential treatment in question, or undue delay in doing so.

4. The application of a temporary suspension shall be subject to the following conditions:

- (a) A Party which obtains proof from objective information of a lack of administrative cooperation and/or irregularities or fraud must notify the EPA Committee without undue delay that it has obtained the proof and the objective information, and must consult with the EPA Committee to find a solution acceptable to both Parties, drawing on all relevant information and objective evidence;

▼B

- (b) When the Parties have entered into consultation with the EPA Committee, as provided for above, and have been unable to agree on an acceptable solution in the three months following notification, the Party concerned can temporarily suspend the preferential treatment granted to the product(s) concerned. The EPA Committee must be notified of the temporary suspension without undue delay;
- (c) Temporary suspensions under this Article shall be limited to those necessary to protect the financial interests of the Party concerned. They shall not exceed a renewable period of six months. The EPA Committee shall be notified of temporary suspensions immediately after their adoption. They shall be subject to periodic consultations within the EPA Committee, in particular with a view to repealing them once the conditions for application no longer exist.

5. At the same time as the notification to the EPA Committee specified in paragraph 4(a), the Party concerned shall publish a notice for importers in its Official Journal. This notice for importers shall indicate that, for the product concerned, and on the basis of objective information, proof has been obtained of a lack of administrative cooperation and/or irregularities or fraud.

*Article 22***Management of administrative errors**

In the event of an error on the part of the competent authorities in the management of the preferential export systems, and in particular in the application of the provisions concerning the definition of the term ‘originating products’ and the administrative cooperation methods, where this error has consequences on imports and exports, the Party suffering these consequences can ask the EPA Committee to examine the possibilities of adopting all appropriate measures in the aim of remedying the situation.

*CHAPTER 2****Trade defence instruments****Article 23***Anti-dumping and countervailing measures**

1. Subject to the provisions of this Article, the Agreement does not prevent the EC Party or Côte d'Ivoire from adopting anti-dumping or countervailing measures in accordance with the relevant WTO agreements. For the purposes of this Article, origin shall be determined in accordance with the non-preferential rules of origin of the Parties.

2. Before imposing definitive anti-dumping or countervailing measures on goods, the Parties shall consider the possibility of constructive solutions, such as those provided for in the relevant WTO agreements. In particular, they may hold appropriate consultations to this end.

3. The EC Party shall notify Côte d'Ivoire of the receipt of a sufficiently-documented complaint before opening an inquiry.

▼B

4. The provisions of this Article shall be applicable to all investigations initiated after this Agreement enters into force.
5. The provisions of this Article shall not be subject to the dispute settlement provisions of this Agreement.

*Article 24***Multilateral safeguard measures**

1. Subject to the provisions of this Article, this Agreement does not prevent Côte d'Ivoire and the EC Party from adopting measures in accordance with Article XIX of GATT 1994, the Agreement on Safeguards or Article 5 of the WTO Agreement on Agriculture. For the purposes of this Article, origin is determined in accordance with the non-preferential rules of origin of the Parties.
2. Notwithstanding paragraph 1, in the light of the general development objectives of this Agreement and the small scale of the Côte d'Ivoire economy, the EC Party shall exclude imports from Côte d'Ivoire from all measures taken pursuant to Article XIX of GATT 1994, the Agreement on Safeguards and Article 5 of the WTO Agreement on Agriculture.
3. The provisions of paragraph 2 shall apply for a period of five years, beginning with the date of entry into force of this Agreement. At the latest 120 days before the end of this period, the EPA Committee shall re-examine the implementation of these provisions in the light of the development needs of Côte d'Ivoire, in order to determine whether their period of application should be extended.
4. The provisions of paragraph 1 shall not be subject to the dispute settlement mechanisms of this Agreement.

