5. Each Party shall endeavor to adopt and maintain procedures providing for the expeditious release of goods admitted under this Article. To the extent possible, such procedures shall provide that when such a good accompanies a national or resident of the other Party who is seeking temporary entry, the good shall be released simultaneously with the entry of that national or resident.
6. Each Party shall permit a good temporarily admitted under this Article to be exported through a customs port other than that through which it was admitted.
7. In accordance with its domestic laws and regulations, each Party shall provide that the importer or other person responsible for a good admitted under this Article shall not be liable for failure to export the good on presentation of satisfactory proof to the importing Party that the good has been destroyed within the original period fixed for temporary admission or any lawful extension.

In accordance with its domestic laws and regulations, neither Party may apply a customs duty to a good, regardless of its origin, that re-enters its territory after that good has been temporarily exported from its territory to the territory of the other Party for repair or alteration, regardless of whether the repair or alteration:
(a) could be performed in the territory of the Party from which the good was exported for repair or alteration; or
(b) has increased the value of the good.

(b) import licensing conditioned on the fulfillment of a performance requirement; or
(c) voluntary export restraints inconsistent with Article VI of GATT 1994, as implemented under Article 18 of the SCM Agreement and Article 8.1 of the Anti-Dumping Agreement.
3. In the event that a Party, in accordance with its WTO rights and obligations, adopts or maintains a prohibition or restriction on the importation from or exportation to a non-Party of a good, no provision of this Agreement shall be construed to prevent that Party from:
(a) limiting or prohibiting the importation of the good of the non-Party from the territory of the other Party; or
(b) requiring as a condition for exporting the good of that Party to the territory of the other Party, that the good not be re-exported to the non-Party, directly or indirectly, without being consumed in the territory of the other Party.
4. In the event that a Party, in accordance with its WTO rights and obligations, adopts or maintains a prohibition or restriction on the importation of a good from a non-Party, the Parties, upon request of either Party, shall consult with a view to avoiding undue interference with or distortion of pricing, marketing, or distribution arrangements in the territory of the other Party.
5. Neither Party may, as a condition for engaging in importation or for the importation of a good, require a person of the other Party to establish or maintain a contractual or other relationship with a distributor in its territory.
6. For greater certainty, paragraph 5 does not prevent a Party from requiring a person referred to in that paragraph to designate an agent for the purposes of facilitating communications between its regulatory authorities and that person.

## Article 2.11 : Trade Related Non-Tariff Measures

Each Party shall ensure the transparency of its non-tariff measures affecting trade between the

1. A Party that has established tariff rate quotas (hereinafter referred to as "TRQs") as set out in Appendix 2-A-1 shall implement and administer these TRQs in accordance with Article XIII of GATT 1994 and, for greater certainty, its interpretative notes, and the Import Licensing Agreement, and any other relevant WTO Agreement.
2. A Party shall ensure that the administration measures and implementation of its TRQs are consistent, transparent and are not adopted or maintained to create discrimination against the other Party. Accordingly, a Party shall ensure all fees and charges in connection with importation through the TRQ system are commensurate with the cost of services rendered.

In adopting such measures, the Party shall immediately consult with the other Party.

# CHAPTER 3 RULES OF ORIGIN AND ORIGIN PROCEDURES 

## Section A: Rules of Origin

## Article 3.1 : Origin Criteria

1. For the purposes of this Agreement, a good imported into the territory of a Party shall be deemed to be originating and eligible for preferential tariff treatment if it conforms to the origin requirements under any one of the following:
(a) a good which is wholly obtained or produced entirely in the territory of the exporting Party as set out and defined in Article 3.2;
(b) a good not wholly obtained or produced in the territory of the exporting Party, provided that the good is eligible under Article 3.3 or 3.4 or 3.5 or 3.6 ; or
(c) a good which is produced entirely in the territory of the exporting Party exclusively from originating materials.
2. Except as provided for in Article 3.6, the conditions for acquiring originating status set out in this Chapter must be fulfilled without interruption in the territory of the exporting Party.

## Article 3.2 : Wholly Obtained or Produced Goods

Within the meaning of subparagraph 1 (a) of Article 3.1, the following goods shall be considered to be wholly obtained or produced in the territory of a Party:
(a) plants and plant products grown and harvested there;
(b) live animals born and raised there;
(c) goods obtained from live animals referred to in subparagraph (b);
(d) goods obtained from hunting or trapping within the land territory, or fishing or aquaculture conducted within the internal waters or within the territorial sea of that Party;
(e) minerals and other naturally occurring substances, not included in sub paragraphs (a) through (d), extracted or taken from the soil, waters, seabed or beneath the seabed in that Party;
(f) products of sea-fishing and other marine products taken by vessels registered with the Party and entitled to fly its flag, and other products taken by the

Party or a person of that Party, from the waters, seabed or beneath the seabed outside the territorial seas of the Party, provided that the Party has the rights to exploit ${ }^{1}$ the natural resources of such waters, seabed and beneath the seabed under international law ${ }^{2}$;
(g) goods produced and/or made on board factory ships registered with a Party and entitled to fly its flag, exclusively from products referred to in subparagraph (f);
(h) goods taken from outer space provided that they are obtained by the Party or a person of that Party;
(i) articles collected from there which can no longer perform their original purpose nor are capable of being restored or repaired and are fit only for the disposal or recovery of parts of raw materials, or for recycling purposes;
(j) waste and scrap derived from:
(i) production there; or
(ii) used goods collected there, provided that such goods are fit only for the recovery of raw materials; and
(k) goods obtained or produced in the territory of the Party solely from goods referred to in subparagraphs (a) through (j).

## Article 3.3 : Not Wholly Obtained or Produced Goods

1. For the purposes of subparagraph $1(\mathrm{~b})$ of Article 3.1, goods which are not wholly obtained, as provided for in Annex 3-A, shall be deemed to be originating when the conditions set out in the Annex 3-A are satisfied.
2. The formula for calculating the regional value content (hereinafter referred to as ''RVC'") will be either ${ }^{3}$ :
(a) Direct / Build-Up Method

[^6]$$
\text { RVC }=\frac{\text { VOM }}{\text { FOB }----------------100 \% ~}
$$

VOM means value of originating materials, which includes the value of originating material cost, labor cost, overhead cost, profit and other costs, where:
(i) material cost is the value of originating materials, parts or goods that are acquired or self-produced by the producer in the production of the good;
(ii) labor cost includes wages, remuneration and other employee benefits;
(iii) overhead cost is the total overhead expense; and
(iv) other costs are the costs incurred in placing the good in the ship or other means of transport for export including, but not limited to, domestic transport costs, storage and warehousing, port handling, brokerage fees and service charges.
(b) Indirect / Build-Down Method

VNM means value of non-originating materials, which shall be:
(i) the CIF value at the time of importation of the materials, parts or goods; or
(ii) the earliest ascertained price paid for the materials, parts or goods of undetermined origin in the territory of the Party where the working or processing has taken place.
3. For the purposes of paragraph 1 and the relevant Product Specific Rules set out in Annex 3-A, the rules requiring that the materials that are used have undergone a change in tariff classification, or a specific manufacturing or processing operation, shall apply only to non-originating materials.
4. When an originating good is used in the subsequent production of another good, no account shall be taken of the non-originating materials contained in the originating good for the purposes of determining the originating status of the subsequently produced good.

## Article 3.4 : Product Specific Rules

For the purposes of Article 3.1, goods which satisfy the Product Specific Rules provided in Annex 3-A shall be considered to be originating in the territory of the Party where working or processing of the goods has taken place.