*Article 25***Bilateral safeguard measures**

1. After examining the alternative solutions, a Party may take safeguard measures of limited duration which derogate from the provisions of Articles 12 and 13, under the conditions of, and in accordance with, the procedures laid down by this Article.
2. The safeguard measures referred to in paragraph 1 may be taken where a product originating in one Party is imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:
 - (a) serious injury to the domestic industry of similar or directly competitive products in the territory of the importing Party;
 - (b) disruptions in a sector of the economy, particularly where these disruptions produce major social problems or difficulties which could bring about serious deterioration in the economic situation of the importing Party; or

▼B

- (c) disruptions in the markets for similar or directly competitive agricultural products ⁽¹⁾ or of the mechanisms regulating these markets in the territory of the importing Party.

3. The safeguard measures referred to in this Article shall not exceed that which is strictly necessary to prevent or remedy serious injury or disruptions as defined in paragraphs 2, 4 and 5. These safeguard measures of the importing Party may consist only of one or more of the following:

- (a) the suspension of any further reduction in the customs duty on imports applicable for the product concerned, as provided for by this Agreement;
- (b) an increase in the customs duty on the product concerned up to a level which does not exceed the customs duty applied to other WTO Members, and
- (c) the introduction of tariff quotas on the product concerned.

4. Notwithstanding paragraphs 1 and 2, when a product originating in Côte d'Ivoire is imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations described in paragraphs 2(a), (b) and (c) in one or more outermost regions of the EC Party, the EC Party may take surveillance or safeguard measures, as provided for in paragraph 3, limited to the region(s) concerned and in accordance with the procedures defined in paragraphs 6 to 9.

- 5. (a) When a product originating in the EC Party is imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations described in paragraphs 2(a), (b) and (c), Côte d'Ivoire may take surveillance or safeguard measures limited to its territory in accordance with the procedures defined in paragraphs 6 to 9;
- (b) Notwithstanding paragraphs 1 and 2, Côte d'Ivoire may take safeguard measures as provided for in paragraph 3 when a product originating in the EC Party is imported in such increased quantities and under such conditions as to cause or threaten to cause disturbances to an infant industry producing similar or directly competitive products.

Such provision shall be applicable only for a period of ten years from the date of entry into force of this Agreement. However, this period may be extended subject to an agreement between the Parties when, despite the development potential of the industry and the efforts actually made, this objective has not been achieved owing in particular to the world economic situation or to serious problems affecting Côte d'Ivoire.

The measures must be taken in compliance with the provisions of paragraphs 6 to 9.

- 6. (a) The safeguard measures referred to in this Article shall be maintained only for the period necessary to prevent or resolve serious damage or disruptions such as those described in paragraphs 2, 4 and 5;

⁽¹⁾ For the purposes of this Article, agricultural products shall be those covered by Annex I to the WTO Agreement on Agriculture.

▼B

- (b) The safeguard measures referred to in this Article shall be applied for a period not exceeding two years. Where the circumstances warranting the imposition of safeguard measures continue to exist, such measures may be extended for a further period of no more than two years. Where Côte d'Ivoire applies a safeguard measure, or where the EC Party applies a measure limited to the territory of one or more of its outermost regions, this measure may nevertheless be applied for a period of no more than four years and, when the circumstances justifying the imposition of safeguard measures continue to exist, be extended for a further four-year period;
 - (c) The safeguard measures referred to in this Article which exceed one year shall be accompanied by clear evidence of a progressive move towards eliminating the causes of the damage and disruptions and the measures at the latest by the end of the established period;
 - (d) Except in exceptional circumstances subject to the assessment of the EPA Committee, no safeguard measures referred to in this Article shall be applied to a product which has previously been subject to such a measure for a period of at least one year from the date of expiry of this measure.
7. The following provisions shall apply for implementation of paragraphs 1 to 6:
- (a) When a Party considers that one of the circumstances referred to in paragraphs 2, 4 and/or 5 exists, it shall immediately refer the matter to the EPA Committee;
 - (b) The EPA Committee can make any necessary recommendation to remedy the circumstances which have arisen. Where the EPA Committee has not made recommendations to remedy the circumstances, or where a satisfactory solution has not been found in the 30 days following notification to this Committee, the importing Party may adopt appropriate measures to remedy the circumstances, in accordance with this Article;
 - (c) Before taking a measure provided for in this Article or, in the cases referred to in paragraph 8, as soon as possible, the Party concerned shall communicate to the EPA Committee all information which can be used for a full examination of the situation with a view to finding an acceptable solution for the Parties;
 - (d) When selecting safeguard measures, priority must be given to those which help to efficiently and rapidly solve the problem, while causing the least possible disruption to the smooth functioning of this Agreement;
 - (e) All safeguard measures taken in accordance with this Article shall be notified immediately to the EPA Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