## Article 3.5 : Treatment for Certain Goods

Notwithstanding Articles 3.1, 3.3 and 3.4, certain goods shall be considered to be originating even if the production process or operation has been undertaken in the Gaeseong Industrial Complex located in the Korean Peninsula, on materials exported from a Party and subsequently re-imported to that Party provided that the conditions set out in Annex 3-B are fulfilled.

## Article 3.6 : Accumulation

Unless otherwise provided for in this Chapter, a good originating in the territory of a Party, which is used in the territory of the other Party as material for a finished good eligible for preferential tariff treatment, shall be considered to be originating in the territory of the latter Party where working or processing of the finished good has taken place. ${ }^{4}$

## Article 3.7 : Non-Qualifying Operations

1. Notwithstanding any provision in this Chapter, a good shall not be considered to be originating in the territory of a Party if the following operations are undertaken, exclusively by itself or in combination, in the territory of that Party:
(a) preserving operations to ensure that the good remains in good condition during transport and storage;
(b) changes of packaging, breaking-up and assembly of packages;
(c) simple ${ }^{5}$ washing, cleaning, removal of dust, oxide, oil, paint or other coverings;
(d) ironing or pressing of textiles;
(e) simple ${ }^{5}$ painting and polishing operations;

[^7](f) husking, partial or total bleaching, polishing and glazing of cereals and rice;
(g) operations to color sugar or form sugar lumps;
(h) simple ${ }^{5}$ peeling, stoning, or un-shelling ${ }^{6}$;
(i) sharpening, simple grinding or simple cutting;
(j) sifting, screening, sorting, classifying, grading, or matching;
(k) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards and all other simple packaging operations;
(1) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;
(m) simple mixing ${ }^{7}$ of products, whether or not of different kinds;
(n) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;
(o) simple ${ }^{5}$ testing or calibrations; or
(p) slaughtering of animals ${ }^{8}$.
2. A good originating in the territory of a Party shall retain its initial originating status, when exported from the other Party, where operations undertaken have not gone beyond those referred to in paragraph 1.

## Article 3.8 : Direct Transport

1. Preferential tariff treatment shall be applied to a good satisfying the requirements of this Chapter and which is transported directly between the territories of the Parties.
2. Notwithstanding paragraph 1, a good of which transport involves transit through one or more non-Parties, other than the territories of the Parties, shall be considered to be transported directly, provided that:

[^8](a) the transit is justified for geographical reason or by consideration related exclusively to transport requirement;
(b) the good has not entered into trade or consumption there; and
(c) the good has not undergone any operation other than unloading and reloading or any operation required to keep it in good condition.

## Article 3.9 : De Minimis

1. A good that does not undergo a change in tariff classification shall be considered as originating if:
(a) for a good, other than that provided for in Chapters 50 through 63 of the Harmonized System, the value of all non-originating materials used in its production that do not undergo the required change in tariff classification does not exceed 10 percent of the FOB value of the good; and
(b) for a good provided for in Chapters 50 through 63 of the Harmonized System, the weight of all non-originating materials used in its production that do not undergo the required change in tariff classification does not exceed 10 percent of the total weight of the good, or the value of all nonoriginating materials used in the production of the good that do not undergo the required change in tariff classification does not exceed 10 percent of the FOB value of the good;
and the good specified in subparagraphs (a) and (b) meets all other applicable criteria set out in this Chapter for qualifying as an originating good.
2. The value of non-originating materials referred to in paragraph 1 shall, however, be included in the value of non-originating materials for any applicable RVC requirement for the good.

## Article 3.10 : Treatment of Packaging and Packing Materials

1. (a) If a good is subject to the RVC criterion as set out in Article 3.3 and Annex 3-A, the value of the packaging and packing materials for retail sale shall be taken into account in the determination of its origin, where the packaging and packing materials are considered to be forming a whole with the good.
(b) If a good is subject to a criterion other than the RVC criterion as set out in Article 3.3 and Annex 3-A, the packaging and packing materials for retail sale shall, if classified together with the packaged good, be disregarded in determining whether all the non-originating materials used in the production of the good satisfy the applicable requirements set out in Article 3.3 and Annex 3-A.
2. Packing materials and containers for transportation of a good shall not be taken into account in determining the origin of the good.

## Article 3.11 : Accessories, Spare Parts and Tools

The origin of accessories, spare parts, tools, and instructional or other informational materials presented with a good shall not be taken into account in determining the origin of the good, provided that such accessories, spare parts, tools, and instructional or other informational materials are classified with the good and their customs duties are collected with the good by the importing Party.

## Article 3.12 : Neutral Elements

In order to determine whether a good originates, it shall not be necessary to determine the origin of the following which might be used in its production and not incorporated into the good:
(a) fuel and energy;
(b) tools, dies and moulds;
(c) spare parts and materials used in the maintenance of equipment and buildings;
(d) lubricants, greases, compounding materials and other materials used in production or used to operate equipment and buildings;
(e) gloves, glasses, footwear, clothing, safety equipment and supplies;
(f) equipment, devices and supplies used for testing or inspecting the good; and
(g) any other good that is not incorporated into the good but of which use in the production of the good can reasonably be demonstrated to be a part of that production.

## Article 3.13 : Identical and Interchangeable Goods or Materials

1. The determination of whether identical and interchangeable goods or materials are originating can be made by the use of generally accepted accounting principles of inventory management practiced in the territory of the exporting Party.
2. Once a decision has been taken on the inventory management method, that method shall be used throughout the fiscal year.

## Section B : Origin Procedures

## Article 3.14 : Certificate of Origin

1. Goods originating in a Party shall, on importation into the other Party, benefit from the preferential tariff treatment under this Agreement on the basis of a Certificate of Origin, a form of which appears in Annex 3-C.
2. Notwithstanding paragraph 1, originating goods within the meaning of this Chapter, in the cases specified in Article 3.17, may benefit from preferential tariff treatment without any Certificate of Origin referred to in paragraph 1.
3. A Certificate of Origin shall be issued by the issuing authority of the exporting Party on application by the producer or exporter or, under its responsibility, by its authorized representative. The Certificate of Origin shall:
(a) be in a printed A4 size paper and be in the format of Attachment 1 of Annex 3-C. For multiple items declaration, the Parties may use the format of Attachment 2 of Annex 3-C as additional pages to the Certificate of Origin;
(b) comprise one original and two copies. The original copy shall be forwarded by the producer or exporter to the importer for submission to the customs authority of the importing Party. The duplicate shall be retained by the issuing authority of the exporting Party. The triplicate shall be retained by the producer or exporter;
(c) be completed in the English language and may cover one or more goods under one consignment;
(d) be manually or electronically signed, stamped and printed;
(e) include the description, quantity, and weight of the good, corresponding to the consignment to be exported; and
(f) have a unique serial reference number given by the issuing authority.
4. A Certificate of Origin shall be issued prior to or on the date of shipment, or within three working days ${ }^{9}$ from the date of shipment. In exceptional cases where a Certificate of Origin has not been issued prior to or on the date of shipment, or within three working days from the date of shipment due to involuntary errors, omissions or other valid causes, a Certificate of Origin may be issued retroactively but no later than one year from the date of shipment, bearing the words "ISSUED RETROACTIVELY."
5. The producer or exporter of a good, or its authorized representative applying for the issuance of a Certificate of Origin, shall be prepared to submit at any time, upon request of the issuing authority of the exporting Party issuing the Certificate of Origin, all appropriate

[^9]documents proving the originating status of such good in accordance with domestic legislation as well as the fulfilment of the other requirements of this Chapter.
6. (c) the issuing authority of the exporting Party receiving the request for a retroactive check shall promptly respond to the request and provide the result within six months after receipt of the request. Otherwise, the importing Party may deny preferential tariff treatment to the good subject to the retroactive check;
(d) the customs authority of the importing Party may suspend provision of preferential tariff treatment while awaiting the result of verification. However, it may release the good to the importer subject to any administrative measures deemed necessary, provided that they are not held to be subject to import prohibition or restriction and there is no suspicion of fraud; and
(e) the issuing authority of the exporting Party shall promptly transmit the results of the verification process to the importing Party which shall then determine whether or not the subject good is originating. The entire process of the retroactive check, including the process of notifying the issuing authority of the exporting Party of the result of determination on whether or not the good is originating, shall be completed within 10 months. While the process of the retroactive check is being undertaken, subparagraph 1 ( d ) shall be applied.
2. The customs authority of the importing Party may request an importer for information or documents relating to the origin of an imported good in accordance with its domestic laws and regulations before requesting the retroactive check pursuant to paragraph 1.

(iii) the proposed date of the verification visit;
(iv) the coverage of the proposed verification visit, including reference to the good subject to the verification; and
(v) the names and designation of the officials performing the verification visit.
(c) an importing Party shall obtain the written consent of the producer or exporter whose premises are to be visited;
(d) when a written consent from the producer or exporter is not obtained within 30 days from the date of receipt of the notification pursuant to subparagraph 4(a), the notifying Party may deny preferential tariff treatment to the good referred to in the Certificate of Origin that would have been subject to the verification visit; and
(e) the issuing authority receiving the notification may postpone the proposed verification visit and notify the importing Party of such intention within 15 days from the date of receipt of the notification. Notwithstanding any postponement, any verification visit shall be carried out within 60 days from the date of such receipt, or a longer period as the Parties may agree.
5. The Party conducting the verification visit shall provide the producer or exporter, whose good is subject to such verification, and the relevant issuing authority with a written determination of whether or not the good subject to such verification qualifies as an originating good.
6. Any suspended preferential tariff treatment shall be reinstated upon written determination referred to in paragraph 5 that the good qualifies as an originating good.
7. The producer or exporter shall be allowed 30 days from the date of receipt of the written determination to provide in writing comments or additional information regarding the
eligibility of the good for preferential tariff treatment. If the good is still found to be nonoriginating, the final written determination shall be communicated to the relevant issuing authority within 30 days from the date of receipt of the comments or additional information from the producer or exporter.
8. The verification visit process, including the actual visit and the determination under paragraph 5 whether the good subject to such verification is originating or not, shall be carried out and its results shall be communicated to the relevant issuing authority within a maximum period of six months from the first day the initial verification visit was conducted. While the process of verification is being undertaken, subparagraph $1(\mathrm{e})$ shall be applied.

(b) Except as otherwise provided for in this Annex, relevant rules in this Chapter shall be applied, mutatis mutandis, to the origin conferring of the goods to which Article 3.5 applies.
2. Specific Procedures for the Implementation of Article 3.5
(a) Certificate of Origin for goods covered by Article 3.5 shall be issued by the issuing authority ${ }^{2}$ of the exporting Party in accordance with Section B of this Chapter.
(b) The issuing authority of the exporting Party shall indicate in the Certificate of Origin that the good is covered by Article 3.5.
(c) Except as otherwise provided for in this Annex, the relevant Articles in Section B of this Chapter shall be applied, mutatis mutandis, to the goods to which Article 3.5 applies.
(d) Korea shall assist the customs authority of Viet Nam to conduct verification on goods covered by Article 3.5 in accordance with the relevant Articles in Section B of this Chapter.
3. Special Safeguard
(a) When a Party determines that there is an increase of importation of a good covered by Article 3.5 into the territory of that Party in such quantities and under such conditions as to cause, or threaten to cause, serious injury to its domestic industry, that Party shall be free to suspend the application of Article 3.5 to such a good for such a period of time as it may consider necessary to prevent or remedy such injury or threat to cause injury to the

[^11]domestic industry of the Party.
(b) A Party that intends to suspend the application of Article 3.5 pursuant to subparagraph (a) shall notify the other Party two months in advance of the start of the suspension period and afford the other Party an opportunity to exchange views with it in respect of the proposed suspension.
(c) The period mentioned in subparagraph (a) may be extended provided that the Party that has taken the action of suspension has determined that the suspension continues to be necessary to prevent or remedy injury.
(d) In critical circumstances, where delay would cause damage which would be difficult to repair, the suspension of the application of Article 3.5 under subparagraph (a) may be taken provisionally without two-month advance notification to the other Party, on the condition that the notification shall be made before such suspension takes effect.
(e) When a Party has made a determination mentioned in subparagraph (a) and the requirements set out in subparagraph (b) are fulfilled, the Party concerned may suspend the application of Article 3.5 unilaterally and unconditionally, including as follows:
(i) there shall be no obligation to prove that there is serious injury;
(ii) there shall be no obligation for advance consultation;
(iii) there shall be no limit to the duration or frequency of suspension; and
(iv) there shall be no obligation for compensation.
4. Annual Review
(a) The Parties shall review the implementation and operation of Article 3.5 in the Joint Committee. For this purpose:
(i) the exporting Party shall provide the Joint Committee with a brief factual report on the operation of Article 3.5, including export statistics of each good listed in paragraph 7 to the importing Party during the previous one-year period; and
(ii) the importing Party shall provide, upon request of the Joint Committee, information pertaining to the denial of claims for preferential tariff treatment, if any, including the number of Certificates of Origin not accepted, and reasons for the denial.
(b) The Joint Committee may request such additional information as it may consider necessary for its review of the implementation and operation of Article 3.5 from the exporting Party.
(c) Taking into account the result of the review provided for in subparagraph (a), the Joint Committee may make recommendations as it may consider necessary.

3. The Committee shall meet upon request of a Party. Meetings may be conducted in person, or via teleconference, videoconference, or any other means as mutually agreed by the Parties.
4. Where the Parties have had recourse to consultations under subparagraph 2(h), the Committee shall, if the Parties agree, constitute consultations according to the Article 15.4 (Consultations).
5. The Committee shall be coordinated by:

Each Party shall designate a contact point who shall have the responsibility to coordinate the implementation of this Chapter; and provide the other Party with the name of this designated contact point and the contact detail of relevant officials in that organization, including information on telephone, facsimile, e-mail and other relevant details. Each Party shall promptly notify the other Party of any change of its contact point or any amendment to the information of the relevant officials.

# CHAPTER 7 TRADE REMEDIES 

Section A : Safeguard Measures

## Article 7.1 : Application of a Safeguard Measure

If, as a result of the reduction or elimination of a customs duty under this Agreement, an originating good of the other Party is being imported into the territory of a Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions that the imports of such originating good from the other Party constitute a substantial cause of serious injury, or threat thereof, to a domestic industry producing a like or directly competitive good in the territory of the importing Party, the Party may take a safeguard measure in the form of:
(a) suspending the further reduction of any rate of customs duty on the good provided for under this Agreement; or
(b) increasing the rate of customs duty on the good to a level not to exceed the lesser of:
(i) the most-favored-nation (MFN) applied rate of duty on the good in effect at the time the action is taken; or
(ii) the base rate of customs duty specified in the Schedule to Annex 2-A (Reduction or Elimination of Customs Duties) pursuant to Article 2.3 (Reduction or Elimination of Customs Duties).