▼B

8. Where exceptional circumstances require immediate action, the importing Party concerned, whether the EC Party or Côte d'Ivoire, as the case may be, may take the measures provided for in paragraphs 3, 4 and/or 5 on a provisional basis and without meeting the requirements of paragraph 7. Such action may be taken for a maximum period of 180 days where the measures are taken by the EC Party and 200 days when the measures are taken by Côte d'Ivoire, or when the measures of the EC Party are limited to one or more of its outermost regions. The duration of such provisional measures shall be counted as a part of the initial period or of any extension referred to in paragraph 6. When taking these provisional measures, the interests of all stakeholders must be taken into account. The importing party concerned shall inform the other Party and immediately refer the matter to the EPA Committee for examination.

9. If an importing party subjects imports of a product to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows liable to give rise to the problems referred to in this Article, it shall inform the EPA Committee without delay.

10. The WTO Agreement shall not be invoked to prevent a Party from adopting safeguard measures under this Article.

*Article 26***Cooperation**

1. The Parties recognise the importance of cooperation on trade defence instruments.

2. The Parties agree to cooperate in accordance with Article 4, including through the facilitation of assistance measures, particularly in the following fields:

- (a) the development of regulations and institutions to ensure trade defence;
- (b) the development of capacity to use the trade defence instruments provided for in this Agreement.

*CHAPTER 3****Customs regime and trade facilitation****Article 27***Objectives**

1. The Parties recognise the importance of customs issues and of facilitating trade in the evolving context of world trade. They agree to strengthen cooperation in this area with a view to ensuring that the relevant legislation and procedures, as well as the administrative capacity of the administrative authorities concerned, to fulfil the objectives relating to the effective control and facilitation of trade, and to help promote the development and regional integration of the signatory countries.

2. The Parties agree that the legitimate objectives of public policy, including those in relation to security and fraud prevention, shall not be compromised in any way.

▼B

3. The Parties undertake to ensure the free movement of the goods covered by this Agreement in their respective territories.

*Article 28***Customs and administrative cooperation**

1. In order to ensure compliance with the provisions of this Title, and to respond effectively to the objectives set out in Article 27, the Parties shall:

- (a) exchange information concerning customs legislation and procedures;
- (b) develop joint initiatives relating to import, export and transit procedures and initiatives to offer an efficient service to the business community;
- (c) cooperate on the automation of customs procedures and other trade procedures and, where appropriate, endeavour to establish common data exchange standards;
- (d) establish wherever possible common positions in relation to customs in international organisations such as the WTO, the World Customs Organisation (WCO), the United Nations (UN) and the United Nations Conference on Trade and Development (UNCTAD);
- (e) cooperate on the planning and implementation of technical assistance, in particular with a view to facilitating customs reforms and to facilitating trade in accordance with the provisions of the Agreement; and
- (f) encourage cooperation between all the agencies concerned, both within the country and between countries.

2. Notwithstanding paragraph 1, the administrative authorities of the Parties shall provide mutual administrative assistance for customs matters, in accordance with the provisions of the Protocol on Mutual Administrative Assistance in Customs Matters.

*Article 29***Customs legislation and procedures**

1. The Parties agree that their respective trade and customs legislation, provisions and procedures shall draw on international instruments and standards applicable in the fields of customs and trade, in particular the substantive elements of the International Convention on the Simplification and Harmonisation of Customs Procedures, concluded at Kyoto on 18 May 1973 and revised at Brussels on 26 June 1999 (the 'revised Kyoto Convention'), the WCO Framework of Standards to Secure and Facilitate Global Trade, the WCO data set and the International Convention on the Harmonised Commodity Description and Coding System (HS).