## Article 7.2 : Conditions and Limitations

1. A Party shall notify the other Party in writing on initiation of an investigation described in paragraph 2 and shall consult with the other Party as far in advance of applying a safeguard measure as practicable, with a view to reviewing the information arising from the investigation and exchanging views on the measure.
2. A Party shall apply a safeguard measure only following an investigation by the Party's competent authorities in accordance with Articles 3 and 4.2(c) of the Safeguards Agreement, and to this end, Articles 3 and 4.2(c) of the Safeguards Agreement are incorporated into and made a part of this Agreement, mutatis mutandis.
3. In the investigation described in paragraph 2, the Party shall comply with the requirements of Articles 4.2(a) and 4.2(b) of the Safeguards Agreement, and to this end, Articles 4.2(a) and 4.2(b) of the Safeguards Agreement are incorporated into and made a part of this Agreement, mutatis mutandis.
4. Each Party shall ensure that its competent authorities complete any such investigation within one year of the date of initiation.
5. Neither Party may apply a safeguard measure:
(a) except to the extent, and for such time, as may be necessary to prevent or remedy serious injury and to facilitate adjustment;
(b) for a period exceeding two years, except that the period may be extended by up to one year if the competent authorities of the importing Party determine, in conformity with the procedures specified in this Article, that the measure continues to be necessary to prevent or remedy serious injury and to facilitate adjustment and that there is evidence that the industry is adjusting, provided that the total period of application of a safeguard measure, including the period of initial application and any extension thereof, shall not exceed three years; or
(c) beyond the expiration of the transition period, except with the consent of the other Party.
6. Neither Party may apply a safeguard measure more than once against the same good.
7. Where the expected duration of the safeguard measure is over one year, the importing Party shall progressively liberalize it at regular intervals.
8. When a Party terminates a safeguard measure, the customs duty rate shall be the rate that, according to the Party's Schedule to Annex 2-A (Reduction or Elimination of Customs Duties), would have been in effect but for the measure.

## Article 7.3 : Provisional Measures

1. In critical circumstances where delay would cause damage that would be difficult to repair, a Party may apply a safeguard measure on a provisional basis pursuant to a preliminary determination by its competent authorities that there is clear evidence that imports of an originating good from the other Party have increased as the result of the reduction or elimination of a customs duty under this Agreement, and such imports constitute a substantial cause of serious injury, or threat thereof, to the domestic industry.
2. Before a Party's competent authorities may make a preliminary determination, the Party shall publish a public notice setting out how interested parties, including importers and exporters, may obtain a non-confidential copy of the application requesting a provisional safeguard measure, and shall provide interested parties at least 20 days after the date it publishes the notice to submit evidence and views regarding the application of a provisional measure. A Party may not apply a provisional measure until at least 45 days after the date its competent authorities initiate an investigation.
3. The applying Party shall notify the other Party before applying a safeguard measure on a provisional basis, and shall initiate consultations after applying the measure.
4. The duration of any provisional measure shall not exceed 200 days, during which time the Party shall comply with the requirements of paragraphs 2 and 3 of Article 7.2.
5. The Party shall promptly refund any tariff increase if the investigation described in paragraph 2 of Article 7.2 does not result in a finding that the requirements of Article 7.1 are met. The duration of any provisional measure shall be counted as part of the period described in subparagraph 5(b) of Article 7.2.

## Article 7.4 : Compensation

1. No later than 30 days after it applies a safeguard measure, a Party shall afford an opportunity for the other Party to consult with it regarding appropriate trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the measure. The applying Party shall provide such compensation as the Parties mutually agree.
2. If the Parties are unable to agree on compensation through consultations under paragraph 1 within 30 days after consultations begin, the Party against whose originating good the measure is applied may suspend the application of concessions with respect to originating goods of the applying Party that have trade effects substantially equivalent to the safeguard measure.
3. The applying Party's obligation to provide compensation under paragraph 1 and the other Party's right to suspend concessions under paragraph 2 shall terminate on the date the safeguard measure terminates.
4. Any compensation shall be based on the total period of application of the provisional safeguard measure and of the safeguard measure.
5. The right of suspension referred to in paragraph 2 shall not be exercised for the first 24 months during which a safeguard measure is in effect, provided that the safeguard measure has been applied as a result of an absolute increase in imports and that the safeguard measure conforms to the provisions of this Agreement.

## Article 7.5 : Global Safeguard Measures

1. Each Party retains its rights and obligations under Article XIX of GATT 1994 and the Safeguards Agreement. This Agreement does not confer any additional rights or obligations on the Parties with regard to actions taken under Article XIX of GATT 1994 and the Safeguards Agreement, except that a Party taking a global safeguard measure may exclude imports of an originating good of the other Party if such imports are not a substantial cause of serious injury or threat thereof.
2. Upon request of the other Party, the Party intending to take safeguard measures shall promptly provide written notification of all pertinent information on the initiation of a
safeguard investigation, the preliminary determination and the final finding of the investigation.
3. Neither Party may apply, with respect to the same good, at the same time:
(a) a safeguard measure; and
(b) a measure under Article XIX of GATT 1994 and the Safeguards Agreement.

## Section B : Anti-dumping and Countervailing Duties

## Article 7.6 : General Provisions

1. Except as otherwise provided for in this Agreement, each Party retains its rights and obligations under the WTO Agreement with regard to the application of anti-dumping and countervailing duties.
2. The Parties shall ensure, immediately after any imposition of provisional measures and in any case before the final determination, full and meaningful disclosure of all essential facts and considerations which form the basis for the decision to apply measures, without prejudice to Article 6.5 of the Anti-Dumping Agreement and Article 12.4 of the SCM Agreement. Disclosures shall be made in writing, and interested parties shall be allowed sufficient time to make their comments.
3. The Parties shall observe the following practices in anti-dumping or countervailing cases between them in order to enhance transparency in the implementation of the WTO Agreement:
(a) when dumping margins are established, assessed, or reviewed under Articles 2, 9.3, 9.5, and 11 of the Anti-Dumping Agreement regardless of the comparison bases under Article 2.4.2 of the Anti-Dumping Agreement, all individual margins, whether positive or negative, should be counted toward the average;
(b) if a decision is taken to impose an anti-dumping duty pursuant to Article 9.1 of the Anti-Dumping Agreement, the Party taking such a decision may apply the 'lesser duty' rule, by imposing a duty which is less than the dumping margin where such lesser duty would be adequate to remove the injury to the domestic industry; and
(c) the investigating Party shall request an exporter or producer in the territory of the other Party for the timely response to its questionnaires. When the investigating Party finds major deficiency in information in a questionnaire response from relevant exporter or producer received before the deadline or requires clarifications for the purposes of investigation, the investigating Party shall demand missing information or request clarification of information concerning the answers to the questionnaires. This procedure shall not be used
to cause unwarranted delays in the investigation or to circumvent the deadlines which are provided in the Party's domestic laws and regulations.

## Article 7.7 : Notification and Consultations

1. Upon receipt by a Party's competent authorities of a properly documented antidumping application with respect to imports from the other Party, and no later than 15 days before initiating an investigation, the Party shall provide written notification to the other Party of its receipt of the application and afford the other Party a meeting or other similar opportunities regarding the application, consistent with the Party's domestic laws and regulations.
2. Upon receipt by a Party's competent authorities of a properly documented countervailing duty application with respect to imports from the other Party, and before initiating an investigation, the Party shall provide written notification to the other Party of its receipt of the application and afford the other Party a meeting to consult with its competent authorities regarding the application.

## Article 7.8 : Undertakings

1. After a Party's competent authorities initiate an anti-dumping or countervailing duty investigation, the Party shall transmit to the other Party's embassy or competent authorities written information regarding the Party's procedures for requesting its authorities to consider an undertaking on price including the timeframes for offering and concluding any such undertaking if practicable.
2. In an anti-dumping investigation, where a Party's authorities have made a preliminary affirmative determination of dumping and injury caused by such dumping, the Party shall afford due consideration, and adequate opportunity for consultations, to exporters of the other Party regarding proposed price undertakings which, if accepted, may result in suspension of the investigation without imposition of anti-dumping duties, through the means provided for in the Party's domestic laws, regulations and procedures.
3. In a countervailing duty investigation, where a Party's authorities have made a preliminary affirmative determination of subsidization and injury caused by such subsidization, the Party shall afford due consideration, and adequate opportunity for consultations, to the other Party and exporters of the other Party, regarding proposed undertakings on price, which, if accepted, may result in suspension of the investigation without imposition of countervailing duties, through the means provided for in the Party's domestic laws, regulations and procedures.