The Parties shall ensure the free transit of goods through their territory on the most suitable transit route.

▼B

Any restrictions, controls or requirements must be justified by a legitimate public policy objective, and must be non-discriminatory, proportionate and applied in a uniform manner.

Without prejudice to legitimate customs checks, the Parties shall treat goods in transit to or from the territory of the other Party no less favourably than domestic goods, exports, imports and their movement.

The Parties shall establish transport regimes under customs control to allow the transit of goods exempt from the payment of customs duties and other charges, subject to the provision of appropriate guarantees.

The Parties shall endeavour to promote and implement regional transit regimes with the aim of reducing barriers to trade.

The Parties shall have recourse to the international standards and instruments relating to the transit of goods.

The Parties shall ensure the cooperation and coordination of all the relevant authorities in their territories in order to facilitate transit traffic and promote cross-border cooperation.

2. In order to improve working methods and ensure respect for the principles of non-discrimination, transparency, efficiency, integrity and accountability, the Parties shall:

- (a) take the necessary measures to reduce, simplify and standardise the data and documents required by customs and other related authorities;

This request shall be communicated simultaneously to the other Party and to the EPA Committee. The arbitration panel shall announce its decision to the Parties and to the EPA Committee within 30 days of submitting the request.
3. In order to determine the reasonable time-limit, the arbitration panel shall take account of the time which the Party complained against would normally need to adopt legislative or administrative measures comparable to those which the Party complained against deems necessary in order to ensure compliance. The arbitration panel may also take account of restrictions which might affect the adoption of the necessary measures by the Party complained against.
4. Where the original arbitration panel or some of its members are unable to attend further meetings, the procedures set out in Article 50 shall be applied. The time-limit for delivering a ruling shall be 45 days from the date on which the request referred to in paragraph 2 was submitted.

2. If the Parties do not agree on compensation within 30 days of the end of the reasonable time-limit or of the ruling by the arbitration panel referred to in Article 55, according to which the compliance measures which were taken are not compatible with the provisions referred to in Article 53, the complaining Party shall be authorised, after notifying the other Party, to adopt appropriate measures. By adopting such measures, the complaining Party shall endeavour to choose measures which have the least possible impact on the achievement of the objectives of this Agreement, and shall take into consideration their impact on the economy of the Party complained against.

In any case, the appropriate measures adopted pursuant to this paragraph shall not affect the provision of development assistance for Côte d'Ivoire.

3. The EC Party shall show moderation in its requests for compensation or when adopting the appropriate measures in accordance with paragraphs 1 and 2 and shall take account of the fact that the Ivorian Party is a developing country.

The request shall be notified to the other Party and to the EPA Committee. The arbitration panel shall announce its decision to the Parties and to the EPA Committee within 45 days of the request being submitted. If the arbitration group rules that any measures taken to achieve conformity do not comply with the provisions of this Agreement, it shall decide whether the complaining Party may continue to apply the appropriate measures. If the arbitration panel rules that measures taken to achieve conformity comply with the provisions of this Agreement, the appropriate measures shall be discontinued.
3. Where the original arbitration panel or some of its members are unable to attend further meetings, the procedures set out in Article 50 shall be applied. The time-limit for notifying a ruling shall be 60 days from the date on which the request referred to in paragraph 2 was submitted.

The arbitration panel shall also be authorised to obtain the opinion of experts where deemed appropriate. The Parties concerned shall have the option of submitting briefs on an *amicus curiae* basis to the arbitration group in accordance with the procedural rules. All information thus obtained must be disclosed to both Parties and subject to their comments.

*Article 61***Language of submissions**

Oral and written submissions shall be in one of the official languages of the Parties. However, the Parties shall endeavour, wherever possible, to use an official language shared by the two Parties as their common language, and shall take account of the fact that the Ivorian Party is a developing country, particularly in relation to translation difficulties.