## Article 7.9 : Investigation after Termination Resulting from a Review

The Parties agree to examine, with special care, any application for initiation of an antidumping investigation on a good originating in the other Party and on which anti-dumping measures have been terminated in the previous 12 months as a result of a review. Unless this
pre-initiation examination indicates that the circumstances have changed, the investigation shall not proceed.

## Article 7.10 : Cumulative Assessment

When imports from more than one country are simultaneously subject to anti-dumping or countervailing duty investigation, a Party shall examine, with special care, whether the cumulative assessment of the effect of the imports from the other Party is appropriate in light of the conditions of competition between the imported goods and the conditions of competition between the imported goods and the like domestic goods.

## Section C : Committee on Trade Remedies

## Article 7.11 : Committee on Trade Remedies

1. The Parties hereby establish a Committee on Trade Remedies (hereinafter referred to as the "Committee"), comprising representatives at an appropriate level from relevant agencies of each Party who have responsibility for trade remedies matters, including antidumping, subsidies and countervailing measures, and safeguards issues.
2. The functions of the Committee shall include:
(a) enhancing a Party's knowledge and understanding of the other Party's trade remedies laws, regulations, policies and practices;
(b) overseeing the implementation of this Chapter;
(c) improving cooperation between the Parties' authorities having responsibility for matters on trade remedies;
(d) providing a forum for the Parties to exchange information on issues relating to anti-dumping, subsidies and countervailing measures and safeguards;
(e) providing a forum for the Parties to discuss other relevant topics of mutual interest including:
(i) international issues relating to trade remedies, including issues relating to the WTO Doha Round Rules negotiations; and
(ii) practices by the Parties' competent authorities in anti-dumping and countervailing duty investigations such as the application of "facts available" and verification procedures; and
(f) cooperating on any other matter that the Parties agree as necessary.
3. The Committee shall meet at least once a year and may meet more frequently as the Parties may agree.

## Section D : Definitions

## Article 7.12 : Definitions

For the purposes of this Chapter:
domestic industry means, with respect to an imported good, the producers as a whole of the like or directly competitive good operating in the territory of a Party, or those whose collective output of the like or directly competitive good constitutes a major proportion of the total domestic production of that good;
safeguard measure means a measure described in Article 7.1;
serious injury means a significant overall impairment in the position of a domestic industry;
substantial cause means a cause that is important and not less than any other cause;
threat of serious injury means serious injury that, on the basis of facts and not merely on allegation, conjecture, or remote possibility, is clearly imminent; and
transition period means the ten-year period following the date this Agreement enters into force, except that for any good for which the Schedule to Annex 2-A (Reduction or Elimination of Customs Duties) of the Party applying the safeguard measure provides for the Party to eliminate its tariffs on the good over a period of more than ten years, transition period means the tariff elimination period for the good set out in that Schedule.

## CHAPTER 8 TRADE IN SERVICES

## Article 8.1 : Scope

1. This Chapter shall apply to measures by a Party affecting trade in services. Such measures include measures in respect of:
(a) the purchase or use of, or payment for a service;

3. This Chapter shall not apply to:
(a) a service supplied in the exercise of the governmental authority within the territory of each Party;

(e) measures affecting natural persons seeking access to the employment market of a Party and measures regarding citizenship, residence or employment on a permanent basis.
4. Nothing in this Chapter shall prevent a Party from applying measures to regulate the entry of natural persons of the other Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that such measures are not applied in a manner to nullify or impair the benefits ${ }^{1}$ accruing to the other Party under the terms of a specific commitment.
5. Articles 8.2 through 8.4 shall not apply to laws, regulations or requirements governing the procurement by government agencies of services purchased for governmental purposes and not with a view to commercial resale or with a view to use in the supply of services for commercial sale.

## Article 8.2 : National Treatment

In the sectors inscribed in its Schedule of Specific Commitments, and subject to any conditions and qualifications set out therein, each Party shall accord to services and service suppliers of the other Party in respect of all measures affecting the supply of services, treatment no less favorable than that it accords, in like circumstances, to its own services and service suppliers.

## Article 8.3 : Most-Favored-Nation Treatment

1. If, after this Agreement enters into force, a Party enters into any agreement on trade in services with a non-Party in which it provides treatment to services or service suppliers of that non-Party more favorable than that it accords, in like circumstances, to services or service suppliers of the other Party under this Agreement, the other Party may request consultations to discuss the possibility of extending, under this Agreement, treatment no less favorable than that provided under the agreement with the non-Party. The requested Party shall enter into consultations with the requesting Party bearing in mind the overall balance of benefits.
2. The treatment, as set out in paragraph 1 , shall not include any preferential treatment accorded to services or service suppliers under:
(a) any existing bilateral, regional or international agreements with any non-Party; or
(b) any bilateral or plurilateral agreement among ASEAN Member States.

## Article 8.4 : Market Access

[^16]1. With respect to the market access through the modes of supply of trade in services defined in Article 8.20, a Party shall accord services and service suppliers of the other Party treatment no less favorable than that provided for under the terms, limitations and conditions agreed and specified in its Schedule of Specific Commitments. ${ }^{2}$
2. In sectors where market access commitments are undertaken, the measures which a Party shall not adopt or maintain either on the basis of a regional subdivision or on the basis of its entire territory, unless otherwise specified in its Schedule of Specific Commitments, are defined as:
(a) limitations on the number of service suppliers whether in the form of numerical quotas, monopolies, exclusive service suppliers or the requirements of an economic needs test;
(b) limitations on the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;
(c) limitations on the total number of service operations or on the total quantity of service output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test; ${ }^{3}$
(d) limitations on the total number of natural persons that may be employed in a particular service sector or that a service supplier may employ and who are necessary for, and directly related to, the supply of a specific service in the form of numerical quotas or the requirement of an economic needs test;
(e) measures which restrict or require specific types of legal entity or joint venture through which a service supplier may supply a service; and
(f) limitations on the participation of foreign capital in terms of maximum percentage limit on foreign shareholding or the total value of individual or aggregate foreign investment.

## Article 8.5 : Additional Commitments

The Parties may negotiate commitments with respect to measures affecting trade in services not subject to scheduling under Article 8.2 or 8.4, including those regarding qualifications, standards or licensing matters. Such commitments shall be inscribed in a Party's Schedule of Specific Commitments.

[^17]
## Article 8.6 : Schedules of Specific Commitments

1. Each Party shall set out in a Schedule the Specific Commitments it undertakes under Articles $8.2,8.4$, and 8.5 . With respect to sectors where such commitments are undertaken, each Schedule shall specify:
(a) terms, limitations and conditions on market access;
(b) conditions and qualifications on national treatment;
(c) undertakings relating to additional commitments;
(d) where appropriate, the timeframe for implementation of such commitments; and
(e) the date of entry into force of such commitment.
2. Measures inconsistent with Article 8.2 shall be inscribed in the column relating to Article 8.2, and measures inconsistent with Article 8.4 shall be inscribed in the column relating to Article 8.4.
3. The Schedules of Specific Commitments shall be annexed to this Chapter and shall form an integral part thereof.

## Article 8.7 : Transparency

## Further to Chapter 14 (Transparency):

(a) each Party shall establish or maintain appropriate mechanisms for responding to inquiries from the other Party regarding its regulations of general application relating to the subject matter of this Chapter;
(b) if, consistent with paragraphs 2 and 4 of Article 14.1 (Publication), a Party does not publish in advance, and provide opportunity for comment on, regulations of general application it proposes to adopt relating to the subject matter of this Chapter, it shall, upon request in writing by the other Party, address in writing, to the extent possible, the reasons for not doing so; and
(c) in accordance with its domestic laws and regulations, each Party shall allow a reasonable period of time between publication of final regulations of general application relating to the subject matter of this Chapter and their effective date.

## Article 8.8 : Domestic Regulation

1. In sectors where specific commitments are undertaken, each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.
2. (a) Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, upon request of an affected service supplier, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.
(b) The provisions of subparagraph (a) shall not be construed to require a Party to institute such tribunals or procedures where this would be inconsistent with its constitutional structure or the nature of its legal system.
3. Where authorization is required for the supply of a service on which a specific commitment has been made, the competent authorities of a Party shall, within a reasonable period of time after the submission of an application considered complete under its domestic laws and regulations, inform the applicant of the decision concerning the application. Upon request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.
4. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements do not constitute unnecessary barriers to trade in services, the Joint Committee shall, through appropriate bodies it may establish, develop any necessary disciplines. Such disciplines shall aim to ensure that such requirements are, inter alia:
(a) based on objective and transparent criteria, such as competence and the ability to supply the service;
(b) not more burdensome than necessary to ensure the quality of the service; and
(c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.
5. (a) In sectors in which a Party has undertaken specific commitments, pending the entry into force of disciplines developed in these sectors pursuant to paragraph 4, the Party shall not apply licensing and qualification requirements and technical standards that nullify or impair such specific commitments in a manner which:
(i) does not comply with the criteria outlined in subparagraph 4(a), (b) or (c); and
(ii) could not reasonably have been expected of that Party at the time the specific commitments in those sectors were made.
(b) In determining whether a Party is in conformity with the obligation under subparagraph (a), account shall be taken of international standards of relevant international organizations ${ }^{4}$ applied by that Party.
6. In sectors where specific commitments regarding professional services are undertaken, each Party shall provide for adequate procedures to verify the competence of professionals of the other Party.

## Article 8.9 : Recognition

1. For the purposes of fulfillment of its respective standards or criteria for the authorization, licensing or certification of service suppliers, each Party may recognize the education or experience obtained, requirements met, or licenses or certifications granted in the other Party. Such recognition, which may be achieved through harmonization or otherwise, may be based upon an agreement or arrangement between the Parties or the relevant competent bodies or may be accorded autonomously.
2. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 1, whether existing or future, shall afford adequate opportunity for the other Party, if the other Party is interested, to negotiate its accession to such an agreement or arrangement or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education, experience, licenses, or certifications obtained or requirements met in the other Party's territory should be recognized.
3. A Party shall not accord recognition in a manner which would constitute a means of discrimination between countries in the application of its standards or criteria for the authorization, licensing or certification of service suppliers, or a disguised restriction on trade in services.
4. Each Party shall endeavor:
(a) within 12 months from the date on which this Agreement enters into force, to inform the Joint Committee of its existing recognition measures and state whether such measures are based on the agreements or arrangements of the type referred to in paragraph 1 ;
(b) to promptly inform the Joint Committee as far in advance as possible of the opening of negotiations on an agreement or arrangement of the type referred to in paragraph 1 in order to provide adequate opportunity to the other Party to indicate its interest in participating in the negotiations before they enter a substantive phase; and

[^18](c) to promptly inform the Joint Committee when it adopts new recognition measures or significantly modifies existing ones and state whether the measures are based on an agreement or arrangement of the type referred to in paragraph 1.
5. Wherever appropriate, recognition should be based on multilaterally agreed criteria. In appropriate cases, the Parties shall work in cooperation with relevant intergovernmental and non-governmental organizations towards the establishment and adoption of common international standards and criteria for recognition and common international standards for the practice of relevant services trades and professions.

## Article 8.10 : Monopolies and Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with that Party's specific commitments under this Chapter.
2. Where a Party's monopoly supplier competes, either directly or through an affiliated juridical person, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's specific commitments, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.
3. If a Party has a reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraph 1 or 2, that Party may request the other Party establishing, maintaining or authorizing such supplier to provide specific information concerning the relevant operations.
4. This Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:
(a) authorizes or establishes a small number of service suppliers; and
(b) substantially prevents competition among those suppliers in its territory.

## Article 8.11 : Business Practices

1. The Parties recognize that certain business practices of service suppliers, other than those falling under Article 8.10, may restrain competition and thereby restrict trade in services.
2. Each Party shall, upon request of the other Party (hereinafter referred to as the "requesting Party"), enter into consultations with a view to eliminating practices referred to in paragraph 1. The Party addressed (hereinafter referred to as the "requested Party"), shall accord full and sympathetic consideration to such a request and shall cooperate through the supply of publicly available non-confidential information of relevance to the matter in question. The requested Party shall also provide other information available to the requesting

Party, subject to its domestic laws and regulations and to the conclusion of satisfactory agreement concerning the safeguarding of its confidentiality by the requesting Party.

## Article 8.12 : Payments and Transfers ${ }^{5}$

1. Except under the circumstances envisaged in Article 8.13, a Party shall not apply restrictions on international transfers and payments for current transactions relating to its specific commitments.
2. Nothing in this Agreement shall affect the rights and obligations of any Party who is a member of the International Monetary Fund (hereinafter referred to as "IMF") under the Articles of Agreement of the International Monetary Fund, including the use of exchange actions which are in conformity with the Articles of Agreement of the International Monetary Fund, provided that a Party shall not impose restrictions on any capital transactions inconsistently with its specific commitments regarding such transactions, except under Article 8.13 or upon request of the IMF.

## Article 8.13 : Restrictions to Safeguard the Balance of Payments

1. Where a Party is in serious balance of payments and external financial difficulties or threat thereof, it may adopt or maintain restrictions on trade in services in accordance with Article XII of GATS.
2. Any restriction adopted or maintained under paragraph 1, or any changes therein, shall be promptly notified to the other Party.

## Article 8.14 : Denial of Benefits

1. A Party may deny the benefits of this Chapter:
(a) to the supply of a service, if it establishes that the service is supplied from or in the territory of a non-Party;
(b) in the case of the supply of a maritime transport service, if it establishes that the service is supplied:
(i) by a vessel registered under the laws and regulations of a non-Party; and
(ii) by a person of a non-Party which operates or uses the vessel in whole or in part; and

[^19](c) to a service supplier that is a juridical person, if it establishes that it is not a service supplier of the other Party.
2. A Party may deny the benefits of this Chapter to a service supplier that is a juridical person of the other Party:
(a) if the juridical person is owned or controlled by a person or persons of a nonParty and the denying Party adopts or maintains measures with respect to the non-Party or a person or persons of the non-Party that prohibit transactions with the juridical person or that would be violated or circumvented if the benefits of this Chapter were accorded to the juridical person; or
(b) if the juridical person is owned or controlled by a person or persons of a nonParty or the denying Party and the juridical person has no substantial business activities in the territory of the other Party
3. The denying Party shall, to the extent practicable, notify the other Party before denying the benefits. If the denying Party provides such notice, it shall consult with the other Party upon the other Party's request.

## Article 8.15 : Consultations for Safeguard

In the event that the implementation of this Chapter causes substantial adverse impact to a service sector of a Party, the affected Party may request consultations with the other Party for the purposes of discussing any measure with respect to the affected service sector. Any measure taken pursuant to this Article shall be mutually agreed by the Parties. The other Party shall take into account the circumstances of the particular case and give sympathetic consideration to the Party seeking to take a measure.