*Article 62***Rules of interpretation**

The arbitration panel shall interpret the provisions of this Agreement in accordance with the customary rules of interpretation of public international law, including the Vienna Convention on the Law of Treaties. *Article 65***Links with the WTO obligations**

1. The arbitration authorities set up under this Agreement shall not deal with disputes relating to the rights and obligations of each Party pursuant to the Agreement establishing the WTO.

2. Recourse to the dispute settlement provisions of this Agreement shall be without prejudice to any possible action in the WTO framework, including a dispute settlement action. However, when a Party has initiated a dispute-settlement procedure with regard to a given measure, either under Article 49(1) or under the Agreement establishing the WTO, it may not initiate a dispute-settlement procedure for the same measure with the other forum before concluding the first procedure. For the purposes of this paragraph, a Party is considered to have initiated a dispute-settlement procedure under the Agreement establishing the WTO once it has requested the establishment of a panel pursuant to Article 6 of the WTO Dispute Settlement Understanding.

3. This Agreement cannot prevent a Party from applying the suspension of obligations authorised by the WTO Dispute Settlement Body.

6. Notwithstanding paragraph 4, the EC Party and Côte d'Ivoire may apply the agreement, in whole or in part, before its provisional application, to the extent that this is possible under their national legislation.
7. Either Party may give written notice to the other of its intention to denounce this Agreement. Denunciation shall take effect six months after notification to the other Party.
8. This Agreement shall be superseded by a global EPA concluded at regional level with the EC Party on the date of its entry into force. In this case, the Parties shall endeavour to ensure that the global EPA at regional level preserves most of the benefits obtained by Côte d'Ivoire under this Agreement.

*Article 76***Territorial application**

This Agreement shall apply to the territories in which the Treaty establishing the European Community is applied and under the conditions laid down in that Treaty, on the one hand, and, to Côte d'Ivoire, on the other hand.

*Article 77***Accession of new Member States to the European Union**

1. The EPA Committee shall be advised of any request by a third State to become a member of the European Union. During the negotiations between the European Union and the applicant State, the EC Party shall provide Côte d'Ivoire with any relevant information and Côte d'Ivoire shall in turn convey its concerns to the EC Party so that it can take them fully into account. Côte d'Ivoire shall be notified of any accession to the European Union.

2. Any new Member State of the European Union shall accede to this Agreement from the date of its accession to the European Union by means of a clause to that effect in the act of accession. If the act of accession to the European Union does not provide for such automatic accession of the new Member State of the European Union to this Agreement, the Member State concerned shall accede by depositing an act of accession with the General Secretariat of the Council of the European Union, which shall send certified copies to the Ivorian Party.

3. The Parties shall review the effects of the accession of new Member States of the European Union on this Agreement. The EPA Committee may decide on any transitional measures or amendments which may be necessary.

*Article 78***Dialogue on financial issues**

The Parties agree to foster dialogue and transparency and to share best practices in the area of fiscal policy and administration.

*Article 79***Cooperation in the fight against illegal financial activities**

To this end, the Parties shall take the necessary legislative and administrative measures to comply with international standards, including those laid down in the United Nations Convention against Corruption, the United Nations Convention against Transnational Organised Crime and its Protocols, the United Nations Convention for the Suppression of Terrorist Financing and the Financial Action Task Force recommendations. The EC Party and Côte d'Ivoire agree to exchange information and cooperate in these areas.

*Article 80***Relationships with other agreements**

1. With the exception of the articles concerning development cooperation in Title II of Part III of the Cotonou Agreement, in the event of any inconsistency between the provisions of this Agreement and the provisions of Title II of Part III of the Cotonou Agreement, the provisions of this Agreement shall prevail.

2. This Agreement shall not be construed as preventing the adoption by the European Community or by Côte d'Ivoire of measures, including trade measures, deemed appropriate and provided for in Articles 11b, 96 and 97 of the Cotonou Agreement.

3. The Parties agree that this Agreement does not require them to act in a manner inconsistent with their WTO obligations.