## Article 8.16 : Subsidies

1. If subsidies or grants by a Party significantly affect trade in services committed under this Chapter, the other Party may request consultations with a view to an amicable resolution of this matter.
2. Pursuant to this Chapter, a Party shall, upon request by the other Party, provide information on subsidies related to trade in services committed under this Chapter to the other Party.

## Article 8.17 : Modification of Schedules

1. A Party may modify or withdraw any commitment in its Schedule of Specific Commitments, at any time after three years have elapsed from the date on which that commitment has entered into force, provided that:
(a) it notifies the other Party of its intention to modify or withdraw a commitment no later than three months before the intended date of implementation of the modification or withdrawal; and
(b) it enters into negotiations with the other Party to agree to the necessary compensatory adjustment.
2. In achieving a compensatory adjustment, the Parties shall ensure that the general level of mutually advantageous commitment is not less favorable to trade than that provided for in the Schedules of Specific Commitments prior to such negotiations.

## Article 8.18 : Miscellaneous Provisions

Annexes 8-A through 8-D and all future legal instruments agreed pursuant to this Chapter shall form an integral part of this Agreement.

## Article 8.19 : Renegotiation Based on the Negative List Approach

1. Neither Party shall permit such review to constitute grounds for non-compliance with such determination or decision of the body unless the relevant judicial authority withholds, suspends or repeals such determination or decision.

## ATTACHMENT 1 : REFERENCE PAPER

## Scope

The following are definitions and principles on the regulatory framework for the basic telecommunications services.

## Definitions

Users mean service consumers and service suppliers.
Essential facilities mean facilities of a public telecommunications transport network or service that
(a) are exclusively or predominantly provided by a single or limited number of suppliers; and
(b) cannot feasibly be economically or technically substituted in order to provide a service.

A major supplier is a supplier which has the ability to materially affect the terms of participation (having regard to price and supply) in the relevant market for basic telecommunications services as a result of:
(a) control over essential facilities; or
(b) use of its position in the market.

1. Competitive safeguards

### 1.1 Prevention of anti-competitive practices in telecommunications

Appropriate measures shall be maintained for the purpose of preventing suppliers who, alone or together, are a major supplier from engaging in or continuing anti-competitive practices.

### 1.2 Safeguards

The anti-competitive practices referred to above shall include in particular:
(a) engaging in anti-competitive cross-subsidization;
(b) using information obtained from competitors with anti-competitive results; and
(c) not making available to other services suppliers on a timely basis technical information about essential facilities and commercially relevant information which are necessary for them to provide services.

## 2. Interconnection

2.1 This section applies to linking with suppliers providing public telecommunications transport networks or services in order to allow the users of one supplier to communicate with users of another supplier and to access services provided by another supplier, where specific commitments are undertaken.

### 2.2 Interconnection to be ensured

Interconnection with a major supplier will be ensured at any technically feasible point in the network. Such interconnection is provided.
(a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates and of a quality no less favourable than that provided for its own like services or for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;
(b) in a timely fashion, on terms, conditions (including technical standards and specifications) and cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the service to be provided; and
(c) upon request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

### 2.3 Public availability of the procedures for interconnection negotiations

The procedures applicable for interconnection to a major supplier will be made publicly available.

### 2.4 Transparency of interconnection arrangements

It is ensured that a major supplier will make publicly available either its interconnection agreements or a reference interconnection offer.

### 2.5 Interconnection: dispute settlement

A service supplier requesting interconnection with a major supplier will have recourse, either:
(a) at any time or
(b) after a reasonable period of time which has been made publicly known
to an independent domestic body, which may be a regulatory body as referred to in paragraph 5 below, to resolve disputes regarding appropriate terms,
conditions and rates for interconnection within a reasonable period of time, to the extent that these have not been established previously.

## 3. Universal service

Either Party has the right to define the kind of universal service obligation it wishes to maintain. Such obligations will not be regarded as anti-competitive per se, provided they are administered in a transparent, non-discriminatory and competitively neutral manner and are not more burdensome than necessary for the kind of universal service defined by the Party.

## 4. Public availability of licensing criteria

Where a licence is required, the following will be made publicly available:
(a) all the licensing criteria and the period of time normally required to reach a decision concerning an application for a licence; and
(b) the terms and conditions of individual licences.

The reasons for the denial of a licence will be made known to the applicant upon request.

## 5. Independent regulators

The regulatory body is separate from, and not accountable to, any supplier of basic telecommunications services. The decisions of and the procedures used by regulators shall be impartial with respect to all market participants.

## 6. Allocation and use of scarce resources

Any procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, will be carried out in an objective, timely, transparent and nondiscriminatory manner. The current state of allocated frequency bands will be made publicly available, but detailed identification of frequencies allocated for specific government uses is not required.

## REFERENCE PAPER

## I. SCOPE

The following are definitions and principles on the regulatory framework for the basic telecommunications services.

## Definitions

Users mean service consumers and service suppliers.
Essential facilities mean facilities of a public telecommunications transport network or service that
(a) are exclusively or predominantly provided by a single or limited number of suppliers; and
(b) cannot feasibly be economically or technically substituted in order to provide a service.

A major supplier is a supplier which has the ability to materially affect the terms of participation (having regard to price and supply) in the relevant market for basic telecommunications services as a result of:
(a) control over essential facilities; or
(b) use of its position in the market.

1. Competitive safeguards
1.1 Prevention of anti-competitive practices in telecommunications

Appropriate measures shall be maintained for the purpose of preventing suppliers who, alone or together, are a major supplier from engaging in or continuing anti-competitive practices.

### 1.2 Safeguards

The anti-competitive practices referred to above shall include in particular:
(a) engaging in anti-competitive cross-subsidization;
(b) using information obtained from competitors with anti-competitive results; and
(c) not making available to other services suppliers on a timely basis technical information about essential facilities and commercially relevant information which are necessary for them to provide services.

## 2. Interconnection

2.1 This section applies to linking with suppliers providing public telecommunications transport networks or services in order to allow the users of one supplier to communicate with users of another supplier and to access services provided by another supplier, where specific commitments are undertaken.

### 2.2 Interconnection to be ensured

Interconnection with a major supplier will be ensured at any technically feasible point in the network. Such interconnection is provided.
(a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates and of a quality no less favourable than that provided for its own like services or for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;
(b) in a timely fashion, on terms, conditions (including technical standards and specifications) and cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the service to be provided; and
(c) upon request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

### 2.3 Public availability of the procedures for interconnection negotiations

The procedures applicable for interconnection to a major supplier will be made publicly available.

### 2.4 Transparency of interconnection arrangements

It is ensured that a major supplier will make publicly available either its interconnection agreements or a reference interconnection offer.

### 2.5 Interconnection: dispute settlement

A service supplier requesting interconnection with a major supplier will have recourse, either:
(a) at any time; or
(b) after a reasonable period of time which has been made publicly known to an independent domestic body, which may be a regulatory body as referred to in paragraph 5 below, to resolve disputes regarding appropriate terms, conditions and rates for interconnection within a reasonable period of time, to the extent that these have not been established previously.

## 3. Universal service

Any Party has the right to define the kind of universal service obligation it wishes to maintain. Such obligations will not be regarded as anti-competitive per se, provided they are administered in a transparent, non-discriminatory and competitively neutral manner and are not more burdensome than necessary for the kind of universal service defined by the Party.

## 4. Public availability of licensing criteria

Where a licence is required, the following will be made publicly available:
(a) all the licensing criteria and the period of time normally required to reach a decision concerning an application for a licence; and
(b) the terms and conditions of individual licenses.

The reasons for the denial of a licence will be made known to the applicant upon request.
5. Independent regulators

The regulatory body is separate from, and not accountable to, any supplier of basic telecommunications services. The decisions of and the procedures used by regulators shall be impartial with respect to all market participants.
6. Allocation and use of scarce resources

Any procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, will be carried out in an objective, timely, transparent and non-discriminatory manner. The current state of allocated frequency bands will be made publicly available, but detailed identification of frequencies allocated for specific government uses is not required.

(c) measures adopted or maintained by a Party affecting the supply of services by a service supplier of the other Party in its territory pursuant to Chapter 8 (Trade in Services) regardless of whether or not specific services sectors ${ }^{2}$ are scheduled in the Party's Schedule of Specific Commitments in Annex 8-D (Schedule of Specific Commitments).
4. Notwithstanding subparagraph 3(c), Articles 9.5 through 9.8 and 9.14, and Section B ${ }^{3}$ shall apply, mutatis mutandis, to any measure affecting the supply of service by a service

[^71]supplier of a Party through commercial presence ${ }^{4}$ in the territory of the other Party pursuant to the provisions of Chapter 8 (Trade in Services), only to the extent that they relate to a covered investment.

## Article 9.2 : Relation to Chapter 8 (Trade in Services)

In the event of any inconsistency between this Chapter and Chapter 8 (Trade in Services), Chapter 8 (Trade in Services) shall prevail to the extent of the inconsistency.

## Article 9.3 : National Treatment

## Article 9.4 : Most-Favored-Nation Treatment

1. 2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.
3. The treatment, as set out in paragraphs 1 and 2, shall not include:

(b) any existing or future preferential treatment accorded to investors or their investments in any agreement or arrangement between or among ASEAN Member States.
4. Notwithstanding paragraphs 1 and 2 , if a Party accords more favorable treatment to investors of any non-Party or their investments by virtue of any future agreements or arrangements to which the Party is a party, it shall not be obliged to accord such treatment to investors of the other Party or their investments. However, upon request of the other Party, it shall accord adequate opportunity to negotiate the benefits granted therein.
[^72]

1. Each Party shall accord to covered investments fair and equitable treatment and full protection and security in accordance with customary international law.
2. The concepts of "fair and equitable treatment" and "full protection and security" in this Article do not require treatment in addition to or beyond that which is required by the applicable rules of customary international law and do not create additional substantive rights. For greater certainty:
(a) "fair and equitable treatment" includes the obligation not to deny justice in criminal, civil or administrative adjudicatory proceedings in accordance with the principle of due process; and
(b) "full protection and security" requires each Party to provide the level of police protection related to physical security of covered investments required under customary international law.

## Article 9.6 : Compensation for Losses

Each Party shall accord to investors of the other Party, and to covered investments, treatment no less favorable than that accorded, in like circumstances, to its own investors or to investors of any non-Party, with respect to measures it adopts or maintains relating to losses suffered by investments in its territory due to war or other armed conflict, or revolt, insurrection, riot, or other civil strife.
2. Notwithstanding paragraph 1, if an investor of a Party, in the situations referred to in paragraph 1, suffers a loss in the territory of the other Party resulting from:
(a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or
(b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,
the latter Party shall provide the investor restitution, compensation, or both, as appropriate, for such loss. Any compensation shall be prompt, adequate, and effective.

## Article 9.7 : Expropriation and Compensation ${ }^{6}$

[^73]1. Neither Party may expropriate or nationalize a covered investment either directly or indirectly through measures equivalent to expropriation or nationalization (hereinafter referred to as "expropriation"), except:
(a) for a public purpose;
(b) in a non-discriminatory manner;
(c) on payment of prompt, adequate, and effective compensation; and
(d) in accordance with due process of law.

2. For the purposes of Chapters 8 (Trade in Services) and 9 (Investment), Article XIV of GATS (including its footnotes) is incorporated into and made part of this Agreement, mutatis mutandis.

## Article 16.2 : Security Exceptions

1. Nothing in this Agreement shall be construed to:
(a) require a Party to furnish any information, the disclosure of which it considers contrary to its essential security interests;
(b) prevent a Party from taking any action which it considers necessary for the protection of its essential security interests:
(i) relating to the traffic in arms, ammunition and implements of war and to such traffic in other goods and materials or relating to the supply of services as carried on, directly or indirectly, for the purposes of supplying or provisioning a military establishment;

(c) prevent a Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.
2. The Joint Committee shall be informed to the fullest extent possible of measures taken under subparagraphs 1(b) and (c) and of their termination.

## Article 16.3 : Taxation

1. Except as set out in this Article, nothing in this Agreement shall apply to taxation measures.
2. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax convention. In the event of any inconsistency between this Agreement and any such convention, that convention shall prevail to the extent of the inconsistency. In the case of a tax convention between Korea and Viet Nam, the competent authorities under that convention shall have sole responsibility for jointly determining whether any inconsistency exists between this Agreement and that convention.
3. Paragraph 2 of Article 16.1 shall apply to taxation measures ${ }^{1}$.
4. Notwithstanding paragraph 2, Article 2.2(National Treatment on Internal Taxation and Regulation) and such other provisions of this Agreement as are necessary to give effect to that Article shall apply to taxation measures to the same extent as does Article III of GATT 1994.
5. Subparagraph 4(h) of Article 9.8(Transfers) shall apply to taxation measures.
6. The determination of whether a taxation measure, in a specific fact situation, constitutes an expropriation requires a case-by-case, fact-based inquiry that considers all relevant factors relating to the investment, including the factors listed in Annex 9-B (Expropriation) and the following considerations:
(a) the imposition of taxes does not generally constitute an expropriation. The mere introduction of a new taxation measure or the imposition of a taxation measure in more than one jurisdiction in respect of an investment generally does not in and of itself constitute an expropriation;
(b) a taxation measure that is consistent with internationally recognized tax policies, principles, and practices does not constitute an expropriation. In particular, a taxation measure aimed at preventing the avoidance or evasion of taxation measures generally does not constitute an expropriation;
(c) a taxation measure that is applied on a non-discriminatory basis, as opposed to a taxation measure that is targeted at investors of a particular nationality or at specific taxpayers, is less likely to constitute an expropriation; and
(d) a taxation measure does not constitute an expropriation if it was already in force when the investment was made and information about the measure was publicly available.

[^96]7. (a) No investor may invoke Article 9.7(Expropriation and Compensation) as the basis for a claim where it has been determined pursuant to this subparagraph that the measure is not an expropriation. An investor that seeks to invoke Article 9.7(Expropriation and Compensation) with respect to a taxation measure must first provide written request to the competent authorities, at the time that it gives its Notice of Intent under Article 9.17(Notice of Intent to Submit a Claim to Arbitration), for decision on the issue of whether taxation measure is not an expropriation. The request should include the Notice of Intent. If the competent authorities do not agree to consider the issue or, having agreed to consider it, fail to agree that the measure is not an expropriation within a period of six months of such referral, the investor may submit its claim to arbitration under paragraph 1 of Article 9.19(Submission of a Claim to Arbitration).
(b) For the purposes of this paragraph, competent authorities means:
(i) for Korea, the Deputy Minister for Tax and Customs, Ministry of Strategy and Finance; and
(ii) for Viet Nam, the Director General of the General Department of Taxation, Ministry of Finance;
or their respective successors.
8. For the purposes of this Article:

(b) taxes and taxation measures do not include customs duties as defined in Article 1.5(General Definitions) and measures listed in exceptions (b), (c), (d), and (e) of that definition.

## Article 16.4 : Disclosure of Information

Nothing in this Agreement shall be construed to require a Party to furnish or allow access to confidential information the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private.
